Now, take off your shoes—and look at the bottom of your toes. In every case (there are few exceptions) you will see where the fleshy tissue on the bottom ends of the toes comes to a point, from being forced tight together and in many cases the toes themselves lap over one another. This is positive evidence of ill fitted and ill shaped shoes. This continued distortion of toes in many cases leads to bunions, Hommar toes and other toe defects.

Lack of balance will cause you to walk incorrectly and create strain in other parts of the body, inducing fatigue, pain and more misery, NOT ONLY in the feet, but even in the back of the neck and headaches. Resolve right now to correct this condition.

It costs you nothing for a thorough analysis of your foot problems and difficulties. Remember you can't be HAPPY with UNHAPPY FEET.—Adv.

IN LOVING MEMORY

Of our beloved sister Nellie E. Hempfling, April 23, 1885—April 26, 1945.

We watched her suffer day by day,
It caused us bitter grief
To see her slowly pine away
And could not give relief.
Her weary hours and days of pain,
Her troubled nights are passed,
And in our aching hearts we know
She has found sweet peace at last.

1p —Sadly missed by the Family.

Sunday School 10:00 a. m. Mr. Woodford Crigler, Supt.
Worship Service 11:00 a. m. Sermon topic, "The One Fold."
Council Meeting Thursday evening at 8:00.

Willis R. Hilliard of Hickman county, who sold 3,500 pounds of burley from one and nine-tenths acres, credits the high quality to the use of coke ovens.

The slogan, "40 by '60," meaning 40 bushels of corn to the acre by 1960 has been adopted by farmers in Warren county.

KILL THOSE RATS AND MICE TODAY WITH "CCC" Liquid RAT and MOUSE Destroyer

Do rats and mice menace your farm and home? Use "CCC" Rat Killer to get rid of them. The flavor and odor attracts them. "CCC" spreads like molasses on any bait; after eating, rats and mice rush for open air and water. Seldom die indoors.

Ask us for "CCC" today, and save grain and poultry losses

THE BOONE COUNTY RECORDER

ESTABLISHED 1875

BURLINGTON, KENTUCKY THURSDAY, MAY 9, 1946

VOLUME 70 NUMBER 45

BOONE COUNTY'S QUOTA IS $2,000

IN 10TH ANNUAL FUND RAISING DRIVE OF WILLIAM BOOTH MEMORIAL HOSPITAL—WM. P. McEVOY IS CO. CHAIRMAN.

The 10th annual fund raising drive of the William Booth Memorial Hospital which opened Monday with a kick-off dinner at the Masonic Temple, Covington, has a goal of $43,500. Boone County's quota in the drive is $2000 and William P. McEvoy is chairman. Precinct chairmen have not been selected as of this date.

Mr. McEvoy, in discussing the reasons for the increase of the hospital's quota this year, pointed out the "immediate needs above and beyond the hospital's regular budget which must necessarily be provided for, if the hospital is to continue at its present standard of efficiency."

"Replacements necessitating an expenditure of $500, and such new equipment as sterilizers, costing $2965; new suburban, $1000; dietary equipment, $775; a new passenger elevator, $7500; and a new water storage tank, $817.50, are vitally needed," he said.

Emphasizing the service which Booth hospital renders to the people of Boone County, Mr. McEvoy stated that out of a total of 36,083 days' care rendered by the hospital in 1945, 9561 free and part-pay days' were granted by the hospital to those who could not afford to pay for needed hospitalization.

"Under the hospital's creed, no patient is ever turned away because of lack of funds, and no case refused because they are poor," he said. "Booth Hospital is our 'ambassador of mercy.' And not only is it always ready to extend a helping hand, it offers as high a standard of efficiency and care as one can find anyplace in the United States."

In 1945, according to the hospital's records, 1807 operations were performed; 927 babies born; 6794 x-ray examinations were given; 17,678 laboratory examinations; 795 physiolherapy treatments; and 3425 emergencies treated.

Mr. McEvoy has urged that residents of Boone County support the drive "to the fullest extent." "Be ready with your contributions when our volunteer workers call on you," he said. "Booth needs you now, just as you, later, may need Booth."

Henderson G. Hightower is general chairman of the drive.

Petersburg-Burlington Chalk Up Victories

Petersburg traveled to Beleiview Saturday and defeated Belleview in a well-played game. Both teams showed improvement in both hitting and fielding. Deck was on the mound for Petersburg, while Cason and Ryle served them up for Belleview.

Gene Jones for Constance and Ivan Gulley for Burlington hooked up in a pitcher's battle for seven innings and upon the part of some loose fielding by both teams the deadlock was finally broken.

Burlington will travel to Belleview for this week's game, while Constance travels to Petersburg.

Ryle-McNeely

Miss Betty Jean Ryle, youngest daughter of Mr. and Mrs. Leslie Ryle and Mr. Robert "Bobby" McNeely, were united in marriage Saturday afternoon, May 4th at the home of Rev. R. A. Johnson, officiating minister.

Attendants were Mr. and Mrs. William Clore, sister and brother-in-law of the bride.

Following the ceremony, the happy young couple were entertained at a dinner in the home of the bride's parents.

The bride and groom left Saturday night for a week's honeymoon tour through Kentucky and Smoky Mountains.

The Recorder joins their many friends in wishing them a happy, long and successful married life.

Mr. and Mrs. Henry Siekman had as Sunday guests, Mr. and Mrs. Urban Wahoff and daughter of Price Hill, Cincinnati, O., and Mr. and Mrs. Vernon Anderson, of Hebron.

Graduates From Christ Hospital Nursing School

Mildred Lizer

Miss Mildred Lizer, daughter of Mr. and Mrs. Howard Lizer, of Burlington and Mary Marshall, of Hebron graduated from Christ Hospital School of Nursing May 6, 1946 when diplomas were handed to 96 students, the largest class in the school's history. Diplomas were conferred by Judge Alfred K. Nippert President of the Board of Trustees.

Mildred will complete her course January 1947. She is a graduate of Burlington high school in the class of '43.

Miss Marshall graduate of Hebron high school was named one of the six outstanding students of the class of 96. At present she is affiliating with the Visiting Nurse Service of New York City. Two students from Christ Hospital were chosen for six months of this work. She completes training in August.

Coronation Service

Last Thursday night, May 2, several cars of parents and friends of the Girls' Auxiliary of the Bullittsburg Baptist Church journeyed to Newport where eight girls participated in a G. A. coronation service at the First Baptist Church.

One of the eight girls, Marilyn Campbell, was recognized as a Princess and was given the G. A. initials in gold felt to be placed upon the star and arm band received earlier. Six girls, Martha Pfalzgraf, Rilla Pepper, Margaret Pepper, Betty Lou Setters, Eva Mae Setters, and Anna Louise Elliott, were recognized as Ladies-in-waiting. Each received a white star for her green arm band. Another girl, Beyreda Watkins, was recognized as Maiden and received her green band.

These were all steps in G. A. work toward Queen Regent, the highest step.

There were approximately 150 girls of the North Central District participating. They made a very impressive picture grouped around the altar, and certainly were an inspiration to the leaders present, to put more zeal in the work of the church.

Among the parents and friends who attended were: Rev. and Mrs. W. T. Gardner, Mrs. Charles Pepper, Mrs. H. M. Holladay, Mrs. Wm. Hill, Mrs. A. L. Pfalzgraf, Miss Florence Pfalzgraf, Mrs. V. E. Ware, Mrs. E. Snyder, Mrs. W. B. Campbell and Mr. and Mrs. Emmett Elliott.

George Knox To Represent County At Tobacco Meeting

George Knox, Walton, was selected Monday to represent the Boone County Farm Bureau at the state tobacco marketing meeting to be held at Lexington on May 7th.

Each farm bureau in the state was requested to select a county delegate to the meeting. The delegates are to vote on plans to improve the present tobacco marketing system.

65 HOMEMAKERS ATTEND MEETING

HELD IN LEXINGTON FRIDAY—FIFTEEN COUNTIES REPRESENTED AT DISTRICT MEETING.

Boone County Homemakers representing ten local clubs attended the North Bluegrass District meeting in Lexington last Friday. Forty-six made the trip in a chartered bus, while nineteen made the trip in private cars.

Homemakers from fifteen counties in the district attended the all-day annual get-together. Last year's meeting was cancelled due to transportation restrictions.

Mrs. Graham Young, district director, presided at the meeting. "New Frontiers" was discussed by Mrs. W. E. Nichols, state president of Homemakers. Mrs. Nichols listed the following frontiers: Freedom, disease, education, science, tolerance, understanding and brotherly love. Each of the district chairmen gave a ten-minute report of activities of her committee. Mrs. Leo Flynn, Walton, district speakers' bureau chairman, gave the history of Extension work.

The University cafeteria served a box lunch at noon.

The afternoon session was opened with a talk by Miss Myrtle Weldon, state leader of Home Demonstration agents. She stated that "Extension believes in democracy and the training of leadership."

The guest speaker, Mrs. Wanda Wilkins, Sao Paulo, Brazil, told the audience about her native Brazil. She described the habits and customers of the Brazilians. By knowing our neighbors to the south, Mrs. Wilkins feels that we can have better understanding and cooperation.

The following attended the meeting: Burlington, Mrs. Vernon Pope, Mrs. Elijah Stephens, Mrs. Grover Jarrell; Constance, Mrs. George Kottmyer, Mrs. Oliver Kottmyer, Mrs. Henry Kottmyer, Mrs. Lena Fritz, Mrs. W. E. Zimmer, Tillie Hempfling, Mrs. Thomas Kenyon; Florence, Mrs. Joe Berkshire, Mrs. Harold Conner, Mrs. Leona Myers, Mrs. George Kobman, Mrs. R. H. Carter, Mrs. Mabel Sayre, Mrs. Long, Mary S. Moore, Mrs. Geneva Arnold, Mrs. H. F. Wesler, Anna Mae Daubel, Mrs. Roy Lutes, Orine Smith, Mrs. Ola Williams, Mrs. Charles Luchte, Mrs. Sterling Rouse Mrs. Eva Osborn, Mrs. Betty Jo Conrad, Mrs. Ralph Stith, Mrs. Grant Maddox; Hebron, Mrs. Howard Acra, Mrs. A. Tobacco Beds Not Affected By Blue Mold

Blue Mold has not been found in Boone County tobacco beds so far this year, according to H. R. Forker, County Agent. Many cases of cold injury and wildfire and angular leaf spot injury have been reported. Warm weather will correct cold injury and if the beds had been treated at the proper time with the bluestone-lime treatment, the leaf spot disease should have been controlled 100 percent. Unfortunately, the leaf spot diseases are carried from the bed to the field.

Recommendations for the control of Blue Mold and to reduce injury if it hits the beds are as follows:

1. Removal of the canvas (as weather conditions permit) to toughen plants.

2. Nitrate beds with 1 pound nitrate of soda or ½ pound of Amonium Nitrate per 2½ running feet of a nine-foot bed. Follow recommendations given last week.

3. Spray beds with Fermate, rate 3 level tablespoons per gallon of water per 30 feet of nine-foot bed. To prepare: Put Fermate in mason jar, fill half full of water, shake until thoroughly mixed and then add to rest of water. Start spraying when disease is first reported in neighborhood and treat twice each week until setting time.

Tacoma Barn Dance To Be Given At Hamilton School May 11th

Saturday night, May 11 is the night that the big Radio Show, "Tacoma Barn Dance" with a big gang of radio stars will appear for one big show and royal get-together for all the good folk in and around Union, Ky., at the Hamilton school. Tickets are on sale now for the convenience of the folks who want to be sure of a good seat, as there will be no reserved seats, and first come, first served.

Appearing with the barn dance gang will be such stars as Paul Deal, formerly of radio station WHIO, Dayton, O.; Lester Adams, Piqua, O.; "Little Joe" Isbell world's champion yodeler, and who has been on seventy-eight radio stations including WLW, WCKY, WKRC, and once on W. P. A. when business was bad.

Also that funny man "Lemrock Plushbottom" who says that he is a puzzle to himself. You will also see Bob Rumke an dhis accordian; Harold Baker, Bob Brock and then the feature of the show, Margie Lee Sweet, the girl with the musical feet and a song for you. Margie was with the Bradley Kincaid hillbilly caravan last summer and goes to Hollywood this coming summer All the effects are taken care of by Brookzie Art, of Piqua, O., and the show is M. C'd by Walter Sweet, manager.

You will find that this show is one of the grandest shows of this type you have ever seen, so don't pass it up. Bring grandpa and grandma—it's just what the doctor ordered for them.

Remember it is at the Hamilton school auditorium, Saturday night, May 11th, and the show—"Tacoma Barn Dance, Hillbilly Jamboree."

Burlington To Have Free Movies Friday

The local Recruiting office will sponsor free movies at the Burlington high school Friday night, May 10th, with the show starting at 8:00 p. m. and continuing for approximately two hours.

War combat pictures will be shown of actual battle scenes, showing the American army in action on battle fronts in World War II. Citizens of Burlington and vicinity are invited to attend. Absolutely no charge will be made—admission free. Come early and get a good seat.

The following pictures will be shown through the courtesy of the U. S. Army Recruiting Service:

"Don't Talk," Merto-Goldwyn Mayer picture.

"At the Front in North Africa."

"Sucker Bait."

"The Battle of San Peitro."

BELLEVIEW SCHOOL CLUB TO HOLD MEETING

The Belleview School Club will meet Saturday afternoon at the school house at 2:30 p. m. for special business and receiving bids for school cooks for the year 1946-47. Everyone try to attend, as there was not enough present at the last meeting to carry on business.

Real Estate Sales Reported

A. B. Renaker reports the following real estate sales made during the past week:

Cartney Kenton sold his farm of 79 acres near Limaburg, recently purchased from Moses Rouse, to Robert Hall. Mr. Hall has been living on this farm since the first of last March.

Charley Riley sold his farm of 190½ acres west of Union to A. C. Kenton and gives immediate possession. Mr. Kenton and his brother, Cartney, will operate this farm together.

Mr. and Mrs. Edwin W. Ewins sold 40 acres on Camp Ernst Road, which they purchased from Wilfred and Lawrence Scott a few months ago, to Mr. and Mrs. Paul Clore. The purchasers plan to build a house on this tract of land.

SPRING RALLY FOR 4-H CLUBS PLANNED

MAY 25TH AT BURLINGTON SCHOOL—WINNERS WILL BE ELIGIBLE TO ATTEND JUNIOR WEEK.

The Boone County 4-H Club Spring Rally will be held on May 25th at the Burlington School. Rally Day is one of the important events of the year for 4-H Club members, according to Bill Davis, Assistant County Agent. Club members carrying Home Economics projects may participate in the style revue, foods judging contests, clothing judging contest, and demonstration team contests. Demonstration teams for Home Economics members will be divided into age groups and limited to one team from each club in each group. Age groups will be: team over 13 years of age, team under 13 years of age, and one individual demonstrator, any age.

Club members carrying agricultural projects may participate in the seed identification contest, poultry judging contests and demonstration team contests. Demonstration teams for agricultural members will be divided into the same groups as home economic teams, but no limit is placed on the number of teams from each club competing in each group.

Demonstration team winners, if over 13 years of age, will be eligible to go to Junior Week at Lexington from June 10-14. Winners of the style revue and food and clothing judging contests will also go to Junior Week.

Club members leaders and parents who attend the Spring Rally will add 50 points to their club's total toward winning the Boone County Bankers' trophy for club achievement. Additional points will be awarded to the club for each member who competes in the contests.

Boone Post No. 4 To Sponser Ball Team

All boys of Boone County, born on or after January 1, 1929, who are interested in baseball are required to attend a meeting at the Burlington courthouse, May 13, at 8 p. m.

Boone Post No. 4 American Legion is endeavoring to organize and sponsor a team. This team will be composed of the best ball players in Boone County under 18 years of age, and will be given an opportunity to play in district, state and national tournament until eliminated.

Our district is composed of Boone Kenton and Campbell counties, according to the baseball committe, O. R. Russ Alton Bradford and C. G. Kelly.

Come out boys if you are ball players. This is a great opportunity. Bring him out dad!

Receives Discharge

John Runion, S1c, Verona received an honorable discharge from the U. S. Navy April 30, 1946 at the U. S. Naval Personnel Separation Center, Great Lakes, Ill.

WOOL POOL CLIP TO BE SOLD JUNE 3

WILL BE DELIVERED THE FOLLOWING WEEK, ACCORDING TO H. E. WHITE, COUNTY PRESIDENT.

The Boone County Wool Pool voted Monday to offer the pooled clip for sale under sealed bids at the Dixie State Bank in Walton on Monday, June 3rd, according to H. E. White, president. The clip if sold, will be delivered probably the following week.

L. A. Vennes, market field agent from the College of Agriculture, addressed growers at the meeting. He advised that all wool again would be sold to the Commodity Credit Corporation. Handlers for the Commodity Credit Corporation however could pay the local pool members the ceiling price plus parts of their handling allowance through saving in large volume of wool received at one time. Saving by supplying sufficient volume to eliminate in between expenses for the purchased has enabled the local pool for many years to secure a substantial market advance.

Growers who have not already posted their wool crop are urged to contact their local committeemen immediately.

VERONA

Mrs. Joseph Fisher is somewhat improved.

The body of uncle Perry Massey, who formerly resided on the Verona-Mt. Zion Road was brought to the funeral home here this week. Funeral services were held at Mt. Zion Saturday.

The following ladies from New Bethel attended the W. M. U. Quarterly meeting at Florence on April 26: Mesdames Etta McMahan, Alice Chapman, Ura Roberts, Grace Renaker, Blanche Ransom, Elizabeth Boyer, Kitty Rouse, Lenabelle Harris, Jerry Harris, Rose Hamilton and Pattie Waller. We were very happy to bring home the attendance banner.

The entertainment given by the Verona school April 26th was well attended and enjoyed by all present. The patrons enjoyed the school display and appreciated the reception given them after the program. We are grateful to the teachers for efforts put forth this year.

Clifford Ryan is expected home from the Pacific area this week.

Miss Effie Chandler spent the week-end in Walton, visiting Norma Jean and Nina Joyce Easton.

Several from here attended the play at Walton auditorium May 3. The play was well rendered and reflected credit to the players and their sponsor, Mrs. H. P. Baker.

Mr. and Mrs. J. B. Lamn and Mrs. Lizzie Noel visited Mr. and Mrs. Elmer Reffet in Erlanger, Sunday.

Rev. A. D. Childress and Mr. and Mrs. O. K. Powers had dinner Sunday with Mr. and Mrs. W. E. Waller and family.

Mr. and Mrs. John Boyer and family spent Sunday in Campbellsburg.

Mr. and Mrs. John Boyer, Mr. and Mrs. Joe Rouse and Mrs. Blanche Ransom attended the graduation exercises of the Seminary at Louisville, Friday, May 3rd.

Twelve hundred acres of hybrid corn were grown by Magoffin county farmers last year, an increase of 400 over the previous year.

McVILLE

Miss Betty Jean Ryle, youngest daughter of Mr. and Mrs. Leslie Ryle was united in marriage Saturday afternoon, May 4th to Robert "Bobby" McNeely. Their attendants were Mr. and Mrs. William Clore, sister and brother-in-law of the bride. They were united in marriage by Rev. Roy Johnson at his home in Covington. After the ceremony they enjoyed dinner at the bride's home and then left for a week's honeymoon, touring Kentucky and visiting Smoky Mountains.

Mr. and Mrs. Carroll Sheldon entertained Tuesday and Tuesday night, Rev. and Mrs. T. G. Burke, of Rising Sun, Ind., and they attended revival services at Belleview that evening.

Mrs. Leslie Shinkle visited her father at Christ Hospital several days last week. We are glad to hear that Mr. Rue is much improved.

ATTENTION VETERANS AND THEIR FAMILIES

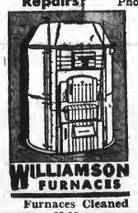
I will be able to supply a very limited number of four and six-room prefabricated houses either erected or for erection in Boone County.

These houses are complete in every respect and pass federal housing standards.

If you are interested you must contact me within the next five days. Can show you pictures and specifications and a knocked down house.

The houses are weatherboarded double wall types four and six rooms with bath, may be built on basement or footing and construction details are good.

I also will have available for the market three or four houses being erected on lots in Burlington. If you are interested in these see me after 6 p. m. at my home in Burlington, or phone Burlington 166.



These houses are going to be allocated to Veterans and their families on a basis of first come first served. May I emphasize again that if you are interested see me at once.

Don't let stifling heat rob you of needed rest this summer

Install an ATTIC FAN now, and enjoy cool comfort all summer long

On a hot summer day, your attic stores up heated stagnant air that acts like a blanket to keep your house uncomfortably hot long after the sun goes down.

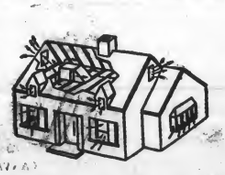

Diagram shows fan drawing cool air in through windows, circulating it through the house and blowing hot, stale air out through attic louvers.

An attic ventilating fan eliminates this discomfort at the snap of a switch . . . draws in refreshing outside air through the windows . . . expels accumulated daytime heat from the house itself and the stifling hot air from the attic. Instead of sitting outdoors until midnight waiting for the house to cool off, you can retire early and sleep in cool comfort.

Attic fans are available now for immediate installation. Come in and get the facts on this modern way to summer comfort now!

THE sudden devastation of an earthquake, the tragedy of flood and tornado, finds the U. S. Regular Army ever ready to protect the nation. The Army Engineers build and strengthen dikes to hold back rising rivers. The Army Medical Corps fights the spread of disease. The Signal Corps helps restring the broken wires of communication. The Army man fights for America in peace as well as war.

In both battles he is a member of a great and proud Army. *Your new peacetime Regular Army.* For it is *composed* of citizens and *maintained for the protection* of the citizens of this nation. Mr. and Mrs. James Bristow and daughter were recent guests of Mr. and Mrs. R. E. Tanner.

Mrs. Mattie Jones has returned to her home in Union, after a visit of two weeks with her son W. H. Jones and family of Price Pike.

We extend felicitations to James Bonar and bride (nee Miss Louise Benton) of Walton, who were married Wednesday.

Mr. and Mrs. Eldridge Carpenter and Mrs. Chas. Carpenter attended the senior play of Hebron school on Wednesday evening and class night exercises on Friday evening.

Mesdames Cord Cox and son and John Wilson, of Petersburg were week-end guests of Mr. and Mrs. James Rogers.

Walter Scott has added to the beauty of his farm on Price Pike, known as "Scott Manor" by the addition of rock pillars with graduated wings at the entrance to his newly blacktopped drive.

Friends of the T. E. McHenry family regret to learn of their illness at their home on Shelby St.

Mr. and Mrs. Sidney Ambrose entertained Sunday for Mr. and Mrs. John Stephenson and Mr. and Mrs. Dave Wingate.

Commencement exercises were held in the auditorium of the Florence school on Friday evening. An interesting program was rendered, including an address by Mark Godman and several numbers by the school band under the direction of Dean Bloss. In the absence of Superintendent Norris (who was unable to attend) the diplomas were presented to the thirteen graduates by the principal, Prof. Jones. Those who won prizes for outstanding merits were Billie Chitwood, Juanita Clark and Jewel Ward, the latter receiving the Lloyd medal. The spirit of the joy of a graduate was overpowered in this class by regret at leaving their alma mater and the association with each other. However, we wish them all a most happy and prosperous journey through life and hope they will always cherish the memory of their classmates and friends. After the class night exercises were conducted at Florence school Wednesday night, Miss Clara Watts chaperoned the graduating class to Netherland Plaza, Cincinnati, where they enjoyed a delicious dinner and other festivities of the evening. The occasion was a double celebration for Jimmie Bonar, who was one of the graduates and was also just married.

Guests of Mr. and Mrs. Hobe Roberts during the week were Mrs. Robt. Aylor and son and Mr. and Mrs. W. A. Fox and son.

Mrs. Hobe Roberts and son spent Sunday with her mother, Mrs. Sterling Rouse and husband.

Mr. and Mrs. Gene Davis have moved from the Buckahorn apartment to an apartment in the former Goodridge home, on Goodridge Drive.

Mr. and Mrs. Geo. Morith and family are leaving this week for an extended trip through the east and north, including New York and Canada.

Sympathy is extended to the Platt and Lockwood families in the death of their brother, E. C. Platt.

Mr. and Mrs. Geo. Morith entertained on Sunday evening for Mr. and Mrs. Clyde Arnold of Price Pike. A delicious chicken dinner was served in honor of the birthdays of Mrs. Morith and Mr. Arnold.

Condolence is extended to the family of Mrs. Anna Cleek, who passed away Thursday at the home of her daughter Mrs. Rufus Tanner.

The faculty of Florence public school enjoyed a delicious luncheon on Friday at Doc's place.

An interesting program has been arranged by the adult class of the Methodist Church on Wednesday evening, May 15, including an address by Rev. Pilow. Special music and dinner at 6:30. This organization meets on the third Wednesday and members are urged to be present.

Mr. and Mrs. Wm. Markesbery entertained his parents, Mr. and Mrs. Geo. Markesbery at dinner Sunday.

We regret to learn of the illness of Mrs. W. R. Miller at her home the past week.

Five thousand acres of meadows and pastures in Taylor county have been top dressed with 20 percent superphosphate and raw phosphate.

IN MEMORY

Of Mrs. Mattie York Kruse, who passed away May 11, 1945.
The memory of our last goodbye
Is one we'll cherish through the years,
We thought, Dear Mother, that we could comprehend
And cease the flow of countless tears,
But no—life didn't compensate to us
For what it took away,
It only left the memory,
Of our sacred love of yesterday,

Husband and Children.

GRANT YOUTH ARRESTED SUN.

ON CHARGE OF BREAKING AND ENTERING—GROCERY STORE AT UNION IS LOOTED SATURDAY NIGHT.

Donald Ashcraft, age 24, son of Mr. and Mrs. Harry Ashcraft, Grant, Ky., was arrested Sunday afternoon at Petersburg, on a charge of breaking and entering Brown's Grocery Store, Grant, Ky., on Saturday night.

Entrance was gained by breaking a rear window. Mr. Brown and a friend were watching on the inside of the store and were able to avoid the loss of any merchandise. When a flashlight was thrown on Ashcraft and he was told to come from behind the counter he made his escape by running through a plate glass window in the front of the store.

His arrest followed Sunday afternoon at the ball game at Petersburg by R. I. Rouse, Sheriff. He is being held in Burlington jail until an examining trial can be held.

Ashcraft is on parole from the state reformatory, having been sentenced on a similar charge in Kenton County four years ago.

Union Store Looted

W. C. Hopper, operator of a grocery store at Union, Ky., reported that thieves gained entrance to his store Saturday night by breaking a rear window and escaping with an estimated loot of $100.00.

Among the items known to have been taken were five cartons of cigarettes, 80 lbs. of sugar, 5 gallons of motor oil, 15 pounds of meat and several small items.

Local authorities report progress on the case, but no arrest has been made at this writing.

Wreckless Driving Draws Fine

James English, of Cincinnati, O., was arrested Sunday afternoon on U. S. 42 by Sheriff R. I. Rouse on a charge of wreckless driving and causing an accident.

He was arraigned before Judge C. L. Cropper Monday and fined $29.50 for wreckless driving and $65.00 for damages caused to the other automobile.

Mr. and Mrs. J. C. Benton, of Walton, announce the marriage of their daughter Miss Louise Benton to Pvt. James I. Bonar, son of Mr. and Mrs. Arthur Bonar, of Florence, on May 1, with the Rev. Bruce Easterday, officiating.

The couple was married in the home of Mrs. F. H. Webster of Florence. Their only attendants were Mrs. F. H. Webster and mother of the bride, Mrs. J. C. Benton.

Pvt. Bonar is a graduate of Florence high school and entered the armed forces May 6, 1946.

The bride will join her husband in the near future.

REA NOTIFIED OF $610,000.00 LOAN

FOR CONSTRUCTION AND IMPROVEMENT OF LINES—362 MILES OF NEW LINE WILL BE CONSTRUCTED.

President Lister Ransdell of the Owen County Rural Electric Cooperative Corporation, Owenton, Ky., announced that he had received a telegram from REA stating that Administrator Wickard had approved an allotment of $610,000.00 to the Cooperative for new line construction and improvements to existing lines, and that the Legal Division of REA is now preparing loan contracts to be executed by the officers of the Cooperative.

Mr. Ransdell stated that 362 miles of line, to serve approximately 1300 member applicants in the nine counties served by the Cooperative, would be constructed as rapidly as materials become available, and that all applicants who signed prior to March 1, 1946, are included in these figures.

A breakdown of the number of miles to be constructed in each county was given as follows: Owen 86, Scott, 18, Grant 70, Pendleton 47, Campbell 21, Kenton 43, Boone 40, Gallatin 11, and Carroll 26.

Mr. Ransdell indicated that staking of lines for construction would commence as soon as a voltage regulation study now being made by an electrical engineering company is completed.

HOMEMAKERS PLAN PROGRAM FOR YEAR

NINETEEN CLUB PRESIDENTS AND OFFICERS ANSWER ROLL CALL IN MEETING HELD AT FLORENCE.

The Advisory Council of Boone Homemakers held their spring meeting last week at the Town Hall in Florence. The program for the year, September 1946 to September 1947 was planned by the group.

Mrs. Clyde Arnold, Florence, County President, presided at the meeting. Nineteen club presidents, county officers and county chairmen answered the roll call. Each chairman gave a report of the activities of her committee. Fifty five new members have been added to the roll, according to Mrs. Joe Hogan, Hebron, membership chairman. Mrs. Albert Pfalzgraf, citizenship chairman, reported that $259 had been given by local clubs to various civic drives since last September.

Each club president told of the interests of her group for the study program for the new year. The interests of each club was put together and a program month by month was planned. The program will include making of slip covers, short cuts in housekeeping, live-at-home, landscaping, health, preparation of food for and from the freezer locker, handicraft, and a recreation study for youth and adults.

Mrs. Arnold appointed the following committees for annual meeting: Music, Mrs. Virginia Goodridge and Mrs. Ralph Stith; program, Mrs. Leo Flynn, Mrs. Jake Cleek, Mrs. V. G. Young and Mrs. William Hill; decorations, Mrs. John Schram, Mrs. Ruby Hollis, Mrs. Kirtley Cropper and Mrs. Justin Dolph; hospitality, Mrs. Mabel Sayre, Mrs. Don Hacker and Mrs. John Boyer; time and place, Mrs. John Vest, Mrs. Leona Myers and Mrs. Harry Daugherty; registration, Mrs. Roy Nestor and Miss Gladys Klopp; nominating committee, Mrs. Albert Pfalzgraf, Mrs. Howard Acra and Mrs. Wilbur Griffith; budget and finance, Mrs. Stanley Ransom, Mrs. Joe Rouse and Mrs. Justin Dolph.

Rev. R. A. Johnson is spending this week in Miami, Florida, attending the Southern Baptist Convention. In his absence Sunday, May 19th, students from Georgetown College will be in charge of the services.

George W. Cummins

Funeral services were held at 10 a. m. Friday at the Tharp and Stith funeral home, Florence, for George W. Cummins, a retired railroad worker, who died Monday in Booth Hospital after a short illness. Burial was in the Veteran's Memorial Cemetery, Dayton, O.

Mr. Berry died late Monday at his home on Taylorsport road, Boone County. He is survived by one son, Thomas Berry, of Ludlow.

First Band Rehearsal To Be Held Tuesday

The first summer rehearsal of the combined Boone County School Band will be held Tuesday, May 21st at 8:00 p. m. at the Burlington High School.

Plans for the summer program will be discussed at this meeting. All are urged to be present.

"The Wild Oats Boy" Will Be Staged At Florence Friday

"The Wild Oats Boy" will hit the stage of the Florence high school, Friday evening, May 17th at 8:00. This comedy drama written by Lillian Mortimer will be sponsored by the Brotherhood of the Hopeful Lutheran Church, with Mr. Dudley Rouse and Mrs. Robert Moore doing the leading rolls.

"The Wild Oats Boy" sets the pace of a small town in gayety, and fun while Uncle Seth, played by Raymond Beemon fills the gaps with comedy and clever deception. Uncle Seth is the living ghost of Uncle George who supposedly was killed in a hotel fire, so far as his relatives knew, but returned to the scene as a relative in order to see for himself the makeup of his kinsfolk. His lawyer presented the will of Uncle George to the gathering relatives. The will required Eddie, the night life boy, to be in bed each evening at 8:00 for three months, and he must marry Judy, the adopted daughter in order to receive his allotted $50,000 dollars of the supposed estate. Otherwise the complete estate must be dividend among the relatives. Here the plotting Jake adds plenty of excitement to the already fast moving plot. The whole scheme of things is slightly disrupted because the "Wild Oats Boy" proves that he can settle down if necessary, but there is never a dull moment with Trout, a country boy with ideas invoking the wrath and laughter of everyone with his brilliant ideas which he does not know how to carry out. Trout, played by Virgil Kelly, gives all a merry chase.

The public is cordially invited for a good rib loosener and an evening full of solid entertainment. Admission, adults 40 cents and children 25 cents.

Burlington Student Gets Reader's Digest Award

Ruby Ryle, valedictorian of the graduating class at Burlington High School, has been given the the Tenth Annual Award of The Reader's Digest Association for students who by their successful school work give promise of attaining leadership in the community.

Miss Ryle will receive an honorary subscription to The Reader's Digest for one year and an engraved certificate from the Editors, "in recognition of past accomplishment and in anticipation of unusual achievement to come."

Since 1937 The Reader's Digest Association has presented these awards yearly in senior high schools throughout the United States and Canada to the highest honor student of the graduating class. The awards are part of the educational program sponsored by the Association and were a logical outgrowth of the wide use of The Reader's Digest in school work. With the collaboration of leading educators supplements to the magazine, containing guides for reading improvement and aids to effective speech and composition, are made available to schools and colleges.

The award to Miss Ryle, who is the daughter of Mr. and Mrs. Leroy Ryle was made possible through the cooperation of the Burlington teaching staff. They selected Miss Ryle to receive the award, designed to stimulate scholarship, citizenship and continued contact with good reading after graduation.

Receive Discharge

Charles H. Quinn, AAM2c, Florence received an honorable discharge from the U. S. Navy at the U. S. Naval Personnel Separation Center, Great Lakes, Ill., May 9th, according to a report from that center.

James R. Smith, S1c, High St., Walton, received an honorable discharge from the U. S. Navy May 9 at the U. S. Naval Separation Center, Great Lakes, Ill.

Mr. and Mrs. Reuben Hodder were guests at a party in Ft. Mitchell, Saturday evening.

FARMERS URGED TO USE PASTURES

IN ORDER TO MAINTAIN LEVEL OF MILK PRODUCTION SUFFICIENT TO MEET CONTINUED STRONG DEMAND.

Acting to interest dairy farmers in maintaining a level of milk production sufficient to meet the continued strong demand for dairy products, Secretary of Agriculture Clinton P. Anderson has issued a statement urging more effective use of pastures and improvement of dry roughage as a means of supplying the demand. Stressing the outlook for high consumption of milk and other dairy products, and the assurance of the stabilization administrator that their returns will be maintained at not less than 1945 levels either by producer payments or increases in ceiling prices, the Secretary plead for the use of all available production facilities for improving the quality and increasing the quantity of roughage feeds.

The Secretary's statement is supported by a tabulation of national income, per capita annual milk production and per capita consumption which shows an increase from 1935 to 1945 of 106 billion dollars in income, of 81 pounds in per capita annual milk production and an increased civilian consumption of 3 pounds in spite of the fact that production has dropped steadily since 1942, with a resultant decrease in consumption. The per capita civilian consumption in 1942 was 40 pounds above that of 1935.

The drop in production this year is due primarily to a decrease in the number of dairy cows. Should short supplies of concentrates and unfavorable feed ratios or a subnormal pasture season result in decreased production per cow, the level of milk production per capita might even fall below 800 pounds as it did during the drouth year of the 1930's. These data show clearly the importance to the national health of dairymen retaining their milk cows and maintaining milk production at the highest possible level.

Experiment stations have found that two-thirds of the nutrients consumed by milk cows comes from grass and hay and that by improving the quality of pastures and winter rougage an even higher percentage can be secured.

Dairy Herd Improvement Association records show that the best production during the late summer months is from herds on good summer pastures.

The Field Service Branch thru its County committees and the extension services through its county agents are prepared to assist farmers in securing materials and information for more effective use of pastures and roughages. By taking full advantage of available conservation practices and materials farmers can also obtain a part of the cost of such improved methods under the Agricultural Conservation Program.

Good Fruit Crop Reported At Meeting

Twenty-nine Northern Kentucky fruit growers meeting at the Dr. W. L. Schell orchard near Burlington on Tuesday, April 30th, report prospects are for an excellent fruit crop, according to H. R. Forkner, County Agent. Apples, peaches, cherries, plums and grapes and strawberries promise good crops except in a few spots where recent freezes and frost caused injury.

Growers analyzing their spray and orchard management programs up to the time of the meeting thought they had secured good disease and insect control. This means that higher quality of fruit should be produced.

Reports indicated that the fruit crop in Northern Ohio, Illinois and certain other sections of the country had been severely injured by unfavorable weather. This condition should increase the demand for locally grown fruits.

The next field check-up meeting of Northern Kentucky growers will be held in Campbell County on Tuesday, June 4th at 2:00 p. m. The exact location of the meeting will be announced in the near future by S. A. Porter, Campbell County Agent.

Contour Cultivation Increases Corn Yields

Planting corn on the contour on rolling land increases yields from 5 to 8 bushels per acre. This is a relatively simple practice that is recommended for every farmer in Boone County, according to H. R. Forkner, County Agent.

Farmers entering the 1946 County and State corn growing contests are urged to follow those practices that have given highest yields. These include:

1. Planting in rows on the level or contour.

2. Better selection of land to be used.

3. Liberal uses of lime, phosphate commercial fertilizers, manure and turning under of green manure crops.

4. Use of adapted hybrid seeds which have averaged increasing corn yields from 8 to 10 bushels per acre.

5. Secure a good stand. The distance between plants in the row also affects yield. The spacing of plants in the row should vary from 25 inches for thirty bushels per acre land to 12 inches for 100 bushel per acre land.

6. Good seed bed—most of cultivation should be done before seed is planted.

The farmer who will feed livestock the next year or two is urged to give careful consideration to the producing of his grain crops. Corn yields per acre must go up for more profitable production and better soil conservation.

Knox Reports On Tobacco Meeting

George Knox, Boone County delegate to the State Farm Bureau tobacco marketing meeting held at Lexington last Tuesday reported to the local directors Friday. He stated that several plans will be offered to growers in county mass meetings over the state in the near future. Each county will vote for the plan desired and will instruct their delegate to vote for this plan to be adopted.

Horace Cleveland, former Boone Countian and director of the Kentucky Farm Bureau Federation, was appointed chairman of the state committee. This committee was instructed to prepare plans for marketing the tobacco crop and submit these plans for voting upon by the counties.

Mr. Knox reports that seventy-one Kentucky counties and delegates from seven states were represented at the meeting Tuesday.

Herbert Doolin Discharged

Cpl. Herbert C. Doolin received an honorable discharge May 8th at Great Lakes, Illinois, after serving 33 months of active duty with the U. S. Marines.

Herb was drill instructor at the Marine base at San Diego, Calif., for ten months, later serving overseas with the First Marine Division on the Russell Islands, Okinawa and China. His division received the presidential citation during the Okinawa campaign.

He is the son of Mr. and Mrs. John Doolin, of Union, Ky.

134-Acre Tract Sold On East Bend Road

Wilford Dixon sold about 134 acres of land on the east side of the East Bend Road, 3 miles from Burlington, to W. A. McLoney. Mr. Dixon retained about 18 acres on the west side of the road with the large colonial brick home, which he also plans to sell. Mr. McLoney takes immediate possession of the tenant house of 4 rooms on his purchase but Mr. Dixon retains the use of the farm land and crops until next March.

Mrs. Lutie Aylor sold the house and 1 acre of land, recently purchased from Hugh McArthur at Commissary Corner on Highway 18 to R. F. Coleman. Mr. and Mrs. J. S. Butler have this property rented until next March. Mr. Coleman made the purchase as an investment.

These sales were handled through A. B. Renaker the past week.

BREEDING ASS'N. PROGRAM TO START

JULY 22ND, ACCORDING TO H. R. FORKNER, COUNTY AGENT—NECESSARY THAT 1,000 TO 1500 COWS BE SIGNED UP.

The organization sign-up for the Boone County Dairy Artificial Breeding Association will start with a countywide educational and sign-up meeting at Burlington on Monday, July 22nd, according to H. R. Forkner, County Agent. Between 1000 and 1500 cows must be signed up before the County Association can be completed.

The actual service of the association is expected to start not later than October 1st. The association organized on a cooperative membership basis will become a member of the State Artificial Breeding Association. The State Association will supply local members with the services of outstanding bulls of Jersey, Holstein and Guernsey breeds provided at least 300 cows of the particular breed are signed up in the County Association.

The membership fees in the local association will be $8.00 plus $1.00 per cow which fee will be for life and paid only once. There will be an additional annual fee of $5.00 per cow receiving service. The operation of both the state and county association will be carefully supervised by member directors and the College of Agriculture.

This breeding program is especially planned for the small dairyman who has not in the past received the services of outstanding purebred herd sires. It is expected to bring about the greatest improvement in dairy cattle breeding ever reached by all combined improvement programs in the past. New York State secured for its members over a period of eight years an average of 40 pounds of butterfat increase per cow sired through this program. The average cow at these figures staying in the herd 3½ years and at present whole milk prices would produce $140.00 per cow more as a result of this breeding program.

Boone County farmers are much interested in this program. Local committeemen were appointed last winter to assist in the organization. Membership agreements are now available at the County Agent's office. The sooner the sign-up is completed probably the sooner the local association may start operation. Dairymen who want to sign up now before the countywide campaign starts are invited to secure their agreements.

RECREATION HOUR PLANNED AT RALLY

PICNIC LUNCH WILL HIGHLIGHT THE NOON HOUR—SPRING RALLY ONE OF IMPORTANT 4-H CLUB EVENTS.

A recreation hour has been planned for the Boone County 4-H Spring Rally, according to Bill Davis, Assistant County Agent. Mr. E. E. Fish, 4-H Club Field Agent from the University of Kentucky, will be in charge of this event. Games will be planned so that all present can participate.

A picnic lunch will highlight the noon hour. The entire program will also include the demonstration team and judging contests.

All 4-H Club members, parents, and leaders are urged to attend this all-day get-together. The Spring Rally is one of the important 4-H Club events of the year.

KILL FUNGI
... if you want to be free of many external skin infections

Fungi (parasitic vegetable growths) may cause conditions such as ringworm, athlete's foot and other infections that result in burning, itching, festering, and infection. Relief requires destroying these growths.

Odoral and thymol-iodide, the two outstanding medicinal properties for killing fungi, are together available in only one known ointment, called LODORAL.

That's why LODORAL works and works fast. Try it. It's the satisfaction, or money-back salve that produces extremely sweet skin troubles faster than you ever thought possible. Try it—you'll be glad!

DELIVERY SERVICE

Our dealers join us in making this frank report to

THE FARMERS OF AMERICA

INTERNATIONAL Harvester is getting back into production with all possible speed. Extra shifts are being employed wherever conditions permit, to try to overcome the production losses of the recent strike. Everything is being done to get parts and machines to you.

While we and our dealers would like to tell you that this means an immediate end to the shortage of service parts and machines, it is more accurate to say that it means the beginning of the end of it. If illness or bad weather delays you seriously in the Spring, you know how much it throws you off your schedule. The strike has thrown our schedules off balance, too. There are many "chores" we must do before new machines reach you.

Material shortages

The preliminary chores of getting our plants back into shape for full production are finished. But disturbances in other industries and resulting material shortages may affect our plans. Light gauge steel sheets, brass and copper, fractional horse power motors, and many other items are all very short. *The coal situation may also prove serious—we hope not.*

Refilling the well

Both our dealers and our branches have run dry on parts and new machines. So the biggest chore is to get their working stocks back to normal. It will take time to fill the pipeline to dealers—just as it takes time for you to refill a well or cistern after it has run dry.

Stock and display rooms of our dealers represent not one, but ten thousand reservoirs which must be refilled. The most heroic production efforts will mean that your local dealer can expect only a small number of parts and machines at a time. Since we must play fair with all our customers, there will be a sprinkle of parts and machines all over the country—not a downpour in any one section.

You will be glad to know that *all repair parts production schedules are far beyond normal.*

No hoarding

You may be sure that every machine will be shipped to dealers as soon as completed. *We do not and will not hold machines off the market.*

At the start of the strike we had on hand at all our factories and branches just 837 tractors of all kinds—less than two days' production—and 405 of these were not completed. Many of those on hand had one or more important parts missing—principally radiator cores. Most of the rest represented the normal daily "float" between the end of the assembly line and the shipping platform. Naturally no tractors were made during the strike.

What dealers may have for you

We can report to you that our current production on TRACTORS is good and we are shipping at a normal rate. Even so, there will not be enough to go around. The situation on PLOWS and DISK HARROWS is reasonably good. On COMBINES, MOWERS, HAY RAKES, ONE-MAN HAY BALERS, CORN PICKERS and many other items, our schedules have been seriously disrupted. We must in fairness say that many of our customers are likely to be disappointed on delivery of these machines. On MILKING MACHINES, STATIONARY ENGINES, and some other small units we are hopeful of making practically normal delivery.

We know you will understand the reasons why your dealer cannot fill your orders overnight. He would like to give you the kind of delivery on machines you would like to get, but his situation is a difficult one and not of his own making. He is doing the best he can.

No cutting corners on quality

There is one thing you can be absolutely certain about: We *will NOT cut corners on quality in order to increase production in this emergency.* For years we have said: "QUALITY IS THE FOUNDATION OF OUR BUSINESS." Today we say it—and mean it—as much as ever.

We know you need new machines—and need them badly. But we believe it will pay you to wait just a little while longer if you cannot get all you want immediately. By waiting you can be sure your new equipment will have the quality so rightly associated with INTERNATIONAL HARVESTER for so many years.

Drive For Camp Site Funds Will Be Opened Friday, May 17th

A campaign to obtain funds for the development of the Boy Scout Camp on Gunpowder Creek in Boone County will be launched May 17 by an organization of 1,500 workers, according to announcement made by Arthur Ellerman, Chairman.

Sponsors will be sought for various projects for the camp, which will range in cost from $250 to $17,500. Boy Scout Bonds will be issued in denominations ranging from $25 to $1,000 and will be given to all contributors. These bonds will be suitable for framing and may be used for display for various business houses supporting the camp.

Williard Friend, Scout Executive has designed an attractive folder picturing the various building projects for the camp. Little critical material will be needed in the development of the camp, as stone, found on the premises will provide a natural rustic environment.

Headquarters for the drive has been opened at the Covington-Kenton County Chamber of Commerce. H. Handall Stegeman and I. R. Hicks are co-chairmen.

Members of the Montgomery Homemakers' Club in Trigg county are demonstrating to their neighbors the use of dry suds while they do their housecleaning.

TO MRS. ANNIE MURRAY

"Mother"

Now we sit all alone in the twilight
And the day is beginning to die,
This is the hour we so miss you,
And heart breaking tears fill the eye.

Dear mother so loving and patient,
Hard working and kindly to all,
Your chair, by the fire, is so empty,
We listen to hear your voice call.

The rooms are so still and so silent,
Things seem to hold their breath,
Our hearts and eyes search every corner
Only God holds the answer to death.

Your suffering was bourne with such patience,
Your trust and your faith so great,
Your soul was so brimful of loving,
No room in your dear heart, for hate.

When God in his infinite wisdom,
Told you it was time to depart,
We little knew then all the sorrow,
That would make its abode in our hearts.

All we have left is a memory
Of Mother so patient and true,
God alone knows our heart's great loss
Mother Dear, since we have lost you.

—Written by Pearl Sanford April 21, 1946. in memory of my friend's dear mother. 1t-pd

Annual Report Of Boone Red Cross Nursing Service

In the examination of 1510 school children it was found that the principal defects were in vision, teeth and throats. It is remarkable the number of corrections which have been made. As near as we can check it 25 percent of the vision defects, 50 percent of the throats (who were in the greatest need) and 15 percent of the teeth have been corrected. We feel that one reason so much has been done, is that work is good and many people have had more money. However, in cases where parents could pay only a part of the cost, and in a few instances nothing, the Red Cross nurse was able to obtain necessary care anyhow.

With the cooperation of other agencies much has been done for tuberculosis. Sanatorium care has been provided for all cases who need it and were willing to go. Due to scarcity of beds throughout the state, some of the cases had to wait considerable length of time for admission, and we feel in some instances lost their chance for recovery. An effort is made to see that all persons in direct contact with tuberculosis are X-rayed and have proper care. The Red Cross Nurse assisted the State Tuberculosis Association in a week of educational work in county schools.

With part of the funds raised in the cancer drive, a clinic has been set up at Booth Hospital, where Boone County people may go for examination and treatment. Local physicians make recommendations for those who should go to this clinic. The Red Cross nurse and committee have arranged for a number of cases to receive this examination and treatment.

There is a fine Crippled Children's Clinic at St. Elizabeth Hospital, Covington. Through the work of the Red Cross Nurse, many cases have and are attending this clinic.

The Red Cross Nurse completed the new course in teaching Home Nursing, given in Lexington by an instructor from Washington. Two of these classes have since been taught in Boone County, and it is planned to have as many more as possible during the summer.

A well baby conference was conducted at the 4-H Club Fair.

Home visits have been made to all types of cases for health and some social service throughout the county.

One of the chief reasons Boone County can have such a well-rounded health program is that the doctors are interested and give such fine support and cooperation.

As time goes on and more people become familiar and interested in the work, it is hoped to do even more than in the past.

RESOLUTIONS OF RESPECT

Whereas, it has pleased our Heavenly Father to remove from our midst, a sister member, Miss Maggie Taylor, therefore be it

RESOLVED that we bow in submission to His will, realizing that our loss is her gain.

That we, as members of the W. M. U. of the Big Bone Baptist Church, will ever cherish her memory and may her christian influence live on forever in the lives of those who knew of her patience and kindness and loved her for them;

That we express our deepest sympathy to the relatives, and;

That a copy of these resolutions be sent to the relatives, a copy to The Boone County Recorder, and a copy placed on our minutes.

Respectfully submitted,
Mrs. Wm. Wesley Aylor.
Mrs. James W. Aylor
Mrs. Harry Rouse. 1p.

Enjoy COMFORT COOLING

with ATTIC VENTILATION

Your attic is a HEAT TRAP without ventilation

COOL Breezes replace heat with attic ventilation

In summer, your attic is a heat trap, building up temperatures as high as 25 to 35 degrees above outside temperatures. This stored-up heat acts like a blanket keeping your house uncomfortably hot long after the sun goes down.

Attic fan ventilation eliminates this prime cause of summer discomfort by drawing cool air in through the windows, circulating it about the house and blowing hot air out through attic vents, thus cooling the entire house. Instead of sitting up until midnight waiting for the house to cool off, you can retire early and sleep in cool comfort.

Attic fans are available now for immediate installation. Consult your electric appliance dealer or this company now for the facts about this low-cost way to summer comfort.

The Greatest Mother In The World

N. TULCH
Foot Comfort Specialist at—
PEOPLE'S SHOE STORE
814-816 Madison. Covington

Mother nature gives the birds microscopic eyes to see tiny grain from a distance, and how she cares for us humans.

For instance, when we bruise our feet by wearing poorly constructed or ill fitted shoes. Nature sets up protective layers, corns callouses and bunions, at the point where the attack is directed, and by means of pain telegraphs the brain that danger is at hand and how do we respond to nature's signal? Usually, by padding these protective layers or paring them. This of course, does relieve the pain but does NOT remove the cause of the trouble. Corns, callouses and bunions are merely symptoms telling you there is something wrong inside your feet.

Permanent relief will be obtained when you relieve pressure on delicate nerves and tissue, when you straighten up weak, inrolling feet that throw the strain of weight bearing into the outer arch. So, if you would really get at the bottom of your foot ills, by all means, see our foot comfort specialist—they will make a scientific foot analysis of your foot. Then foot comfort is absolutely assured.—Adv.

WILLIAMSON FURNACES

Efficient and dependable

"The Williamson Heater Company:
I installed a Williamson Furnace in a large grocery store on a hill, where the wind hits all four sides—no protection at all. The door faces north and is constantly being opened. But this furnace takes care of the job fine under any weather conditions. I don't think it could be any more efficient and dependable at any price."

DDT Powerful New Insecticide

DDT is the new powerful insecticide that promises to give wonderful control under certain conditions, no control under other conditions, and injury under still other conditions, according to information from the College of Agriculture supplied to the County Agent's office. Because of its great agricultural value and possibilities, every farmer should carefully study the effect of its various forms before using. The following information is given:

DDT—5% oil (refined, greaseless kerosene)—kills flies, mosquitoes, and bed bugs—should not be applied to animals directly. May be toxic so one should use respirator when spraying—hands should be washed after use and not bring material in contact with food—apply with sprayer to walls, ceiling, light cords and other resting places. A paint brush may be used to apply to screen doors and walls of dairy barns, etc. The oil form (may be home mixed) is very effective especially for its lasting or residual effect. Because it may be absorbed into the skin, care should be used.

5% DDT Dust for use on potatoes for the control of most insects affecting these plants as bugs, leaf hoppers, thrips, etc. It is not recommended for squash, melons, cucumber and bean plants.

10% DDT Dust for fleas, bed bugs, ants, roaches, and ticks. For dogs, dust sleeping quarters and dust one or two teaspoons into the hair by hand. Because the cat licks itself, small amounts may be applied with safety to its head and neck. For ants, roaches, dust liberally in places frequented by these pets. Cattle and horse lice can be killed by dusting animals at the rate of 2 oz. per adult animal.

25% or 50% water suspensible powder is used for the control of flies on livestock and on insides of barns and farm buildings. Mix 1¼ pounds of the 50% powder in 3 gallons of water. Spray all places in the barn where flies rest. Spray livestock on back, belly, sides and legs using one quart per animal. Often two or three sprays properly timed gives protection for the season.

DDT as known is not considered poison but may be toxic. The 5% oil is the most toxic and the oil may be absorbed into the skin. DDT is one of, if not the quickest and most deadly killer for flies, one of the most troublesome insects.

The 10% dust for dusting animals and the use of the 50% water gives promise of being the cheapest, safest and most practical form for Boone County farmers. Farmers are urged to secure this form DDT dust to make up their spray solutions, use reasonable care and give it a try. The County Agent's office reports this material brings the farmer into a new era of fly and insect control.

$60, 031.21 Being Paid Monthly In Insurance Benefits In 8 Counties

Figures reported today by Mr. Frank B. Decker, Jr., manager of the Covington, Ky., office of the Social Security Board, show that a total of $60,031.21 is being paid monthly in insurance benefits to 3185 people in the eight counties of this area by the Federal system of old-age and survivors insurance. These figures are for March 31, 1946, as disclosed in a report for the first quarter of this year, and show an increase of approximately 9 percent over the benefit payments made in the previous quarter.

Of these social security beneficiaries, 42.8 percent are retired workers, aged 65 or more, who numbered 1355 on March 31, 1946, with payments totaling $32,679.10 a month. The remainder includes wives—over 65—of retired workers, widows over 65 of insured workers who have died, widows (of any age) with children under 18, these children under 18, and in some cases deceased workers.

BIG BONE W. M. S.

The regular monthly meeting of the Big Bone W. M. S. was held at the church, Thursday, May 9th, with eleven members and five visitors present.

The meeting was called to order by our president, Mrs. Olive Gruelle and we sang "Jesus Calls Us" and repeated our watchword.

Our devotional on racial prejudice was rendered by Bro. Hogan. Our Bible teaches "God is no respector of persons." Bro. Hogan also led us in prayer.

Our program on "The World Significance of Justice and Cooperation Among Races of the South," was rendered by Mrs. Orin Edwards, Jane Aylor, Mrs. Cora Wharton, Mrs. Tom Hamilton, Mrs. Lloyd Marsh, Mrs. Sam Hogan, Mrs. Jim Aylor and Mrs. Myrtle Adams.

We had our business session and were dismissed in prayer by Mrs. Lloyd Marsh.

Mrs. W. W. Aylor, Reporter.

THE BOONE COUNTY RECORDER

ESTABLISHED 1875

VOLUME 70 — BURLINGTON, KENTUCKY THURSDAY, MAY 23, 1946 — NUMBER 47

Burlington Locker Plant Opens Saturday, May 25

ONE OF MOST MODERN PLANTS IN THIS SECTION WILL BE AVAILABLE TO BOONE COUNTY RESIDENTS.

The new Frozen Food Locker Plants, located at Burlington and Erlanger, will officially open their doors for public inspection Saturday, and Sunday, May 25 and 26, according to an announcement made by the management this week.

These plants have been constructed under the most difficult wartime restrictions, but regardless of the handicaps, they excell all other locker plants throughout this entire area and no expense has been spared to make these plants as modern and up-to-date as could be expected under normal conditions.

The Burlington plant, which is the master plant, equipped to handle your produce from live animals to ready-to-eat meats and vegetables, has a locker room capacity of 700 lockers at present, with sufficient room for expansion if desired. It has all facilities for slaughtering, curing, rendering and processing meats and vegetables, ready for the customer's use. This plant is designed according to government specifications and can do wholesale slaughtering and secure the U. S. Government seal if desired.

All charges for processing and slaughtering will be in accordance with OPA ceiling prices for this area. On both beef and pork the customer will specify how it is to be cut, depending on the number of people in the family and any personal preferences. Many special services will be offered for those desiring longer aging of beef, special curing, slicing bacon, cube steaks, etc.

The Erlanger plant is to be worked in connection with the Burlington plant, in that all slaughtering will be done at Burlington and then taken to the Erlanger plant and placed in your locker there for your use.

Both plants will be equipped with a modern dairy bar, carrying a complete line of package and bulk ice cream, frozen foods, meats and produce.

Live stock growers may now kill at will, retaining a portion of each kill for their own use, selling the surplus to other locker customers, the locker plant acting as agent.

Both plants will be under the management of local men, with Wilbur "Bus" Denniston at Burlington in charge of operations and Cad Sullivan in charge of slaughtering.

Open house at these plants is being held for the benefit of patrons who desire more knowledge of how locker plants serve rural and suburban communities. Visit these plants on these days and let the management show you through the plants and answer any questions of locker plant operation you may have.

Locker Plant phone numbers are Burlington 103 and Erlanger 6367.

Hankinson-Kirby

Miss Jenevive Louise Hankinson, daughter of Mr. and Mrs. Robt. Hankinson of Lower Gunpowder and Mr. Elliott Robert Kirby, son of Mr. and Mrs. Harry L. Kirby, of Big Bone Road were united in marriage in an impressive ceremony performed at Big Bone Baptist Church Sunday afternoon at 2:30, with Rev. Sam Hogan officiating.

The bride was given in marriage by her father, and had as her attendants, Betty Dean Ryle as maid of honor, with Bertha May Carroll, Emma May Rogers and Marilyn Hankinson as flower girls.

Don Moorman of Cincinnati, O., was best man. The ushers were Robt. Lee Kirby, Estil Ryle and Buddy Rogers.

Mrs. Jas. W. Huey played "Love Me" and "The World is Mine" as a solo and Mrs. Mae Huey Smith sang "I Love You Truly," preceding the ceremony.

The church was filled to overflowing with the many friends of the happy couple from Cincinnati, Dayton, Hamilton, and a host of Boone County residents.

A reception was held following the ceremony in the beautiful grove at the church, and a very enjoyable time was reported by all.

We join their many friends in wishing the happy couple a long and happy marriage.

Holt-Napier

Betty Holt, daughter of Mr. and Mrs. Luke Holt, of Taylorsport, was united in marriage May 13 to Rexford Napier from Chelves, Ky., near Hazard. They were married by Carl Taylor, of Covington.

The happy couple will reside with his parents at Chelves.

Charles A. Wolfe

Funeral services for Charles A. Wolfe, Richwood, a retired employee of the Louisville & Nashville Railroad, were held at 2 p. m. Saturday at Richwood Presbyterian Church. Burial was in Richwood Cemetery.

Mr. Wolfe, who was 70 years old, died of a heart attack Wednesday when in a general store in Richwood. He was a member of the Walton Masonic Lodge.

He is survived by his widow, Mrs. Edna Wolfe; a son, M-Sgt. T. L. Wolfe, Wright Field, Ohio, and four brothers, William and Walter Wolfe, Erlanger; Everett Wolfe, of Burlington and Edward Wolfe, Covington.

Chambers and Grubbs, Walton funeral directors were in charge of arrangements.

NEW BURLINGTON LOCKER PLANT

TIME EXTENDED DRAFTING OF MEN

ACCORDING TO TELEGRAM RECEIVED BY LOCAL DRAFT BOARD—TIME IS EXTENDED TO JULY 1, 1946.

Extension of the Selective Training and Service Act has been passed by Congress, according to a telegram received by Local Draft Board No. 9, Burlington. The extension has been set until July 1, 1946, C. G. Kelly, Clerk, reported.

The following is a telegram received by Local Board No. 9 from State Headquarters for Selective Service:

"1. The Congress has passed and the President has approved the following legislation: "Resolved by the Senate and House of Representatives of the United States of America Congress assembled, that Section 16 (B) of the Selective Training and Service Act of 1940, as amended, is amended by striking out 'May 15, 1946' and inserting 'July 1, 1946.' 'Sec. 2. Section 5 (E) of the Selective Training and Service Act of 1940, as amended by adding at the end thereof the following new paragraph: '(3) After May 14, 1946, no individual who has a child or children shall be inducted without his consent for training and service under this act as used in this paragraph the term 'child' includes a child legally adopted, a step-child, a foster child, and a person who is supported in good faith by the individual in a relationship similar to that of a parent and child but such term does not include any person 18 years of age or over unless such person is physically or mentally handicapped.'

"Sec. 3. That so much of the first sentence of Section 3 (A) of the Selective Training and Service Act of 1940, as amended, as precedes the first provision is amended to read as follows: 'Sec. 3. (A) Except as otherwise provided in this Act, every male citizen of the United States, and every other male person residing in the United States, who is between the ages of 20 and 30, at the time fixed for his registration, or who attains the age of 20 after having been required to register pursuant to Section 2 of this Act, shall be liable for training and service in the land or naval forces of the United States."

Pursuant to the provisions of these recent amendments to the Selective Training and Service Act of 1940, as amended, Local Boards will not take any of the following actions with respect to any registrant who has not yet reached his twentieth birthday: (a) Order any such registrant to report for preinduction physical examination; (b) forward any such registrant for preinduction physical examination; (c) order any such registrant to report for induction; (d) forward any such registrant for induction; or (e) forward any such registrant to work of national importance under civilian direction.

The liability of persons eighteen and nineteen years of age to register remains unchanged.

Registrants eligible for deferment under existing Selective Service Regulations, including registrants twenty-six years of age and over and father of any age shall continue to be deferred. Calls will be filled with men classified in a class available for service in the age group twenty through twenty-five.

Regulations and other instructions necessary to carry out the provisions of the legislation quoted above are being prepared, and will be issued at the earliest opportunity.

RECORDER WILL BE PUBLISHED TUESDAY NIGHT NEXT WEEK

The Recorder will go to press Tuesday night next week, due to Decoration Day falling on Thursday.

Correspondents and advertisers are requested to have copy in our office not later than Tuesday noon, to insure publication.

Subscribers will receive their papers Wednesday instead of Friday by our going to press early.

Yelton-Marsh

Dr. and Mrs. M. A. Yelton announce the marriage of their youngest daughter Jo Ann to Mr. John Carl Marsh, son of Mrs. Clara Marsh, of Miami, Florida. The ceremony took place Saturday evening, May 18 in the Earlington Heights Baptist Church, Miami, Fla., with the Rev. Robbinson officiating.

Being a semi-formal wedding the bride wore a white street length dress, white accessories, a corsage of orchids. Her only attendant was her sister Mrs. F. B. Monroe, who wore a light blue dress, white accessories and a corsage of roses. The groom's only attendant was Mr. Cecil Morris.

Miss Yelton was given in marriage by Rev. Roy Johnson, pastor of the Burlington Baptist Church, Burlington, Ky.

Following the ceremony a reception was given at the home of Mr. and Mrs. F. B. Monroe.

The couple are now visiting the bride's parents before returning to Miami, where they will make their home.

Miss Yelton is a graduate of the Burlington high school and the Academy of Beauty Culture. Mr. Marsh attended schools in Miami, spent three and a half years in the Coast Guard and is now in school and employed by the Heath Construction Company, Miami.

Ann McClure Mayhugh

Ann Mayhugh, wife of J. C. Mayhugh, Nicholson, died Monday at her home, following a prolonged illness.

Funeral services were conducted Wednesday afternoon at 2:30 p. m. from the Chambers & Grubbs funeral home, Walton, with Rev. Jerry M. Ervin, pastor of the Versailles Christian Church officiating. Burial followed in Independence Cemetery.

Julius A. Bell

Julius A. Bell, former president of the Constance Building and Loan Association, died Saturday at his home, 111 Moore St., Bromley, Ky. He was 58 years old.

Mr. Bell is survived by four daughters, Miss Sadie Bell and Miss Gertrude Bell, both of Bromley; Mrs. Walter F. Taylor, Cincinnati, and Mrs. John Bigley, Akron, O., six grandchildren and four great-grandchildren.

Funeral services were conducted at 2 p. m. Tuesday at the Emanuel Reformed Church, Bromley. Burial was in Highland Cemetery.

SIX-INCH SNOW ON 63 YEARS AGO MAY 21

Charles A. Fowler, Mayor of Hebron reported Tuesday morning, May 21, that 63 years ago on this day there was six inches of snow fell. no damage was reported to crops, however, Mr. Fowler said.

At the time of the snow, Mr. Fowler reported that corn was knee high.

Mrs. Hattie B. Stephenson

Mrs. Hattie Bedinger Stephenson died at her home in Pittsburg, Pa., Monday, May 20th, after a prolonged illness.

She is survived by three brothers, D. E. Bedinger, John C. and Ben F. Bedinger, all of Walton and one sister, Mrs. Elizabeth E. Braugh of Virginia.

The body arrived in Walton Tuesday afternoon with services conducted from the Richwood Presbyterian Church on Wednesday, May 22 at 11:00 a. m. Burial followed in the Richwood Cemetery.

Chambers & Grubbs, Walton funeral directors were in charge of arrangements.

William B. Shedd

William Brewster Shedd, retired assistant chief clerk of the railway mail service at Louisville, died Saturday night at his home, 336 Dixie Highway, Erlanger. He was 75 years old.

Born in Philadelphia, Mr. Shedd moved to Erlanger 18 years ago. He was a member of the Lexington Baptist Church.

He is survived by his widow, Mrs. Bertha Shedd; a daughter, Mrs. Claude Smith, Erlanger; two brothers, Ollie and Harry Shedd, both of Lexington, and two grandchildren.

Philip Tallafarro, Erlanger funeral director was in charge of funeral arrangements.

Firemen Will Meet Monday

The Burlington Volunteer Fire Department will hold its regular meeting Monday night, May 27, at 7:30 p. m. All members are urged to be present at this meeting as several business items will be discussed at this time.

SUBSIDY PAYMENT CLAIMS DUE MAY 31

SALES SLIPS SHOULD BE FILED NOT LATER THAN MAY 31 FOR JANUARY, FEBRUARY AND MARCH PERIOD.

Producers of whole milk and butterfat are urged to file their sales slips for the dairy subsidy payment, for the January, February and March period, as soon as possible, as the closing date for accepting these weight slips is May 31, 1946.

The rate of pay for the January, February and March period is 60 cents per hundredweight, for whole milk, and 17c per pound for butterfat or its equivalent.

The dairy subsidy payment program will continue for the next three months of April, May and June, and rates of pay for this period will be 60 cents per hundredweight for whole milk, and 17c per pound for butterfat or its equivalent for April, and 45c per hundredweight for whole milk, and 15c per pound for butterfat or its equivalent for May and June.

CONTRIBUTIONS AMOUNT TO $1,035

IN MARCH OF DIMES CAMPAIGN —STATE CAMPAIGN NETS $220,598.96, ACCORDING TO DIRECTOR OF DRIVE.

Final reports of the March of Dimes in January, show that Boone County contributed a total of $1,035.63 to this cause.

The total for the State, according to M. C. Browder, director of the drive, was $220,598.96. One half of this was sent to the National Foundation for research, education and epidemic aid. The research and education are being carried on constantly and intensively, and as an example of the epidemic aid in 1944 when our State had a severe epidemic, the Foundation advanced $100,000.00 to the Kentucky Chapter, to help control the situation.

The other half of the money given has been placed in the treasury of the Kentucky Chapter, which is thus in position to give all aid necessary to every case of polio in the State. Fortunately so far this year there have been few cases, but the epidemic time does not come until late in June and reaches its peak in September.

In this county the March of Dimes was directed by John O. McEvoy of Florence, and the following committee members: Mrs. Virginia Goodridge, Mrs. Edna Cody, of Florence; Mrs. Jos. Woods, Mr. Meadows, of Walton; Mrs. Charles Engle of Bullittsville; W. H. Easton of Burlington; Mrs. Vera Dolwick, of Constance and Mrs. Reba Ellis, of Constance; Mrs. Edna McNeely, Grant; J. C. Acree, Hamilton; Mrs. Howard Acra, Hebron; Mrs. Olevа Dolph, Petersburg; Mrs. Elizabeth Morehead, Taylorsport; Mrs. Walter Ferguson, Union; Mrs. Clayton Renaker, Verona.

Outdoor Picture Show Will Have Opening Friday Night, May 24

Noel Walton, Burlington, announces the opening of an open-air theatre in this issue of The Recorder. The show will open Friday night, May 24 at the Burlington school grounds.

Mr. Walton has booked a number of good pictures, with the opening picture being "Two Yanks in Trinidad."

Seats will be arranged on the grounds and many will be able to view the shows from their parked cars. A complete amplifying system will enable all to hear the picture, Mr. Walton stated.

The Burlington Volunteer Fire Department, through the courtesy of Mr. Walton will have charge of the showing of pictures on Tuesday night of each week. The first picture to be shown by the firemen is "Rio Grande."

In the event of rain, pictures will be shown in the Burlington school gymnasium.

Burlington Wins Over Belleview

The Burlington baseball team defeated Belleview Saturday by a score of 9-0 behind the excellent hurling of Ivan Galley. Burlington iced the game in the first inning by scoring 5 runs on a single and four doubles. "Sox" Benson with two singles and a double led the Burlington attack.

Ivan Cason and Jay Gyle handled the pitching chores for the losers.

Saturday games: Burlington will travel to Petersburg and Constance will play at Belleview.

SPRING RALLY IS SCHEDULED

FOR SATURDAY, MAY 25TH—SPECIALISTS FROM COLLEGE WILL BE PRESENT FOR MEETING AS JUDGES.

Boone County 4-H Club members will hold their annual Spring Rally on Saturday, May 25th, according to Bill Davis, Assistant County Agent. Club members have been preparing for this event for several weeks. The girls have been striving to complete their sewing projects to enter them in the clothing contests, and both boys and girls have been practicing hard on their demonstrations.

Miss Ruth Latimer, Miss Lulie Logan and Mr. E. E. Fish from the University of Kentucky will judge the contests.

The entire program for the day is as follows:

10:00 A. M.—Registration.

10:10 A. M.—Meeting called to order. Group singing, E. E. Fish and Shirley Riggs.

10:20 A. M.—Roll Call by Clubs.

10:30 A. M.—Our County Fair, H. R. Forkner.

10:35 A. M.—Club tours, William E. Davis.

10:40 A. M.—District and State Achievement Contests, Mary Hood Gillaspie.

10:45 A. M.—What Our 4-H Neighbors Are Doing, E. E. Fish.

10:50 A. M.—Foods, Poultry and Clothing Judging contests and Seed Identification contest; demonstrations for girls under 13 years; Individual Home Economics demonstration.

11:40 A. M.—Group games, E. E. Fish.

12:00 Noon—Basket lunch.

1:00 P. M.—All Farm Practice Demonstrations; Home Economics team demonstrations, 13 years or over.

2:30 P. M.—Clothing Style Revue.

2:55 P. M.—Presentation of Ribbons.

Adjournment.

Dringenburg Signs Up In Breeding Association

Joe Dringenburg, Florence, is the first Boone County dairyman to sign up in the Boone County Artificial Breeding Association. He signed up 10 cows.

Boone County will need to sign up between 1000 and 1500 cows before local dairymen can organize and become a part of Kentucky Artificial Breeding Association while the main sign-up campaign will not start until July. Early signing will be of great assistance in getting the program started. Local committeemen are being supplied with a limited number of membership agreements. Membership forms may also be secured at the County Agent's office.

MOLD THREATENS TOBACCO BEDS

FERMATE HAS PROVEN MOST EFFECTIVE PREVENTATIVE OF MOLD ATTACK — NITROGEN FERTILIZER HELPS.

Blue Mold hit Boone County tobacco beds the past week and for the second consecutive year threatened injury to large portions of the beds, according to H. R. Forkner County Agent. Mold had attacked only small spots in the beds the past week but with unfavorable weather could cause widespread damage.

Fermate, a new spray material has proven the most effective preventative of the mold attack. The plants must be sprayed twice per week with the material at the rate of three ounces to 6 gallons of water for a bed 9 feet by 100 feet.

The local supply of Fermate was quickly exhausted soon after growers learned that the mold was present. One Cincinnati supply company still had a supply of the material but would sell only to retail orders.

Growers were urged to remove canvas in order to toughen the plants and to make the attack milder when it comes. In wet weather the canvas may be left off all day to advantage. In dry weather it may be replaced at noon. The application of nitrogen fertilizer will help grow out the plants that become infected. Growers are cautioned to dissolve the nitrogen and wash it off the plants throughly to prevent burning. The College recommendation on this treatment should be followed.

A message to VETERANS
OF WORLD WAR II

FACTS ON YOUR RIGHTS IN BUYING SURPLUS PROPERTY

To improve veterans' priorities in the purchase of war surpluses, Congress has amended the Surplus Property Act. So that you as a veteran may have the facts direct, the War Assets Administration is taking this means to address you:

WAR ASSETS ADMINISTRATION
WASHINGTON 25, D. C.

May 3, 1946

TO ALL VETERANS OF WORLD WAR II:

As a veteran you are anxious to get all the benefits you can from war surplus. It is our desire to give you every possible preference, under the law, in purchasing the items you want.

By amendment to the Surplus Property Act of 1944, the War Assets Administrator has been authorized to reserve certain items for exclusive sale to you. They are listed below, but in fairness, we must tell you that quantities are not large; the demand is tremendous and you may not always be able to buy exactly what you want. Every veteran, however, will have the satisfaction of knowing that all items placed on the reserve or "set-aside" list are going to veterans like himself.

Subject to availability, you may purchase these items for your personal use, as well as for your business, professional; or agricultural enterprise. You may be sure that only World War II veterans will be entitled to purchase them.

The amended Act contains a second provision that further improves your buying position for your business, professional or agricultural enterprise. For items not included in this list; only Federal agencies buying for their own use may purchase ahead of you. This gives you, for business use, an advantage over State and local governments, tax-supported institutions; certified non-veteran small business enterprises and all other potential buyers except Federal agencies. For a specified period after the Federal agencies have had an opportunity to purchase surplus, all available items which do not appear on the reserve list will be available to you to purchase for your own business.

Under the amended Act you still must be certified to purchase war surplus, as thousands have done since the original Act was passed. The certification procedure has now been simplified, as explained at the right.

The War Assets Administration will make every effort to see to it that you receive the benefits Congress intends you to have. Your patience and cooperation will aid in the difficult task we face in trying to satisfy the needs of every veteran who wants to buy surplus property.

THE ADMINISTRATOR

HOW YOU CAN QUALIFY FOR YOUR PRIORITY

If You Are Already Certified:

Thousands of veterans of World War II have already been certified to purchase surplus items. Such certifications remain valid and may be used to purchase items for which you are certified whether the item is on your reserve or "set-aside" list or on other surplus lists. You will be notified either by mail or by public local announcement where and when to make purchases.

If you are not certified, or if you wish to change your certification to items on the "set-aside" list:

STEP 1. Take your honorable discharge from the armed services of World War II and apply at any of the offices listed below for a veteran's certificate for the item you desire.

STEP 2. Wait for mail or local public notice that the item for which you are certified is available and may be purchased. You may be sure that you will be notified and that you do not need to call in person to check the availability of the items you wish. You will be told where and when to buy.

STEP 3. Make sure that you follow up promptly the notice of availability when it reaches you by either mail or public notice.

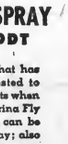
Weak Feet Affect Body

N. TULCH
Foot Comfort Specialist at—
PEOPLE'S SHOE STORE
814-816 Madison. Covington

When feet are permitted to pronate inwardly, the bony structure of the foot goes down, shutting off the nerve and blood supply in the bottom of the foot. When you cramp or choke the blood stream and slow up circulation, there is a lack of bone repair; chemical deposits, or waste matter form at the joints. Next inflammation sets in at these joints causing pain. That inflammation is often mistaken for rheumatism, arthritis and many other ailments. Altho when you cramp the blood supply you shut off the food supply to the nerves.

When nerves are impoverished, muscle tone is impaired because sensory nerves indirectly control motor nerves which in turn control the muscles. When muscles in the feet have lost their tonicity due to impoverishment of the nerves, feet are no longer subsconsciously held in normal position.

Surgical shoes give support to the vital arches in the feet releasing cramped nerves and blood vessels to promote better circulation. Gradually as circulation improves, muscles grow strong and regain their tonicity.



With foot health improved the person feels better all over. Research has shown that no less than eighty-seven diseases are indirectly caused by bad feet.

Don't take chances with your health, happiness and peace of mind. With foot comfort you'll live longer and feel better.—Adv.

THIRD REPORT MADE BY 4 AND 5

The Boone County Post War Planning Committees Nos. 4 and 5 reports are given below:

No. 4—Farm Tenant House Improvement

As a whole, tenant houses are very bad in Boone County and do not appeal to tenant farm families. Some farmers have reported remodeling tenant houses, recovering with new weather boarding or paper brick siding. Several farmers have signed up to put electricity in their tenant houses.

Tenants should take care of houses of owners. Electric makes for better class of tenants. Electric saves them work and therefore they will do a better job or give better service to the owner. They will be better informed through their radios and therefore will make better tenants.

We suggest that farmers use residing for their bad houses and place them on electric lines.

No. 5A—Report of Boone Water Supply Committee

We, J. C. Scree, Silbia Rainer, Z. Lowry and Mary Hood Gillespie submit the following recommendations for the Home Water Supply:

1. That all the homes of Boone County be supplied with clean and pure running water. Also schools and public buildings, especially court house be supplied.

2. That cesspools be built to take care of the waster.

In order to bring about these two main objectives we plan to:

1. Secure names of men who build cisterns and cesspools and make this service available to the public.

2. Secure labor for the cleaning of cisterns.

3. Get plans and advice from the University as to size of cisterns needed, size and kind of pumps. (Mr. Welch will meet with this committee in May or June and give us the best methods and equipment for Home Water Supply.)

4. Contact water companies or people responsible and get public water extended into county wherever possible.

5. That Burlington make plans to use the 4-H Lake to furnish water for the town.

No. 5B—Report of Committee on Livestock Water Supply Improvement

The stock water supply is favorable in Boone County. All farmers have had the opportunity to build reservoirs or ponds on their farms. This work has gone forward so fast that no doubt, several mistakes have been made in the location and the actual construction of the reservoirs.

No doubt, the big problem now is sanitary water supply. (The difference between a pond and reservoir is sanitation). Many farmers have placed pipes through the dam leading to a concrete trough below. We have never heard the first one say that they wish that they had not put in this part of the water supply. Then tre long obejective is supply. Then the long objective is sanitary stock water and this committee recommends the following:

(1) Where there is a good flowing spring, that the spring be walled up and have the water flowing through a pipe underground to a concrete trough below; the trough having an overflow pipe. This makes it possible to have clean spring water available in the tank at all times.

(2) Where possible to have one central reservoir and pipe the water to all fields by: (1) gravity; or (2) by force pump automatically controlled.

(3) Last, a reservoir in each field fenced from stock, a pipe through the dam leading to a concrete trough below with an automatic cut-off.

(4) We have overlooked the fact that animals in a barn or shed get thirsty also. In this case we recommend that water be piped to the barn from a reservoir or cistern or well. As before by (1) gravity flow or by force. A cistern can be built on the upper side of the barn and water piped from the eves into the cistern and then from the cistern to the barn.

A concrete trough for feeding can be used for the water to flow in or better still, automatic drinking cups.

Suggestions and information on Sanitary Water Supply may be had from your County Extension office.

The next meeting of the Post War Planning Committee will be held at 1:30 p. m. Tuesday, October 3th. All who have suggestions for improvement of the recommendations of the committees should submit a written statement to the respective committees. Seventeen different committees are working on the plans. Committee report No. 6 will be reported next week

CHURCH CIRCLES

The Business Women's Circle and the Girls' Auxiliary of the Bullittsburg Baptist Church met Friday, May 17 at the home of Mrs. Wm. Hill in Idlewild.

Both groups had interesting programs dealing with race prejudice a problem especially acute in the United States because we have so many different races.

During the social hour refreshments were served by the hostess.

The B. C. W.'s present were: Mrs. Ralph Marsh, Mrs. W. B. Campbell, Mrs. Cash Sullivan, Mrs. Edward Black, Mrs. Amuel Hensley, Mrs. Wm. Hill, and Florence Pfalzgraf. The G. A.'s present were: Beyreda and Anita Watkins, Anna Louise Elliott, Marilyn Campbell, Martha Pfalzgraf, and Mrs. V. E. Ware, leader.

The next meeting will be in the home of Mrs. Ralph Marsh. Visitors gladly welcomed. Members urged to be present.

At the noon hour the table was spread with all good things of the season. All left at a late hour wishing Lucille many more happy birthdays.

W. M. U. NOTES

The W. M. U. of Union Baptist Church met at the church at 2 p. m. Wednesday, May 8th for its regular monthly meeting, with ten members present. We were very happy to welcome Mrs. Vera Biddle and Miss Hazel Davis, of Rice Pike as new members and Mrs. Connie Rouse as our visitors. Business meeting was brief and in order, with opening prayer by our president, Mrs. R. K. Newman.

Our program chairman, Mrs. Chas. Hedges was in charge of the program from Royal Service, and opened with prayer and singing of W. M. U. hymn, and watchwords. A very inspiring devotional was brought by Mrs. Virgil Young, taken from Galatians 3:26-4:7, and Acts 10:28, 34. Topic for month, "The Significance of Justice and Cooperation Among the Races of the South," with the following ladies bringing interesting discussions on the various parts: Mrs. Keith Hedges, Mrs. Sara Huey, Miss Lucy Newman, Mrs. Pearl Blankenbeker and Mrs. Viola Friend.

Mention was made of the work being done at the Baptist camp, New Bethel on Decoursey Pike. We were invited to meet at the home of Mrs. Chas. and Preston Hedges in June. The hymn, "Let Others See Jesus In You" was sung and our dismissal prayer was by Mrs. R. K. Newman.

This society of Christian women base their work on the Bible and its teachings, and extend a hearty welcome to one and all to meet and worship with us on the second Wednesday of every month. Won't you come and bring someone with you? Meanwhile we ask your earnest prayers for the support of Christianity throughout the World.

Mrs. W. S. Friend, Pub. Chm'n.

Rural Life Sunday To Be Observed Sunday By Bullittsville Church

This is the first year that Rural Life Sunday has been observed at the Bullittsville Christian Church, and a cordial welcome is extended to everyone to attend these services.

Rural Life Sunday is a day set apart for emphasizing the meaning of Christianity for rural life; for the invocation of God's blessing upon the seed, the fruits of the soil, and the cultivators of the earth; for the consideration of justice for agriculture, and the spiritual values of rural life and nature. It is a day when the whole church remembers the significance of the rural church and its contribution to the total life of christendom.

Both urban and rural churches observe this. At this seedtime of the year, they join in recognizing the holy earth which sustains our lives, the dependence of men upon God for the fruits of the earth, and the interdependence of all people, rural and urban, of every race and nation.

Continuous Gardens Important For 1946

Garden harvests in general, and some kinds in particular, can make meal-planning easier this summer for gardening families feeding the family from the farm. Continuous gardens make balanced meals easier to plan and prepare, according to Mary Hood Gillaspie, Home Demonstration Agent. To this year's army of millions of Victory gardeners expected to reach as high as 20 million who are fighting a world of famine with vegetables and fruits, the following special suggestions are offered by U. S. Department of Agriculture gardening specialists and nutritionists:

1. Keep gardens producing from now until frost to provide varied vegetable plates, fresh salads and extra helpings. If crisp lettuce and spring onions occupy early-bearing garden rows, follow immediately with such main crops as tomatoes and beans—snap, lima, or soy.

Plan the garden so that space will be free in midsummer for such fall crops as kale and other leafy greens, not overlooking the double harvest of roots and fresh green tops that turnips and beets offer.

2. Stress seed-bearing vegetables such as lima beans, peas, and garden soybeans. These go particularly well in bread-saving meals. They are good sources of starch for energy, bulk to make a meal satisfying, and the protective B vitamins—especially thiamine. Corn is another in this seed vegetable group, but it requires more space than lima beans and peas.

3. Where soils and suitable plot space to vegetables that grow below ground, such as carrots, parsnips, and onions. Like the seed vegetables, these help supply food energy, bulk and B vitamins; and, when served with leafy greens, which add more B vitamins and iron, the combination supplies nutrients commonly obtained from bread. Potatoes, which are particularly important replacement food for bread, are in this "underground" group.

Junior Week Set For June 10-14th

The twenty-third annual Junior Week will be held on the grounds of the University of Kentucky in Lexington June 10-14th. The get-together of outstanding 4-H boys and girls was cancelled during the war years, according to Mary Hood Gillaspie, Home Demonstration Agent.

Each county may send five boys and five girls 13 years or older. Boone County will select delegates that are contest winners or on achievement records.

The four-day program will be filled with contests of demonstration teams, judging contests in clothing, canning and foods and a farm water management contest.

Winners of the various contests at Spring Rally, Burlington, next Saturday, May 25th, will be eligible to go to Junior Week if they are 13 years old.

New Developments In Foods Preparation

A study of the latest changes in food preparation will be given at a training class Thursday, May 23rd, 10 a. m. to 3 p. m. Leaders from twelve Homemakers' Clubs have been asked to attend the lesson and demonstration held at the Florence school lunchroom.

Miss Florence Imlay, nutrition specialist, University of Kentucky, will direct the class.

The selection and use of pressure sauce pans will be one part of the lesson. Methods of experimenting and using emergency flour also will be discussed by the group.

This lesson will be given by leaders to local clubs in June.

Sheep Dipping Service Operator Is Needed

The Farm Bureau sponsored portable sheep dipping service will start in a few weeks provided an operator can be secured, according to H. R. Forkner, County Agent. To date no operator has been secured.

The operator will need an automobile or light truck to pull the vat. The equipment will be leased to the operator. The proposition offers good pay and will render valuable service to Boone County sheepmen.

Utopia Club To Hear Discussion Leaders

The Boone County Utopia Club will hold a Post War Planning Discussion meeting at Burlington on this Thursday evening, May 23rd. Mrs. Sibbia Reimer, secretary of the County Post War Planning Committee and Carl W. Jones, field agent from the College of Agriculture.

The club extends a hearty invitation to all older youth to attend the meeting and to take part in the discussions.

Alfred Popp Discharged

Alford Popp, of Florence received an honorable discharge April 30th from the U. S. Army. He was a rifleman in the 97th Division.

Alford won seven medals and ribbons. He holds the American Theater Ribbon, EAME Theater Ribbon, W-1 Bronze Star, Asiatic Pacific Theater Ribbon, two Good Conduct medals, and Silver Star medal.

He is now making his home on the Walter Scott farm near Florence.

NORBEH CHAMPIONS

The Norbeh 4-H Club was called together by Miss Gillaspie and Mr. Davis at the Hebron school. The presidents, Harriett Jarboe and Galen McGlasson called the meeting to order.

Our cheer and song leaders led us in singing "The Farmer in the Dell" and then we repeated the club pledge.

The secretaries, Mary Bess Burns and Ronnie Goodridge then called the roll and read the minutes of last meeting.

Miss Gillaspie reported on Rally Day and we also set the date for our club tour or picnic.

Our vice president then conducted the program as follows: Hobbies for fun, Marilyn Campbell; the Old Swimming Hole, Norma Jarboe; Cooking Out of Doors, Virginia Cummins; Country Style Golf, Helen Rogers; 4-H Club Tour, Martha Pfalzgraf; What to do at the Picnic, Betty Holt; Make a Game out of Work, Betty Jarboe.

We then had a demonstration on treating seed potatoes, given by Miss Gillaspie and Mr. Davis.

We then adjourned.

Mary Bess Burns, Reporter.

FLORENCE 4-H CLUB MEETS

The girls' and boys' divisions of the Florence 4-H Club held a joint meeting April 23rd.

Miss Gillaspie and Mr. Davis gave a demonstration on treatment of seed potatoes. The demonstration was given to familiarize club members with demonstration methods.

The Florence Club will be represented at the Spring Rally by five demonstration teams. The club scheduled their tour and picnic for June 28th. Mrs. Morith instructed all project captains to obtain names of all boys and girls who will attend so transportation can be arranged for the tour.

James Vaughan, Sec'y.

BURLINGTON 4-H CLUB

The Burlington Blue Ribbon 4-H Clubs held a joint meeting on April 25, 1946, with Mrs. Kelly and Mrs. Rudicill, leaders; Miss Gillaspie, Home Demonstration Agent and Mr. Davis, Assistant County Agent, present.

The meeting was called to order by the president of the girls' club, Cordelia Kelly. A program consisting of short talks by Margie Hambrick, Charlotte Benson, John B. Walton, Roy Cook and Eugene Purdy on hikes, hobbies, gardens, and poultry was given. This was the work of our vice presidents, Virginia Stevens and Lafe Miller, Jr.

The business meeting opened with the secretarys' reports and the roll calls by the secretary of the girls' club and for the boys by the president, H. R. Forkner, Jr., in the absence of their secretary, James Wilson.

Mr. Davis and Miss Gillaspie gave encouragement toward having demonstration teams and judging teams for Rally Day. They announced the date of the fair as August 17. The tour will be sometime in July. There are three things to be seen on the tour: the club member, his project, and his record book.

Mr. Davis and Miss Gillaspie gave a demonstration on "How to Disinfect Seed Potatoes." Criticisms were given by club members and then Mr. Davis told some mistakes they had made.

The meeting closed by repeating the 4-H Club Pledge.

Barbara Norris, Secretary.

KILL FUNGI

... if you want to be free of many external skin infections

Fungi (parasitic vegetable growths) may cause conditions such as ringworm, athlete's foot and other infections that result in burning, itching, festering and irritation. Relief requires destroying these growths.

Quinsol and thymol-iodide, the two outstanding medicinal properties for fighting fungi, are together available in only one known combination — IODORAL.

That's why IODORAL works and works fast. Try it. It's the medication, or money-back salve that positive externally caused skin troubles better than you ever thought possible. Try it—you'll be glad.

Chilling only (24-hour limit) ½ lb stock at 15 cents a pound, then buy meat at 50 cents a pound.

You can eat fresh meat the year round, avoiding a steady diet of smoked or cured meat.

You can kill at any season of the year, avoid excessive feeding costs, and take the weather gamble out of killing.

You can have fresh fruits and vegetables for your own table the year round without the discomfort of summer-time canning.

You can freeze fruits and vegetables in season when they are worth little or nothing, and sell them at high prices out of season.

You can feed your poultry to the high profit point, freeze it and sell it later at a high price out of season.

You can sve $50.00 to $100.00 a year on food for your own table.

After keeping what you want, you can sell surplus meats, poultry, fruits and vegetables through the locker plant at a good profit.

Lockers cost you only $12.50 or $15.00 a year, whereas a deep freeze cabinet in your own home will cost $20.00 a year for electricity, plus $50.00 a year depreciation—a saving of $55.00 a year in favor of the locker.

Lockers are being rented so fast at both Burlington and Erlanger that all will soon be taken.

Each additional 24 hours or fraction thereof ¼c lb.

Processing fruits and vegetables (minimum charge 25c)

Meat seal, label, sharp freeze, place in locker (containers not included) 2c lb.

Slaughtering Goats and Lambs, pelt, plus $1.50.

Locker Rentals: Draw type $15.00 year; door type $12.00 year; overflow locker (door type), 1 mo. minimum 1.50 mo.; overflow basket, 1 mo. minimum 1.00 mo.

Locker Advantages

A few of the many advantages of having a frozen food locker are listed below:

You, as the producer, take all the gamble on production of pork and beef, but get only half of the consumer's dollar.

You cannot afford to sell live

BULLITTSVILLE HOMEMAKERS

Our club was entertained in the home of Mrs. Earl Souther, Thursday, May 17. Eight members and three guests were present. The president, Mrs. R. E. Grant, opened the meeting. We read the club collect in unison. During the business hour the club voted to purchase a pair of pinking shears for the club members to use. Our treasurer reported having over a hundred dollars in our funds. The president appointed a nominating committee as follows: Mrs. Huey Ayres, Mrs. V. E. Ware, and Miss Martha J. Kreylich.

After the covered dish luncheon, we celebrated the birthday anniversaries of our hostess and Miss Martha J. Kreylich. Each received a lovely bath mat from the club.

We began our afternoon session with the pledge to the flag. One of our guests, Mrs. Kirtley Cropper, presented the lesson in a most interesting manner. This was our last House Harmony lesson and was very timely in this house cleaning season.

Other guests were Miss Florence Pfalzgraf and Mrs. Carroll Cropper. We meet next month with Miss Martha Kreylich. Members please attend. Guests are always welcome.

—Publicity Chairman.

CARD OF THANKS

We desire to thank the friends and neighbors whom were so helpful and kind to us during the illness and death of our mother,

Mrs. Ella Tracy Anderson

We especially wish to thank the donors of the beautiful floral pieces; Dr. Nunnelley for his untiring service; the pallbears; Bro. Rimmer for his words of consolation; the Hebron choir for the music; and the undertaker, Philip Tallaferro for the efficient manner in which the services were conducted. 1t-p

The Family.

NEW HAVEN

We are glad to report Mr. Geo. Burris improving.

Marvin Moore, a lawyer from Hartford, Conn., is spending his vacation with his parents, Mr. and Mrs. W. D. Moore, of Florence and his aunt, Mrs. Lennie Moore and Miss Lee Hoard, of this place.

Billy Hopperton, son of Mr. and Mrs. John Hopperton underwent an operation for appendicitis at St. Elizabeth Hospital. Monday. We wish for him a speedy recovery.

Mr. and Mrs. Joe Woods and son spent Sunday with his mother, Mrs. Mary Shanks and husband, of Louisville.

Miss Lennie Moore and Miss Lee Hoard cared for Mrs. John Hopperton's children Monday while she was at the bedside of her son in St. Elizabeth Hospital.

Mrs. Ethel Black and Miss Lula Mae Kennedy were shopping in Cincinnati, Saturday.

Mr. and Mrs. William Green is spending some time with his parents, Mr. and Mrs. R. L. Green. Bill is recuperating from a recent illness of malaria.

Mr. and Mrs. Roger Arnold, our local merchant and son J. L., and Al Crouch and Ryle Isaacs attended the show in Walton, Saturday night.

Mrs. Harmon Tanner and sons, Mr. and Mrs. Marvin Kelly and son, Mrs. I. D. Isaacs and Miss Lula Kennedy spent Thursday with Mr. and Mrs. Henry Black.

With the exception of strawberries and cherries, it is estimated that 95 percent of the fruit crop in Elliott county was frost killed.

ESTABLISHED 1875

VOLUME 70 — BURLINGTON, KENTUCKY, THURSDAY, MAY 30, 1946 — NUMBER 48

Approximately 1,000 Visit Opening Of Locker Plants

SATURDAY AND SUNDAY, ACCORDING TO MANAGEMENT—FROZEN FOODS, ICE CREAM NOW ON SALE.

Approximately 1,000 persons visited the Burlington and Erlanger Locker plants during the two-day open house, announced last week by the management. Approximately six hundred persons visited the Burlington plant while four hundred viewed the Erlanger plant Saturday and Sunday.

The new Burlington Locker plant is now prepared to slaughter pork, beef, and poultry of all kinds and will slaughter, process, deep freeze and place meat in the customer's locker at reasonable prices.

A visit to the locker plant Monday afternoon disclosed that many Boone County resident are already taking advantage of the locker facilities. Many chickens were being processed and various other meats were in being made ready for the sharp freeze unit.

A complete line of frozen foods such as strawberries, peas, corn, asparagus, green beans and all kinds of vegetables and fruits will be offered by the new locker to its customers.

Slaughtering for both Burlington and Erlanger will be done in the Burlington plant, according to the management.

Wilbur "Bus" Denniston will be in charge of the Burlington plant, while Cad Sullivan, will have charge of the slaughter room. Both Mr. Denniston and Mr. Sullivan are well known to the citizens of Boone County, and both are well qualified for the position they hold.

The plants are now in full operation are ready to serve the needs of the communities in which they are located.

Local Boys Invited To Participate in Contest

Boys of Burlington and Hebron Junior Sportsmen organizations are invited to participate in a bait casting contest to be held at Ludlow, Devou Prisioner Lake on Saturday, June 1st at 11 a. m. Prizes will be awarded for the winner of the contest.

Anyone desiring to enter this contest should contact Conservation officer Edwin M. Johnson, telephone Walton 166, as soon as possible.

Souther-Knox

Miss Dorothy Souther, daughter of W. Keene Souther, Burlington, and Mr. Rogers Knox, son of Mr. and Mrs. A. T. Knox, Florence, were quietly united in marriage Saturday at the home of Rev. E. K. Kidwell. Their attendants were Miss Sally Souther and Mr. Bruce Cason.

Following the ceremony, a dinner was held in honor of the bride and groom after which the happy young couple departed on a trip to Smokey Mountains.

We join their many friends in wishing them a long and happy marriage.

NEW OUTBREAK OF BLUE MOLD

IS REPORTED IN COUNTY, ACCORDING TO COUNTY AGENT H. R. FORKNER—WEATHER IS BLAMED FOR CONDITION.

The second outbreak of Blue Mold hit local tobacco plant beds over the week-end, according to the County Agent's office. Reports from all sections of the county indicated the new outbreak was general and was attacking many of the late beds that escaped the outbreak of two weeks ago. The cloudy rainy weather is the chief cause of the new outbreak.

Growers have been handicapped through failure to get Fermate, a new chemical spray, recommended for use in prevention. No other practical chemical treatment has been recommended.

The affected beds will be most benefitted by:

1. Transplanting all plants that are ready to set.
2. Removing canvas according to weather.
3. Nitrating beds to stimulate new growth.

Y3c Orville Sebree Receives Discharge

Orville Sebree Y3c received an honorable discharge May 22, at Great Lakes, Illinois, after serving 18 months of active duty with the U. S. Navy.

After serving seven weeks recruit training at Great Lakes, Ill., Orville was sent to Camp Shoemaker, Calif., for 3 weeks. From there he was transferred to the Commander Service Squadron, South Pacific Force and was sent to Noumea Caledonia. After serving 11½ months overseas was returned for discharge wearing the American Ares, Asiatic Pacific and Victory Ribbons.

CLASSES TO BE RESUMED

Mrs. Ella Bradford will resume teaching her piano class on June 5th at the Hebron school. Students wishing to continue their studies during the summer, kindly report there.

BURLINGTON AND BELLEVIEW WIN

IN SATURDAY BASEBALL CONTESTS—4TH VICTOBY MARKED UP FOR IVAN GULLEY, BURLINGTON PITCHER.

Burlington tightened their hold on first place in the Boone County baseball league Saturday when they emerged on the long end of a 12-8 count at Petersburg. The game was an exciting, free-hitting contest that was decided in the eighth inning when Ivan Gulley Burlington star, homered with the bases loaded.

Henry Deck was the starting pitcher for Petersburg, but was relieved in the sixth by Ed Deck.

Ivan Gulley, who has chalked up four victories in the last four games went the route for Burlington. Gulley's only defeat was the opening game, when Belleview emerged victors in a ten-inning game.

The Burlington team displayed plenty of power at the plate as they collected 16 hits. Roscoe Akin led the attack for Burlington with two double and two singles. Every player for Burlington collected at least one hit, with Daley and Gulley each collecting a homer. Petersburg collected 11 hits with Eddy Deck's two doubles and a single being tops. Henry Deck homered with two on in the seventh.

Ivan Cason, Belleview's young southpaw, shut out the Constance nine with seven hits. Cason was master of the Constance team all the way. He struck out 8 and walked two. The game was his second victory of the season. Gene Jones was the losing pitcher. He gave up 13 hits and five runs, Jones has pitched good ball this year, but his support in the field and at the plate have been weak.

"Chuck" Stephens drove out three singles to lead the Belleview team. Every player for the winners came through with at least one hit. Belleview played a good game in the field as they had only one error.

Belleview displayed improvement in all positions and the game between Petersburg and Belleview next Saturday promises to be a real contest at Belleview.

Big Game Thursday

Decoration Day two of the leading teams in Northern Kentucky will clash when Burlington travels to Walton. Burlington is at the top in the Boone County League and Walton the leaders in the Northern Kentucky semipro league. This game between the two leading teams should be one of the major baseball events in Boone County this year.

Ivan Gulley, who is considered the ace of the County league, will be the starting pitcher for Burlington. Manager Jimmy Vest of Walton has not announced his starting pitcher.

Burlington and Walton both have good offensive and defensive teams and the game promises to be a close one. Every baseball fan in Boone County is invited to come out and see these two leading teams play Memorial Day at Walton. Game time at 2:30.

Vacation Bible School Planned For Burlington

A Vacation Bible School will begin at the Burlington Baptist Church on Monday, June 3rd and will continue through Friday, June 14th, according to Rev. Roy Johnson, pastor.

Classes will be held for Beginners, Primary, Junior and Intermediate boys and girls. All boys and girls of this community are invited to attend this school. Classes will begin at 9 a. m. and close at 12 noon.

Parents having children desiring to attend, who have no means of transportation are urged to contact Rev. R. A. Johnson.

Vacation Bible Schools have proven to be one of the best religious training programs for boys and girls of today. A splendid group of workers has been secured and all indications point to one of the best schools ever held. A goal of 150 enrollment has been set.

A meeting of all officers and teachers will be held Sunday afternoon June 2nd at 3 p. m. at the church.

Wool Will Be Offered For Sale Monday June 3

The Boone County Wool Pool will be offered for sale at the Dixie State Bank in Walton on Monday, June 3rd at 1:00 p. m., according to H. E. White, president of the pool. If sold, the date of delivery of the clip to the buyer will be announced the following week. The pooled clip this year will consist of approxmiately 9600 fleeces.

R. P. Coleman Purchases Fanny L. Scott Property

R. P. Coleman purchased the modern brick home and about 4 acres of land on U. S. Highway 42, near Florence, from Mrs. Fanny L. Scott last week, and expects to move to his new home about July 15th and continue the operation of his dairy farm on Highway 18 with a tenant.

Mr. Coleman sold 4 small tracts of land to Mr. and Mrs. Allen Darby and 3 tracts to Melvin Jones, from the west side of his farm, facing Highway 18. These tracts are nice building sites, 1½ miles from Florence.

These sales were handled thru A. B. Renaker last week.

Utopia Club Meeting Held Thursday, May 23

Boone County Utopia Club met at Burlington last Thursday evening, May 23. Mrs. Sibbia Reimer, secretary of the County Post-War Planning Committee and Carl W. Jones, field agent from the College were guest speakers. Mrs. Reimer and Mr. Jones gave very good and interesting discussions on Post War Planning as this county hopes to have seventeen projects to work on in the next several years. Most county committees have been selected for their part.

Among the plans hoped to be worked out are: Electric for all rural families; more and a better water supply for the household and adequate water supply for livestock; provide more recreation and recreation centers in a community or between communities to serve more young people; and better equipment for uses in the homes.

Some of these plans are now being worked on and others are to be started soon as possible, according to James Franklin Brown, club reporter.

Refreshments were served after the business meeting. Next month's meeting will be held at the home of Mr. and Mrs. Sterling Dickey on June 20th.

County Road Worker Injured Thursday

Manley Ryle, employee of the Boone County Road Department received quite severe head injuries last Thursday while at work on the Houston Hill near Verona.

Mr. Ryle was working in the bottom of a 12 ft. pit and a passing car struct a large rock on the road and caused it to fall directly on Mr. Ryle's head, cutting the scalp severely and causing slight concussion.

He was treated by Dr. M. A. Yelton at Burlington and then taken to his home. His condition is reported good and he is improving as rapidly as expected.

John R. DeMoisey Has Position With Baseball Commissioner

John R. Demoisey, native of Walton and former superintendent of the Kentucky House of Reform at Greendale, has been added to the staff of Baseball Commissioner A. B. Chandler.

Demoisey's appointment was announced by the commission.

Demoisey graduated from the University of Kentucky where he was a basketball star and before joining the Greendale staff, coached basketball at Grayson and Harrodsburg high schools.

Clearing Brush Land

The clearing of brush land to improve permanent pastures may be either desirable of undesirable depending on the follow-up of good pasture management. Hand clearing is expensive and labor consuming. Custom power equipment operators should be secured provided reasonable rates are offered. The Brush Clearing Program should be developed for two reasons: (1) it offers an opportunity to improve pasture land and (2) The improved land adds to the appearance and total land values of the county.

H. E. White, chairman of the Boone County Agricultural Extension Association Committee served as chairman of committees on the above three projects.

Reports of the Boone County Rural Recreation Committee and Nutrition Committee will be given next week.

Master Ronny Norris spent last week with his grandparents, Mr. and Mrs. D. H. Norris.

Miss Betty Setters of Idlewild and Mrs. Wesley Bradley, of Ashby Fork spent Monday of this week with Mrs. Charlie Shinkle and children.

FARM INCOME OFF IN TODD COUNTY

Twelve farmers in southern Todd county who have kept farm records over a period of years reported a drop in net incomes last year compared to incomes in 1944 and 1943. From farms averaging 240 tillable acres, incomes last year averaged $2,480 after paying expenses and allowing 5 percent on total investment. This figure also includes house rent and home-produced food. Incomes of the same farmers average $2,800 in 1944 and $3,100 in 1943.

Partial failure of both wheat and tobacco crops largely accounted for the reduced profits, according to County Agent Stuart Brabant. Due to the Hessian fly and rust, wheat produced about 12 bushels to the acre last year, compared to twice that yield in 1944. Income from burley tobacco averaged about $321 an acre in 1945 and $602 in 1944. Corn, however, produced 37 bushels to the acre last year against 27 bushels in 1944. Farmers had more corn and hay on March this year than on the same date in previous years.

Mr. Brabant calls attention to the amount of capital required to operate these farms. For each tillable acre there was an average investment of $34 in machinery, stock, feed and supplies. The average land valuation per tillable acre was $78.

WORN LAND REMADE IN WARREN COUNTY

County Agent Ray Hopper of Warren county tells how French Moore rebuilt worn land which he bought in 1943. He cleared off the bushes in the winter of 1943, fertilized the land and planted corn. In the fall of 1944 he applied 500 pounds of 20 percent superphosphate to the acre and sowed wheat and a mixture of redtop, orchard grass, bluegrass and timothy. Then in the spring of 1945 he added alsike, white and red clover.

Taking Hopper over the field this spring, Moore pointed to the big growth all over the field, and how all gullies had been filled. In most places grass and clover were knee-high.

GRAZES 27 CATTLE ON REBUILT FIELD

J. M. Neal of Graves county has a 25-acre field of orchard grass, korean and redtop which is pasturing 27 head of dairy cattle and still the orchard grass is making good growth, he told Farm Agent Wilson R. Hoover. The field was seeded in the fall of 1936 after it had been terraced, limed and phosphated at the rate of 200 pounds of triple-phosphate to the acre. Since that time, it has had two more applications of phosphate. There are few weeds in the field.

WOMAN LEARNS HOW TO RESTYLE HATS

In the past few months, Mrs. E. R. Eaty of Daviess county has restyled 74 straw and felt hats for herself, her friends and relatives. Early in the spring she assisted Home Agent Kathryn Shelby in renovating 35 hats at a county-wide remodeling school. Then she helped 10 members of the Habit Homemakers' Club with their spring bonnets. Mrs. Eaty makes each design different than the others, shaping and decorating it according to the size and condition of the original model.

CARD OF THANKS

We wish to express our heartfelt appreciation to the many friends and neighbors for their kindness during our recent bereavement at the loss of our husband and father

Charles A. Wolfe

Especially do we thank the donors of the floral pieces; the ministers; the Walton Lodge No. 719 F. & A. M. and Chambers and Grubbs for their efficiency. 1p

CASEY FARMERS LIKE BROWN SWISS CATTLE

From a beginning made in 1944, Brown Swiss cattle are rapidly growing in popularity in Casey County, according to County Agent J. Stanley Howard. There now are 55 purebreds in the county and at least 200 half-bloods, most of them big, rugged, straight-legged animals, despite their scrub mothers.

Howard tells how Mr. and Mrs. Herschel Wesley in May, 1944, brought in a Brown Swiss two-year-old heifer from Ohio at a cost of $295. That was considered a big price at that time. In August, 1944, she produced a heifer calf which Howard says now is worth $250.

The cow milked 9,800 pounds of milk containing 483 pounds of butterfat in her first producing year. In September, 1945, she produced a bull calf which was sold this spring to Gus Chandler of Rockcastle county for $225. It weighed 600 pounds when six months old.

TEST WILLIAMS CANE

A dozen Morgan county farmers are cooperating with County Agent Charlie Dixon in testing the Williams variety of sorghum cane. Farmers who tried growing Williams cane in recent years found it superior to local kinds in the amount and quality of molasses produced. Dixon thinks this new variety may be worth thousands of dollars to molasses producers.

Why Suffer With Your Feet?

N. TULCH

Foot Comfort Specialist at—

PEOPLE'S SHOE STORE

814-816 Madison. Covington

Our years of research have proven that foot comfort depends on foot balance.

For years men have been guessing about foot balance, putting steel supports under feet and elastic bands around feet, all sizes and shapes corn pads, pasters, callous plasters, etc. Yet people continue to suffer with their feet, legs, back and with various other aches and pains, resulting from feet in numerous cases because they never had their body weight properly balanced on their feet with shoes.

Your feet may look regular to you, but, naturally you cannot detect weakness or have any way of testing for unbalance. But remember: "fat on the ribs" is by no means an adequate criterion of physical well being.

Don't take chances. If you are suffering with leg pains, knee pains, stiffness, backaches or severe headaches, or sleep poorly and are always tired, your feet may be the cause.—Adv.

PLAN AHEAD!

with Greyhound

You've waited a long time for this first peacetime summer—now there's every reason you can have that perfect vacation you've dreamed about. Playspots, summer resorts and hotels will be at their best, and Greyhound has increased its service to an all-time peak—with special Express buses, more frequent schedules, other improvements. But millions of others have been waiting and dreaming too—so *plan ahead.*

Check with the Greyhound agent on the best time to go—he may recommend a certain time of day ... or a mid-week departure. Perhaps you'll find it best to arrange your trip after the summer rush—when Autumn highways are at their colorful best. Certainly you'll want *confirmed reservations* where you're stopping overnight.

Wherever you go—go Greyhound, for convenience, for comfort, for dollar-saving economy. *Whatever you do*—plan ahead.

COMMITTEE REPORTS

The Boone County Post War Planning Recreation Committee submitted the following reports for consideration at the County Planning meeting on April 16th. The committee was composed of: Rogers Knox, chairman; Mrs. Gibbia Reimer; Rev. Roy Johnson; Mrs. Albert Praisgraf; and Mrs. Clyde Arnold.

A committe for each community to work with the county committee and to organize the recreation for that community.

2. Interest the clubs and organizations such as Rotary, P. T. A.'s, Homemakers, Masons, Eastern Stars in sponsoring a night a month some good form of recreation in the community. Set a night.
3. Put up outdoor basketball goals on the school play grounds and in each neighborhood.
4. Build tennis courts on school grounds, fair grounds or other public places.
5. Interest a group in building bowling alleys or skating rink at Florence and Walton.
6. Have a person or persons definitely in charge to direct the games and see that the property is not destroyed when school buildings are used but use the school buildings.
7. Build some outdoor fireplaces on the fair grounds to encourage picnics.
8. That a committee be appointed to visit other communities to study their forms of recreation.
9. Encourage community baseball grounds and inter-community games.
10. Visit High Schools and get opinions of students on types of recreation they want.

The next county wide Post War Planning Committee meeting will be held at Burlington on Tuesday, October 8th at 1:30 p. m. You are invited to criticize the recommendations and offer your suggestions at this meeting.

The Post War Planning Committee on Farm Income Improvement, Farm Work Shop Improvement and Land Clearing submitted the following reports to the county wide Post War Planning Committee held at Burlington on April 16th:

Farm Income Improvement

Farm Income if an equitable comparable relation to incomes in other industries is essential if the most ambitious and progressive youth are to make their life's work on the farm.

Research, education, and market and production control under certain conditions and many other factors vitally affect present and future problems of increased farm income. The solution of these problems lies not wholly within the powers of the county, but within the State, National and in many instances, International problem solutions.

The committees recommends locally that:

1. A strong County Extension organization be maintained to keep all people informed on the latest, best and most profitable farm and home practices.
2. That a strong well organized Farm Bureau be kept and maintained so that it may, free of all restrictions, speak and work solely for the combined interest of farm people.
3. That local action to solve this and future problems be based on fact finding as per use of No. 1 above and on cooperative action as per use of No. 2 above.

Specific opinions of the committe on immediate long-time improvement projects include:

1. Youth training in improved farm and home practices as per 4-H Clubs, Agriculture and Home Economics in high schools, home training, etc., are recommended in this connection.
2. Soil improvement through use of lime, prosphate, other fertilizers, seedings, erosion control and other practices to the point where every acre of land in the county is capable of producing a luxuriant growth of pasture or hay, or else be turned into permanent woodland or forest.
3. An acre alfalfa per cow and comparable acreage for sheep. Land that will successfully grow alfalfa will usually produce the desired pasture and hay goal.
4. Raise fertility of land to where normal 45 bushels of corn and 1500 pounds of tobacco could be expected.
5. Fencing of farm land according to uses.
6. Provide adequate water supply for farm and home.
7. Improve quality and productive efficiency of crops and livestock that will equal or exceed that found in any other area.
8. Make maximum use of improved and labor saving machinery and equipment that is keeping with good farm practices.
9. Develop an adequate marketing system that will truly serve farmers in securing full and equitable values of products.
10. This program if carried out, must sell farm people on the philosophy of one of our leading farmers - "If the farm makes you money, it is good reasoning we should put some income back to improve the machine rather than let it wear out."

Farm Work Shop Improvement

Electricity and new relatively inexpensive farm equipment make a farm work shop practical. The great loss of time in securing minor custom repairs makes the farm work shop profitable.

The committee recommends that demonstration and educational meetings be conducted on the equipment and uses of farm work shop equipment. This program should cover a period of at least the next three years.

Mr. and Mrs. Kent Little, Jr., spent the week-end with her parents, Mr. and Mrs. D. H. Norris and daughters.

FLORENCE HOMEMAKERS

The Florence Homemakers Club held their regular meeting May 17th at the home of Mrs. Charles Luchte on Route 42. The president Mrs. Orville Osmus presided over the business session. Twenty-five members answered the roll call. A delicious luncheon was served by the hostess.

The lesson of the day "Good Harmony" given by the leaders, Mrs. Wm. Fitzgerald and Mrs. Ola Williams, in their usual capable manner, was most interesting and instructive. Miss Gillaspie stressed the need for growing and canning as much food as possible.

A tour to Harrodsburg was planned. Anyone interested may contact Mrs. Geo. Kobman, Mrs. Victor Benham or Mrs B. M. Jones.

KENTABOO HOMEMAKERS

The Kentaboo Homemakers held their regular monthly meeting at the home of Mrs. Wendell Brown.

Leaders were Mrs. Wm. Schmidt, and Mrs. Dan Hacker. The lesson was "Available Storage Space."

Those present were Mesdames Dan Hacker, Edith Hacker, Louis Coates, Arthur Cook, Reuben Duvall, Wm. Schmidt, Libby Brown and R. A. Mulroney, Jr. Mrs. C. Sparrow attended the meeting for the first time.

Clinton Ramey of Lyon county constructed 600 feet of terrace in 45 minutes with a two-bottom tractor moldboard plow.

Robert Ditto of Breckinridge county has a registered Holstein cow which gave birth to a calf weighing 140 pounds.

In Fleming county, 45 entries have been made in the corn derby.

It is estimated that more than half the tobacco growers in Robertson county, who grew non-root rot varieties in 1945, will grow resistant varieties this year.

NEW MADISON THEATRE TO OPEN WEDNESDAY

ULTRA-MODERN FIRE-PROOF CONSTRUCTION IS POSITIVELY THE LATEST IN THEATRE DESIGNING

OPENS WEDNESDAY, (THIS WEEK) MAY 29th, AT 4:30 P. M.

MANY NEW "POST-WAR" DEVICES ARE INSTALLED, INCLUDING "CRYING ROOM, SPECIAL EQUIPMENT FOR HARD-OF-HEARING

Never in history, especially in Covington, has such a drastic change has taken place in a theatre like that of the New Madison Theatre — from the very roof to the foundation . . . everything brand new . . . and positively fire proof

The grand opening to the theatre-going public is set for Wednesday, (this week) May 29th, at 4:30 P. M. . . . and your imagination will not have been able to conceive what your eyes and ears detect.

SOUVENIRS FOR EVERYBODY

Souvenirs will be given to every woman, man and child at the opening. The first show will begin at 5 o'clock . . . and the clearness of sound and screen reflection will astound you . . . for the very lastest sound equipment and movie projection equipment obtainable has been installed by the management to assure your through enjoyment.

The New Madison is 50 feet longer than the older theatre and the most comfortable seats made have been installed . . . and arranged in such a zig-zag fashion that the person sitting in front of you will in no way obstruct your full view of the new Daylight Screen.

Indirect lighting effects make it easy to find seats while the show is going on without distracting the attention of the audience . . . this is the proven results of lighting engineers and most appreciated by patrons already viewing the cinema as well as those of us who can not enter a showing at intermissions.

BABY CRYING ROOM A "BIG HIT"

Many mothers will be "tickled pink" with the new "Crying Room" where they can take baby when they have a crying spell and see and hear the picture showing without annoying others in the theatre . . . it will prove a very popular room, for as one mother put it: "It was made to order, it makes taking baby to show a mutual pleasure."

EQUIPMENT FOR HARD-OF-HEARING

Special equipment has been installed for those who are hard-of-hearing, with simple attachments to the seats . . . this in itself, is one of the exclusive features the management is proud to offer. Another is the coming age-of-television equipment. The New Madison is equipped to accept transmission from the "spot of action" in the future of any focused happening . . . and relay it to the audience instantaneously . . . and this is not far off.

The beautiful, new, and fashionable colored attire the New Madison Theatre has taken on can only be described by your personal detection . . . words will not do justice to any description.

4-H CLUBS MAKE PEACETIME PLANS

National 4-H Club Week, March 2-10, will find that Kentucky 4-H clubs have launched a full schedule of activities for the year, according to an announcement from the College of Agriculture and Home Economics. Praised for their contribution to the winning of the war in food production, war bond drives and paper and other salvage collections, 4-H-er's are urged to enter wholeheartedly into peacetime plans to build better homes and communities.

Last year, Kentucky's 2,700 clubs had an enrollment of 77,651 members—42,104 girls and 35,547 boys working under the supervision of more than 4,000 voluntary men and women leaders.

Four out of every five members carried to completion their projects in gardening, corn, poultry, sheep, swine, dairy and beef production; canning and foods preparation; farm and home labor; room improvement and clothing. The percentage of the number of rural Negro farm boys and girls reached equalled that of white.

In line with the 1946 national 4-H club program, Kentucky clubs have adopted these 10 peacetime guideposts:

1. Developing talents for greater usefulness.
2. Joining with friends for work, fun, and fellowship.
3. Learning to live in a changing world.
4. Choosing a way to earn a living.
5. Producing food and fiber for home and market.
6. Creating better homes for better living.
7. Conserving nature's resources for security and happiness.
8. Building health for a strong America.
9. Sharing responsibilities for community improvement.
10. Serving as citizens in maintaining world peace.

COLLEGE ANNOUNCES TON LITTER CONTEST

The second annual ton litter contest to be held in Kentucky, closing with shows in Evansville, Ind., and Louisville, is announced at the College of Agriculture and Home Economics. Raising of ton litters is practical because it calls for saving large litters and making use of information regarding swine sanitation, balanced rations, improved breeding, good pastures and skillful management, it is stated.

Last year, 26 of the litters entered in the contest weighed a ton or more at 175 days, the average weight being 2,349 pounds. The heaviest litter weighed 3,448 pounds. Average number of pigs marketed per litter was 10.3, and average weight per pigs at 175 days, 228½ pounds.

Figured at the ceiling price of $14.75 per hundred, the average profit on 17 of the litters for which complete records are available, was $142.89.

The contest is open to all Kentucky farmers, 4-H and Utopia club members and Future Farmers. Rules may be had from offices of county agents, or from the college,

FRIENDS AT BETHANY

LESSON TEXT—Mark 14:3-9; Luke 10: 38-42; John 11:1-3.

MEMORY SELECTION — Let us love one another: for love is of God.—I John 4:7.

Friendship comes to those who are friendly. That response of heart to heart, which opens up the deep wells of mutual devotion, is one of life's richest experiences.

There is too little true friendship in the world because men and women have not learned of the Lord Jesus what it means to be a real friend.

There are mutual privileges and correspondingly mutual responsibilities in friendship. There are sorrows to share as well as joys, and there are times when there must be the outpouring of sacrificial devotion.

"There's not a friend like the lowly Jesus, no, not one!" is not just the sentiment of a hymn writer. There is no friend like the Lord. He, therefore, merits our fullest devotion.

There are three incidents in our lesson, all of which took place in Bethany, the little village near Jerusalem where our Lord had found real friends. He went there to rest, to pray, and to find companionship. These incidents reveal that

I. Love Gives All in Sacrificial Devotion (Mark 14:3-9).

A rather shocking thing took place in the home of Simon. Jesus, his distinguished guest, was at dinner with the disciples, when a woman walked in unannounced and anointed his head with costly spikenard ointment. The disciples were surprised, and led by the betrayer, Judas, who had his hands on and in the money bags, they protested such awful waste.

Think of it—the value of this ointment was 300 pence, the equivalent (we are told) of 500 days of work. That means in our day it would be worth from three to five thousand dollars.

She should have stopped to think! Some lesser gift would have shown her love, and this rich gift could have been used for the poor!

Thus reasons the cool, calculating church member; but the believer with his heart full of love for the Master, gives without stint.

The Lord honored her gift, and accepted it as the anointing of his body for his coming death. He reminded them that they would always have the poor to care for, and he would soon be gone.

Love which never overflows in the abandonment of sacrifice for the one beloved is a cold and distant thing; in fact, one wonders if it really should be dignified by calling it love at all.

The Lord is looking for followers who are willing to give themselves freely and gladly for him, pouring out the lovely fragrance of a life fully yielded to him.

II. Love Shares the Fellowship of Joy (Luke 10:38-42).

The little home of Mary, Martha and Lazarus in Bethany was lighted up by that intangible but delightful glow which comes with a friend who honors one's home by his or her presence.

He had often been in this home. Here he found relaxation and comfort. Here he gave of himself in fellowship and blessing.

But there was a shadow over this visit. Martha, eager to have a good dinner, was "cumbered" in heart and soon became critical of Mary because she sat at Jesus' feet.

Do not assume that Mary had not done her share of the work. She had, but she "also sat at Jesus' feet." In other words, she knew when the time had come to quit fussing and to get some real fellowship out of the joy of having Jesus in the home.

We who love and serve the Lord need to watch lest we become so "cumbered with much serving" that we lose out spiritually. We can become so busy with church work, holding offices in religious organizations, even with preaching and teaching, that we do not have time for personal fellowship with the Lord.

III. Love Bears the Burden of Sorrow (John 11:1-3).

The very home where joy was the portion one day, became the house of sickness, death and sorrow on another day. Life is like that—we may all expect that tragedy, sickness and trouble will come.

What then? Well, you will find that some of your professed friends will disappear. They are fair-weather companions. They have no taste for storms. Real friends will stand by, and what a treasure they prove to be!

But here again, the best friend of all is Jesus. When Lazarus was sick, "his sisters sent unto him." Send for Jesus in the hour of need! Oh, it is true that he did not come until Lazarus was dead, but he had a good reason for that, and in due time he came.

In Bracken county, where dairying is on the increase, 50 head of Jersey cattle were bought in Tennessee in one month.

FLORENCE

A most enjoyable week was spent by Miss Irene Kirtley at the home of her cousin, Bernice Snyder. During her stay Miss Kirtley celebrated a very happy birthday.

CISTERNS RECOMMENDED FOR HOME WATER SUPPLY

Many farmers planning complete water installations with bathroom will need additional sources of water supp, note agricultural engineers at the Kentucky College of Agriculture and Home Economics. The construction of large cisterns is recommended.

A five-bent tobacco barn, 40 by 60 feet, if properly guttered and provided with down spouts, will collect enough water every three months to fill a cistern 12 feet in diameter and 12 feet deep, or 10 feet across and 14 feet deep, according to the specialists. Such a cistern, used in connection with a complete plumbing system, would be adequate to supply 125 gallons of water per day for a family of five.

Circular No. 319, Electrically Operated Water Systems for Farms and blue-printed plans for building cisterns may be secured from offices of county agents or from the Kentucky College of Agriculture and Home Economics, Lexington.

Miss Ethel Norris, of Foster, Ky., visited her brother, D. H. Norris and family a few days last week.

ENJOY

Open Porch Comfort

THROUGHOUT THE HOUSE

with ATTIC VENTILATION

Your attic is a HEAT TRAP without ventilation

COOL breezes replace heat with attic ventilation

Remember those stifling hot nights last summer, when you sat outdoors until late, hating the idea of going into the hot house to bed?

This summer can be different if you install an attic ventilating fan before extremely hot weather arrives. An attic fan draws in cool, refreshing air through the windows, circulates it about the house and blows hot, stale air out through the attic vents. It makes your entire house as cool as a breeze-swept, shady, open porch. You can retire early and enjoy a comfortable night's sleep no matter how torrid the weather.

A limited number of attic fans are available now for immediate installation. See your electric appliance dealer or this company for full information about this low-cost way to summer comfort.

CORNCRACKERS MEET
The Constance Corncracker 4-H Club met at the school Monday. Mr. Forkner and Miss Gillaspie were present. It was the first time Mr. Forkner has been with us this year.
The club program consisted of yells, songs, declamation, demonstrations, and talks by Miss Gillaspie and Mr. Forkner. The roll was answered by each member naming a flower. Joan Cassidine brought down the house with her reading "Neighborly Ways."
Mr. Zimmer and Mrs. Kenyon, club leaders, were also present at the meeting. It was the biggest meeting of the year.
Flora Johnson, Reporter.

TWENTY MILLION PEOPLE FACE STARVATION
On March 26, 1946, President Truman set up the Emergency Food Program in order that this nation might meet its responsibilities in helping to feed the twenty million people of foreign countries that today are faced with starvation. This program is designed to accomplish two major things; conserve the food now on hand, and produce enough of certain vital food crops that all may be fed during the next twelve months, which will be the most crucial period.
Every family and each person can be of vital assistance in conserving the foods now on hand. Those starving people will have to be fed for the next ninety days from the foods that are saved by the more fortunate of the world. Do your part by saving fats and oils and by using less corn, wheat, processed foods, fats, and oils so that more may be available for relief needs.
Every family that can secure the ground to plant can help materially by producing a home garden sufficient to supply its needs. The production of the necessary crops of corn, wheat, fats, and oils together with such processed foods as peas, beans, and tomatoes, is the responsibility of the American Farmer. The county chairman of the Emergency Food Program with assistance of the USDA Council has established county goals of the foods to be produced in your county. Each farmer is urged to contact him and to arrange his farm production program so as to give the greatest possible assistance in reaching the county goal.
The Emergency Crop and Feed Loan Office is cooperating with the Emergency Food Program and will assist any farmer who needs funds to finance him as provided by the Emergency Crop and Feed Loan Act of 1946. Applications will be accepted from any farmer who is recommended by the county farmer and who can meet the requirements of the Emergency Crops and Feed Loan Office which are; give a first lien on all crops to be grown, is unable to secure a loan from banks, P. C. A., or other legitimate lending agencies sufficient to produce the crops listed in his application. For further information see your county chairman of the Emergency Food program, or your county agent, or write or see McCraw, Field Supervisor of the Emergency Crop and Feed Loan Office at 491 Federal Building in Lexington, Kentucky.

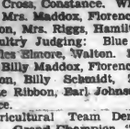
BURLINGTON HOMEMAKERS

The Burlington Homemakers' Club met at the home of Mrs. Kirtley Cropper, May 2, with 17 members and five visitors present. Our meeting was opened by the president, Mrs. Pope, with the business session following.

The H. D. A. gave instructions for the coming year. We adjourned for the lunch hour, which was highly enjoyed.



The afternoon was devoted to our program under the guidance of our leaders, which was arranging furniture. The lesson was "House Harmony."

We collected a donation for the Cancer Fund. We then adjourned until the next meeting which will be held June 6th at the home of Mrs. Tom Hensley.

TO THE MEMORY OF THE LATE WILLIAM B. REEVES

Whereas the community of Constance, Kentucky, on May 12, 1946 suffered the loss of a distinguished life-long citizen in the death of William B. Reeves, whose interest in the welfare of its people had been a life-long hobby, and

Whereas the Constance Building and Loan Company, of which Mr. Reeves was its president and a director for many years, has lost an able worker, who insisted at all times that the safety of the funds entrusted to it by the community must be kept secure above everything else, and

Whereas the said Constance Building and Loan Company, by his active service and leadership, has lost a man whose interest in aiding others to become home-owners has been a credit to the Company and the community, and

Whereas the late William B. Reeves continued an active part in the proceedings of the Company until his untimely death, and

Whereas the Constance Building and Loan Company extends its heartfelt sympathy to Mrs. Daisy Reeves, wife of the late William B. Reeves, and to his family.

Be it resolved by the Board of Directors of the Constance Building and Loan Company that a page of its minute book be reserved to the memory of William B. Reeves, its late president and director, that a copy of this resolution be spread thereon, that a copy be sent to the widow and family of the late William B. Reeves, and a copy be sent to the Boone County Recorder.

Given this 21st day of May, 1946.

CORNCRACKERS ATTEND RALLY

The Constance Corncracker 4-H Club attended Spring Rally at Burlington Saturday. All but four members were present.

Earl Johnson and Rodney McGlasson received red ribbons for the'r seed corn demonstration, and Merll Pohle and Clarence Austin received blue ribbons for their demonstration "How to Candle Eggs." The girls also did well with their sewing taking several red white and blue ribbons.

Flora Johnson, Reporter.

Nine 4-H club boys and girls in Scott county are feeding seven carloads of lambs for the Lexington fat lamb show in June.

Play Will Be Staged At Hebron School

"The Wild Oats Boy" a three-act comedy drama given by a cast made up of members of the Hopeful Brotherhood, will be given on the Hebron high school stage, Saturday evening at 8:00. The play met with laughing acceptance on the Florence stage a few weeks ago and promises the same with no cuts Saturday evening.

The cast is made of Rev. and Mrs. Rimmer, Dudley Rouse, the Rouse twins Pauline and Imogene, Virgil Kelly, Raymond Beemon, Clifford Tanner, Mrs. Robert Moore Mr. and Mrs. Charles Tanner, Katherine Tanner and Charles Tanner. All filling parts that are well stocked with rib-shaking humor and calm deception. The plot is fast moving, but always reaching toward a climax in which the truth is revealed.

If you are looking for an evening of fun and laughter come to the Hebron school Saturday evening at 8:00.

IN MEMORY

Of Mother and Dad, Mr. and Mrs. R. N. Moore, and our son, Jos. Earl Moore.

A LITTLE STEP AWAY

To close the eye, to fall asleep,
To draw a labored breath,
To find release from rally cares
In what we know as death . . .

Is this the crowning of a life,
The alm of end thereof?
The totaled sum of consciousness.
The ripened fruit of love?

It cannot be, for works of God
Are wrought for nobler ends,
And those away continue on
In the hearts of kin and friends

It cannot be, for they live on
A little step away.
The soul, the everlasting life,
Has found a better day . . . .

BURLINGTON WINS IN SEMI-PRO GAME

TEAM IS PLACED IN UPPER CLASSIFICATION DUE TO DEFEAT OF WALTON NINE DECORATION DAY.

Burlington became recognized as one of the best ball teams in Northern Kentucky as a result of their triumph over the Walton semi-pro team Decoration Day.

Ivan Gulley, Burlington ace, had very little trouble with the Walton hitters, as he held them to six hits and no runs. Gulley was master all the way. Walton never seriously threatened to score until the ninth when they filled the bases on an error, a scratch hit and a single. Gulley remained the best, however, as he retired the next three hitters with ease. This game was his fifth straight victory. He struck out eight and walked one.

Breeden was the starting and losing pitcher for Walton. Burlington collected 16 hits from his offerings.

One of the highlights of the game was Charlie Benson's tremendous drive which carried out of the park for an easy home run. Ben collected two other hits.

Alvin 'Pip" Clore, Burlington's fancy-fielding shortstop also collected three hits, one of which was a triple. Again every Burlington player obtained at least one hit. Robinson collected two hits for the losers. He was the only Walton player to connect with Gulley's offerings for more than one base. Robinson doubled for the only Walton extra base hit. Only one Walton runner reached third base.

Belleview Win

Belleview turned loose a hitting barrage against Petersburg Saturday and trimmed them by a 12-7 count. This was the second consecutive game Belleview has displayed tremendous power at the plate. Again Saturday, "Chick" Stephens was the leading hitter for Belleview with four for five. Every member of the Belleview team collected a hit.

Jay Ryle went the route for the winners, while Burns and Fuddy Deck pitched for the losers. Belleview nicked Burns and Deck consistently throughout the game. This game dumped Petersburg farther into third place and helped bring Belleview closer to the league leaders. Burlington and Constance were rained out.

Saturday the two leading teams will battle it out, when Burlington goes to Belleview. Constance will play at Petersburg. Both games begin at 2:30 p. m.

BOONE COUNTY TO BE REPRESENTED

BY TEN CLUB MEMBERS AT JUNIOR WEEK JUNE 10-14 AT UNIVERSITY OF KENTUCKY, LEXINGTON.

Ten 4-H Club members from Boone County have been selected to attend Junior Week at the University of Kentucky from June 10-14th, according to Bill Davis, Assistant County Agent. These club members were winners of the various contests held at the 4-H Spring Rally at Burlington. The delegates will represent Boone County in the state contests at Lexington.

Junior Week is held to familiarize club members with the State 4-H Club organization, to help train the delegates to become leaders in their own clubs and to provide a means of state-wide competition in Home Economics and Agricultural contests.

Delegates from Boone County who will attend are: John Hanks and David King of Walton Club, winners of agricultural demonstration team contests: Chas. Elmore, of Walton Club, winner of poultry judging contest; Galen McGlasson of Hebron Club, winner of seed identification contest; and Earl Johnson of Constance Club; Barbara Norris and Cordelia Kelly, of Burlington Club, winners of Home Economics demonstration team contest; Helen Rogers, of Hebron Club, winner of clothing judging contest; Virginia Cummins, of Hebron Club, winner of Style Revue; and Kathleen Kenney, of New Haven Club, winner of canning judging contest.

Three Boone County Boys Injured In Crash

Three Boone County youths suffered injuries early Sunday morning when an automobile driven by Larry Rose, 23, crashed into a loading platform in front of 807 Walnut St., Cincinnati.

Larry Rose, of Florence suffered a possible left shoulder fracture, and face and body cuts. Raymond Tucker and Vernon Becknell, of near Devon suffered cuts and bruises. All of the youths were removed to General Hospital for treatment.

Souther-Rodamer

Miss Mabel Mae Souther, youngest daughter of Mr. and Mrs. Henry Souther, of Constance, and Mr. Kenneth Rodamer, youngest son of Andrew Rodamer, of Constance were united in marriage with a double ring ceremony at the home of the bride by Rev. W. T. Gardner in the presence of the immediate families.

Their attendants were Mr. and Mrs. Charles Johnson, sister and brother-in-law of the bride.

The bride was attractively attired in a street length dress of aqua, with which she wore white accessories and a corsage of white gardenias.

The bridesmaid wore a street-length dress of gray with white accessories and a corsage of rosebuds. Both the groom and his best man wore blue suits.

Following the ceremony delicious refreshments were served, after which the happy young couple left for a brief honeymoon.

We join their many friends in wishing for them a long and happy marriage.

Gulley-Tupman

Miss Betty Jean Gulley, daughter of Mr. and Mrs. Harry Gulley, of Burlington and Mr. James V. Tupman, son of Mrs. Beulah Tupman Rouse, of near Limaburg, were united in marriage by Rev. Paul Rimmer at the Lutheran parsonage on Friday.

Attendants were Miss Katie Setters and Ivan Gulley.

The bride is a graduate of the Burlington high school of '46. The groom also attended Burlington high school.

The happy young couple spent a brief honeymoon in the Smokey Mountains of Tennessee and interesting points of southern Kentucky.

The Recorder joins their many friends in wishing them a long, prosperous and happy journey down the sea of matrimony.

Fish And Game Club To Meet Thursday

The Boone County Fish and Game Protective Association will hold its regular meeting at the club house, Burlington-Idlewild road, tonight (Thursday, June 6th at 8:00, according to Frank Maurer, president.

Refreshments will be served by the committee in charge. All members and friends of the organization are cordially invited to attend.

ARSENIC VALUABLE IN HEALTH TONICS

Feeding tests made by Drs. J. S. McHargue and J. T. Skinner at the Kentucky Agricultural Experiment Station, and reported in The American Journal of Physiology, indicate that small amounts of arsenic improve the health of animals. Arsenic increased the levels of hemoglobin in extensive tests in feeding rats.

The same experiments found that small amounts of manganese also improved the health of rats. Combining arsenic and manganese gave better results than where either was used alone.

The medical practice of using small amounts of arsenic in tonics for both people and livestock apparently has some merit, according to the conclusions of these scientists.

Mr. and Mrs. George Sprague, of Cleves, Ohio, are the proud parents of a baby boy, born at Good Samaritan Hospital May 20. The new arrival weighed 6 lbs., 6½ ounces and named Gary Douglas.

HOW TO PREPARE FOODS FOR LOCKER

VARIETY OF FRUITS AND VEGETABLES SHOULD BE PREPARED FOR STORAGE, SAYS DEMONSTRATION AGENT.

Users of freezer lockers are urged to prepare a variety of fruits and vegetables for storage. Only by trying different fruits and vegetables of each will the homemaker know which will be the best for storage next year.

Peas, strawberries and cherries, are ready for processing now, according to Mary Hood Gillaspie, Home Demonstration Agent. Vegetables selected for freezing should be at right maturity for cooking. Remember that the product taken out of storage will be no better than the one put in. Vegetables and fruits keep best if processed and placed in the freezing compartment within 6 hours after they are gathered. Peas have proved a good vegetable for freezing. Varieties wrinkled with deep green color are best for freezing. Peas should be blanched by putting them into boiling water for one minute. Use a wire basket or cheesecloth for the peas, dip it under rapidly in boiling water. Lift the basket or cheesecloth up and down once or twice so that the hot water will go among all the vegetables. Remove the basket of vegetables and chill in cold running water or iced water at 50 or 60 degrees if possible. Remove and drain in a colander. Do not leave the vegetables in the water longer than needed to cool them. Pack promptly into paperboard cartons fitted with moisture-resistant bag. The bag liner is sealed with a heated flatiron. Use moderate heat so as not to destroy the sealing surfaces.

Fruits for freezing should be of the best quality. They should be vine ripened and riper than for canning but not in the mushy stage. Wash berries and cherries by placing them in a colander and pouring cold water over them. Ice water is best, because it firms the fruit. Drain and pack in the container and cover with sugar sirup (60% concentration) or pack with dry sugar. When using dry sugar, the sugar should be thoroughly mixed with the fruit before putting into the container. Pack sour cherries with 5, 4, or 3 parts fruits to 1 of sugar. Pack strawberries, whole, sliced or crushed with 1 part sugar to 4 parts berries. Pack in same type carton as for vegetables.

Anyone desiring a bulletin on "Storing Foods in Freezer Lockers" contact the Home or County Agent's office in Burlington.

DIPPING SERVICE TO BEGIN JUNE 20

OPERATOR HAS BEEN SECURED AND PLANS ARE TO START THE PROGRAM ON SCHEDULE —CHARGE IS 10c HEAD.

The Boone County Sheep Dipping Service sponsored by the Farm Bureau is scheduled to start June 20th. An operator has been tentatively secured and plans are to start the program on schedule.

Boone County farmers in their Agricultural Improvement programs, have been requesting farm to farm sheep dipping service for the past three years. Prospects are for dipping 5000 or more sheep during late June and early July. The service to be successful must be operated on a farm to farm schedule with all sheep on a given road to be dipped included as the portable vat passes that farm. This will enable farmers to secure the service at a lower cost.

Because many early requests may now want to be changed all farmers wishing their sheep dipped are urged to contact the County Agent's office, phone Burlington 412. Prospective charges are around 10 cents per head for Farm Bureau members with a higher charge for those who are not Farm Bureau members. It is hoped the exact charge can be announced by next week.

SIX ARRESTED IN STATE'S SUGAR BLACK MARKET

With the arrest of six persons at Glasgow, Kentucky, on federal warrants the largest sugar black market in Kentucky is being liquidated, L. A. Cassidy, OPA District Information Executive, reported.

Those arrested are Carl Bradley, Zada Bradley, his wife, Earl Bradshaw, David Victor, and William Maupin, all colored, and Terrell Bybee, white, all residents of Glasgow.

OPA investigators have been working on the case since last November when shipments of redeemed sugar coupons from Citizens National Bank of Glasgow began reaching Cleveland Regional OPA Office short. Investigation led to Carl Bradley, porter at the bank, and eventually to the others arrested. Additional people are believed involved, some prominent in Kentucky and Tennessee.

The thefts are believed to amount to approximately 70,000 pounds of sugar. Glasgow Police Chief Jack Longahore cooperated with OPA investigators in solution of the case.

POOL WOOL SOLD MONDAY

TO L. S. DINKELSPIEL AND COMPANY OF LOUISVILLE—DELIVERY WILL BE MADE JUNE 20TH AND 21ST.

The Boone County Wool Pool sold Monday the county pooled clip of approximately 45,000 pounds to L. S. Dinkelspiel and Company of Louisville. This is the second consecutive year the Louisville firm has purchased the county pool.

The sales committee reports the clip sold at a substantial advance above the current market sales and at a price that will net growers full values for their crops. The advance in sales price is attributed to high quality of the local grown wool, the good methods local growers use in handling their clip and the full advantage of cooperative sales in quantity that justify direct buying.

The pooled clip will be delivered by growers to the buyer in Walton on Thursday, June 20th and at Burlington Friday, June 21st. Recent rains have delayed many farmers in shearing, but all wool should be ready for delivery on the above date. Farmers are urged to shear only when the wool is dry and to keep the wool dry until the delivery date.

The exact location of the places in Walton and Burlington for delivery of the wool will be announced in next week's paper.

Note: The pool will have a paid ad. in next week's paper. Details had not been completed in time for this week.

Special Services To Be Held At Burlington M. E. Church Friday

Special services will be held at the Burlington Methodist Church Friday, June 7th at 7:30 p. m. The Wilson brothers of Covington will be featured on the evening program, it was announced.

Special music will be heard and a gospel message for everyone attending. The public is cordially invited to attend these services.

Plans are being made to conduct these services each Friday night.

SOLBEANS, SUDAN GRASS SUGGESTED AS DROUTH FEEDS

When drouth or other causes may create feed shortage, the Kentucky College of Agriculture suggests that farmers consider growing sudan grass for pasture and hay and soybeans for hay.

Sudan grass, which can be sowed anytime now, makes good summer pasture and often yields up to three tons of hays to the acre. It is chiefly recommended for pasture. All kinds of stock like it. Many farmers grow sudan grass to keep from overgrazing their permanent pastures.

Sudan grass is usually seeded on moderately fertile land from about May 15 to July 1. It may be broadcast at the rate of 20 to 40 pounds of seed to the acre, or a smaller amount of seed may be put in rows. It is usually put in with a grain drill.

Soybeans produce good hay and are recommended for level and overflow land. Black-seeded varieties are most popular for hay production.

Soybeans are usually seeded in late May or early June. They may be drilled at the rate of a half-bushel to two bushels to the acre. The larger seeding is suggested to control weeds and make more and better hay.

It is important that soybeans be well inoculated. Otherwise they may make poor growth and exhaust fertility.

Although more than the usual amount of alfalfa has been sowed in Cumberland county, several farmers were unable to sow it because of a lime shortage.

DELICIOUS
Remember when nearly every home possessed a chafing dish heated by a small alcohol stove? Welsh rabbit—that creamery mixture of cheese, seasoning and melted butter, spread on toast—was the favorite chafing dish delicacy. "Rabbit" feeds were after hours parties in girls' college dormitories. Remember?

IMPROVED UNIFORM INTERNATIONAL
SUNDAY SCHOOL Lesson

By HAROLD L. LUNDQUIST, D. D.
Of The Moody Bible Institute of Chicago.
Released by Western Newspaper Union.

Lesson for June 9

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

TRAINING FOR SERVICE

LESSON TEXT — Mark 6:7-13; Luke 10:1, 2; 14:28-27.
MEMORY SELECTION — And he that taketh not his cross, and followeth after me, is not worthy of me.—Matthew 10:38.

Workers for God, and with God! Such is the high privilege of the men and women who respond to his call and who go out to witness for him.

On the one side, we have a world desperately in need of the gospel, perhaps more so than any generation in history. On the other hand, we have the gospel of the saving grace of God in Christ Jesus, the only solution to the problems of mankind, the perfect answer to man's need.

How shall these two be brought together? By sending out witnesses to tell the glad tidings of redemption and peace. Where shall we find these witnesses? In the church, for only the believer in Christ is qualified to tell others of his saving grace.

Our lesson, in telling of the Lord's calling and sending forth laborers into his harvest field, gives us much helpful instruction regarding service for the Lord. We learn that

I. God Provides for His Workers (Mark 6:7-10).

Jesus sent out his twelve disciples two by two, thus providing every worker with fellowship and help in hours of discouragement and trial. This also served to keep a man in balance so that he would not become self-willed and proud of his own achievements.

It was a wise provision. Perhaps the church should have observed it with more care, and thus have saved some good workers from going astray.

They were not to be cumbered with extra equipment, nor be concerned about their daily sustenance. The Lord would provide through the hospitality and generosity of his people.

Note that the expected hospitality was not to be allowed to hinder their work (cf. v. 10 with Luke 10:7). Many a preacher or evangelist has ruined a series of meetings by letting social life hinder prayer, soul-winning, or preparation for preaching.

II. God Gives Power to His Workers (Mark 6:7, 11-13).

He gave them authority over evil spirits, so that they could drive them out. He gave them power to heal; he gave them power to preach effectively.

The man who goes forth to speak for the Lord does not have to muster up his own puny powers or depend on the weak arm of some human helper. His resources are infinite and omnipotent. He speaks for the Almighty God. He has a message with saving power.

All too often the servants of the Lord are apologetic and hesitant in their ministry. They mistake weakness for meekness, and in their desire not to assert themselves, they fail to speak a ringing "Thus saith the Lord."

We need a revival of authoritative preaching, of that holy boldness which was not afraid to rebuke sin and any unwillingness to do the Lord's will (v. 11). We need a new emphasis on repentance (v. 12).

III. God Calls Helpers for His Workers (Luke 10: 1, 2).

After the twelve were sent out, he called and commissioned the seventy. That blessed process has gone on ever since. How blessed it is that even in our day of unbelief and sin, hundreds of young men and women are going out to all the mission fields of the world to work with older and experienced missionaries.

Perhaps these words will be read by some young man or woman who has felt the promptings of the Spirit of God to go into his service. Step out by faith just now, and begin to prepare yourself for God's service. If the writer of these notes can be of help to you, do not hesitate to write to him. God is looking for more workers.

Do not overlook the important admonition in verse 2. The Lord is waiting for his people to pray for laborers for fields which stand white and ready for harvest.

IV. God Requires Self-Denial of His Workers (Luke 14:25-27).

The mighty works and the powerful words of Jesus made it impossible for people to ignore him. Multitudes followed him, but he, knowing the fickleness of the human heart, faced them with the real demands of discipleship.

The Lord was never concerned with mere numbers. He wanted followers whose hearts were right. The church has broken down its testimony in the world by its frantic desire for more members, great crowds, large church buildings, at the expense of compromise of testimony.

The requirement of the Lord is unmistakable. A man or woman who is to serve him must put him first. No worldly ambition or earthly friendship, no, not even the tender love of family, can come between the Lord and his servant. He is either Lord of all, or he is not Lord at all.

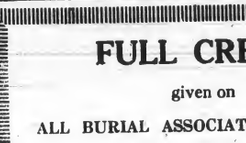
LAND IMPROVEMENT MAKES MORE BEEF

When S. C. Coppock of Taylor county limed and seeded a worn-out field in 1942, he increased the grazing to such an extent that the expenses were paid the second year through extra pounds of beef produced, he told County Agent C. V. Bryan, leaving him two years of clear profit on the pasture.

With a spring tooth harrow and disc, Coppock re-worked an old broom sedge field of 50 acres. Then he treated it with lime and 400 pounds of superphosphate before seeding it to bluegrass, alsike clover, sweet clover, timothy and orchard grass. Mr. Coppock said the grazing capacity was doubled and the field was still going strong. He plans to fertilize again this year.



Four farmers in Bullitt county have sowed ladino clover to use as seed plots, the first in the county.

Elliott county cover crops were said to be the best ever grown here.

TRY NEW VEGETABLES FOR BIGGER GARDENS

Asparagus and swiss chard are among the vegetables which homemakers in Grayson county have included in their expanded garden program under the leadership of the county chairman, Mrs. W. L. Harrel. Chinese cabbage and celery will be grown also, many housewives having found these vegetables can be stored successfully over the winter months.

Food production goals set up by the homemakers' clubs include the growing of 16 vegetables other than potatoes and the canning of enough fruits and vegetables to last until they are available in 1947 gardens.

Children's Feet

N. TULCH

Foot Comfort Specialist at—

PEOPLE'S SHOE STORE

814-816 Madison. Covington

Ninety-nine out of a hundred babies are born with good feet, even if they do appear to be flat at the start. We say babies are born with flat feet because the bony masses in a new-born baby's feet are held in place by fat pads. As the baby starts to stand and walk, these fatty pads are absorbed and muscles take their place. But about the third year the arch of the foot should be pretty well defined if the child is going to have any arch. We say if, because everyone is not meant to have the same color of hair or eyes.

Perhaps when the child starts to stand he is overweight, or undernourished or has gone through a serious illness. In that event the muscles may not develop enough to produce an arch in the foot. He ther grows with a natural flat foot. The condition is rarely painful. However, many cases of flat feet can be averted if the child is provided with shoes that hold the weak foot in alignment. Such shoes are usually wedged slightly under the inner border of the heel bone. This prevents tipping in of the ankles and by over correction has a tendency to cause the muscles on the inner border of the leg to shorten. These muscles are the ones which keep the foot arched.—Adv.

CONNER CARROLL

FLOR. 822 UNION, KY., R. D.

Adequate wiring is the key to full enjoyment of electrical conveniences to come.

In planning your home of tomorrow make sure that the wiring will be adequate to take care of the many new appliances you will be using.

If your home is inadequately wired, you will be unable to enjoy the full measure of better living from your electric servants. Wiring that is too small drops voltage and makes your appliances work longer with half-hearted energy. Your appliances cost more to operate and give you less satisfactory service.

Discuss adequate wiring completely with your architect or building contractor. The difference between "skimpy" wiring and adequate wiring is small in cash, but great in satisfaction.

What Adequate Wiring Is and Does

Adequate wiring simply means an adequate service entrance, enough circuits of large enough wire and plenty of outlets and switches. Adequate wiring assures full-strength current at every outlet, freedom from blown fuses due to overloads, plug-in space for all your appliances and switches conveniently located for easy use.

COMMUNITY PUBLIC SERVICE COMPANY

GOOD METHODS PAY

Ross Martin of the Stanton community in Powell county has been making over a ton of tobacco to the acre by using more than a ton of fertilizer per acre, turning under a good cover crop, using rock-rot resistant seed and firing to prevent house-burning. Martin told Farm Agent Charles Shouse that before starting these practices several years ago he made only 800 to 900 pounds to the acre.

Farmers in Barren county have agreed to supply vegetables to a cannery established at Glasgow.

MIXTURE EFFECTIVE IN CONTROL OF ANTS

Ants in lawns, fields and gardens can be controlled with a concentrated pyrethrum product now on the market, according to W. A. Price, head of the department of entomobology and botany at the Kentucky Agricultural Experiment Station. The preparation contains 2 percent of pyrethrum in a vegetable oil soap.

The recommended dosage is at the rate of one tablespoonful to a gallon of water. A gallon is sufficient for a hill 12 inches in diameter and not more than one or two inches high. For larger or smaller mounds the amount of the mixture should be gauged accordingly. The treatment is immediately effective and will not injure grass.

ON KENTUCKY FARMS

Champion 4-H club boys and girls in Owen county were entertained by the Owenton Rotary Club, each 4-H'er explaining his project.

Five litters of hogs have been entered in the ton-litter contest in Livingston county.

Farmers in Lawrence county report that hill pastures treated last summer with rock phosphate made vigorous growth.

Twenty-five percent more chicks were started in April in Estill county than the same month a year ago.

Excellent crops of rye and barley are reported from Christian county, but the Hessian fly has damaged wheat 25 percent.

Fourteen head of Brown Swiss cattle have been purchased by Taylor county farmers the past month.

Approximately 10,000 gallons of strawberries were marketed in Green county this year.

About 5,000 acres of wheat in Logan county were destroyed by Hessian fly and leaf rust, and half of 10,000 acres more.

More than 100 4-H club members in Casey county are growing broom corn.

Eight farmers and 4-H'ers in Lyon county have entered 10 litters in the ton-litter hog contest.

FLORENCE P.-T. A.

The Florence P.-T. A. will hold its regular meeting at the home of Mrs. Willis Schneider on Highway 42, Thursday, June 13 at 11 a. m. Every member is urged to be present as there is important business. Come, and please bring a covered dish.

MAKES APRONS FOR DEPARTMENT STOKE

Although Mrs. Otto Betz of Campbell county doesn't consider herself a seamstress, she used her new electric sewing machine so effectively that she made and sold aprons to a department store in Cincinnati for almost $250 in the past five months. Mrs. Betz' venture began soon after she attended a gift-ideas lesson at the Highland Homemakers' Club, of which she is program chairman. Mother of two children, she does some of the sewing for herself and daughter.

HART FARMER FINDS DAIRYING PROFITABLE

William Wintsch of Hart county has been milking 20 cows and selling cream. This is his report for the first quarter of the year as told to Farm Agent Free W. Wallace: January, February and March, cream sold $1,012, subsidy check $344, cost of feed $695 not including hay and some corn grown on the farm, net profit $700. The cows averaged 80 gallons of milk daily and, in addition, five calves were getting some milk. The skimmilk was given to 25 head of hogs.

MORE TURKEYS IN WASHINGTON COUNTY

Production of broadbreasted turkeys in Washington county is on the increase, according to County Agent Troll Young, Joe C. Cleveland started 200 poults with an electric brooder in a new house recently completed. Mrs. Everett Mudd also started 100 poults. Mr. and Mrs. Robert Cocanougher have completed a brooder house with electric brooder and will raise 100 or more poults and Mr. and Mrs. Gilbert Cocanougher plan to start a flock.

PULLETS NEED GOOD CARE IN HOT WEATHER

Feed, water, pasture and shade need attention in bringing pullets through the summer, says the Kentucky College of Agriculture and Home Economics. Underfeeding is a mistake, poultrymen at the college declare. Pullets need a growing mash and grain.

Good green pasture reduces the amount of feed needed and helps to keep pullets thrifty and growing. If there is not sufficient bluegrass, sow sudan grass, rape or oats. Lespedeza or alfalfa makes good poultry pasture.

Least expensive and often the most neglected part of summer feeding is water. Pullets require fresh water all the time.

Then, in hot weather, have mash, grain and water in the shade. If there are no trees make a brush arbor or board-covered open shed for the growing birds, suggest the college poultrymen.

GOOD BLUEGRASS ON SANDY RIDGE

Ed Bass of McCreary county recently showed County Agent George D. Corder how he is developing bluegrass pasture on 30 acres of sandy ridge land. The sod is good on at least half of the pasture and developing rapidly on the rest, Corder observed.

Divided into three fields, Bass has grazing for 20 to 35 cattle about nine months in the year. One field of 3½ acres provides enough growth of bluegrass in 10 days to graze 8 to 10 cattle 10 days. Another field that has been in alfalfa four years is now mostly bluegrass.

Manure is the principal fertilizer used on the field.

Robert Jackson of Knox county produced 135 bushels of Ky. 103 hybrid corn on one and a fourth acres last year, or 108 bushels to the acre.

After J. M. Finch of Mason county used 100 pounds of ammonium nitrate on 40 acres of pasture, he was able to turn his cattle out a month early.

In Bracken county, where dairying is on the increase, 16 head of Jersey cattle were bought in Tennessee in one month.

MACHINERY SCARCE; FARMER MAKES OWN

How Herman Deutsche of Brecklinridge county makes his own farm machinery when he can't buy it, is related by County Agent Kenneth A. Brabant. This spring he made a lime spreader out of the rear end of an automobile. By leaving the gear shift of the car on the transmission, he was able to operate the spreader at different speeds. When Mr. Deutsche was unable to buy a manure spreader, he made one from scrap parts of an old spreader, an automobile and corn shredder.

Last year Deutsche made a two-row tobacco setter from scrap iron on the farm, using it for setting 33 acres of tobacco in the community.

At 14 homemakers' club meetings in Anderson county, 103 scissors and 92 knives were sharpened.

LEARNS BETTER WAYS MAKE MARD WAY

After keeping house the hard way for 35 years, Mrs. James Tey of the Tunne Hill and Flat Creek Homemakers' Club in Bath county says "she has just begun to live" since doing her work as taught in her homemakers' club.

"Being a member has taught me to be more economical by knowing what to buy and what not to buy. It has taught me to grow our own vegetables, store them for winter use, and to can with the pressure canner so we have vegetables from one year to the next. I use the pressure cooker also in cooking our meals so that we get more food value. [illegible] can our pork, make delicious beans, and can beef. My club lessons have helped me in re-arranging my home, particularly my kitchen, so that I can prepare a meal with just a few steps.

"I have more time since I do things the homemakers way, and so can take my pressure cooker to help a neighbor can. I read all the good literature I can get. Being a club member has made me more sociable and considerate of my fellow women."

Twenty-three 4-H clubs in Graves county have an enrollment of more than 1,000 members.

5 EASY STEPS TO BETTER CREAM— BETTER BUTTER— BIGGER CREAM CHECKS

1 USE A NEW DE LAVAL SEPARATOR
A new De Laval Separator will skim cleaner . . . earn more . . . and cost less per year of use. It produces smoother textured cream, best for churning, smoothest and most uniform. Cream tests do not vary. In short, a new De Laval Separator will quickly pay for itself and earn additional profits for years to come.

2 KEEP COWS CLEAN
Clean milk and cream begin with clean cows. Keep the flanks clipped and wash teats, udder and flanks with a clean cloth and warm water just before each milking.

3 COOL CREAM PROPERLY
Cream should be cooled promptly. This can be done by mechanical refrigeration or by a simple, homemade cabinet type of cooler utilizing a continuous flow of cold water.

4 DELIVER CREAM IN GOOD CONDITION
Cream should be kept cool until delivered to the cream station or creamery. During warm weather covering the cream can with wet burlap will aid materially in keeping cream cool while being delivered.

5 WASH SEPARATOR AFTER EACH TIME USED . . . IN 2 MINUTES!
Your De Laval Separator should be washed immediately after each time it is used. With the "washing space" now available, it is a great storm and convenience it can be done easily and thoroughly in 2 minutes. Because of its design and construction the De Laval Separator is easiest to wash.

Every effort is being made to improve the quality of cream delivered for buttermaking. Poor quality cream cannot make the best quality butter — nor yield the greatest profit to the cream producer. Clarifier setting and water separation methods waste butterfat and yield poor quality cream.

Observance of the five simple steps outlined above will result in better cream, better butter . . . *and better incomes for you.* Why not talk it over with us today?

COLLEGE PLANS LAND OWNERSHIP SURVEY FOR VETERANS

The University of Kentucky College of Agriculture and Home Economics is cooperating with the United States Department of Agriculture in a landownership survey now being made to provide information as to opportunities in farming for war veterans. The survey will deal, also, with various problems of land-ownership, according to Dr. W. D. Nicholls, head of the Department of Farm Economics at the University.

Farm owners will have the opportunity to help by filling the questionnaires being sent by the United States Department of Agriculture to approximately one out of every 10 landowners in every agricultural county. Individual replies will be held strictly confidential and will be used only for statistical reports, it was pointed out.

The first to be made since immediately after the last war, this ownership survey will provide data for national, state, and regional reports. All landowners who fill out and return the questionnaires will receive copies of the report of the study.

The reports will provide latest figures on how many farms are transferred each year. The value and size of these farms, extent and manner in which farmers hold the farms they till, how many farmers retire each year, and other data necessary for a "reliable national, state, and regional picture of landownership." Some of the information can be obtained from census reports, but much of the special survey data sought from farmers and landowners has not appeared in census reports since 1900.

BROWN SWISS ARE POPULAR IN CASEY

County Agent Stanley Howard has reported on a survey which indicated the popularity of Brown Swiss cattle in Casey county.

Clementsville community now has six Brown Swiss bulls, with the purchase of one by Benie Wethington. Carlisle Walter has taken the first Brown Swiss bull into Pumpkin Chapel community, and F. R. Noel of Chicken Gizzard Ridge recently bought a cow and heifer calf for $426.

Farmers of Casey county want at least six more Brown Swiss bulls, Howard reported.

RECIPE OF THE WEEK

A hearty main dish which takes the place of meat is made of hard cooked eggs and vegetables in a cream sauce. Served on fried corn meal mush, it is a combined which the entire family will enjoy. Miss Florence Imlay, food specialist at the Kentucky College of Agriculture and Home Economics, suggests this receipe.

Eggs a la King

6 hard cooked eggs, 1 cup peas, 1 cup carrots, ½ cup celery, 2 tablespoons chopped onion, ¾ teaspoon salt, 4 tablespoons butter or fortified margarine, 4 tablespoons flour, 1 cup milk, 1 cup vegetable liquid.

Cook the vegetables in a small amount of boiling, salted water. Drain and save liquid. Make a white sauce of the butter, flour, milk and vegetable liquid. Add the quartered hard cooked eggs and vegetables to the white sauce and serve on fried mush.

Menu: Eggs a la king on fried mush, string beans, spring salad, baked rhubarb and oatmeal cookies.

After Mrs. C. O. Rider of Gallatin county put her chickens up on a wire floor, she lost only two of 209 from coccidiosis.

The McLean County Farm Bureau ordered 650 bushels of hybrid corn for its members.

EWES RETURN $30.48 - IN LAMBS AND WOOL

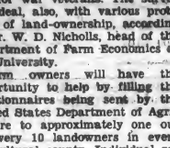
How Morman Floyl of Hickman county realized an average gross income of $30.48 per head from his flock of 16 ewes by following the phenothiazine program, is told by Farm Agent Warren Thompson.

At breeding time in 1945, Morman had 16 two-year-old Northwestern ewes, from which he saved 21 quality lambs. On June 26, he sold 12 lambs weighing 1,296 pounds at $15.60 per hundredweight; a month later, he sold eight lambs weighing 896 pounds at $15 per hundredweight and a buck lamb of 118 pounds at $15.60 per hundred.

From the 16 ewes and one buck, he clipped 231 pounds of wool which averaged $57.50 per hundred pounds net. His records show a total production of 2,310 pounds of lamb, an average of 110 pounds in six months, plus an average of 12.4 pounds of wool per sheep. His gross income per ewe was $30.48.

Morman used a phenothiazine drench in the spring after the last ewe had lambed, and again in the fall six weeks before lambing. A mixture of nine pounds of salt and one pound of phenothiasine was self-fed during summer months.

Ralph Durbins of Edmonson county has a good stand of Ky. 31 fescue grass on his farm, the first to be grown in that county.



Eleven 4-H club members in Jefferson county are feeding 22 calves for the Louisville fat cattle show and sale in November.

JOYLAND AMUSEMENT CO. AT DEARBORN COUNTY FAIR

The Joyland Amusement Co., of Lexington, Ky., which played The Dearborn County Fair last year for the first time, will be back again this year July 22 to 27th at Lawrenceburg, Indiana with a bigger, flashier and, newer assortment of rides and shows. With wartime restrictions removed the midway will be lighted with special illuminated towers—truly a beautiful sight to see.

VOLUME 70 — BURLINGTON, KENTUCKY, THURSDAY, JUNE 13, 1946

BELLEVIEW TAKES LEAD IN LEAGUE

STANDING BY DEFEATING BURLINGTON 8-3 — PETERSBURG VICTORS OVER CONSTANCE NINE.

Belleview took the lead in the Boone County Baseball League Saturday, the result of an 8 to 3 victory over the Burlington nine, league leaders. This victory gave Belleview five victories and two defeats, while Burlington has four victories and two defeats.

"Hoots" Ryle was on the hill for Belleview allowing eight hits, striking out seven and walking two. Gulley, losing pitcher went the route for Burlington, giving up 11 hits, striking out eight and walking four.

"Hop" Ryle led the attack for Belleview, collecting three hits, one of which went for a triple, while Jack Clore was the leading hitter for Burlington collecting two hits. James Gayle Smith, pinch hitting in the ninth, connected for a triple the only triple collected off Ryle for the day.

Belleview showed improved form in this game taking an early 2-0 lead which they maintained thruout the game. Ryle was apparently master of the situation throughout the game and kept Burlington's seven hits well scattered.

Petersburg defeated Constance on Petersburg grounds Saturday. We were unable to obtain the score or an outline of this game.

Saturday's games: Burlington at Petersburg; Constance at Belleview

Petersburg Wins Sunday

The Boone County All-Stars of Petersburg replaced the Farm nine as leaders of the Northern Kentucky Semipro Baseball League by downing Anderson Restaurants, 14-7 Sunday afternoon at Petersburg. Shinkle and D. Deck hurled for the winners, giving up seven hits. The winners, paced by the hitting of Rogers, Shinkle and Mahan, scored three in the third and took the lead in the sixth with five runs to drive Steffen off the mound. They added five more in the seventh and ended scoring with one in the eighth. Mahan and Shinkle each collected a home run.

Walton Defeated

Walton suffered defeat Sunday when the Foresters bested them by a count of 16-14 in a free-hitting game.

Recreation Center Open

The recreation center at Union, Kentucky is now open for young people of the community on Tuesday and Thursday nights from 7:00 until 9:30 p. m. All young people of Union and the community are invited to partake of the games on these nights.

POULTRY CULLING URGED BY USDA

WILL CONSERVE GRAIN FOR HUMAN CONSUMPTION — ALL POULTRYMEN REQUESTED TO FOLLOW PRACTICE.

Close culling of poultry flocks, beginning immediately, is needed to conserve grain for human consumption and help prevent starvation abroad, according to word received from the United States Department of Agriculture by Mark Cook, Chairman of the Boone County Triple-A committee.

Poultry producers nationally are asked to cull at least one out of every seven of their laying flocks during May and June because immediate need for grain is greater than need for eggs, a joint statement made by USDA, Office of Price Administration and Office of Economic Stabilization stated. This will be about one-third above the average culling rate for this time of the year.

To bring about a proper balance between livestock numbers and grain supplies available for feed, the government has increased the ceiling prices for corn, wheat, oats, barley, rye and grain sorghums. Increases were also made for ceiling on some protein feeds.

When the war ended, food production emphasis, which has been on heavy feeding of grain to livestock, had to be shifted to direct use of grain for human consumption in order to make limited world supplies go as far as possible in saving lives, the statement added.

Fifteen pounds of grain to feed three or four non-producing hens for a month, will provide enough flour and bread for a starving person for a month.

Business Organizations Sponsor Four-H Program

Business organizations sponsored ten Boone County 4-H Scholarship trips to the State 4-H Club Boys' and Girls' Conference held at the University of Kentucky this week. These scholarship trips enabled all Boone County delegates to attend with expenses paid.

Delegates who left Monday for Junior Week are: Cordelia Kelly and Barbara Norris of Burlington Club; Helen Rogers and Virginia Cummins, of Hebron Club; Kathleen Kenney, of New Haven Club; John Hanks and David King of Walton Club; Charles Elmore of Walton Club; Galen McGlasson, of Hebron Club; and Earl Johnson of Constance Club, and Mary Hood Gillaspie, Home Demonstration Agent and William E. Davis, Assistant County Agent.

Business organizations sponsoring scholarships include: Sears & Roebuck, of Chicago; Early and Daniel Company, of Cincinnati; John R. Coppins' Company, of Covington; Dearborn Mills, of Aurora, Ind., and the Boone County Farm Bureau.

S-Sgt. William Greenup Receives Discharge

Sgt. Greenup was stationed with the Quartermaster Corps on Okinawa, Tinian, Saipan, and Guam. He holds the Asiatic Pacific, Victory, Philippine Liberation and Good Conduct Ribbons. He received his basic training at Fort Knox, Ky.

Mr. Greenup will return to his former position with the Standard Oil of Ohio this week at Latonia, Ky.

Benjamin Setters Returns To Duty

Benjamin Lee Setters S2c, only son of Mr. and Mrs. Ben D. Setters, of Idlewild, returned to New Jersey Sunday, where he is stationed, after spending a very brief visit at home.

Mr. and Mrs. Ben Setters and daughter Betty Lou and Miss Betty Gulley, of Lawrenceburg, Ind., accompanied Benjamin Lee as far as Columbus, Ohio.

Benjamin Lee enlisted in the U. S. Navy in November '45, received his boot training at Camp Peary, Va., then attended ammunition handling school for five weeks. He is now stationed at Earle, N. J.

Lucille Edwards Receives Degree

Approximately 370 seniors and graduate students were awarded degrees at the 79th annual commencement exercises at the University of Kentucky Friday night, June 7. This is the largest class to be graduated from the University since June 1943 when 424 received their degrees.

The Hon Fred M. Vinson, Secretary of the Treasury, addressed the class.

Among those receiving degrees from Boone County was, Lucille Edwards, Bachelor of Arts in Education, Burlington.

MRS. SIBBIA REIMER ATTENDING WORKSHOP SCHOOL AT JACKSON

Mrs. Sibbia Reimer is attending a worship for superintendents, principals and supervisors at Lee's College, Jackson, Ky. The workshop is conducted under the auspices of the University of Kentucky.

Two Tracts Sold During Past Week

Mr. and Mrs. Sam Corn purchased 167-acre farm from Miss Mary Hodges, about two miles from Waterloo, where Jesse Lee Bagby now resides. There is a lot of good timber on this farm and Mr. Corn plans to have this timber sawed into lumber by William Rowland, whose sawmill is now on the farm.

Austin Scroggin sold 121 acres of his farm, 4 miles out East Bend Road, and being all the land on the west side of the road from his farm home, to Mrs. Lou Hubbard, of Covington. Mrs. Hubbard plans to repair the old log house on this farm or build a new house when lumber is available. Mr. Scroggin retains 40 acres with improvements. Full possession of these farms will be given next March 1st.

These sales were made through A. B. Renaker the past week.

TOBACCO PLANTS SHOW RECOVERY

FROM BLUE MOLD, SAYS COUNTY AGENT — ADVISES FARMERS TO REPLACE CANVAS ON TOBACCO BEDS.

Tobacco plant beds recently attacked by Blue Mold are in many instances showing rapid recovery, according to H. R. Forkner, County Agent. While many beds were almost completely destroyed, prospects are sufficient plants will be available for setting the 1946 crop. The application of nitrogen fertilizer is given credit in most instances for the quick recovery.

Many farmers' plants recovered too slow and growers were forced to secure plants from neighbors. A few farmers are still short of plants and those who may have extra plants for sale should notify the County Agent's office or better still, put an advertisement in the county paper.

Russell Hunt, tobacco field agent from the College, warns that the beds may now dry out too fast. He advises growers who are not through setting to put the canvas back on their beds and to water the beds when necessary. The main function of the canvas at this season of the year is to hold soil moisture necessary for good growth.

Ewbank-LeGrand

Central Christian Church, Lexington, Ky., was the scene of the marriage of Miss Mary Kay Ewbank, daughter of Mr. and Mrs. W. Ryle Ewbank of "The Maples," Warsaw, Ky., to Mr. Richard LeGrand, son of Mr. and Mrs. N. R. LeGrand, of Owensboro, Ky., which was solemnized in the presence of the immediate families at 5 p. m. Friday, June 7th, with Rev. Gentry Shelton officiating.

Miss Frances Wilhoite, of Louisville was the bridesmaid of honor. Bridesmaids were Misses Jean and Eloise Ewbank, sisters of the bride. Best man was Norman Chrisman, of Pikeville, Ky., and groomsman, Mr. Sherman LeGrand brother of the groom.

Following the ceremony a dinner for the bridal party and immediate families was served at the Lafayette Hotel.

The bride is a former College of Agriculture, Home Economics student at the University of Kentucky, and was Home Economics Instructor at Hebron high school the past year.

The bridegroom is a veteran of World War II; a graduate of the College of Agriculture, University of Kentucky, where he is a member of the Omicron Delta Kappa, and Alpha Zeta honorary fraternities, and one of the 25 University of Kentucky students chosen for "Who's Who" in American Colleges and Universities.

After a ten day motor trip thru the East, Mr. and Mrs. LeGrand will be at home at "The Elms," Warsaw, Ky.

New Chemicals Prove Worth

Boone County farmers are advised to try new chemicals that are proving valuable to agriculture. DDT for fly control, 2-4-D for broadleaf weed control and Sodium Chlorate for killing of all weeds and grasses, Soda Ash and Benonite for sealing farm ponds and reservoirs that leak are the most popular. Rotenone dust and sprays for Mexican bean beetles is expensive but one of the most satisfactory for home gardens. Commercial concerns are selling all these materials under various combinations and trade names and if properly selected for the right job are giving splendid results.

DDT for the controlling of flies and other insects is holding the spotlight at the present time. Farmers who are using the 50 per cent water soluble DDT dissolved in water at the rate of 1 pound to a gallon and a quart to two and a half gallons of water on their cattle and walls of their barn are securing controls that were never thought possible. The residue effect kills flies over a period of several days or weeks and the relief secured by both dairy and beef animals will mean both more milk and beef. The oil mixture which is probably better for spraying or painting barn walls and buildings should not be used on animals. DDT is relatively cheap which places it in the practical reach of everyone. Additional information on these materials are available at the County Agent's Office.

Chester Rice is ill at Jewish Hospital, Cincinnati.

Aylor-McWethy

Miss Norma Aylor, attractive daughter of Llewellyn Aylor and Robert McWethy, son of Mr. and Mrs. R. W. McWethy, of Petersburg, were quietly united in marriage on Friday, June 7, at 7:30 p. m. in a very impressive ceremony by Rev. R. H. Carter at the Florence Christian Church.

The attendants were Miss Helen McWethy and "Stub" Lyons.

The bride was attired in a street-length dress of blue crepe with corsage of white carnations. Miss McWethy also wore blue crepe with corsage of red carnations.

The bride is a graduate of the Female Orphan School at Midway, Ky. The groom who has been honorably discharged from military duty, served as a paratrooper in the European theatre.

This happy couple will make their home in Petersburg. We join their friends in extending hearty felicitations as they embark on the sea of matrimony.

Middendorf-Long

St. Paul's Church, Florence, was the scene of the marriage of Miss Dorothy Middendorf, daughter of Mr. and Mrs. Victor Middendorf, Covington, to Corp. Paul A. Long, son of Mr. and Mrs. Andrew Long, of Cincinnati, which was solemnized June 1st, with Rev. Edward Carlin officiating.

Given in marriage by her father, the bride was lovely in a white satin brocaded gown, with fingertip veil and carried a bouquet of white rosebuds, adorned with an orchid.

Mrs. John Senfried, friend of the bride was matron of honor. She wore a pink gown and carried shell pink carnations.

Paul Kloenker, Geo Heintink and Robt. Middendorf, brother of the bride were ushers. John Long, of California was best man.

A wedding breakfast at the home of the bride's grandmother followed the ceremony, with a wedding dinner being served the wedding party and immediate families by Mrs. John Fogel.

A reception was held in the afternoon from 2 to 4 at the bride's home, after which Cpl. Long and bride left by plane for a brief honeymoon before returning to Wichita Falls, Texas, where he is stationed nearby at Sheppard Field with the Finance Department of the A. A. F.

HOME CANNING URGED FOR CO.

BY U. S. DEPARTMENT OF AGRICULTURE AS FOOD INSURANCE FOR COMING WINTER AND SPRING.

More home food preservation than ever before is being urged by the U. S. Department of Agriculture as food insurance for the coming winter and spring. This year's goal is to exceed the record of 4 billion jars of food canned by 25 million housewives in one war year.

To safeguard American diets during the months to come when wheat products will continue to be in less than full supply, more vegetables especially will be needed to replace some of the food values and the "filling" quality of the wheat that goes abroad. The more garden vegetables that are put in homes, the better the food insurance for this country.

Prospects so far are for good vegetable and fruit crops this season but production predicted so early in the season can rise or fall as weather hurts or helps the crops. Adequate supplies of glass jars, jar rings and closures are expected. The supply of pressure canners has been increasing steadily. Housewives are advised, however, to lay in supplies of containers and equipment now to enable manufacturers to gauge demand and keep up production as needed.

Bulletins on canning fruits and vegetables may be obtained from the Home Agents' Office in Burlington, according to Mary Hood Gillaspie.

VA MANAGER TO VISIT CO.

WEEKLY TO GIVE ADVICE AND ASSISTANCE ON PENSION AND COMPENSATION MATTERS AND OTHER INFORMATION.

Close-to-home service for Boone County veterans and their dependents will be available Thurday, June 13, when the first of the Veterans Administration's weekly itinerant visits is made to local Selective Service headquarters.

Selection of Burlington as itinerant point to serve the county was announced this week by Charles E. Niblack, acting manager of the VA Sub-Regional Office at Covington. Gordon T. Bryant, Contact Representative from that office, and a veteran of World War II, will visit local draft board headquarters from 9 a. m. to 3 p. m. each Thursday.

Mr. Bryant will give advice and assistance on pension and compensation matters, hospitalization and Out-Patient treatment, loans, government insurance and education and training. Ex-service men and women who have questions regarding their rights and entitlement to these benefits are invited to consult him during the weekly visits, it was stated.

Veterans desiring to apply for any benefit were asked to bring with them a photostatic or certified copy of their discharge and any correspondence they might have had with the Veterans Administration.

Boone Countians Attend Baptist Schools

Louisville, Ky.—Kentucky Baptists are making a special study of their six schools during the month of June. This will be climaxed by a special offering on June 30 by the 2130 churches for their schools.

Georgetown College, organized in 1829, the only four-year college of Baptists in Kentucky, has enrolled over 500 students this year. Dr. Samuel S. Hill is president.

Cumberland College, located at Williamsburg, Ky., James Boswell Acting president, is a junior coeducational college. It was organized in 1889 and has served a large number of students from eastern Kentucky. Cumberland had an enrollment of 151 this year.

Bethel Woman's College in Hopkinsville, Powhatan James, President, is a junior college with an enrollment of over 100 girls.

Campbellsville College, W. M. Caudill president, is a junior coeducation school with over 200 enrolled this past school year.

Oneida Baptist Institute located in Clay county and Magoffin Institute at Sky, Ky., in Breathitt county, have an academy and have offered grade and high school work to a large number of mountain boys and girls.

Those attending these Baptist schools from this county are: Wilma Beach, Frances Beach, Henry Holliday, William A. Holliday, Marjorie King, Mary Jane Readnour, William M. Taylor, Mrs. William M. Taylor, Georgetown College.

Florence Girl Named Vice President Of Shelby House

Miss Bernice Sebree, a sophomore in the College of Home Economics at the University of Kentucky, and daughter of Mr. and Mrs. Dolpha Sebree, Florence, Ky., has been elected vice-president of Shelby House, women's co-operative house at the state university.

Colored Woman Taken Into Custody

Louisa Stewart, colored, of Collumbus, Ohio, was taken into custody by Sheriff Irvin Rouse Sunday, after being found wandering aimlessly about in the Richwood neighborhood. Sheriff Rouse stated the woman apparently suffered a temporary attack of insanity.

She was released Monday to her husband, who returned her to Columbus, Ohio.

Jersey Herd Sire Purchased

O. W. Purdy, Beechgrove Jersey Farm, Burlington, R. 2, the past week purchased a young herd sire by Double Design Prince Reg. No. 374963, an excellent and superior sire with 34 daughters averaging 9,134 pounds of milk and 536 pounds of fat per lactation period.

The young sire is an excellent individual and should do credit to the thirty-five years of constructive breeding done at Beechgrove Jersey Farms. Jack Purdy says this bull will be shown at the County 4-H and Utopia Club Fair on August 17th.

FOUR MEN HELD BY AUTHORITIES

ARRESTED BY SHERIFF R. I. ROUSE AND DEPUTY WENDELL EASTON, THURSDAY NEAR UNION.

Sheriff Irvin Rouse and Deputy Sheriff Wendell Easton arrested four Cincinnatians Thursday night on charges of breaking and entering. The men were arrested near Union on U. S. 42.

The four registed as Donald E. Schoette, 23, 10 View Ct.; Verle Lee Richey, 23, 1632 Minton Ave.; Vernon Goode, 24, 267 W. McMicken Ave., and John Bush, 284 Mohawk St.

Boone County sheriffs arrested the four Thursday after they had broken into the Ohio Valley Beagle Club, located approximately one mile from where they were apprehended.

Nothing was missing from the club, but the youths were attempting to sell an automobile radio to residents of that section. Sheriff Rouse stated the radio was taken from an automobile which apparently had been abandoned a short distance from where the arrest was made. The automobile was owned by Joseph Bush, 284 Mohawk St., Cincinnati, and was stolen in Cincinnati Wednesday night.

The youths were held in the Burlington jail until Tuesday when they were released to federal authorities on charges of transporting a stolen automobile across state borders.

Florence Youth Suffers Broken Leg When Struck By Car

Albert Hue, Jr., 24, son of Mr. and Mrs. Al Hue, of Florence suffered a fracture of the left leg Tuesday of last week when struck by a car while crossing Spring Grove Ave., Cincinnati.

Three others were struck by the car which was driven by Cleveland David, colored, but escaped serious injury. Mrs. Hue, Mrs. Myrtle Poor and Mrs. Mary Robinson suffered bruises about the body

The four Florence residents were taken to General Hospital for treatment.

Mr. Hue is recuperating nicely at his home in Florence, after being released from the hospital.

FARMERS URGED TO USE LESS GRAIN

IN FINISHING BEEF CATTLE — INCREASED CEILING PRICES FOR WHEAT, CORN, RYE, OATS BARLEY AND SORGHUMS.

Farmers can contribute immediately to the world's food problem by marketing large numbers of beef cattle with little or no grain feeding, Chairman Mark Cook of the Boone County Triple-A Committee said, quoting from a statement issued by the United States Department of Agriculture.

The statement announced increased ceiling prices for wheat, corn, rye, oats, barley and grain sorghums to encourage sale of grain for shipment to countries where people are starving.

There is not enough grain both to feed starving people and to maintain record livestock numbers in this country. The number of people that can be fed with livestock products by use of grain as livestock feed is much less than the number that can be fed by an equal amount of grains consumed directly by people.

It will be necessary to make maximum use of pastures, hay and forage to continue marketings at their present high rates, the joint announcement said. This will mean some sacrifice in the finish on cattle but will make available large supplies of grain for human consumption.

The government subsidy of 50 cents per hundred pounds now being paid to cattle feeders will end June 30 since the general world grain supply situation makes it no longer desirable to finish large numbers of cattle at top grades, the statement added.

LEARNING ABOUT THE KINGDOM

LESSON TEXT—Luke 9:23, 24, 46-48, 57-62; 11:1-4; 17:20, 21.
MEMORY SELECTION — Thy kingdom come. Thy will be done in earth, as it is in heaven.—Matthew 6:10.

Following Christ calls for the best in man. Weak-kneed and watered-out religious philosophies and activities have no right to call themselves Christian.

Let us put away these insipid imitations of Christianity, which so often masquerade under its name, and face our time with a call to discipleship which demands every fine, noble, manly and womanly quality.

I. Denial of Self (Luke 9:23, 24).

A cross—that speaks at once of suffering and death. We may as well face it. The Lord never intended it to be an easy thing to follow him. A man must lose his life for Christ if he is to win it.

Note that the cross we bear does not refer to the trials or vexations of life. We should bear those as Christians, but there is something else in mind; namely, the complete denial of self-will, and the eager desire to do only God's will. And note also that this is required of every true Christian, not just of a few who are especially "consecrated."

Do you qualify? If so look at the next point.

II. Humility of Heart (Luke 9:46-48).

The world looks up to the great, the mighty, and the rich. The disciples had caught that fever and were quarreling about who was to be greatest. What a tragic and disgraceful picture! But is it any different in the church today? Men are still determined to be "Mr. Big."

The follower of Jesus sees beyond the false earthly standard of greatness, and in humility ministers to the little child. And lo! he has received and served Jesus Christ himself, and has become greater than all the would-be great ones. Those about him may not see it, but God does, and in due time others shall also know of it.

III. Determination of Purpose (Luke 9:57-62).

Following Christ is more than singing glibly or carelessly, "I'll go where you want me to go, dear Lord." The one who starts out with him is to count the cost (Luke 14:28-33). He must expect the same treatment as Christ (II Tim. 3:12) and be willing to take it gladly (John 15:20; I Pet. 2:21).

We ought to make this plain to professed believers. Tell young people the truth and you will see that they are ready to respond to it. They are willing to give themselves sacrificially for causes of this earth—why not for Christ?

Christianity is considerate and courteous, and our Lord is not here suggesting any neglect of the duties or amenities of life. The point is rather that the Lord must have first place whatever else may call for second thought.

IV. Prayer of Faith (Luke 11:1-4).

The one who is to follow Jesus must know how to pray—and to pray in faith. He must know how to hold up the world to God, and get things from God for this needy world.

There is no one who can teach us to pray better than Jesus, for he practiced what he preached. He prayed. It was seeing him pray that led the disciples to ask him to teach them to pray. Jesus taught his disciples a model prayer. This prayer opens with a recognition of God as Father, followed by a reverent petition that his name may be hallowed; that is, that he may have glory as his will is done and his kingdom established in the hearts of men. Those who have that attitude are ready to ask for the supply of daily needs, and above all, forgiveness of sin and deliverance from temptation.

Note that verse 4 is not the prayer of the unsaved for forgiveness and regeneration, for that is all of grace (Eph. 2:8). "The man outside (of the kingdom) gets his forgiveness with no condition; but once he is in the kingdom of the Son of God's love, he lives within the laws of that kingdom. Then he does not get forgiveness unless he is ready to forgive, unless he has forgiven" (Morgan).

V. Recognition of Christ (Luke 17: 20, 21).

The disciples thought of the kingdom in terms of "when"; they should have asked "what," or even better "who," for the kingdom was present and operative right then because the King was there.

That is the true meaning of "within" (v. 21), which really means "in your midst." It does not mean that the kingdom of God was within the hearts of the Pharisees, or within the social order, but that in the person of the King, the kingdom itself was in their midst. They rejected him, and so also his kingdom. What about us? Is he your King? Or do you also reject him?

EXHIBIT HOME-MADE PLASTIC CLOTHING

Raincoats of plastic and water-repellant fabrics, made by home-makers at a saving of approximately 75 percent, were a feature of the Jefferson county style show and rug exhibit held in Louisville and attended by more than 300 women. With Mrs. R. P. Overstreet county clothing chairman and member of the Prestonia Homemakers' Club, in charge, 23 clubs were represented in a style revue of suits, house dresses, afternoon dresses and garments for children. Several mother and daughter costumes were shown, as were hats and purses. The affair climaxed a series of five discussions led by Miss Dorothy Threlkeld, clothing specialist at the Kentucky College of Agriculture and Home Economics.

Hooked and braided rugs, began in an earlier project, were also displayed.

You can't put 5 gallons of water into a 2-gallon pail

—and you can't get full-measure electric service from home wiring that's inadequate

The ability of a home to function, electrically, depends upon the wiring system, located in the walls, ceilings and floors.

Wiring is inadequate if lights dim when appliances are operating . . . if heating appliances come up to temperature slowly . . . if fuses blow frequently . . . if extension cords must take the place of outlets . . . if one appliance must be disconnected to plug in another . . . if it is necessary to grope in the dark to find a light switch.

Adequate home wiring removes these obstacles to efficiency and convenience . . . permits you to enjoy full-measure electric service for better electrical living. If you plan to build, buy or remodel a home, insist on adequate wiring.

What Is Adequate Wiring?

ADEQUATE WIRING SERVES SAVES

Adequate wiring simply means a service entrance large enough to bring in as much electricity as your home may need at any time, enough branch circuits of large enough wire to conduct a full measure of electrical energy to your lights and appliances, plus plenty of outlets and switches, properly located. Adequate wiring is the key to better electrical living.

The Greatest Mother In The World

N. TULCH
Foot Comfort Specialist at—
PEOPLE'S SHOE STORE
814-816 Madison. Covington

Mother nature gives the birds miscroscopic eyes to see tiny grain from a distance, and how she cares for us humans.

For instance, when we bruise our feet by wearing poorly constructed or ill fitted shoes. Nature sets up protective layers, corns, callouses and bunions, at the point where the attack is directed, and by means of pain telegraphs the brain that danger is at hand and how do we respond to nature's signal? Usually, by padding these protective layers, or paring them. This of course, does relieve the pain but does NOT remove the cause of the trouble. Corns, callouses and bunions are merely symptoms telling you there is something wrong inside your feet.

Permanent relief will be obtained when you relieve pressure on delicate nerves and tissue, when you straighten up weak, inrolling feet that throw the strain of weight bearing into the outer arch. So, if you would really get at the bottom of your foot ills, by all means, see our foot, comfort specialists—they will make a scientific foot analysis of your foot. Then foot comfort is absolutely assured.—Adv.

NEW FURNITURE STORE OPENS IN COVINGTON

Burr's Furniture and Appliances will open for business next Saturday, June 15. It is located at Second and Court Sts., (near Suspension Bridge, Covington.

The owners, Mr. and Mrs. John Burr, are also proprietors of the well known Dixie Bargain House and Avenue Furniture Co., Covington.

So many pleased patrons have urged the Burrs to open a high-class furniture and appliance store, they finally accepted their suggestions and stocked this new store with strictly new, high-grade merchandise, while the other stores sell both new and used furniture.

The new store, which is modern in every way, is out of the high-rent district and the owners promise to pass on to their customers the saving thus made.

Almost six times the required $10,000 was sent, the exact amount being $59,000.

PETERSBURG LADY PASSES

Ethel A. Nixon, daughter of Robert and the late Kathryn Nixon was born May 10th, 1893, departed this life June 1st at the age of 53 years and 22 days.

She was united in marriage to Claude Edwards. To this union 6 children were born, four daughters and two sons, Mrs. Kathryn Ryle, of Petersburg, Mrs. Ralph Jones, of Florence; Mrs. Alfred White, of Georgia; Wilson and Claude Jr., of Petersburg; Gertrude Marie, who passed away 28 years ago at the age of 3 years.; one grandson Patrick Jones.

"Auntie" as she was called by all her friends was a devoted mother, neighbor and friend, and when health permitted, no night too dark or day too stormy to minister to the need of loved ones.

She was ill several years, during which time, her suffering was so severe, only she and God knew the pain she endured. All that loving hands could do was done for her, but her journey on earth was done, and the Lord said "come."

She united with the Christian Church at Petersburg when quite young, where she remained a faithful member until death. The world is a better place, knowing she once shared a part of it.

Dearest mother, each day our hearts do wander
To a land so far away,
Where we lost our dearest mother,
Just a few weeks ago today.
We are very sad and lonely,
And our tears do often flow,
As there comes to us a longing,
If mother could only come home.
We have only a memory mother
To cherish our whole lives through,
But the sweetness will linger forever,
As we treasure our memory of you.
Sadly missed by husband, daughters, sons, father, sisters and brothers.

CINCINNATI BANDIT CAPTURED AT UNION

WEDNESDAY BY SHERIFF ROUSE AND CINCINNATI DETECTIVES —SHOT IN LEG AFTER ATTEMPTING TO FLEE.

Shelby Dezarn, escaped convict from Sandusky, Ohio, was shot and arrested Wednesday of last week at Union by Sheriff Irvin Rouse and Cincinnati Detectives Orville A. Burleson, Millard C. Schath and Benamin F. Schaefer.

Dezarn, wanted in connection with several oil station holdups in Cincinnati, had eluded pursuit since early Tuesday morning when he escaped near Warsaw, after a 90-mile-an-hour chase through Kenton, Boone and into Gallatin county by Chief Joseph Shollmeier, of South Ft. Mitchell police.

Dezarn appeared at a filling station in Union Wednesday, requesting to use the wash room to clean up. The attendant, Mr. Ransdell became suspicious and called Sheriff Rouse. Upon arrival of Sheriff Rouse and the detectives, he was found near the Union Bank attempting to hitchhike a ride. When the officers ordered him to surrender, he fled into the yard of Mr. Dickerson, where he was felled by five slugs from a tommy gun in the hands of Orville Burleson.

Dezarn dropped a pistol when fired upon by Burelson, and attempted to recover the gun before being subdued. Sheriff Rouse stepped on the bandit's arm, preventing him from obtaining the weapon.

Dezarn was identified by Sheriff Rouse and Cincinnati detectives, as the man of whom they were in search. Squads of Kentucky State Highway police had been continuing since early Tuesday to search the Boone-Gallatin-Carroll county area in search of the 25-year-old bandit.

The bandit was taken directly to Cincinnati police headquarters and from there to General Hospital, Cincinnati, for treatment to his wounds.

Dezarn has managed to elude capture on several previous occasions in Cincinnati. He escaped from Cincinnati police on May 31 when the officers caught his companion.

When arraigned Friday in Police court, Dezarn pleaded guilty to four armed robbery charges and one of auto theft. He escaped May 21 from the Sandusky honor farm.

Editor And County Judge Enjoying Vacation

Judge and Mrs. C. L. Cropper and Mr. and Mrs. A. E. Stephens, editor of The Recorder are enjoying a much needed vacation this week. The Croppers and Stephens left Sunday morning for Washington, D. C., and other interesting points in the eastern section of the U. S.

A card from them, mailed Sunday afternoon stated that they arrived at White Sulphur Springs, W. Va., Sunday, afternoon and were leaving for Washington, D. C., Monday morning.

They expect to return to Burlington the latter part of this week.

W. L. Cropper and daughter Mary Bess, Lt. Harry Holtzclaw and family spent Monday of this week at the Cincinnati Zoo.

R. A. Gospel Team Will Conduct Service At Big Bone Sunday

The Royal Ambassador Gospel Team will conduct the evening worship service at the Big Bone Baptist Church, Sunday night. The Gospel Team held their service at Bullittsburg last week and it was reported very successful.

Ambassadors Billy Nunnelley and Joe Smith will be the speakers for the evening. They will bring a message to the Christians and a message for the lost. Their topics will be "The Stepping Stones to a Better Christian Life," and "What Will I Do With Jesus." Special vocal and instrumental numbers are also on the program for this service.

Rev. Hogan and the Gospel Team cordially invite everyone to attend this service. Young people are especially invited.

Dairy Herds Free Of T. B.

Dr. Alben Pass, Federal Veterinarian, completed the sample five-year T. B. test of Boone County cattle and reported the past week to the County Agent's office no reactors were found. Eleven hundred and seventeen cattle in sixty-nine different dairy herds were tested.

The county having less than one half of one percent reactors will remain on a Federal accredited basis. This work shows the Federal T. B. testing program has practically eliminated the disease from this area.

Early Lambs Top Market

Boone County early lambs have been of good quality and many sales reported to the County Agent's office have topped the market. Several early sales included lambs weighing over 90 pounds per head.

Local farmers reporting sales of 18 cents per pound or better include Robert Grant of Idlewild, H. F. Weaver of Florence, Joseph A. Huey, of Union, T. C. Melrose of Union, Charles Clore of Hebron, Ivan Clemons of Hathaway and Earl Sullivan of Grant.

Farmers selling during May and June receive an additional subsidy of $2.00 per hundred for lambs weighing from 65 to 90 pounds and $2.65 per cwt. for lambs weighing over 90 pounds. There is no subsidy payment announced after July 1st.

BURLINGTON AND BELLEVIEW VICTORS

IN COUNTY LEAGUE GAMES SATURDAY—WALTON WINS IN SEMI-PRO GAME SUNDAY—PETERSBURG DEFEATED.

Burlington defeated Petersburg 6-4 while Belleview was downing Constance 13-7 in Saturday's games in the Boone County League.

Burlington scored all their runs in the first inning at Petersburg, and afterward were unable to score from the offerings of Marvin Campbell, who pitched brilliantly the final eight innings of the ball game.

Ivan Gulley was on the mound for the winners and managed to keep the ten hits he gave up, well scattered in gaining his fifth victory as against two defeats.

"Sox" Benson and C. Clore led the attack for the winners with two hits each, while H. McWethy and D. Deck each collected two safeties for the losers.

The Belleview nine held the first place division by defeating Constance 13 to 7 Saturday. Belleview collected their 13 runs on 20 hits, 3 bases on balls and four errors, while Constance collected 7 runs on five hits, 3 walks and 2 errors.

Constance opened the game by driving three of their runs across the plate from five hits. They maintained the lead through the fifth inning, while Belleview collected only one run in the first and one in the second. Constance remained hitless from the first thru the seventh, while not a man reached first base. In the eighth they came through with four more runs and their last three hits. Belleview opened up again in the sixth with five runs and then scored in every inning throughout the remainder of the game.

McArthur led the attack for Belleview by driving out two singles and a homer in four trips to the plate while "Chick" Stephens collected three for five. Gay and Mannie Goodridge led the attack for Constance by each collecting a single and a double. Schneider was the only other man to hit safely.

League Standings

	Won	Lost	Pct.
Belleview	6	2	.750
Burlington	5	2	.714
Petersburg	2	4	.333
Constance	0	6	.000

Saturday Constance will meet Burlington at Belleview, while Belleview meets Petersburg at Petersburg.

Petersburg Defeated

The Becks Supper Club nine defeated the Boone County All-Stars in Semipro League Sunday afternoon on the Petersburg grounds by a score of 2-1. Petersburg scored their only run in the third inning when Mahan singled and stole second, from where he scored when Ryle doubled to left field.

The Walton Merchants ended a three-game losing streak to defeat the Kentucky Colonels, 3-1. This was Walton's fourth victory against four defeats.

Lt. Grant Discharged

Lt. Anna L. Grant received her discharge and arrived at the home of her parents, Mr. and Mrs. Chester Grant June 4, 1946.

She spent 5½ years in the Army being overseas 38 months and was in several battles. She was with the Pasadena Regional Hospital, Pasadena, California for one year and was discharged from the Letterman General Hospital, San Francisco, California.

Game And Fish Commission Favor Anti-Pollution Bill

The Kentucky Game and Fish Commission, in session at Albany, Ky., went on record in full support of the Mansfield anti-pollution Bill, H. R. 6024, which is now out of Committee and soon will come up for House action in the Congress of the United States. The Commission instructed the Division of Game and Fish Director, Earl Wallace, to enlist the aid of Kentucky Congressmen toward passage of this bill.

Replacing the stalled Mundt Bill, the Mansfield Bill of course is directed at prevention of further pollution of this nation's streams and lakes and a clean-up of those waters now polluted.

The Bill, bearing the name of the chairman of the House Rivers and Harbors Committee, provides funds for abatement of pollution and also monies for survey and research.

Florence Vacation Bible School Closed June 7

A very successful Vacation Bible School was held at the Florence Methodist Church June 3-7, with the pastor, Rev. E. K. Kidwell, as director. The schedule consisted of songs, Bible study, object lessons, studies in community life, home and family games, refreshments and the making of posters, mottoes, book ends, etc.

There was a very vital interest and increased attendance each day throughout the school. Almost all enrolled received certificates, which were given out by the superintendent, Carroll Washburn at the commencement the following Sunday night.

All connected with the school agreed that the time and effort spent were very valuable in the religious training of the lives of the boys and girls.

BETTER FOOD RECOMMENDED

The Boone County Post War Planning Committee on Nutrition for farm families has recommended improvements in food production, preservation and preparation for use. Ten points are listed by the committee in their first report, as follows:

"Education of the Farm Family to a Better Living"

1. Recommend a visit to locker plant to see first hand what can be done to preserve foods.

2. Recommend that all farm families raise a beef, hogs, and especially a lamb to be put into storage so that there can be a change of meat in the diet as too much of one thing soon tires the appetite.

3. Recommend paper give publicity on said locker plant and the benefits derived from same.

4. Recommend all schools use locker plant to preserve fresh meats and have a canning or preparation day for fruits and vegetables.

5. Recommend a dietition be employed to supervise menus and lunch rooms and see that they are carried out. Said person to o. k. persons who are hired. Parents and Teachers' Clubs to be consulted as to how many are needed and salaries of same.

6. Recommend less waste in lunch rooms and see that small children are given foods that are wholesome as a child that don't eat right can't do justice to school room work.

7. Recommend that Boone County farm families be better fed from farm and home produced foods and a better balanced diet thruout the year.

8. Recommend to have lesson sheets on preparing foods before putting into freezer locker and serving of same after removal.

9. Recommend all that can purchase a small pressure sauce pan to save vitamins, time and fuel.

10. Discussion: Community canneries, have a canning center.

Those who served on the committee are: Mrs. Huey Aylor, chairman; Miss Elizabeth Lowry and Mrs. Pete Stephens.

The next meeting of the County Post War Planning Committees will be held at 1:30 p. m., Tuesday, October 8th. All who have suggestions for improvement of these recommendations are invited to submit them at that time.

BRENT SPENCE IS CANDIDATE

FOR RE-NOMINATION TO CONGRESS—HAS SERVED FIFTH DISTRICT FOR PAST SIXTEEN YEARS.

Hon. Brent Spence, Ft. Thomas, makes his formal announcement to the voters of Boone County, as a candidate for renomination as representative in Congress from the Fifth District of Kentucky in this issue of The Recorder.

Mr. Spence has represented the Fifth District for the past sixteen years and is well known to the voters of this section. He has filled his position well, and has been constantly working for the best interest of his district.

Rep. Spence is well qualified for the position he seeks and has proven on this point during his term in the House. He has and now holds important places on various committees which has been of great assistance in serving his district efficiently.

Mr. Spence made his first successful race for the office of Congressman in 1930, and held this position since that time. Although his duties have been arduous and constant he hopes to visit the district in the near future.

He earnestly solicits the support of his many Boone County friends in the coming election to be held Saturday, August 3, 1946.

ANOTHER DEER HUNT EXPECTED NEXT YEAR

The Commission took definite steps toward big game hunting in our Commonwealth. Permission will be asked of the Bernheim Foundation to conduct another open deer season next winter in Bernheim Forest, the scene of Kentucky's first deer hunt last January.

A 13-day season is planned, from December 21 to January 2, inclusive, with hunting in Meade, Bullitt, Breckinridge, Hardin, Nelson and Spencer Counties as well as the Bernheim Forest Area. Hunting with dogs is approved as was the case during the past season.

The price of deer hunting permits will be reduced to $3, with an additional $2 tag required for each deer killed. Any profits realized from the hunt are ear-marked for the purchase of additional big game, White-Tailed Deer, for release in other game refuges over the State.

Four big game units are planned, the Pennyrile, Beaver Creek, Kentucky, Ridge Forest and Flatwoods area, and it is expected to have approximately $43,000 available, including Federal Aid Funds, for the development of these reserves.

Lt. Harry Holtzclaw, who has been discharged from the U. S. Army is spending a few days here this week, before returning with his family to their home near Lexington. He plans to resume his duties as instructor in the high school at Athens, Ky., this fall.

Highway Violations To Be Given Attention

Frankfort, Ky., June 14—Building encroachments, unsightly dumping and view-obstructing billboards on highway rights-of-way are to be given special attention by the legal staff of the Department of Highways, J. Stephen Watkins, Commissioner, said today. Official orders have been prepared directing that legal action be taken against violators who erect buildings and signs or dump trash on the property of the state.

"Increasing encroachments make this action necessary," Mr. Watkins said. "Besides obstructing many scenic views, signs and roadside stands present a dangerous traffic haard. If we are to have safe highways, the simple correction of such hazards will go a long way toward decreasing accidents. Reports in this and other highway departments have reflected the danger of permitting signs and buildings of this nature to obstruct the view around curves or in intersection corners.

"Efforts to bring tourists to Kentucky will fail unless we can prevent unsightly dumps and the signs which detract from the scenic advantages nature has provided. Rights-of-way, procured at considerable cost to state and county, must be reserved for the use intend. Definite penalties have been authoried by law, and these penalties are to be invoked.

"The Highway Patrol and the legal section of the Department of Highways are charged with the responsibility of preventing and correcting conditions of this sort."

100 Boys And Girls Receive Diplomas From Bible School

The Vacation Bible School closed last Thursday evening with more than 100 boys and girls receiving diplomas. The average attendance for the school was 100 with an offering of $33.64 to be used to defray expenses of Vacation Bible Schools in the mountains of Kentucky.

One hundred twenty-six students were enrolled; the largest, as well as the best school held to date in the Burlington church. A fine spirit of cooperation was shown by the workers and those furnishing transportation for the boys and girls.

At graduation exercises held last Thursday night certificates were presented the workers for their faithfulness.

Pond Demonstration To Be Held June 25

The Agricultural Extension and Soil Conservation Service offices will hold pond demonstrations on the farms of Joe Huey and Howard Bregel at 1:30 p. m. on Tuesday, June 25th, according to the County Agent's office.

Difficulty has been experienced in getting several ponds in the New Haven area to hold water. Mr. Earl Welch, specialist from the College, will demonstrate the use of Bentonite to seal the ponds. The first demonstration will be at the farm of Howard Bregel, starting at 1:30 p. m.

Florence Boy Struck By Car Near Home

Nelson (Buddy) Markesbery, Jr., youngest son of Mr. and Mrs. Nelson Markesbery was struck by an automobile near his home on Dixie Highway, Wednesday afternoon of last week. After a thorough examination by Dr. H. R. Daugherty and attaches of Booth Hospital, his injuries were pronounced as not serious and he was returned to his home.

YOUNG PEOPLE MEET

The Young People's Fellowship Group of the Richwood and Union Presbyterian Churches met at the Hopkin's residence June 16th. The program opened with a recording of the Lord's prayer. The scripture reading was followed by a discussion on smoking. The program was ended with a prayer and favorite records of Rev. Hopkins.

The next event was the business meeting. Each committee for the ice cream social gave an excellent report. Conference is still being discussed and four are going to Pioneer Conference for sure.

Twelve members were present at this meeting and all were delighted with refreshments of lemonade and cookies served by Mrs. Hopkins. For the time being, all meetings are to be held at the home of Rev. and Mrs. Hopkins every Sunday evening. To end an evening of fun, four more victims were initiated into our Royal Order of Simese Club.

THREE INJURED IN CRASH SAT.

NEAR GUNPOWDER BRIDGE ON U. S. 42—HIT-SKIP DRIVER ARRESTED NEAR WARSAW BY SHERIFF ROUSE AND POLICE.

Three Madison, Indiana youths were injured late Saturday in an accident on Highway 42, near Gunpowder Bridge, when a truck in which they were riding was forced off the highway by an Army truck and overturned.

The injured boys were Charles Chowning, possible internal injuries, shoulder and arm fractures; Charles Gionet, broken right arm and Charles Grooms, 19, lacerations about the face and head. All three were removed to St. Elizabeth Hospital, Covington in private ambulances, but Grooms was released after treatment.

Sheriff Irvin Rouse reported that Chowning, Gionet and Grooms were riding in the rear of a truck that was forced off the roadway by one of seven Army trucks in a convoy. The truck in which the three were riding upset as it left the highway, causing the cargo in the rear of the truck to fall upon them.

After arranging for care of the injured State Highway Patrolman Gordon and Sheriff Irvin Rouse started out in pursuit of the convoy. The trucks were stopped at Warsaw, but not being sure which of the seven civilian drivers was responsible for the accident, the officers compelled all of them to drive their trucks to Burlington, where one of the drivers, Donald Sebreel, Lansing, Mich., was identified by the injured youths as the driver of the vehicle that forced their truck off the highway.

Sebreel was charged with leaving the scene of an accident and reckless driving and placed in Burlington jail in default of $1000 bond after being arraigned in Judge Cropper's Court Saturday.

Three other youths who were riding in the cab of the truck in which the three were injured escaped injury, it was reported by Sheriff Rouse.

Occupational Licenses Due June 30, Says Clerk

State occupational licenses for sale of ice cream, soft drinks, tobacco, etc., expire June 30, 1946, according to C. D. Benson, County Court Clerk.

Persons operating businesses with above items for sale, are urged to renew their license on or before this date to avoid a 20 percent penalty.

Two Pieces Of Property Sold By Pat Coleman

Pat Coleman sold the former Hugh McArthur property located at Commissary Road and Burlington Pike to L. J. Budde, of Cincinnati, this week. This property consists of a 6-room house and one acre of ground.

Mr. Coleman also reported the sale of a 38-acre tract of land, adjoining his present farm, to George Boh. This tract consists only of land.

These sales were made by the owner.

IMPROVED UNIFORM INTERNATIONAL
SUNDAY SCHOOL Lesson

STRENGTHENING BONDS OF FELLOWSHIP

LESSON TEXT—Luke 22:14-20; John 17: 6-8, 20, 21.
MEMORY SELECTION—A new commandment I give unto you, That ye love one another; as I have loved you, that ye also love one another.—John 13:34.

Fellowship is a word which comes to its full meaning only in the relationship between the Lord and believers, which also brings them into just such a relationship with one another.

The Lord seeks his people and gives himself in friendship to them, even to the full devotion of death. Shall we do less for one another?

Our lesson presents four ways in which Christ fellowshiped with his disciples.

I. The Fellowship of the Passover (Luke 22:14-18).

It was late on Thursday, of what we call Holy Week, that Jesus and his disciples came to the upper room where Peter and John had already made preparation for the observance of the Passover (Luke 22:8).

This feast had (since that great and awful night of Israel's redemption out of Egypt's bondage) pointed forward to the Christ and to his cross as the fulfillment of the type of redemption by the shedding of blood.

Our Lord looked forward with intense desire to the Passover which he now observed with his disciples, for it was the last celebration of that feast recognized by God. All that it had foreshadowed of deliverance and hope was fulfilled in him who now sat at the table. He had moved forward with resolute purpose to this day when his mission on earth was to be accomplished, and he was to become the Christian's Passover lamb (I Cor. 5:7).

The Passover was a solemn feast of remembrance of God's deliverance from the bondage of Egypt, but it was now to be replaced by a new feast of remembrance of eternal significance. They went on into

II. The Fellowship of the Lord's Table (Luke 22:19, 20).

Taking the unleavened bread and the unfermented wine of the Passover which had just been observed, Jesus established the Christian feast of remembrance, which we call communion, or the Lord's table.

His words are significant, "For as often as ye eat this bread, and drink this cup, ye do show the Lord's death till he come" (I Cor. 11:26). At the Lord's table his followers find spiritual strength in recalling his death for them, but they also find joy as they remember that he is to come again. They thus testify to the world that they believe and cherish these truths.

Our Lord also spoke of the cup as "my blood of the new testament." The word "testament" means covenant. The Lord's table, therefore, speaks of our allegiance to him, of our loyalty to our Lord, and of our devotion to his service. That is why the Christian church speaks of communion as a sacrament, a word from the Latin sacramentum, meaning oath, and essentially an oath of allegiance.

III. The Fellowship of God's Word (John 17:6-8).

John gives us a blessed account of the fellowship of Jesus and his disciples in the upper room, and then takes us into what is indeed "the Holy of Holies" of Scripture, our Lord's intercessory prayer. Here "the High Priest of our profession" (Heb. 3:1) brings us into the very presence of God.

At the very beginning of his petitions for them and for us (see v. 20) he speaks of the word which the Father had given him and which he had given to them.

This little company of men had been given to Christ, drawn out of the evil world and set apart for God's work. But note that the thing which distinguished them in the eyes of the Lord was that they had "kept" the word of God, even as they had received the living word, Christ, as the one whom the Father had sent.

That kind of fellowship with the Lord makes a man strong and useful. Life and testimony both ring true because they exalt Christ.

IV. The Fellowship of Prayer (John 17:20, 21).

Christ prayed for his disciples, not only those immediately present, but all who should through the ages since that day believe in Christ because of their witness.

That puts each one of us, who is a true disciple, right into the center of the greatest prayer fellowship of all time. He, the eternal and omnipotent one, prays for us. Why then should we be weak and faltering in our testimony or have failures in our life? Can it be that we have failed to count on his prayer and have tried to walk in our own strength?

The prayer for unity (v. 21) does not speak of an outward uniting of religious bodies such as is much favored and promoted in our day. Certainly where such unity can be attained without the sacrifice of principle or compromise with false doctrine it is desirable. Real unity is that of the heart.

You can't fit a size 6½ hat on a size 7½ head

...and you can't get full-measure electric service from home wiring that's too small

The liveability of any home depends to a large extent upon its wiring system. It must be big enough for the job.

Wiring that is too small drops voltage and causes lights to dim and appliances to operate sluggishly . . . frequently results in blown fuses due to overloads. An insufficient number of branch circuits and outlets necessitates the use of unsightly, unsafe, extension cords and limits the use of additional appliances.

If you plan to build, buy or remodel a home, it will pay you to check the wiring system. Make sure it has the capacity to give you full-measure service for your chosen way of electrical living. Don't let yourself be handicapped by "skimpy" wiring.

What Is Adequate Wiring?

Adequate wiring simply means a service entrance large enough to bring in as much electricity as your home may need at any time, enough branch circuits of large enough wire to conduct a full measure of electrical energy to your lights and appliances, plus plenty of switches and outlets, properly located for maximum convenience.

PROGRESSIVE PLANNING MARKS ENDEAVORS OF FISH-GAME DEPARTMENT

Frankfort, Ky.—Progressive planning continues to marke the endeavors of Kentucky's Game and Fish Commission. More game and more fish for the sportsmen of today and tomorrow is their ultimate goal, which is borne out by plans adopted at the recent meeting of the body at Albany, Ky.

Notable was a resolution for the purchase of a 100-acre tract to be used for the construction of a mammoth consolidated fish hatchery—one that can produce more than a million fish a year for stocking State streams and lakes. Such a hatchery, probably consisting of 75 or more ponds, would effect a sharp reduction in expenses from the figure required to operate the six hatcheries and rearing stations now in existence. This however, does not mean abandonment of all of the present hatcheries. It is planned to retain the Glasgow and Williamsburg facilities, and probably expand the latter for more extensive production of Kentucky bass.

Tentative plans also include a hatchery for Walleyed Pike, which would be used for stocking deep impounded waters of the State. Since the Walleyes are hatched in jars rather than ponds, such hatchery would not represent a large outlay of funds.

LIGHTNING RODS PROTECT BUILDINGS

Properly installed lightning rods are real protection, says the Kentucky Agricultural Experiment Station. In fact, there is no record in Kentucky of a well-rodded building being struck by lightning.

Most of the 400 persons killed each year in the United States by lightning are killed on farms. "Lightning," says the Experiment Station, "tends to strike the highest point in the vicinity," which might be a barn, a tree or a man working in a field. Seek protection in a building on which are lightning rods, if possible. Fairly good protection may be had in a cave or depression or in a grove or woods of considerable size. Never seek a small grove or get under a single tree. Avoid metal objects such as fences and machinery during an electrical storm."

11,000 OAK TREES SELL FOR $126,500

The recent sale of half of the timber on a 150-acre tract in McLean county for $126,500 brought out the fact that lumber production is still highly important in Kentucky, says W. E. Jackson, extension forester for the State College of Agriculture and Home Economics.

The 11,000 trees, which were white oak, were sold at auction by George Bryant, living near Semiway, to the Medley Distillery at Owensboro for the manufacture of barrel staves. Fourteen to 40 inches in diameter, Mr. Jackson estimated they contained 850,000 board-feet of lumber.

Other trees on the 150 acres are mixed varieties. The total lumber in the whole tract, including the oaks sold, is estimated at 1,750,000 board feet.

HENS RETURN PROFIT

Farmers cooperating with county agents and the Kentucky College of Agriculture in demonstrating good poultry-raising methods reported 46 cents per hen income above cash expenses in March. This was the highest March profit in 10 years. Forty-two flocks containing 6,212 hens produced an average of 20.7 eggs per hen in March. The 10 highest laying flocks produced an average of 23.7 eggs per hen and the 10 lowest-laying flocks 17.6 eggs.

THE GARDEN

Second Gardens

By John S. Gardner, Kentucky College of Agriculture and Home Economics

Second gardens should include an abundance of beans for canning. U. S. Refugee No. 5, especially adapted for hot, dry weather, makes good bean harvests in August and September. Other good varieties are Shipp's Bush and Thousand-to-One (Refugee).

Seed potato purchases were reduced this spring. Some of the reduction was by market growers planting less, but there also may be a reduction in potatoes in home gardens. Gardeners who planted home-grown seed do not have their supply of potatoes assured since such seed often does not produce well. However, there is still time to prevent a winter potato shortage.

Now that northern states producing Green Mountain potatoes have finished planting, the extra potatoes will be shipped for table use. Kentucky will get some of these extra potatoes and at a lower price than the new potatoes of the Triumph and other varieties, and at just the right time for planting through June. Green Mountain potatoes do well, especially in the mountain counties. They are of good table quality and sometimes keep until the homegrown crop of Cobblers is ready the following spring.

While spring-sowed carrots are fine for storing, those produced from sowing in June are better, both for the table and for storing. The difficulty in having full stands of carrots sowed after spring weather is past generally comes from high temperature and lack of moisture. To avoid this injury, make a trench about 2 inches deep. Fill it with water twice. Sow the seed and cover with a sprinkling of fine soil and then with boards. At the first sign of seedlings remove the boards. Growth may be slow until fall rains come, but carrots keep growing until the weather becomes cold.

Second Gardens

Late cabbage is a second garden possibility, but not many gardeners succeed with it. One reason is that the cabbage worm has multiplied many times since spring, but rotenone will stop it. Another reason may be the disease, Yellows, not severe enough to show in the spring when soil moisture is abundant, but more serious during the dry season.

Many gardeners have learned that they can grow late cabbage successfully by using the disease-resistant sort, Wisconsin All Seasons, sowing two or three seeds in a hill, then thinning to one seedling where the heads are to stand. In this way the hazasd of hot and dry transplanting is removed.

Another hazard at this time is the fleabeetle, but prompt spraying or dusting with rotenone removes it. Sowing time is normally mid-June, but even July 1 sis not too late if these precautions are taken. Where the hills are to be, make a hole large enough to hold a pint of water. After that has settled, fill again with water, and when it has settled, fill with sifted soil. Sow the seed and cover it with a half-inch of sifted soil, then shade with a bit of shingle or a cone of newspaper until the seedlings emerge.

The last second garden crop of any importance is beets, replacing the early ones which become woody and unpalatable by fall. Sowing time is late June. The larger beets can be stored in boxes of earth in a cellar or boried in pits, and the smaller ones canner. Turnip-shaped sorts are best, and of these Detroit Dark Red is the most popular. Sometimes the seedlings need a bit of protection, such as rotenone and cryolite dust or spray, against the fleabeetle.

KENTUCKY TAKES TOP AWARDS AT TRI-STATE LAMB SHOW AND SALE

Kentucky boys and girls, competing with Indiana and Illinois, captured top honors in the 4-H club division of the annual Tri-State lamb show and sale at Evansville, Ind.

The champion lamb was owned by Joe Millikan, Lyon county 4-H boy. Weighing 105 pounds it sold for $2.20 a pound. Mary Rushing, also of Lyon county, had the reserve champion, a 90-pound lamb that sold for $1.25 a pound.

Tom Phillips of Simpson county had the champion pens of three and five lambs. The three sold for 32 cents a pound and the five for 26½ cents. James Rushing of Lyon county got 25½ cents a pound for his champion pen of 10 lambs.

In the ring of single lambs, Kentucky 4-H club members won in this order: Joe Millikan, Lyon county; Mary Rushing, Lyon county; Russell Bingham, Lyon county; Bobby Davis, Union county, and Tom Carter, Crittenden county.

On pens of three lambs, Kentucklans made the first five placings in this order: Tom Phillips, Simpson county; Joe Millikan, Lyon county; Mary Rushing, Lyon county; Owen Patterson, Ohio county, and Russell Bingham, Lyon county.

On pens of five lambs, Tom Phillips of Simpson county placed first; James Bennett and Jack Millikan of Lyon county, second and third, respectively; James Bates, Henderson county, fourth, and James Rushing, Lyon county, fifth.

James and Mary Rushing, Lyon county, placed first and second respectively on pens of 10 lambs; Barbara Van Fleet, Ohio county, third; Tom Phillips, Simpson county, fourth, and Bobby Davis, Union county, fifth.

BETTER RED CLOVER FROM ADAPTED SEED

The importance of using adapted seed was seen on the farm of L. W. Holland of Fountain Run in Monroe county, according to Farm Agent Justus L. Ellis. Mr. Holland had two seedings of red clover in the same field, one from home-grown seed and the other from seed he had purchased. The clover from the home-produced seed was not only six to eight inches taller than the other, but the stand was a third thicker. Mr. Holland saved 4,200 pounds of seed last fall, most of it being used in the county.

NITRATE BOOSTS TIMOTHY

Ben Hutchison of Adair county sowed 10 acres to timothy this spring. With the exception of a strip along one side the field received 80 pounds of ammonium nitrate to the acre. A few weeks after seeding the untreated strip could be picked out as far as the field could be seen, says County Agent R. B. Rankin.

"Little Charley" Realizes Ambition

A long standing ambition to become a bus operator, harbored in the heart of a youngster for 15 years, was finally realized on May 12 when Charles "Little Charley" Harmeling, May Street, Erlanger, became a full fledged member of the extra board at The Dixie Traction Company.

Fifteen years ago Dixie Traction officials were kept busy giving a seven-year-old kid the "bum's rush" from the garage. He was always under foot, peering under buses, handling tools, asking questions, but rebukes or harsh words made no impressions on "Little Charley." He would scamper off and return to his haunt in a very short time.

This process went on day after day, month after month and finally rounded into years. Dixie Traction bosses and mechanics alike threw up their hands. "Little Charley" became a permanent fixture around the garage, as much a part of the building as the front door. He was there when the early crew reported for work. He was there when they went home and even stayed to see the late workers report for work.

"Little Charley" finally ceased to be a nuisance. His months of observation taught him many things. He knew every operator, mechanic, cleaner, and boss by name—first and last. He memorized the schedules and could tell without a moment's hesitation, where Operator Jim or Bus No. 137 was, or was supposed to be, at any particular minute. According to "Pete" Keller and Bob Marston, "Little Charley" knew the schedules and runs better than some operators.

As the years rolled by "Little Charley" became more and more a permanent attachment. His home is only two doors from the Dixie Garage and he would dash home for lunch or supper and be back before he was missed. "Little Charley's" mother never worried about where he was—she knew. He was always at the garage, night and day.

During Charley's voluntary apprenticeship one phase of the transportation game always fascinated him. He never missed a road call day or night, cold or hot; he was on hand. When he was a kid he would hop a truck, go along for the ride and watch every move the mechanics made. He learned about motors and what makes them tick. Today he is a better-than-average mechanic.

One day "Little Charley" failed to show up at the garage. Inquiry revealed that he had taken a paying job on the railroad. There were no jobs open at the garage for him, but everyone at Dixie Traction wished there had been. They honestly missed him.

A short time later Uncle Sam sent greetings to "Little Charley" and he went off to war. He turned up in Europe, as one might have expected in the Transportation Corps. With the coming of V-E Day, "Pete" Keller received a letter from "Little Charley" in Europe asking for a job—a job driving a bus for the Dixie Traction Co. "Little Charley" got the job!

"Little Charley" isn't afraid of anyone chasing him away today—he's a "big boy" now, with a 6-foot, 200 pound frame.

Women play no part in 'Little Charley's' life. He is wed to his first and only love, which began years ago as a barefoot seven-year-old kid in the Dixie Garage—with buses, motors and mechanics.

ATTENDS CLUB CAMP

Miss Rachel Johnson, 4-H club member from Warren county, was selected to attend the Older Club Members' Conference at Jacksons' Mill Camp in West Virginia the week of June 17. This is the third year that a representative of Kentucky 4-H'ers has been invited to attend this event.

KENTABOO HOMEMAKERS

The Kentaboo Homemakers met with Mrs. Edith Gordon on Tuesday, with Mrs. Dan Hacker presiding.

A very interesting account on the Homemakers' Convention held in Lexington was given by Mrs. Arthur Coates.

Following lunch, Mrs. Dunlap gave the lesson on "Placing Furniture in the Proper Places." Those present were Mesdames Dan Hacker, Arthur Coates, Wendell Brown, Louis Cook, Ben Zinnermon, Wm. Schmidt, Edith Gordon and H. A. Mulroney, Jr.

Mrs. Clyde Arnold came with Mrs. Dunlap, both visiting homemakers.

We all miss Mrs. Virginia Davis. We hope to see her at our next meeting to be held on June 25th.

SLIGHT DROP IN POULTRY RETURNS

Despite high feed costs, returns from well-managed poultry flocks are only slightly below last year, according to a 10-year demonstration flock summary issued at the Kentucky College of Agriculture and Home Economics.

For April, owners of 26 flocks containing 3,633 hens reported an average of 46 cents income per hen above cash expenses. Last year's returns, the highest in 10 years, was 50 cents.

In a plea for better poultry housing, the college noted that a survey of over 1,000 well-managed flocks showed that nearly 80 percent of them had good houses.

VETCH AND RYE DO DOUBLE JOB

Columbus Ball, a McCreary County farmer, told County Agent George D. Corder how vetch and rye made a double crop by providing pasture and green manure to turn under.

He sowed 100 pounds of vetch seed and four bushels of balbo rye on two and three-tenths acres. On Feb. 24 he turned in six cattle and two horses. After 31 days of grazing there still was a big growth to plow under for corn.

5 EASY STEPS TO BETTER CREAM— BETTER BUTTER— BIGGER CREAM CHECKS

1 USE A NEW DE LAVAL SEPARATOR
A new De Laval Separator will skim cleaner . . . earn more . . . and cost less per year of use. It produces smoother textured cream, best for churning, uncontaminated and undiluted. Cream tests do not vary. In short, a new De Laval Separator will quickly pay for itself and earn additional profits for years to come.

2 KEEP COWS CLEAN
Clean milk and cream begin with clean cows. Keep the flanks clipped and wash teats, udder and flanks with a clean cloth and warm water just before each milking.

3 COOL CREAM PROPERLY
Cream should be cooled promptly. This can be done by mechanical refrigeration or by a simple, homemade cabinet type of cooler utilizing a continuous flow of cold water.

4 DELIVER CREAM IN GOOD CONDITION
Cream should be kept cool until delivered to the cream station or creamery. During warm weather covering the cream can with wet burlap will aid materially in keeping cream cool while being delivered.

5 WASH SEPARATOR AFTER EACH TIME USED . . . IN 2 MINUTES!
Your De Laval Separator should be washed immediately after each time it is used. With the "wetting agents" now available at grocery stores and creameries it can be done easily and thoroughly in 2 minutes. Because of its design and construction the De Laval Separator is easiest to wash.

Every effort is being made to improve the quality of cream delivered for buttermaking. Poor quality cream cannot make the best quality butter — nor yield the greatest profit to the cream producer. Gravity setting and water separation methods waste butterfat and yield poor quality cream.

Observance of the five simple steps outlined above will result in better cream, better butter . . . *and better income for you.* Why not talk it over with us today?

The Great Toe

N. TULCH

Foot Comfort Specialist at—

PEOPLE'S SHOE STORE

814-816 Madison. Covington

Do you know that the great toe supports the entire weight of the body for an instant, in the last act of walking.

The foot muscles acting upon the four lesser toes preserve the balance of the body by causing the toe to grip in the shoe and in the last act of walking to give the final spring, or "take off." By their attachment the toes flex at their first, (holongel) points and extend at their second and third joints, so that the ends of the toes are pressed upon and grip in standing so as to form powerful propelling levers as the body swings forward upon the toes.

Now, take off your shoes—and look at the bottom of your toes. In every case (there are few exceptions) you will see where the fleshy tissue on the bottom ends of the toes comes to a point, from being forced tight together and in many cases the toes themselves lap over one another. This is positive evidence of ill fitted and ill shaped shoes. This continued distortion of toes in many cases leads to bunions, Hommar toes and other toe defects.

Lack of balance will cause you to walk incorrectly and create strain in other parts of the body, inducing fatigue, pain and more misery, NOT ONLY in the feet, but even in the back of the neck and headaches. Resolve right now to correct this condition.

It costs you nothing for a thorough analysis of your foot problems and difficulties. Remember you can't be HAPPY with UNHAPPY FEET.—Adv.

SUGGESTS FARMERS PROVIDE MORE MEAT FOR OWN FAMILIES

With meat harder to get every day, the suggestion that farmers try to produce a better supply for their own tables, comes from Grady Sellards of the Kentucky College of Agriculture and Home Economics.

Just at this time of food scarcity, Sellards said more farmers should go back to the old-time practice of home-meat production. In other words he would have about every farmer raise a few hogs, a calf or two, some lambs and a lot of chickens for his own table.

"The farmer who does this will have the satisfaction of having meat on the table every day, while town people may be finding it difficult to buy any meat at all," said Sellards.

Since pork is such a good food, and can be made into so many kinds of products, and cures so well, Sellards puts first emphasis on more hogs for home-meat supplies. While grain is desirable to feed hogs, they can be raised on a variety of feeds, including alfalfa and clover, milk, buttermilk and waste scraps from the kitchen. Hogs allowed to run about the place may pick up a large part of their living, Sellards pointed out.

It was suggested that farmers form meat rings to provide a supply of fresh meat. Each member of a ring furnishes a fat animal to be slaughtered at a time mutually agreeable to all, and the carcass divided among all members.

Whatever the method used to provide more home meat, Sellards believes that farmers, as well as many families in small towns might well consider producing more of their own meat just at this time.

ALFALFA STAND GOOD

Estil Ballou of Adair county secured a good stand of alfalfa on a 12-acre field seeded in April. The land had been well limed and fertilized and seeded to barley last fall after the corn was cut. Although well disked in preparation for seeding alfalfa, much barley survived to be harvested for grain.

IN LOVING MEMORY

Of our beloved mother and grandmother, Emma Hempfling (nee Kottmeyer) who passed away June 13, 1945.

Sometimes a not of an old-fashioned song
Brings us a though of you,
Sometimes a note of an old-fashioned song,
Or a sky of azure blue,
Or a silver lining in the cloud
When the sunshine is passing through.
All to ourselves we think of you,
Think of the things you used to do
Thinks of the things you used to say,
Think of the things you used to
Sometimes we cry, sometimes we smile,
But we think of you all the while—
And while you sleep in peaceful sleep
Your memory we shall aways keep!

DEARBORN FAIR

In spite of the tremendous cost of harness racing today, the Dearborn County Fair, Lawrenceburg, Ind., will offer three afternoons, July 25, 26th and 27th of fine harness horse racing. The management feels that this is part of a complete County Fair and do this for your entertainment regardless of the cost involved. It's for you—why not enjoy it?

Isaac Wells and Harrison Stidham of Leslie county bedder more than 50 bushels of sweet potatoes for plants to sell.

Oats was seeded as a nurse crop to alfalfa, red clover, timothy, red-top and other grasses on many farms in Bell county.

THE BOONE COUNTY RECORDER

ESTABLISHED 1875

VOLUME 70 — BURLINGTON, KENTUCKY THURSDAY, JUNE 27, 1946 — NUMBER 27

$22,481 COLLECTED BY WOOL GROWERS

OF BOONE COUNTY. THURSDAY AND FRIDAY OF LAST WEEK—QUALITY OF CLIP WAS ONE OF BEST ON RECORD.

Two hundred eighty-seven Boone County farmers sold 42,301 pounds of wool for $22,481.45 on last Thursday and Friday, according to H. E. White, president of the county pool. Clear wool netted growers $53.50 per cwt. and rejection wool $43.50 per cwt. The clip was purchased by L. S. Dinkelspeil and Company of Louisville.

One hundred forty-four growers delivered 18,831 pounds of wool at Walton on the 20th and 144 growers delivered 23,470 pounds of wool at Burlington on the 21st. The total clip averaged 9 percent fewer pounds than last year. Clear wool represented 98 percent of the deliveries with rejection grades and unclassified grades represented 4 percent of the total clip. The rejection and unclassified wool included light burry, dead, fleece grown, hard burry and goats' wool.

The quality of the clip was one of the best on record and was delivered in excellent condition.

PETERSBURG AND CONSTANCE WIN

OVER BOONE COUNTY LEAGUE LEADERS SATURDAY — PETERSBURG AND WALTON SUFFER DEFEAT.

Constance upset Burlington 7-6, while Petersburg was defeating Belleview 8-5 in games played Saturday in the Boone County League.

In the Burlington and Constance game, Burlington was leading 6-4 until the ninth inning when Constance scored three runs to take the lead on singles by Schneider and Marshall, a double by Miller and Goodridge's triple. Burlington threatened in the last half of the ninth, having runners on second and third with two out, but were unable to score.

Gene Jones was on the mound for the winners, allowing ten hits, while Roscoe "The Nipper" Akins hurled brilliantly for the Burlington nine until that fatal ninth inning.

Schneider led the attack for the winners with three hits, while C. Benson obtained four safeties for the losers.

Burlington will travel to Belleview, while Constance will play Petersburg at the latter's park in Saturday's games. The game at Belleview will decide the league leadership and the game at Petersburg should be a closely contested battle.

Semipro League

Fort Thomas Florists defeated the Boone County All-Stars of Petersburg by a score of 15-3 in the Northern Kentucky Semipro League. The florists collected 17 hits from the Petersburg nine on the losers grounds.

Anderson Restaurant nine eked out a 5-3 victory over Walton Sunday on the Walton grounds. Elmo Steffen was on the hill for the winners allowing eight hits, while Breeden allowed only seven hits, striking out eight.

Utopia Club Entertained With Weiner Roast Thurs.

Thirty-seven Utopia Club members spent an enjoyable evening at the home of Sterling and Alberta Dickey on Thursday evening, June 20. A weiner roast and other refreshments were held on their lawn and later in the evening music and songs were held in the house. All left spending an enjoyable evening.

Next month's meeting will be held at the fair grounds on July 25, at 8:30 p. m. The business meeting will be on making more plans for the fair. A corn roast will be held later in the evening.

The fair catalogues go to press this week and will be out in a few days. The fair will be held on Saturday, August 17th. The Utopia Club plans to make this fair the biggest and best yet.

Mr. and Mrs. Harold Burton and daughter, Brenda visited Mr. and Mrs. James R. Huey and sons this past week at Morristown, Tenn., near the Smokies. Mr. Burton and Mr. Huey spent some time fishing in the lakes nearby.

4-H CLUB MEMBERS PLAN COUNTY FAIR

ALL MEMBERS ELIGIBLE TO COMPETE AND URGED TO ENTER AS MANY EXHIBITS AS POSSIBLE.

Club members in Boone County are planning a large exhibit of projects this year according to Bill Davis, Assistant County Agent. All club members are eligible to compete and are urged to enter as many exhibits as possible.

Agricultural exhibits include dairy, sheep, swine, garden, tobacco, poultry. Home Economic exhibits will include clothing, foods, canning and room improvement. Club members should start now to prepare their livestock entries for the fair. Finishing livestock for show requires a great many hours of work and care.

Projects are being inspected on the club tours that started on June 25. Tours for this week include: Petersburg, June 27 and Florence, June 28. Project record book should be up to date on the day of the tour.

Mrs. Lucy Northcutt

Mrs. Lucy Northcutt, 69, passed away at her home in Florence, Wednesday after a long illness.

She is survived by her husband, Bernard E. Northcutt; two daughters, Mrs. Roland and Mrs. Margaret Feagon, Louisville; a sister, Mrs. Maggie Glacken, Florence; a brother, Robert Robinson, Walton and four grandchildren.

Funeral services were conducted at the Hopeful Lutheran Church Saturday at 3:00 p. m. Burial was in Hopeful Cemetery.

The W. Ralph Stith funeral home of Florence was in charge of arrangements.

Whitaker Operates Dipping Service

John C. Whitaker, of Bullittsville, has leased the Boone County Farm Bureau Sheep Dipping vat and will start operation on July 1st of a farm-to-farm dipping service. This service will offer local farmers a much needed service in the control of external parasites including lice, mites, ticks and scab in their flocks according to the County Agents' office.

Fifty-one farmers owning 2,409 sheep requested the past week their flocks be dipped. The service is being offered all farmers at 12½ cents per head with a 2½-cent per head discount to Farm Bureau members. The service will take the sheep at the chute, and furnish all equipment, dip, and labor for taking the sheep through the vat. Farmers using this service in the past estimate at least 10 percent more wool and more healthy sheep and lambs secured when their flocks are dipped.

The operator must dip at least 300 head per day in farm to farm operations to supply the service at low cost. The County Agent's office at Burlington is assisting the operator in routing the vat. Farmers wanting their sheep dipped are urged to call either the County Agent's office or John C. Whitaker, Burlington, R. 1, or phone Hebron 364. It will not be practical to back track the equipment and sheepmen are requested to list their flocks at the earliest possible date.

DETAILED PLANS FOR CONVENTION

OF AMERICAN LEGION RELEASED BY ED F. JACOBS—JULY 7 TO 10 WILL BE DATE AT LEXINGTON, KY.

Lexington, Ky.—Detailed plans for the first post war convention of the Kentucky Department of the American Legion which will be held July 7 to 10 in Lexington, were released by Ed F. Jacobs, president of the convention corporation.

With several hundred reservations already filed at Man O' War Post headquarters, the convention hosts are anticipating the largest turnout in Kentucky Legion history. Arrangements have already been made by the housing committee under Vertner F. Slade to take care of all Legionnaires who write in for room reservations. Hotels and private homes have been lined up to take care of the visiting veterans.

According to President Jacobs a special invitation has been extended to veterans of World War II, most of whom will be attending their first Legion conclave. Particularly welcome will be father and son combinations representing both wars.

Prior to the regular convention program which begins with a joint session of the Legion and Auxiliary at at 9:30 Monday morning at the University of Kentucky gymnasium, there will be the customary 40 and 8 convention. There will begin with a "wreck" and parade Saturday night, July 6, and will continue with business sessions Sunday morning at the Phoenix Hotel.

The three-day program will be highlighted by an aerial demonstration to be put on by the 477th Composite Group stationed at Lockbourne Army Air Base, Columbus, Ohio, at 4 p. m. Tuesday. The 477th, made up of P-47 Thunderbolts and B-25 Mitchells, will put on a full scale fighter show over the Bluegrass airfield, followed by a low level bombing and strafing attack by the versatile B-25's, the AAF's "Jack of All Raids." Veterans of both theatres of war will man the planes.

Following the airshow, a burgoo supper will be held at Keeneland race course, directly across the from the field.

The time-honored Legion Parade will be held at 2 p. m. Monday, with a drum and bugle corps exhibition and fireworks show Monday night at Stoll Field. The Commanders' Ball will follow at Joyland Park.

A public dance featuring the music of Ted Florito and his band will be held Tuesday night at Joyland.

Election of officers and the closing sessions will be held Wednesday.

Oscar Huey Ryle

Services for Oscar Huey Ryle, widley known Boone county farmer and large landowner, were held at the Big Bone Baptist Church at 2 p. m. Tuesday with burial in the Big Bone Cemetery.

Mr. Ryle, who was 48, died Saturday at St. Elizabeth Hospital following an illness of one month. He was a member of the Big Bone Baptist Church and the Modern Woodmen of America. His home was near Union.

He leaves his widow, Mrs. Alyene Clemons Ryle; three sons, Robert, Cincinnati; Eldon, Burlington, and Floyd, California; his parents, Mr. and Mrs. Marcus Ryle, Union, and a brother, B. H. Ryle, Cincinnati.

Engagement Announced

Mr. and Mrs. Richard V. Lancaster of Shelfar, Va., announce the engagement of their daughter, Nell Cosby, to Mr. James M. Hart, son of Mr. and Mrs. James E. Hart, of Hebron.

Miss Lancaster is a graduate of Folra Mac Donald College, Red Springs, N. C. Mr. Hart is a graduate of Eastern Kentucky State, Richmond, Ky. and is associated with his father in the coffee business in Cincinnati. The wedding will be an event of the late summer.

Mr. James A. Huey, of Union was a guest of Lee Cropper and family last Friday. While here Mr. Huey called at this office and had his subscription renewed. He stated that the paper had been coming to his home since the first issue in 1875. Mr. Huey said that if he lives until June 29 he will have been married 65 years.

Price Increase Authorized For Tobacco Sticks

The shortage of tobacco sticks in Kentucky should be relieved by an increase in prices effective today, the OPA District Office said in announcing the increase (the first since August, 1944).

The new ceilings for the manufacture, f. o. b. mill, are $20.00 per thousand for 1"x1"x52" or 54"; $15.00 per thousand for ¾"x1"x52" or 54". Retail dealers or distributors who are not manufacturers are permitted to add $4.00 per thousand to the manufacturer's price.

Atha-Reed

Miss Wilma Atha, daughter of Mrs. Myrtle Atha of Burlington and Mr. William Donald Reed, son of Mr. and Mrs. C. E. Reed, of Williamstown were married at the home of Rev. R. A. Johnson in Covington last Friday afternoon.

The attendants were Mr. and Mrs. Nelson Poston.

The bride wore a white dress and carried roses. The bridesmaid wore light blue with white accesories and carried a bouquet of gardenias.

The bride is a graduate of Burlington high school of the class of 1944 and was formerly employed by the H. & S. Pogue Co., of Cincinnati.

Mr. Reed is a returned veteran of World War II, who recently returned from overseas duty. At present he is employed by the Trisdell Electric Co., of Covington. They plan to reside in the home of the bride's mother for the present.

The Recorder joins their many friends in wishing them happiness through life together.

Local Boy To Take Part In Atomic Test

Bernard W. Stephens, seaman, second class, Petersburg, Ky., is serving aboard the USS Blue Ridge, an amphibious command ship which will take part in the coming atomic bomb tests in Bikini Atoll.

The Blue Ridge will carry observers during the tests.

HIGH SCHOOL CONSOLIDATION

RECOMMENDED BY BOONE POST WAR PLANNING COMMITTEE—NEXT COUNTY MEETING SET FOR OCTOBER 8TH.

The Boone County Post War Planning Committee on schools has recommended the consolidation of high schools in the county and a larger curriculum be offered in these schools. This is the fourteenth Post War Planning Committee report.

The report of the committee is as follows:

1. Have two large high schools in central locations.
2. Have curriculums that will afford suitable courses for either college or non-college students.
3. Have more consideration for healthful recreation, under the direction of a trained physical director.
4. We see a need for a Junior College in Northern Kentucky.
5. Have music taught in schools.
6. Provide better opportunities for school teachers.

To obtain these goals, we submit the following recommendations:

1. We urge cooperation of fiscal court and school board to abolish dead-end roads, in order to facilitate better transportation service.
2. We urge more general use of gymnasiums for lower grades.
3. We urge our school officials to cooperate with other school representatives of Northern Kentucky.
4. We urge the employment of a musical supervisor.
5. We urge higher salaries for school superintendents and teachers.
6. We urge the people to think of high schools more for what they offer than where they are located.

We realize the things that we have recommended concern a program of long-time planning but are definite goals we can be working on now. Respectfully submitted, R. C. Lutes, chairman, Mrs. Stanley Ransom, Mrs. A. L. Pfalzgraf.

The next county meeting of the Post War Planning Committee will be held on Tuesday, October 8th, 1:30 p. m. at Burlington. If you have suggestions to offer this committee or any other committees, submit them to the respective committees or at the next general meeting.

APPLICATIONS TO BE FILED JULY 1

FOR DAIRY SUBSIDY PAYMENT ON MILK AND BUTTERFAT PRODUCED DURING MONTH OF APRIL.

Application for the dairy subsidy payment should be made at the Boone County A. C. office, starting July 1, 1946 for all milk and butterfat produced through April, May and June 1946. Producers have until August 31, 1946 to file for this payment. No official announcement has been made that the Dairy Subsidy Payment will be continued after June 30, 1946.

The rates of payment for this period for milk sold during April is 60 cents per hundredweight and for that sold during May and June 45 cents per hundredweight. The rate for butterfat sold during April is 17 cents per pound, and that for May and June 15 cents per pound.

Official announcement has been received that the Sheep and Lamb and Beef Subsidy will end June 30, 1946. Producers who have sold sheep and lambs before June 30 have 60 days in which to file their application for the subsidy payment after the date of sale. The same is true with reference to the filing of applications for the Beef Subsidy Payment.

The rate of payment for sheep and lambs sold during May and June is $2.00 per hundredweight on lambs weighing 65 to 90 pounds; and $2.65 per hundredweight for lambs weighing over 90 pounds. The payment on lambs weighing under 65 pounds and on sheep is $1.00 per hundredweight.

The payment rate for beef cattle weighing 800 pounds or more and selling for $14.55 per hundredweight or more is 50 cents per hundredweight. There is no subsidy payment unless Beef Cattle meet these requirements as to weight and price.

Grandson Of Local Citizen Commissioned In Maritime Service

Del Shepherd, 534 California St., Bellflower, Calif., grandson of Mr. and Mrs. R. Williamson of this county, was commissioned ensign in the U. S. Maritime Service in graduation ceremonies at Alameda, California on April 22, 1946.

Ensign Shepherd also received a license as a Third Asst. Engineer in the U. S. Merchant Marine. He will be assigned to a merchant vessel delivering the goods to American occupation men overseas. Captain Malcolm E. Crossman, USMS, is Superintendent of the School.

Ensign Shepherd is a graduate of Excelsior Union High School and of the U. S. Maritime Service Training School at Avalon, Calif. He has served with the U. S. Merchant Marine for 2 years and 7 months and has ribbons for Philippine Invasion and Pacific war zone. He also has the combat bar having been bombed in the Leyte invasion.

Ensign Shepherd is the 20-year-old son of Mr. and Mrs. J. Shepherd, Salinas, Calif.

Red Cross Nursing Classes To Be Organized At Walton By Nurse

The Wa-Na Womans' Club, Walton, had a called meeting Monday, June 24, at the home of Mrs. Clayton Jones, to meet with Boone County Home Nursing group for the purpose of organizing classes for this group as well as other interested Walton women. Anyone desiring to take the new six-lesson course in Home Nursing will please contact Mrs. Clayton Jones or Mrs. Wright, president of the club.

Mrs. J. C. Aylor, enrolled Red Cross Nurse and nurse advisor on County nursing, Mrs. Vernon, Pope, chairman of county committee and Miss Elizabeth C. Lowry, instructor, represented the County Red Cross Home Nursing to meet with this group and discuss plans for organization and required equipment. Teaching of this new course takes considerable equipment and quite a set up, therefore, it is hoped that several classes including Walton, Verona and vicinity may be taught between now and time for county schools to open.

The Wa-Na Womans' Club gave the County Committee quite an inspiration with their interest, enthusiasm and business like way of doing things.

Mrs. Jones served delightful refreshments and an interesting social hour was enjoyed by all.

Methodists Enjoying 4-Day Camp This Week

Methodist churches throughout Northern Kentucky are represented at the Christian Adventure Camp which opened Monday for four days at Camp Ernst, near Burlington.

Rev. W. E. Garriott, pastor of Erlanger Methodist Church, is acting as camp dean. Other officers are Gerald Munday, Erlanger, President; Werner Sensel, Newport, Vice President; Frances Ruddell, Ludlow, Secretary, and Jerry Tritsch, Covington, Treasurer.

Serving on the teaching staff are Miss Mary E. Plow, Bedford high school teacher; Rev. John L. Ewing, Kentucky Conference minister; Miss Katherine Berry, Erlanger high school teacher; Miss Thelma Hardesty, Asbury College student, and Rev. Fred Sanders pastor of Salem Methodist Church, Newport.

The camp is held annually under auspicies of the Covington District of Methodist Churches.

Louis Hitzfield and Sons sold a bunch of early lambs June 11th which averaged 90 lbs. each and brought the top market price of $18.50 per hundred.

HOME CANNING WEEK JULY 15-22

SET UP DEPARTMENT OF AGRICULTURE—WILL SERVE AS BEGINNING OF INTENSIVE FOOD PRESERVATION EFFORTS.

The Department of Agriculture announced today the designation of the week of July 15 to 22 as National Home Food Preservation Week. This week will focus attention on the necessity for home canning and preservation of food supplies for the coming winter months at a time when food supplies are badly needed throughout the world. It will serve as the beginning of intensive food preservation efforts throughout the summer and fall months in Boone County.

Home food preservation not only will increase supplies for American families, but it also will help release those foods that are particularly adapted for shipment to famine areas abroad.

During the war years Victory Gardens produced over 8 million tons of food annually and our housewives preserved 3½ billion quarts of fruits and vegetables yearly during the same period. In view of the world-wide food shortage, the need for repeating and even exceeding these accomplishments is greater now than it was then. Record crops of home grown and commercially produced vegetables and fruits are available and everyone is urged to take advantage of these supplies. Peaches, especially, are plentiful throughout the country and easily adapted for "putting up."

Actively cooperating in this program will be various consumer and trade groups, the President's Famine Emergency Committee, the National Garden Institute, the National Red Cross, and various other interested public and private groups.

Commenting on the need for every type of home food preservation by American homemakers, Secretary Anderson said:

"The war years are behind. In front of us is the task of retooling for peace.

"The immediate problem that faces a war-torn world is food. Food spells rest instead of foment. Food spells rest instead of foment. It is the obligation of every American to conserve and to preserve this precious food. In this way we assure our own people a better diet, as well as help the famine stricken of the world.

"That is why I am appealing to the women of America for a repeat performance of their war food preservation record. This week from July 15 to 22 has been designated as Home Food Preservation Week to emphasize the importance of home canning and preservation of food this year. This week, of course, is only the inauguration of the real program ahead. For after this week of spade-word and education comes the constant performance through autumn that should result in making this year the greatest season of home food preservation in history.

"I need not repeat the urgency of this job. The demands for food are unprecedented. But the women of America know how to meet emergencies. They've known since pioneer days. And I'm sure they will come through with flying colors."

CONSTRUCTION WORK STARTED

ON NEW ROAD FROM CAMP ERNST—DISTANCE OF TWO AND ONE-HALF MILES TO BE GRADED.

Construction work is now in progress on a new road beginning at Camp Ernst and continuing south a distance of 2½ miles to the Hathway Road, Judge C. L. Cropper announced Monday morning.

Judge Cropper stated that the road is now under construction, and grading work will be completed in the near future. This new road will be of great benefit to many citizens in that section of the county, linking that section with Burlington via Camp Ernst Road.

Three other highways in the county will be resurfaced during the summer months, Judge Cropper stated. They are the Burlington-Belleview Road, resurfaced with blacktop material from Burlington to Belleview; Petersburg-Hebron Road, from Hebron to Petersburg, blacktop construction; and the Dry Creek Bridge road by way of Taylorsport, with the same type construction as the above.

Work is expected to be started on these projects within the next three weeks, according to Judge Cropper.

Two Given Fines On Improper Driving Count

Two men drew fines in Judge C. L. Cropper's court Monday morning when arraigned on improper driving charges.

Edward W. Lett, of Covington was fined $10.00 and costs. He was arrested by Patrolmen Gordon and Simms.

Luther Maxwell of near Walton, was fined on two charges of improper driving, being arrested June 16th by Patrolmen Simms and Gordon, and on June 17th by Sheriff E. [illegible] Maxwell was fined $10.00 and costs on the first charge and $20.00 and costs on the second charge.

Boone County Girl Graduates From Holmes High School

Miss Ruth Sleet was one of 274 students who received their diplomas at the commencement exercises at Holmes high school, Covington, Ky., on June 18, 1946.

She is a niece of Mr. and Mrs. George W. Baker, Walton, Ky.

FIFTY HOMES TO BE ERECTED

IN NEW FLORENCE SUBDIVISION CONSISTING OF FOURTEEN ACRES—HOMES TO BE CONSTRUCTED OF MASONRY.

A fourteen-acre tract of ground on Route 25 in Florence, Ky., is to be the site of a new G. I. subdivision. Mr. John Delahunty negotiated the sale of this property to the Brown-Kirby Construction Co. This company is ready to start construction on fifty homes on this tract.

These homes are to be constructed of masonry and are to have reinforced concrete floors within which radiant heat pipes will be imbedded. This hot water heating system, fired by gas, is far superior to other heating systems in that it keeps all floors warm and dry, as well as keeping temperatures at an even level at all times.

A variety of architectural designs will be offered. These homes in general will be five or six room single homes. Some two family homes probably will be included.

Since this type of construction eliminates the extensive use of lumber, this building [illegible] will not meet the delay that has retarded other G. I. building projects.

Mrs. Winnie Vaughn

Funeral services for Mrs. Winnie Vaughn, a former resident of Erlanger were held at the Tallaferro funeral home, Erlanger, at 2:30 p. m. Thursday. Burial was in the Florence Cemetery.

Mrs. Vaughn, who was 72 died Sunday at her home in Lakeland, Fla., where she had resided [illegible] 15 years.

She is survived by two brothers, Harry and Will Holmes, both of Erlanger and several nieces and nephews.

JESUS' FRIENDS CARRY ON HIS WORK

LESSON TEXT—Mark 16:15, 16, 19, 20; Luke 24:46-49; Acts 1:46, 47; 2:42.
MEMORY SELECTION—Go ye into all the world, and preach the gospel to every creature.—Mark 16:15.

Friendship brings results. We respond to it with our own interest, and by our desire to bring others into its helpful circle of influence. Obviously, the man who knows the friendship of Jesus wants others to meet his Friend and know his love and power.

The disciples had seen the risen Lord, a privilege which carried with it the responsibility of declaring the good news of completed redemption to all the nations of the earth.

We find them engaged in

I. Blessed Preaching (Mark 16: 15, 16, 19, 20).

The call and commission of the Lord before he was caught up into heaven was clear and definite. How glad we are that the disciples obeyed, went and preached, and had such blessed results.

The response of these early Christians was immediate and enthusiastic. Would that such a spirit had characterized the church through all the generations since then, and if it had, the commission would long since have been carried out. It has been estimated that if everyone in a church of two thousand were to win one soul a year, and each convert win one soul each year, the world would be evangelized in less than thirty-five years. Why not?

But while on the whole the church has failed, there have been valiant souls all down through its history who have given themselves to the business of preaching the gospel. With them, as with those of the first century, the secret is ever, "The Lord working with them."

II. Powerful Witnessing (Luke 24: 45-49).

The death and resurrection of Christ made possible the preaching of repentance and remission of sins, the message of redemption which was to go out to all nations through the disciples.

They were witnesses of these things, they spoke that which they knew and had experienced, and so their word carried weight and conviction. That, however, was not the secret of the success of their efforts; there was something more.

It is never enough for a man to speak of the things of God, no matter how brilliant and eloquent he may be, nor how certain he may be of his facts. He must have the power of God.

The early believers were to tarry until they received the Holy Spirit. We need only yield to him for he is present with every believer—the indwelling One—ready to empower and use us.

We need a real revival of the Holy Spirit power in the church, and we need it now. If the church as a whole will not yield to God, let us do so as individuals that we may be witnesses with power.

God is looking for men. He has always honored those who in faith have obeyed his command. The whole history of church and missionary endeavor bears eloquent testimony to that fact.

III. Glad Soul-Winning (Acts 2:46, 47; 5:42).

There are a number of things in this passage. There is the fine fellowship of the believers in the early church. We also note that they were regular in their attendance at the temple. They preached and taught both in the temple and at home. But the significant thing which we wish to note now is that it all resulted in the salvation of souls.

The Lord added to the church "day by day those that were saved," for such is the proper reading of verse 47. Day by day souls were won for Christ and added to the church. Why do we not have more churches of that kind today?

The church, which is so much the center of life for Christians, is not as well understood as it should be. We have come to regard it as just one organization among many competing for the attention and interest of men, when it is really a divine, living organism established by Christ as his body and representing him in this world.

The church is made up of those who are saved (v. 47), those who have received the word by faith and witnessed a good confession of their faith in Christ (v. 41). This is a fact to be remembered in a time when there is so much laxness in receiving members into the church. It is not a religious or social club. It is not a rallying place for those who wish to work for some economic, political, or social project. It is not a gathering of good people who wish to share common interests.

The church needs to cleanse its rolls of all unbelievers, all hangers-on, and to get back to the purity which it had when only those were received who were manifestly "added" by the Lord (v. 47).

TROUT FISHING OPENED IN KENTUCKY JUNE 22

Frankfort, Ky.—Trout fishing was opened to Kentucky anglers at daylight on Sunday, June 22, according to an anouncement by the Fisheries Department of the Division of Game and Fish. Big Clear Creek, located in Kentucky Ridge State Forest near Pineville, is the first stream stocked with brook trout for this experimental season. Approximately 1800 adult fish were stocked in the creek earlier this month.

Another 2000 trout will be released in Eastern Kentucky streams before the end of June in continuation of the program to determine the advisability of propagating this species for regular stocking projects.

Trout released are all adult and of legal size. Bag limit is 6 and the possesion limit twice that figure. Fishing is open to anyone holding a regular fishing license. Catches must be reported at checking stations along the streams in order to keep an accurate account of the experiment.

SIMPSON MEN HAVE HUGE EWE RETURNS

Information furnished Farm Agent Woodrow Coots by five Simpson county farmers who raised sheep showed they had a gross income of $20.51 to $27 per ewe, or an average of $23.42. The wool yield averaged 8.7 pounds, or $4.60. The average number of lambs per ewe was 1.28, with an average weight of 93.5 pounds.

That sheep raising can be profitable when good practices are followed, such as the use of phenothiaine and pasture rotation to control parasites, good mutton type rams and small grain pasture as winter feed, was pointed out by Mr. Coots.

FLORENCE HOMEMAKERS

The Florence Homemakers met with Mrs. Sarah Markesbery on Lloyd Ave., Friday, June 21. There were 35 present. After the business meeting in the morning a delicious luncheon was served. In the afternoon two members told the club how to bake with the new flour and demonstrated four of the new pressure cookers.

BULLITTSVILLE HOMEMAKERS

The B. H. C. had a most enjoyable day in the home of Mrs. Geo. Kreylich and daughter Martha, on Thursday, June 20. Eleven members and six guests were present. The guests were Mrs. Graddy, Mrs. Kelly, Miss Lowry, Mrs. Meyer, Mrs. Pope and Miss Huey. The president presided and opened the morning session with our club collect. Since this was a meal planning lesson day we were escorted to the kitchen to watch the steps taken in roll making with the new flour. They were made by Mrs. V. E. Ware and were really delicious. We also saw a demonstration of a pressure kettle by Mrs. Huey Aylor. The new peas cooked were very good and their fresh green color was certainly attractive and added to their eating enjoyment.

After a covered dish luncheon, we had our regular business session and reports. Officers for the next year were selected at this time. They are: Mrs. A. L. Pfalzgraf, president, Mrs. Chester Grant vice president and Mrs. William Hill, secretary-treasurer.

The club is planning an educational tour for sometime this summer. Plans will be announced later, since we have no regular meeting until September.

We want our neighborhood to know that our paper drive was a success and we thank them one and all for their hearty cooperation, and especially Mr. Sam Roberts, who hauled it to Covington free of charge. We received $9.80 for it. Paper is continuing to come in, for which we are also grateful.

We are all looking forward to another happy year together. Visitors and new members are always welcome. Are you a club member? Why not?

AGREEMENT REACHED

A reciprocal agreement between the Kentucky Division of Game and Fish and the same agency of the State of Tennessee has been reached concerning fishing and hunting privileges on Kentucky Lake and Dale Hollow Lake. Each of these impoundments contains water within the boundaries of both states.

The agreement went into effect at the same time as Kentucky's new Game and Fish Laws, on June 19, according to the announcement made today by Earl Wallace, Director of the Kentucky Division. Tennessee was represented in the negotiations by its Game and Fish Director, Hal Buntain.

Regular fishing and duck hunting licenses of both states will be honored on Kentucky Lake between the Eggner's Ferry Bridge in Kentucky to the Dover-Paris Bridge on Highway 76 in Tennessee. Warning signs will be posted at these bounds to inform sportsmen that appropriate licenses of both states will be honored on Kentucky Lake between the Eggner's Ferry Bridge in Kentucky to the Dover-Paris Bridge on Highway 76 in Tennessee. Warning signs will be posted at these bounds to inform sportsmen that appropriate licenses of that state are required beyond such limited.

The Wolfe River arm of water will be the only neutral area on the Dale Hollow reservoir and the limits relative to both states also will be posted there. In other words Kentuckians may fish and hunt on Wolfe River in addition to as much of Dale Hollow as lies within our boundary line.

JESSAMINE BOY WINS 4-H TOBACCO HONORS

Seven-tenths of an acre that produced 1,360 pounds selling for $718.60 won for Avan Bradsaw, Jr., 18-year-old Jessamine county boy, the Kentucky 4-H club tobacco growing championship.

Four hundred and twenty pounds brought an average of 58 cents a pound and the whole crop averaged $52.86 a hundred.

Since enrolling in 4-H club work, young Bradshaw has carried the poultry, tobacco, corn, dairy, sheep and labor service projects, and has taken in a total of $2,134.94.

CANNING SUPPLIES EASIER TO OBTAIN

With home canning as important as at any time during the war, housewives will find the task easier this year because of greater canning supplies, note specialists at the Kentucky College of Agriculture and Home Economics. With the need so great for food in the world, every housewife will want to put up her family's share.

There will be little difficulty in getting either a pressure canner or waterbath canner, as aluminum and enamelware are in good supply. Jars and tops are ample, and rubber rings are of better quality than during the war years. Glass jars will be plentiful, although tin for can continues to be scarce.

About 5,000 acres of rye-vetch mixture will be harvested for seed in Logan county, where the crop is said to be excellent.

James and Fred Thompson, war Veterans in Metcalfe county, are raising 200 brood-breasted turkey poults, the first in the county.

Prospects for a wheat crop in Warren county are the poorest in 10 years, due to rust and the Hessian fly.

The Chaplin Homemakers' Club in Nelson county raised $54 for the cancer drive.

MRS. GRAVES ENTERTAINS

Mrs. William Graves entertained the girls of her high school graduating class of '39 at an informal tea Tuesday afternoon. Those who attended were Miss Mary Lou Lucy, of New York; Mrs. Charles Mahorney, of Ludlow; Miss Glenrose Williams, of Burlington; Mrs. Charles E. Peel, Mrs. Elmer Pitts, Mrs. Robert Rouse, Mrs. George Casper, Jr., Mrs. Robert Cave, all of Hebron.

Three girls of the class were unable to be present. They were Mrs. Duncan Huey, of Richmond, Mrs. Rena Mae Grant, of Covington and the hostess' sister, Mrs. Walter Melvin, Jr., of Newberryport, Mass.

Others present were the girls' high school English instructor Miss Mary Bess Cropper, Mrs. Sibbia Reimer and Mrs. Edgar Graves.

ICE CREAM SOCIAL SUCCESS

The ice cream social which was sponsored by the young people Friday night, was definitely a success. The reason is obvious, as we made $15.06 profit. More ideas for making money for our little organization were mentioned.

The worship section of our meeting was conducted by Mr. Hopkins who read the 31st chapter of Isaiah and led the group in prayer. Many good points were brought out in a discussion on sin.

After several games were played a contest was held. Very tricky questions were asked and naturally the girls won over the boys by a score of nine to eight. You can imagine us jumping rope in the dark with a white handkerchief tied to the rope—well, that's exactly what we did! Those who were crazy enough to try it are: Allen Slayback, Martha Fogel, Babe Kenney, Jackie Faegen. Tom Matson Huey, Ruth Coe, Mary Scott, Ann Howard, Ralph Merrill, Junior Merrill, Oatney Scott, Kathleen Kenney, Rev. and Mrs. Hopkins and a cousin of Mrs. Hopkins. Everyone was still safe as we had our friendship prayer as a signal for "lights out."

Ruth Coe, Babe Kenney, Jackie Raegen and Harris Carpenter left Monday for conference at K. M. I., Louisville, Ky.

—Publicity Chairman.

KENTUCKY LIVESTOCK DROP IN THREE YEARS

Discussing the feed situation, the Kentucky College of Agriculture and Home Economics notes that Kentucky livestock numbers are down 12 percent compared with the year 1943.

On Jan. 1, this year, compared with the same date in 1943, there were one percent less milk cows on Kentucky farms, 3 percent less other cattle, 21 percent less hogs, 6 percent less horses, 14 percent less mules, 7 percent less chickens and 26 percent less sheep and lambs.

LESS PAPER WORK WILL BE REQUIRED OF RETURNING VETERANS

Less paper work will be required of schools and colleges next fall in qualifying returning veteran-students for payment of G. I. subsistence allotments again, Harry W. Farmer, Regional Manager, Veterans Administration announced today.

Schools will have to fill out only one form when the veteran arrives to resume his education under the Servicemen's Readjustment Act (G. I. Bill).

This form, considerably simplified since last fall, no longer contains such technical questions as the cost of the course, the probable cost of books and similar queries, none of which directly concerns the veteran's subsistence allowance.

Mr. Farmer said schools can fill out the new form in a few minutes and that it will be the only instrument required by VA to resume subsistence payments to veterans.

The form soon will be available in VA regional offices throughout the country for distribution to educational institutions in each region.

Mr. Farmer emphasized that prompt handling of the forms by the schools and colleges next fall will prevent delays in the payment of veterans' allowances.

Pastor Commends Church

East Bend Baptist Church is a small church that is doing more than any church in North Bend Association according to the size of membership.

The church is giving 10 percent of its income to missions. It has sent the pastor to the mountains of Kentucky for two weeks of mission work the past 2 years and is supporting full time work.

The church has accumulated quite a sum of money in the treasure without setting up a building fund and is going to redecorate the church both inside and out. In addition to all of this it has given the pastor an increase in salary which was highly appreciated.

Now, for the first time in the history of the church we are having a Vacation Bible School. The school will begin on the first day of July at nine o'clock and continue to 11:00. Parents, have your children ready by 8:30. There will be cars on all roads to pick up the children. There will be a worker in the Bible School who has worked in the mountains of Kentucky. Miss Decker is a capable worker that loves the Lord.

"We look forward to seeing your child in the Bible School, Rev. Carl Wainscott, pastor said.

Superintendents Urges Passage Of Federal Aid Bill

Passage of the Federal Aid School Bill in its present form was urged in resolutions adopted unanimously by the Kentucky County School Superintendents' Conference held in Franfort, last Thursday.

Director of the Division of Federal Relations, D. B. Martin explained that it would give Kentucky $8,000,000 the first year, $10,000,000 the second and $13,000,000 annually thereafter.

It was explained that the resolution specified approval of the bill as now drawn because it involved no Federal control over schools.

The resolutions, offered by E. B. Whalin of Raceland and seconded by several others, said the Kentucky group was "very appreciative of the fact that our entire Congressional delegation is favorable" to the bill.

Local Boy Stationed With Army Near Leghorn, Italy

Leghorn, Italy—Pvt. Earl B. Kittle, son of Mr. and Mrs. Albert L. Kittle, of Burlington, R. 1, has been assigned to the 681st Port Company, 364th Port Battalion, a unit of the Peninsular Base Section, the Army Service Force in Italy.

PBS served and supplied Fifth Army and the ground crews of the U. S. Air Force and Navy during the entire Italian campaign. The base is commanded by Brigadier General Frances H. Oxx.

After arrival in Naples Port, Pvt. Kittle was transported to the 7th Replacement Depot for processing according to Army skill and civilian specialty. At the depot, he was provided with bed and mattress, adequate blankets and Post Exchange supplies in buildings of the "college" area in Ganoli. Within thirty-six hours he boarded coach trains to Leghorn. Enroute here, the train stopped at Rome where a hot meal was served. At Grosseto, almost mid-way between Rome and Leghorn, coffee and doughnuts were provided in a railroad station club of the American Red Cross. Upon arrival at Leghorn, the soldier went to the 1st Staging Area to be transported to his assigned unit in the near vicinity.

Peninsular Base Section has a record of uninterrupted service in this theater extending over years. Advance echelons arrived with combat units invading North Africa in November 1942. After ten months in support of the North African and Sicilian campaigns, selected personnel of these Army Service Force Headquarters and units were organized into the present Base Section for movement to Italy. Again an advance echelon sailed with the invasion convoy, landing D plus 2 at Salerno.

PBS rehabilitated the ports of Naples, Anzio, Civitavechio, Piombino and Leghorn in support of Fifth's Army drive up the Italian peninsula. PBS also played a major part in the mounting of the Southern France invasion.

Pvt. Kittle attended a job as a farmer, prior to his entry into the Army on June 15th, 1943. He took basic training at Camp Blanding, Fla., before coming overseas.

CORN WORTH $2.25 WHEN FED TO HOGS

Farm Agent C. V. Bryan of Taylor county relates how S. V. Kessler of the Pleasant Hill community got $2.25 a bushel for corn fed to hogs. Mr. Kessler weighed 34 registered Poland-China hogs which averaged 201 pounds. Then the corn and other feed given them was carefully weighed. In 13 days they had eaten 71 bushels of corn, 100 pounds of tankage and had access to rye and vetch pasture, resulting in a gain of 1,120 pounds. For each 100 pounds of gain, they had eaten six and a fourth bushels of corn and nine pounds of tankage. The hogs were figured at ceiling prices.

VERONA

Mrs. Elmer Riffet spent several days last week with her parents, Mr and Mrs. J. B. Lamn and other relatives and friends, her son, Ronnie and friends who had been attending Bible School accompanied her home.

The Bible School graduation was Friday, we had a fine Bible School with a large enrollment. We are very grateful to Bro. and Mrs. Childers and all who helped to make the Bible a little more familiar to the children of our community.

Ronnie Kennady spent the week with his grandparents, Mr. and Mrs. J. C. Kennady and Ben.

THE GARDEN

By John S. Gardner, Kentucky College of Agriculture and Home Economics

Late Potatoes

Early potatoes are now being dug and an estimate can be made as to whether there will be enough to last through the winter. However, under the best conditions it is the nature of the early varieties to start sprouting soon after Christmas, and a late crop is needed to fill in. Here are three possibilities.

Several weeks ago, Green Mountain was named here, northern growers' surplus now being offered as tablestock. These potatoes may be recognized by their cream-colored sprouts. Planting time is until July 4.

Another is the "July potato" that many farmers use for planting until July 15. Still another is Irish Cobbler, utilizing seed that has been held in cold storage, and planting from July 15 to August 1.

The usually hot and dry season that late potatoes undergo makes several special treatments necessary. The land should have been broken before the spring rains quit, and it should be disked and dragged three or four times to hold all the moisture possible. Planting early potatoes and the fertilizer should be three inches deeper than should be placed as deeply as possible, to put the roots in moist soil. Also, this makes level cultivation possible, an advantage to dry weather. The seed pieces should be somewhat larger than for the early crop and they should be corked over, as a safeguard against moisture being sucked out by dry soil. Treatment of the seed for scab, important always, is essential for the late crop, as hot, dry weather promotes scab.

These and other details of potato growing are fully discussed in Kentucky Extension Circular No. 302, a copy of which may be obtained from county agents or from the Experiment Station, Lexington.

COMMITTEE PLANS BETTER PRODUCTION

The long-time program of the Boone county planning committee includes growing an acre of alfalfa per cow and a comparable acreage for sheep. Pastures also are to be improved, so less grain will be needed.

Fertility is to be improved so corn yields will average 45 bushels and tobacco 1,500 pounds to the acre. Land is to be fenced for its best use, and adequate water provided for livestock and for homes.

County Agent H. R. Forkner quotes a farmer as saying, "If the farm makes money, it is good reasoning to put back some income to improve the machine rather than to let it wear out."

In Perry county, 1,800 packages of garden seed and 260 pounds of sweet corn seed were distributed among 4-H club members

MOVING KITCHEN RACK SAVES MILES ON HOOF

Thirty-five miles a year is the distance Mrs. Neal Quirey of Union county estimates she saved herself after she moved a dish towel rack nearer the kitchen sink. Then she added more shelves to her cabinets, and bins to the cupboard doors, thus placing every article within reach without having to move another.

In a long-time home improvement plan worked out with the assistance of Miss Ida C. Bingman of the Kentucky College of Agriculture and Home Economics, the Quireys removed a partition to make a 15 by 24 foot living room and refinished the red pine floors. They plan to convert a pantry into a laundry equipped with an electric water heater and other conveniences.

Just Let Me Tell You A Few Facts About Walking, So You'll Realize Just How Much It Can Do For You

N. TULCH
Foot Comfort Specialist at—
PEOPLE'S SHOE STORE
814-816 Madison. Covington

The normal heart, you know, beats about seventy-two times a minute and pumps about six ounces of blood with each beat. Now, in fast walking, or at the rate of four miles an hour—(which is how fast you should walk to do you some good)—you'll find the normal heart will INCREASE its beat ten times to the minute, pumping six ounces of blood at each beat, gives sixty ounces per minute or 3600 an hour, which is 225 pounds. You can easily see that 225 ADDITIONAL pounds of blood pumped DAILY through your veins means just that much more life to your whole body.

There's no use of my telling you to get out and walk if you are having trouble with your feet, because I know you won't do it. BUT—if I tell you how to get rid of those aching, paining feet, first—then there's nothing to keep you from walking every day and benefitting your health by this wonderful exercise.

It has also been found that millions suffer without knowing the reason why—those headaches, those leg pains, and even sleepless nights may be caused by the shoes you are wearing.—Adv.

Is your home wiring system big enough for its job?

The amount of electricity that a wire can conduct is limited by the size of the wire, just as the amount of water a pipe can carry is limited by the size of the pipe.

Wiring that is too small drops voltage and causes lights to dim and appliances to operate sluggishly . . . frequently results in blown fuses due to overloads. An insufficient number of branch circuits and outlets necessitates the use of unsightly, unsafe extension cords and limits the use of additional appliances.

If you plan to build, buy or remodel a home, it will pay you to insist on Adequate Wiring. Make sure you have enough circuits of large enough capacity to permit you to enjoy full measure electrical living. Don't let yourself be handicapped by "skimpy" wiring.

What is adequate wiring?

ADEQUATE WIRING SERVES SAVES

Adequate wiring simply means a service entrance large enough to bring in as much electricity as your home may need at any time, enough branch circuits of large enough wire to conduct a full measure of electrical energy to your lights and appliances, plus plenty of outlets and switches, properly located. Adequate wiring is the key to better electrical living.

Report of the cemetery directors:

To whom it may concern:

The directors of the five directors of the endowment fund of the Hopeful Cemetery give the following report in an effort to show how they stand.

Disbursements:

A. H. Smith	$ 74.10
John Taggart	74.10
A. H. Smith	21.45
John Taggart	21.45
A. H. Smith	22.10
John Taggart	22.10
Conrad Hardware	26.50
Total	$261.80

Income from the endowment fund to date this year $87.50.

Used out of old general fund $174.30.

The above disbursements represent the cost of cleaning the lots to the first of June. This represents 362 hours of labor at 65c per hour.

The directors hope that those who are interested in the cemetery because of loved ones buried there will, after observing the condition of the cemetery as it was kept up to the first of June, and as it is now due to lack of funds to continue the improvement program will contact them and contribute to the endowment fund. They cannot carry on the work that has been appointed to them by the Hopeful Council unless those who are interested do their part in building the fund to a self-supporting basis. The cemetery can be improved and kept clean only so far as the interested people make it possible. Fulfill your good intentions now in order that they will have the tools to work with.

VOLUME 71 — BURLINGTON, KENTUCKY, THURSDAY, JULY 4, 1946 — NUMBER 1

BURLINGTON TAKES LEAD IN CO. LEAGUE

AS RESULT OF SATURDAY GAME—PETERSBURG WINS OVER CONSTANCE 9-8—WALTON AND PETERSBURG WIN SUNDAY.

Burlington took the lead in the Boone County League Saturday by defeating Belleview 4-3 on the loser's park.

The game was a clean, well-played contest on the part of both teams, with each team having only one error.

Burlington opened the scoring in the first inning by tallying one run on Smith's double and Sebree's single, but Belleview came back to tie the score in their half of the inning on Burlington's only error, a single by W. Rogers and H. Rogers' fly to center field.

Burlington scored three more in the third inning on singles by Galley, Smith, A. Clore and Sebree. That proved to be enough runs to win for Burlington, although Belleview came within one run of knotting the count in the seventh inning when they scored two runs on singles by Stephens, B. Williamson, H. Rogers and H. Ryle.

Galley was on the mound for Burlington, giving up eight hits in gaining his seventh victory of the season as against two defeats, while Jay Ryle handled the hurling chores for the losers allowing thirteen hits. Smith and C. Benson each had three safeties for the winners, while Stephens and B. Williamson had two hits each for the losers.

We were unable to obtain anything other than the score in the Petersburg and Constance game. Petersburg was the winner by a 9-8 score.

Saturday's games will find Burlington playing Petersburg on the latter's park with Constance traveling to Belleview.

Doubleheader Thursday

Burlington will play the Boone County All-Stars in a holiday doubleheader at Petersburg, Thursday. First game will get under way at one o'clock. Come out and see what promises to be two good ball games. The All-Stars have a strong team and are near the top in the Northern Kentucky Semipro League.

Walton-Petersburg Win Sunday

Petersburg defeated the Rank and File nine Sunday by a 5-4 count at Petersburg in a ten inning game. Deck was on the hill for the winners, allowing seven hits, while his teammates collected 10 hits off the offerings of Giltner, the losing pitcher.

Walton trounced the Becks Supper club by a score 10-1 on the winners' grounds Sunday. Dick Swim, on the hill for Walton, never was in trouble, limited the visitors to four hits, fanning 12. Nine hits were collected by the Walton nine from the offerings of Thoeney and Klayer.

Wool Sells $53.61 CWT.

The Boone County Wool Pool sold for $53.61 instead of $63.50 per cwt. for clear wool, according to H. E. White, president of the pool. The last week's announcement of sale, through error, announced the lower figure as the sale price.

HEAVY FINE GIVEN MICHIGAN DRIVER

ON CHARGE OF LEAVING SCENE OF ACCIDENT AND RECKLESS DRIVING CHARGE—FIGURED IN ACCIDENT ON U. S. 42.

Donald W. Sebrell, Lansing Mich., arraigned in Judge C. L. Cropper's court last week was fined on two charges. He was charged with leaving the scene of an accident and reckless driving.

Sebrell was arrested by Sheriff Irvin Rouse and Highway Patrolman Robert Gordon, after crowding a truck off U. S. 42, near Gunpowder bridge, which overturned injuring three Madison, Ind., youths.

Sebrell was chased to Warsaw by Sheriff Rouse and Gordon before being apprehended. He was returned to Burlington and placed in jail to await trial.

Sebrell was fined $100.00 and costs on the charge of leaving the scene of an accident, and $75.00 and costs on the charge of reckless driving.

Damages filed against Sebrell by the injured youths and owner of the damaged truck were being settled by Sebrell's insurance company, according to Judge Cropper.

Specialist Demonstrates Preparation Of Poultry For Locker-Freezer

Preparation of poultry for the locker-freezer plant will be demonstrated by Jim Humphrey, poultry specialist, on Friday, July 12th at 2:00 p. m. at the Burlington Locker Plant, according to Mary Hood Gillaspie, Home Demonstration Agent.

The demonstration will be open to the public and all are invited to attend. The locker plant offers new opportunities in food preservation. Proper preparation of these foods is necessary if quality is to be secured.

Bluestone Recommended To Kill Pond Moss

Pond moss is covering many farm reservoirs and in the worst cases may cause lack of air in the water to the point where fish may suffer, according to H. R. Forkner, County Agent. The most effective treatment for destroying the moss is bluestone. Many farmers are successful in raking the moss off the water by hand. The disadvantage of the bluestone treatment is that it may destroy some of the beneficial miscroscopic plant life on which feed.

The bluestone treatment recommended by the Experiment Station is as follows: Copper sulfate, commonly known as bluestone, is used in large ponds for the control of algae. This material is used at the rate of 8 pounds to a million gallons of water. At this strength it appears harmless to fishes and livestock. A greater concentration is not recommended.

In applying it, first calculate the amount required for the pond. To do this, determine the surface area. If it is circular measure the radius in feet, square it and multiply by 3.1416; If it is rectangular multiply the length by the breadth in feet). Multiply the surface area by the average depth of water and finally multiply this figure by 7½ to find the number of gallons to be treated.

The proper amount of bluestone is then placed in a gunny sack and dragged through the pond, either by the use of a boat or a rope handled by a man on each side of the pond. The dragging process should be one looking toward the even distribution of the material through the water. To accomplish this, the sack is drawn in lanes, perhaps 3 or 4 feet wide, and then cross with the same procedure to the opposite sides of the pond. When finished, the lanes would resemble the lines on graph paper.

If the algae or "moss" has secured a strong foothold, two or three treatments at about seven-day intervals are recommended. Later these treatments may be reduced to periods of three weeks or longer. You will be guided in the later treatments by the reappearance of the algae."

Gilpin-Zimmermon

Miss Kathryn Gilpin, daughter of Mr. and Mrs. Arthur Gilpin, of near Union and Robert Zimmermon, son of Mr. and Mrs. N. A. Zimmermon were united in marriage at 4 p. m. on Saturday by Rev. Beach in a very impressive ceremony at the Union Baptist Church. Attendants were Mr. and Mrs. Bruce Cason.

The bride, who is a graduate of New Haven high school, was attired in a yellow street-length dress with matching hat and wore a corsage of gardenias. Mrs. Cason wore navy blue with a corsage of white carnations.

The groom, who has recently been discharged from military duty served Uncle Sam in the states several months and was also on duty in the European theater a year.

At the conclusion of the ceremony a reception was held at the Swan on Dixie Highway. This happy couple is planning to reside in Erlanger.

We join their friends in extending felicitations as they embark on the sea of matrimony.

NEW LIGHTING SYSTEM INSTALLED BY PIKE'S

Pike's Store, 36 Pike Street, Covington, has just installed a new fluorescent system of lighting. So far as The Recorder reporter has observed, this progressive store is the first in Covington to make such an inovation. There are ten large lights, so constructed that each casts a natural soft light on the merchandise on display. This is an improvement that customers will appreciate.

NEW RECRUITS ARE NEEDED

IN HOME FOOD PRESERVATION PROGRAM — FARM FAMILIES URGED TO CAN, FREEZE AND STORE.

New recruits are needed in Boone County and over the entire United States to reach this year's goal: To preserve more food than ever before at home in order to meet unprecedented demands for food. The only way farm families can be sure of having enough food next winter is to can, preserve and store as much as possible this summer and fall.

Each home in Boone should be thinking about doing some canning and storing, according to Mary Hood Gillaspie, Home Demonstration Agent. The homemaker needs to remember:

1. Make your garden serve you all year.

2. When markets feature abundant supplies of locally-grown, good quality produce, suitable for home preservation, take advantage of the opportunity to build up food stocks for next winter.

3. Lay in supplies of containers and equipment early, to enable manufacturers to gage demand.

4. Conserve your sugar for canning purposes. Follow the wartime rule of a pound of sugar to 4 quarts of finished fruit. Sugar for canning is being made available this year through the validation of two special stamps in Ration Book No. 4 (and in the special ration books now being issued to veterans and infants and as replacements for last books). First of the two stamps (Spare Stamp 9) was validated on March 11 and can be used for purchase of 5 pounds of sugar through October 31. Current information on the validation of sugar stamps will be available in grocery stores, in the papers, and on the radio. Consumers should budget carefully the use of sugar made available by these two stamps, because supplies are still short.

5. Use only safe, tested methods, backed by scientific research. Take no chances on accidents, spoilage, unnecessary loss of food value. Study methods recommended for different foods; get competent advice. Consider freezing, pickling, brining, drying, and storing, as well as canning, for different types of produce.

Bulletins on home canning of fruits and vegetables may be obtained from the Home and County Agent's office.

Covington Army Office Will Serve 12 Counties

The Covington office for Army recruiting will be located henceforth in Room 30 of the Covington Postoffice Building, Capt. Guy D. Jones, Commanding Officer, announced. It will serve 12 counties in Northern Kentucky: Boone, Bracken, Campbell, Carroll, Fleming, Gallatin, Grant, Kenton, Mason, Owen, Pendleton and Robertson.

The Covington recruiting station will be a part of the Kentucky Military Area with headquarters in Louisville. For the convenience of men in the eastern part of the territory served from Covington, a subsidiary office has been established in the Maysville Postoffice.

Captain Jones's staff of an officer and 12 enlisted men includes four whose homes are in Northern Kentucky.

The Recorder office will be closed all day Thursday, July 4th as will other business places such as banks, post offices and the courthouse.

Our paper goes to press Tuesday evening instead of Wednesday morning, and should reach our subscribers Wednesday instead of Thursday.

Robert C. Kleinhans

Funeral services for Robert C. Kleinhans, 74-year-old Boone County resident were held at the Ralph Stith funeral home, Florence at 2:30 Sunday afternoon, with burial in the Florence Cemetery.

Mr. Kleinhans died Wednesday at his home near Waterloo. He had retired as an ice and coal dealer in Cincinnati, after being in business there for more than 50 years. He was a native of this county.

He is survived by his widow Mrs. Rose Kleinhans; a son, Frank Kleinhans, Cincinnati; a daughter Miss Ruth Kleinhans, Cincinnati; three sisters, Mrs. Isabelle Butler, Chicago, and Miss Susan Kleinhans and Mrs. Harry P. Soule, both of New York City.

W. Ralph Stith, Florence funeral director was in charge of arrangements.

Mrs. Evelyn Johnson

Funeral services for Mrs. Evelyn Johnson, 51-year-old former resident of Covington, were held at the Petersburg, Ky., Christian Church at 2 p. m. Monday. Burial was in the Petersburg Cemetery.

Mrs. Johnson died Friday at Booth Hospital following a short illness. She made her home in Petersburg and was a member of the Ladies' Auxiliary of the Lawrenceburg, Ind., American Legion Post.

She is survived by her husband, James Johnson; two sons, Richard and James Johnson; a daughter, Miss Mary Elizabeth Johnson all of Petersburg; her mother, Mrs. Miranda Shaper, Covington; two sisters, Mrs. Elizabeth Hallom, Covington and Mrs. Marie Hay, Ft. Thomas, and two brothers, Audrey, Covington and Wallace Gillespie, Dayton.

Mrs. Mary E. Zumbiel

Funeral services for Mrs. Mary E. Zumbiel, a pioneer resident of Erlanger were conducted at 8:30 Wednesday morning from her residence, 439 Commonwealth Ave. Burial was in St. Mary Cemetery, Fort Mitchell.

Mrs. Zumbiel had lived in Erlanger 58 years. She died at her home Sunday.

She is survived by three sons, William and John Zumbiel, Erlanger and James Zumbiel, Detroit, and a daughter, Mrs. Clifford Miller, Ft. Mitchell.

Phillip Tallaferro Erlanger funeral director was in charge of arrangements.

Burlington Boy Receives Discharge At Ft. Bragg

Sgt. Calvin Cress, Jr., was honorably discharged from the U. S. Army June 25 at Fort Bragg, N. C., after serving twenty-three months with the armed forces, four of which were spent overseas in France, Austria and Germany.

Sgt. Cress was attached to the 97th Chemical War Bn. He holds the Combat Infantry Badge, E. T. O., Good Conduct, Victory and Occupational Ribbons.

Prior to entering the service, he was employed in the shop of his father Calvin Cress, Sr. He received his basic training at Camp Blanding, Fla.

Mrs. Louise Leslie, of Long Beach, California is spending several days with Mrs. Anna Gaines and son, Virgil.

NUMBER 1 MARKS BEGINNING OF 71ST YEAR OF RECORDER

This issue marks the beginning of The Recorder's 71st year. Although we have not been editor of this paper during this entire period, it gives us much satisfaction to know that it has weathered the storms during all these years and has made reasonable progress.

At the beginning of our 71st year we wish to thank those of the present and past, who have made it possible for this paper to prosper during its seventy years' existence. Without your support the paper could not have survived.

There are several subscribers on our lists today, who state they have received the paper constantly since its first issue.

It is our earnest desire to serve the people of Boone County and to give them the best weekly newspaper possible.

Again we say, "thank you" for your splendid support in the past and hope that we will continue to merit your support in the future.

DRIVERS' LICENSE BEING ISSUED

BY CIRCUIT COURT CLERK—ONE CHANGE MADE IN REQUIREMENT TO OBTAIN LICENSES.

The Circuit Clerk's office of Boone County announces that the 1946-47 Operators' Licenses are ready to be issued to the public.

It is important to note that there has been one change in the requirement to obtain licenses this year, and that is every holder of a license must appear in person to obtain their new license. This is pursuant to Kentucky Revised Statutes Section 186.460, sub-section 5, enacted at the 1946 session of the General Assembly, and as required by the Department of Revenue. The purpose of this requirement is to make a new application for each license holder, and note any changes that have occurred since the original application was made, and thus bring the file system up to date.

Persons who have never had an operators' license are required to take the new driver's examination given by the State Highway patrol. This examination is given every other Monday, (every two weeks—next examination will be July 8th.)

Persons under 18 years of age must be accompanied by their father to obtain their license.

The fee for the license is the same as years past, $1.00.

A. D. Yelton, the clerk announces that he will be, or will have a deputy, in the various towns of the County on dates to be announced later for the purpose of selling licenses.

2-4-D Injures Garden Crops

The weed killer, 2-4-D, is giving effective results in killing most of the broad leaf weeds. Two cases of injury to garden crops were reported the past week, according to H. R. Forkner, County Agent.

Joe and Lawrence Peeno of Bullittsville sprayed 2-4-D over a quarter acre of green onions to kill the weeds. The more mature weeds were killed but most onions on which the bulbs had begun to enlarge were severely injured. Those green onions that were planted later and had not reached this stage were not injured and weer making excellent growth.

Louis and LeRoy Dolwick, of Constance reported severe injury to carrots where the carrots were half grown. Both weeds and carrots were killed.

The 2-4-D harmone spray is a selective weed killer and has been used effectively to kill weeds and not injure certain narrow leaf plants including carrots. However, the experience of local growers indicate it should be used in the garden with great caution. The spray equipment should be washed out with kerosene and soapy water before being used for other spraying purposes. It is reported as non-poisonous to humans, animals or fish and will have many important economic values in weed control. It kills the plants at the roots which make it one of the most effective kills.

BURLINGTON W. M. S.

The Burlington Baptist W. M. S. will meet at the church Wednesday, July 10th at 2:30 p. m. for its regular monthly business and program meeting. All ladies of the church are urged to attend.

The quarterly meeting of the W. M. U. of North Bend Association will be held at Bethel Grove, July 11. Let's have a good representation there.

Cattle Breeders Sponsor Jersey-Holstein Show

Boone County Jersey and Holstein breeders are sponsoring a $150 adult class dairy show at the fourteenth annual 4-H and Utopia Club Fair to be held on August 17. The classes are open to all Boone County owners of dairy cattle.

This is the first year for a county Holstein show and the second year for the Jersey show. The premium money on the Jersey show is also being increased.

Fish And Game Club Meeting Called Off

The Boone County Fish and Game Protective Association meeting scheduled for Thursday night of this week has been called off, according to Frank Maurer, president. The meeting was called off due to the shortage of meat for preparing refreshments, and lack of business to be brought before the members.

The next regular meeting will be held at the club house on Thursday, August 1st Mr. Maurer announced.

Real Estate Transactions

Joseph A. Hogan traded his farm of 146 acres near Bullittsburg Church to R. P. Coleman for Mr. Coleman's 61-acre farm on Highway 18, 1½ miles from Florence.

John Woods sold his house and 1 acre of land overlooking the Ohio River at Rabbit Hash, to Amos McLaughlin of Dayton, Ky. This is known as the Doctor Cowen property.

Ryle Brothers sold their store property and stock of goods at Rabbit Hash to Mrs. C. W. Craig and son, W. J. Craig. The purchasers will operate this store in connection with their present store at this place as soon as transfers can be made.

Wilford Dixon sold 18¾ acres on which there is located an 8-room brick house, 3 miles out on East Bend Road, to Mr. and Mrs. Edwin W. Evans, of Bullittsville.

These transactions were handled through A. B. Renaker last week.

Fair Grounds Lake Stocked With Fish

The Boone County 4-H and Utopia Club fair grounds lake was stocked with lake catfish on June 20th and river cats on June 28th. Several good catches are being made since the above dates.

The lake is open to commercial fishing. Season tickets are $1.00 per day with special rates on season tickets and cards good for ten fishings.

BIRTHDAY DINNER

The many friends and relatives gathered at the home of Mr. and Mrs. Alfred Robbins to celebrate the birthdays of little Brenda Kay and Donna Robbins with a large basket dinner.

Those who enjoyed the occasion were Mr. and Mrs. Albert Robbins and daughter, Mr. and Mrs. Bob Snyder, of Florence; Mr. and Mrs. Charlie Burris, of Burlington; Mr. and Mrs. Will Snyder, Mr. and Mrs. Ralph Coppage and family, of Union, Mrs. Chester Sturgeon and daughter, of Florence, Mr. and Mrs. Era Beach and Shelby Jean Atha of Napoleon; Mr. and Mrs. Ross Atha of Verona; Mrs. Agnes Atha and sons, Delbert Doolin of Big Bone; Miss Maude Atha and Anna K. Sutton, of Covington; and Mr. R. R. Robbins and sons, of Patriot, Ind.

Afternoon callers were Mr. and Mrs. Willis Berkshire, Dick Ryan, and Ward Rice, of Walton and Mr. and Mrs. Alfred Robbins and daughter of Big Bone.

All left wishing Donna and Brenda Kay many more happy birthdays. The two little girls received many beautiful and useful gifts.

FLORENCE P.-T. A.

The Florence P.-T. A. will meet for covered dish luncheon at 11:00 a. m. Thursday, July 11 with Mrs. Margaret Hopper of Lloyd Ave., being hostess.

The business meeting will convene at 1:30 with Mrs. Willis Schneider presiding. All members are urged to attend.

Alyce Blackburn, Reporter

4-H Tours In Progress

The annual tours of the Boone County 4-H Clubs began last week. A day was set aside for each club in the county in order for each club member to be visited by the agents to check on their projects.

The four clubs who took tours last week were Grant, 28 members; Hebron, 58 members; Petersburg, 29 members; and Florence, 34 members. Projects were found to be very good this year and members were showing much interest in their work. According to Jane Gudgell, Assistant Home Demonstration Agent, there is great need for more members to take canning as a project. This year more than ever before we will need to preserve our home produced foods.

Four-H members and agents on the tours met at noon for a picnic lunch after which a business meeting was held to elect the adult 4-H Club delegates for next year.

WILLIAM H. McFARLAND TAKES OFFICE RESIGNED BY D. H. NORRIS—FORMER SUPERINTENDENT OF BULLITT CO.

William H. McFarland, officially took office as Superintendent of Boone County Schools, Monday morning, July 1st. He was selected as superintendent by the board members at a meeting held Saturday, May 25th.

Mr. McFarland is well qualified for the position, having served as superintendent of Bullitt County schools for a period of eight years. He has spent the past four years in the U. S. Army, entering service as a Private and was discharged as a Captain.

Mr. McFarland is well acquainted with school work having served as principal of the Mt. Washington school from 1930-1934 and served as coach and teacher in Taylorsville high school, Taylorsville, N. C., from 1927 to 1929.

He is a graduate of Owensboro high school, Western State Teachers' College, majoring in Educational Administration, first minor social science and second minor mathematics.

Mr. McFarland was selected as superintendent after the resignation of D. H. Norris, who was compelled to resign the post due to ill health.

The new superintendent has purchased property in Burlington, where he and his wife will make their home.

Dr. George H. Riley Opens Office Here

Dr. George H. Riley, son of the late Chas. W. Riley, has opened his office in the building formerly occupied by his father in Burlington.

George Hankins is a graduate of the Hebron high school, class of '37; graduated from the Transylvania University with an A. B. degree in 1941; and received his M. D. degree from the University of Louisville in 1944.

Dr. Riley entered the U. S. Navy July 1943, and received his discharge from the armed forces May 20, 1946.

He announces his office hours as 8:30 to 9:30 a. m., 1:00 to 2:00 p. m. and 7:00 to 8:00 evenings except Thursdays and Sundays. Dr. Riley and family are making their home in Hebron with his mother.

Congregation Meeting Announced For Sunday

The attention of all members of the Bullittsville Christian Church is directed to Sunday, July 7th as their congregational business day and their presence is not only requested, but required, for the transaction of business of vital concern in planning a program of church work for the coming year.

Sunday School and church services will be held at ten and eleven a. m., respectively, as usual. Dinner will be of the basket variety so all are requested to plan accordingly. The afternoon will be devoted to the business session.

LOCAL BOY WINS CASTING CONTEST

HELD AT WILLIAMSTOWN FRIDAY—HITS HOOPS 69 TIMES TO WIN TRUE TEMPER CASTING ROD.

Albert Rouse, Jr., son of Mr. and Mrs. Albert Rouse, Sr., of Limaburg, took first prize in group of contestants under 12 years of age, Friday in the bait-casting contest sponsored by the Fifth District Junior Conservation Clubs at Williamstown.

Albert, 11, hit the hoop 69 times out of 100 to trim his closest rival who made 89 hits out of 100.

Albert is a member of the Burlington Junior Conservation Club and was the only representative from the county. He was awarded a True Temper steel casting rod, and will represent the Fifth District at the State Fair in September.

Erwin Johnson, State Conservation officer accompanied Albert to the contest.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

THE LAW IN JESUS' DAY

LESSON TEXT—Deuteronomy 6:4-9; Matthew 5:17-19; Mark 10:17-22.
MEMORY SELECTION—Think not that I am come to destroy the law, or the prophets: I come not to destroy, but to fulfill.—Matthew 5:17.

Jesus Christ is the believer's final authority. He is both our Saviour and our Lord. He is our teacher, our guide, our pattern in all things. It is therefore of the highest importance that we know his attitude toward the Old Testament laws, and that is just what we are to consider in the lessons of the next three months under the general title, "Jesus Interprets Old Testament Laws."

Our introductory lesson tells us of the origin, interpretation and application of the law, then we go in later lessons to consider the Ten Commandments in the light of the teachings of Jesus.

It is appropriate to point out that, far from being outmoded, the Ten Commandments are really the basis of all moral law. They need a diligent restudy and re-emphasis in our day of disregard of moral standards.

I. The Law—Given by God (Deut. 6:4-9).

Our God is the one true God who is to have the complete and constant devotion of all. The fact that so many men have ignored him explains the awful depth to which the world has fallen.

This one and only true God has given through his servant, Moses, the fundamental moral law for the government of man, and he is to give diligent attention to it at all times.

Religion in the household (v. 7) should include the teaching of the Word, and the easy natural discussion of spiritual things in all the varying circumstances of home life. Blessed are the parents who make it easy for children to talk about the things of God as naturally and unaffectedly as they discuss the other phases of life which interest them.

The law of God should go with his people into their daily occupations (v. 8), not in any formal or stilted way but as the normal expression of their love for him. It should be evident to all who enter the home that the Lord is loved and honored (v. 9).

II. The Law Fulfilled by Jesus (Matt. 5:17-19).

The law of God is eternal, never to be abrogated, never set aside. Christ himself, although we might properly say that he was in reality the lawgiver and thus had power and authority over the law, indicated his purpose in coming to be that of giving the law its full meaning, not of destroying it.

One could wish that those who profess to be his servants might have the same measure of regard for God's law. If they did, they obviously would not be so ready to ignore it, so quick to change it or ready to accept with their Master every "jot and tittle"; that is, even the minutest detail of his Word.

It is a mark of greatness "to do and teach" the law of God (v. 19), and of pathetic smallness to break his commandments and to teach others to disobey God. Some of the supposed great men of this world are mighty small when they are measured by God's yardstick.

The one who recognizes Christ as the fulfillment of the law will go on in consistent living. In his strength and by his grace we are to obey every moral precept.

III. The Law—Applied to Man (Mark 10:17-22).

The moral law, which is God's law, is good and in its keeping man finds guidance for his life. Apart from Christ, however, he finds himself unable to keep the law.

The gospel of the grace of God in Christ Jesus takes us a step beyond the law, and it is a great step for here we meet and follow the one who is greater than the law, the giver of eternal life.

Obedience to the commandments brings a man up to the very entrance upon that life, but to enter in he must have more than the "things" of the law; he must have the person who is "the door" to eternal life.

The young man who came to Christ was rich. His mind was obsessed with things. He had made it his business to observe the law, and had done well (v. 20), but his soul was not satisfied. He thought one more "thing" that he could do would accomplish his purpose.

The general attitude of the man was commendable. He sensed his lack of the vital something which would remake his life. He came to the right one—the Lord Jesus—with his question.

His failure to go beyond the things of the law to a faith in Christ, however, showed that he loved his possessions more than he desired to follow the Lord.

STRAWBERRIES BRING LOGAN WOMAN $3,300

Starting out four years ago with a quarter-acre of Blakemore strawberries, Mrs. Rosa Fugate, Negro widow in Logan county, this season took in $3,300 above expenses from a four-acre patch, according to [illegible] agent.

The first year her quarter-acre brought her around $350. Then Mr. Brown encouraged her to expand her patch to an acre and a half. Applying fertilizer and using good care, Mrs. Fugate cleared about $1,250.

The third year she had two and a half acres of strawberries, but unfavorable weather and disease cut her income to about $400. Then Brown encouraged her to grow four acres, including a quarter-acre of Tennessee Skippers.

The Tennessee Skippers did so much better than the Blakemores that Mrs. Fugate is planning to grow no other kind, according to Agent Brown.

HISTORY—Mrs. G. E. M. suffered headaches and neckaches. Her neck ached so intensely at the base of the skull she could hardly see. Days at a time she could not get out of bed because of the severity of the pains. She read one of our ads., telling of the good work we were doing, and decided to see what we could do for her. After a very short time wearing surgical shoes, pain in the head and neck lessened till finally it disappeared entirely and she is well and happy. It is now possible for her to do her own work even when it is necessary for her to climb a stepladder. Surgical shoes seemingly worked miracles for her.

COMMENT — Strain on ligaments and tendons naturally has a weakening effect upon muscles. Continued neglect of these conditions may be the cause of your aches and pains in the neck and back and if you have been unable to get relief, come in and let us see what we can do for you

If your ankles are weak and you are constantly rolling them, surgical shoes are definitely the answer to your problem.—Adv.

$10 PLUS HUSBAND MAKE OVER KITCHEN

By using $10 of chicken money, some scrap lumber around the farm and plenty of hard work on the part of herself and her husband in building kitchen conveniences, Mrs. Thomas Oakes, of Lincoln county says she has saved many a step since she learned the importance of having a place for everything and everything in its place. Mrs. Oakes is a member of the Preachersville Homemakers' Club.

Included in the improvements made were the building of an 8-foot cabinet with space planned for utensils, dishes and linens; another cabinet was raised to correct working height, and a wood-box on rollers, tea wagon and step-ladder-stool were built. Cabinets, work table and shelves were covered with linoleum for easy cleaning, and articles most frequently used were placed so that this homemaker doesn't have to stoop or reach. Not the least important part of the newly planned and decorated kitchen is the rest corner, where a comfortable old rocking chair was placed beside a small table with the newspaper and mending basket.

PREFERS IMPROVED HOMES TO MORE LAND

Instead of going in debt for more land, Mr. and Mrs. Curtis Jackson of Morgan county used some of their war-time profits to modernize their home. Extension of rural electric lines made it possible to install a water pump and plumbing fixtures. Water is heated with an automatic oil heater.

Mrs. Jackson told County Agent Charlie Dixon that these conveniences partly fulfill long-cherished dreams of having a modern home.

Mr. Dixon is recommending that farmers improve their homes and live better, rather than buy more land. He pointed out that the Jacksons have placed no burden of debt on their future.

Five litters of hogs have been entered in the ton-litter contest in Livington county.

Eat Cake

Today's acute housing shortage was in plain view ten years ago. Experts in the business of building and equipping homes were writing articles and making speeches back in the 1930's forcasting what they called the building boom of the 1940's. They supported their predictions with sound reasoning and leaders in many equipment lines arranged to meet the demand.

A quick look at census figures, years before Pearl Harbor, would have convinced almost anybody that an unusually big share (say 20%) of the U. S. population would reach an age to be married between 1940 and 1946. Patently this would call for more places to live and, true to form under free enterprise, business men began getting ready quietly to serve this market, but war interfered.

Plans Not Executed.

Wars always frustrate plans, and few were revised more in World War II than those of the building trades. Priorities on materials, general shortage of labor and the compelling urge for victory changed most things but the predicted need for more housing came right on schedule. It is even bigger than experts estimated ten years ago because war retarded building and accelerated marrying.

Plans made before the war for meeting this expected peak demand are still workable plans. If industry were free today as it was then, people who want homes would be getting them a great deal faster. I believe Herbert U. Nelson of the National Association of Real Estate Boards has *proved* that Washington bureaucracy is chiefly to blame for today's housing shortage.

Facts to Remember

It's an old story that America has housing a plenty, and it was always true until right lately. France, England and other European countries that have endured regulation of home building since World War I have been short of housing meanwhile. Bureaucracy got a firm grip on American building during World War II and now hates to let-go, shortage or no shortage.

The O.P.A. is the sorest bunion on the toe of our progress. Here is an illustration: Manufacturers of fir doors got caught behind increased manufacturing costs and asked O.P.A. for permission to raise prices 75c per door. It was refused. Result: No doors by mass production. Carpenters can build doors where they hang them, of course, at much loss of time and at several times normal cost.

Industry Is Ready.

A similar man-made muddle built a bottleneck in window sash. There's almost no end to the roster of crippling rules in this one industry. Miles Colean, a thoroughly respected Washington economist, says that industries producing building materials are fully reconverted, full capacity restored." Still the most productive nation of history is handcuffed and can't house itself. Why?

A price-fixing agency, while proclaiming its loyalty to the people, has refused many small strategic upward revisions, thus halting production. Consumers do without things or pay amazing prices for makeshifts. It savors of the Marie Antoinette school of thought. On being informed that by reason of her extravagance her subjects had no bread, she said "Let them eat cake."

Kentucky 103 hybrid corn is most popular in Monroe county, followed by U. S. 13 and Ky. 203.

Ninety-five percent of the sheep in Taylor county are on a phenothiazine-salt mixture.

Approximately 90 percent of the tobacco in Washington county was set by the end of May, making it one of the earliest recorded settings.

More than 11,000 strawberry plants were set out by 4-H club members and adults in Wayne county.

SOIL BUILDING GETS RESULTS IN McLEAN

A soil-building program followed by T. H. Leet in McLean county has increased corn yields from 30 bushels to 70 bushels to the acre in 10 years and produced good alfalfa, red clover and mixed grasses. When County Agent Leroy Northington recently tested the soil on the Leet farm he found it well furnished with lime. Two tons of limestone to the acre have been applied twice in 10 years.

Mr. Leet told the county agent he planned to complete his soil-building program by growing cover crops and spreading phosphate. The farm is upland.

Harry Gatton, Jr., another McLean county farmer, has found a way to improve production on overflow bottom land. He applied manure, three tons of limestone and 500 pounds of phosphate to the acre and then sowed alfalfa, clover and grass mixtures. He has 25 acres of good red clover to harvest this season.

Mr. Gatton told County Agent Northington that overflow land should be improved and rotated with pasture crops, manure applied and crop residues returned to the soil. He said his net income from with the income of farmers who grew only corn and soybeans, over a period of years.

Improvement of production on lowlands in McLean county long has been a problem, according to Mr. Northington.

ON KENTUCKY FARMS

In Pike County, approximately 3,000 kudzu crown have been set.

More than 90 percent of the sheep flocks in Pendleton county are being treated with phenothiazine.

Many farmers in Bullitt county are keeping only half the number of sows usually kept.

Approximately 1,000 acres of land will be contoured in Hickman county this year.

Four-H club members in Mason county made more than 300 articles of clothing which were exhibited at 10 rally day programs.

A large acreage of potatoes was planted in Whitley county, Elbert Partins planting 90 bags; Wren Teague, 65 bags, and Tom Perkins, 30 bags.

C. L. Bryan of McCracken county purchased four head of registered Herefords at the University of Illinois.

Trayl Madison of Edmonson county has started the first registered Guernsey herd in the county.

About 1,500 acres of ladino clover in Fulton county will be saved for seed this year.

. . . and you can't get full-measure electric service from home wiring that's too small

The liveability of any home depends to a large extent upon its wiring system. It must be big enough for the job.

Wiring that is too small drops voltage and causes lights to dim and appliances to operate sluggishly . . . frequently results in blown fuses due to overloads. An insufficient number of branch circuits and outlets necessitates the use of unsightly, unsafe, extension cords and limits the use of additional appliances.

If you plan to build, buy or remodel a home, it will pay you to check the wiring system. Make sure it has the capacity to give you full-measure service for your chosen way of electrical living. Don't let yourself be handicapped by "skimpy" wiring.

What Is Adequate Wiring?

ADEQUATE WIRING SERVES SAVES

Adequate wiring simply means a service entrance large enough so bring in as much electricity as your home may need at any time, enough branch circuits of large enough wire to conduct a full measure of electrical energy to your lights and appliances, plus plenty of switches and outlets, properly located for maximum convenience.

PORK RANKS HIGH IN FOOD SUPPLIES OF FARM FAMILIES

"Farm families consume more pork than all other meat combined," says Grady Sellards of the Kentucky College of Agriculture and Home Economics, in a plea for the production of larger home food supplies. "Hence pork assumes a place of much importance in the family living. This is true because from the pig are obtained fresh meat, cuts for curing, for sausage and for lard for use in seasoning.

"Excellent cuts of pork can be obtained from finished hogs weighing around 200 pounds. On each farm one or more heavy hogs may well be produced for converting into lard and sausage. The practice of carrying shotes through the summer on limited feed and finishing them in the fall to excessive weights is not practicable, except for those animals to be used for lard production. The cuts from such animals are over-fat and do not make a good cured or canned product. Certainly, if this is the only kind of hogs available they should be used.

"In the production of hogs for home pork, full advantage should be taken of using waste or low-quality grains, pasturage, skimmilk, and kitchen waste. But care should be taken to provide balanced rations, just as would be done in feeding for market.

"A ton-litter contestant was able to send to market his spring-farrowed litter, while from the fall-farrowed litters he got his home pork supply. This, of course, required the application of ton-litter methods to the finishing of the fall-farrowed litters. Wherever this plan is adopted, the spring litters should be farrowed by February, or early March at the latest so the sows may be bred early for fall-farrowing."

RECIPE OF THE WEEK

This is the season of the year when lamb is usually plentiful. But with a shortage of meat, supplies of lamb must be stretched to make it go further. The addition of a dressing made of cooked rice or mashed potatoes, and seasoned with parsley, is suggested by food specialists at the Kentucky College of Agriculture and Home Economics.

Stuffed Lamb Squares

1½ pounds ground lamb shoulder, ¾ cup fine bread crubs, ½ cup milk, 1 egg, 1 teaspoon salt, ¼ clove garlic if desired or ¼ cup chopped parsley.

Mix lamb with crumbs, milk, beaten egg, salt and garlic. Spread half the mixture into a square or rectangular baking dish. Top with a mixture made of 3 cups cooked rice or mashed potatoes, a cup chopped parsley, 1 tablespoon melted fat, 1¼ teaspoons salt and 1-8 teaspoon pepper. Spread remaining lamb mixture over the dressing and bake in medium oven, 325 degrees, for an hour. Cut in squares to serve.

Menu: Lamb squares with rice or mashed potatoes, buttered peas, cabbage and mint salt with cream dressing, rye bread and butter and cherry upside-down cake.

CARD OF THANKS

We wish to express our sincere appreciation and thanks to our neighbors who stopped their own work in this busy season to come and harvest our hay. This will never be forgotten and certainly you are real neighbors. May God bless you all. 1p

HEARTSTRINGS PULLED BY TOTS

With little fanfare and publicity The American Legion annually spends millions of dollars in its nationwide child welfare program. Most of this money goes for food, clothing and medical care. More than 30,000 volunteer workers carry on the program, searching out children in need, sponsoring enlightened legislation to protect their rights, combating delinquency, [illegible] to give every child a square deal in starting life.

There is an intensely human interest story in the birth of this huge program in which The American Legion since 1925 has spent some $66,000,000 in aiding underprivileged children.

It all started back in the days of the first AEF in 1917-18-19 when orphan tots of France, Belgium, and England made friends with American soldiers and sailors. They tugged with mighty heartstrings as they sat in soldier and sailor laps, learning to pronounce American word, sing American songs, eat American candy for which they paid with baby hugs and baby kisses. The doughboys of World War I passed the hat around on paydays to provide better food and clothing for the kiddies. Then companies, batteries and regiments started adopting orphans. The first Stars & Stripes sponsored an orphan fund which grew to millions of francs.

Out of that love of American soldiers and sailors for these innocent victims of war, grew The American Legion's great child welfare program. It has proved to be one of the strongest ties uniting the veterans of World War II.

For history repeated itself. American soldier and sailor hearts of World War II opened again to the orphans of war. American units again adopted orphans. The Stars & Stripes again raised an orphan fund.

Today the veterans of World War II, now in the majority in The American Legion's membership of more than 3,000,000 are finding in its child welfare program a common bond of interest. They too have learned that heartstrings pulled by tots have a mighty tug; that when the great Nazarene said, "Suffer little children to come unto me," He meant that their love conquers all.

WORLD PEACE BY PIECEMEAL

One of the late twists in favor of making a loan of $3,750,000,000 to Great Britain would be to "aid World peace and prosperity." That's the big idea according to the House Banking Committee which has taken great pains to explain that there is danger of a division of the World in economic blocs, with trade wars that would doom to failure the United Nations' efforts in maintaining peace.

One Congressman labeled the loan as a gift, another enthused over the thought that it would establish Britain as a bulwark against the spread of communism. Another Congressman afflicted with imaginations, said the loan would give impetus to the Anglo-American imperialistic element—whatever that might be. What things those "statesmen" of ours can pick up.

Some of the smart men on the Hill are now deserting the trade treaties, just the same as they ditched the protective tariff system a few years ago. At the same time they talk about foreign trade, and they always couple plans for American money to be loaned to other nations which apparently ship their goods to American shores and sell the stuff to us—to be paid for in more American money Sounds like some old game that they used to call "double-double."

WHAT'S IN A NAME?

Some folks don't place much importance in a name. Even William Shakespeare once committed himself by saying that "a rose by any other name would smell as sweet." That is just about our feeling on the subject. Take the word m-a-r-g-a-r-i-n-e.

That product has certainly come in for a lion's share of attention these past few years and it's not apt to drop out of sight from here on out. Practically everything about it has come up for discussion, including the pronounciation of its name.

Some call it margarine with a hard "g." Then there are others that sort of slip over it with a soft "g." Despite efforts of most of the margarine manufacturers, such as Best Foods who make Mucoa, nobody has been able to standardize the way you say it. And we might add we don't care.

We've been using margarine for quite some time now and we like it because it tastes good and because it's healthful. In fact, Mr. Shakespeare probably had something when he was talking about the sweet smelling rose—vitaminized margarine would be just as good a product by any other name, too.

—o—

DISSENT AND DISCONTENT

The newspapers in Washington and other Eastern cities are filled with reports from the Middle West showing discontent with nearly everything that goes on in Washington.

About the same thing can be said about conditions in the South. Nearly every section of the United States is expressing its views and opinions upon "what will happen" in the forthcoming Fall elections, and how that will affect conditions in 1948 when the Republican and Democratic parties engage in the great battle to win the election. At the present time most of the speculation has been concerned over the candidate for President. More particularly, how will the farmers vote; what will be the strength of the labor unions; how much influence will small business develop; and how will small business people couple up with big industry and institutions?

In Washington the Republicans will tell you that they are sure that they can win control of the House of Representatives in the coming election. But at the same time the Democrats insist that they are stronger than ever in the South, and that labor unions are with them. Democrats insist they are going to develop strength enough to put Truman over for another term.

That's the way the things look in Washington at a time when we are heading towards another Fourth of July—the day when everybody enjoys the noise of big fire-crackers.

—o—

YES, WE CAN GROW COTTON

Mill consumption of cotton last month totaled 875,000 bales which was way ahead of the preceding month, and also May, 1945. The United States Department of Agriculture admits that the increase in production and consumption of cotton now exceeds Government expectations. Cotton prices have advanced in recent weeks and the demand is strong. But there are interruptions such as railroad strikes, weather conditions, price control and Fiddle Sticks.

600 BOYS TRAINED FOR STATE CONTEST

Six hundred boys in 60 counties were trained for the 4-H club water-management contest at Junior Week at Lexington, according to Jesse B. Brooks, University of Kentucky agricultural engineer. They were taught how to use home-made and commercial levels in staking out guide lines for contour cultivation, terracing, drainage and farm reservoirs.

Brooks says they staked out approximately 50 miles of guide rows, established 7½ miles of terraces, stakes out 5½ miles of open ditches, helped in the construction of 20 miles of earth dams, and gave 160 demonstrations in the use of levels.

Gardens in Johnson county are among the best in many years. They also are numerous and large.

A feed-sack wardrobe will be remodeled by 4-H club girls in each community in Bath county.

THE GARDEN

By John S. Gardner, Kentucky College of Agriculture and Home Economics

Timely Tips

Potato Troubles—A general complaint now is about potato plants "scalding," drying over night." The cause is the disease Black Scurf whose germs may come with all seed potatoes, even certified, but which the recent cool, wet weather helped to develop more than usual. A sensible precaution, any year, would have been to treat the seed potatoes with Semesan Bel or with corrosive sublimate. Likewise have come many reports about potato leaves drying up one by one, to kill the plants while the tubers are still small. This is the sign of blight. Again, the weather helped, but 3 bi-weekly sprayings with bordeaux, starting when the plants were 4 inches tall, would have held the foliage until the potatoes could have made full size.

"Dry weather" Beans—Plantings made until July 15 may well be of Refugee (Thousand to One). US Refugee No. 5 or Shipp's Bush, all adapted to the hot and dry weather that August brings.

Fall Special—They are three: Broccoli, Brussels Sprouts and Snowball cauliflower. Started in hills now, all should mature nicely. Their main pests are cabbage worms and cabbage lice, both controlled by rotenone. Another "special all" might be Wisconsin All-Seasons cabbage, the kind that makes good heads in gardens where late cabbage customarily fails.

Clean Up—The numbers of late cabbage worms are considerably reduced by refusing them breeding places, pulling the stubs as early cabbage is being cut, cleaning up straw, destroying radishes and leaving from early kale and mustard. Another pest whose later control is lightened by sanitizing the garden is the Mexican bean beetle. As soon as the main harvesting of a bean row is over, the plants should be pulled and burned, as the few straggling pods that might later mature seldom amount to much. This, assuming that the beans were planted by system, to have new crops coming on continuously.

YOUNG PEOPLE MEET

The young people of the Richwood and Union Churches held their regular meeting Sunday evening at the Hopkins mansion.

Everyone will be busy in the next week or two as a bazaar is being planned. Aprons, waste baskets, lemonade, pop corn, recipes, and several other things will probably be sold. Committee for materials is Jack Feagan, Tom Matson Huey, Ann Howard, Babe Kenney, and Ruth Cox.

Reports were given by those who went to conference. Games, aviation and handkerchief were played afterwards. Ten members were present.

Reece Barton of Graves county is making a comparison of Kentucky 31 fescue grass and Oregon meadow fescue.

SAYS HOARDING NEW FLOUR WON'T WORK

Housewives may be sorry if they try to hoard the new 80 percent flour, Miss See Rice of the Wheat Flour Institute told 600 4-H club girls attending Junior Week at the University of Kentucky.

"Emergency flour keeps poorly as flour, batter, dough or bread, and even dough for refrigerator rolls will not keep satisfactorily for more than two days," the foods authority said. However, the new flour is "fine for waffles and muffins," or in other recipes calling for the use of eggs, she added.

Miss Rice suggested that cup cakes be made instead of layer cakes, although she does not recommend the new flour for this purpose. Cookies made with spices, molasses or chocolate are satisfactory, she said.

Here are some of the suggestions made by Miss Rice:

1. Use recipes commonly used, but handle the dough or batter as little as possible.

2. Use small recipes so the supply is eaten at once.

3. Divide a loaf of bread with a neighbor so it is eaten while fresh.

4. Limit the time of storage to a minimum.

The new flour, which Miss Rice pointed out is an emergency measure, has two enemies—rancidity and weevils. Control lies in buying small amounts of flour or bread, she said.

Miss Rice demonstrated to the 4-H'ers the making of muffins with the new flour, adding orange marmalade to half the mixture and spices to the other half.

HOW TO LOOK GOOD

Good health, physical care, careful dressing and good posture are important things in life, Miss Iris Davenport, woman's editor of the Southern Agriculturist, told 300 girls attending the 23d annual Junior Week at the University of Kentucky. "Choose your clothes thoughtfully, have them in good condition put them on carefully and then forget what you are wearing," she advised, adding that no person is attractive who is conscious of her clothes.

Homemakers' clubs in Daviess county gave $100 to help equip the pediatrics ward in a hospital.

Homemakers' clubs in Greenup county have enrolled 107 new members this year.

IN LOVING MEMORY

Of our beloved mother, Della Siekman, who passed away July 2, 1940.
A loving Mother, so dear, so rare,
The trial she went through so few could bear;
She never complained, she wasn't that kind,
She was one of those mothers so hard to find.
Her heart was truest in all the world,
Her love the best to recall,
No one on earth could take your place,
For you are still the dearest of them all.
—Sadly missed by Fred Siekman and Family.

CONTROL FOR WORMS

Mixing sodium fluoride with feed has been found a simple and effective remedy for removing roundworms in hogs, according to the Kentucky College of Agriculture and Home Economics Pigs are fed for one day on a mixture of one part by weight of sodium fluoride and 99 parts of dry ground feed.

A bull bought by Beech Grove Jersey Farms at Burlington will be shown at the Boone County 4-H and Utopia Club Fair.

Blue mold affected almost every tobacco plant bed in Mercer county, but enough plants were found to set the crop.

Jefferson county orchard owners report good prospects for peach and apple crops.

Fifteen farmers and 4-H club boys have entered the corn derby in Hardin county.

STOCK EXHIBITS AT FAIR

The bigger and better Dearborn County Fair which will be held at Lawrenceburg, Indiana, July 22 to 27th inclusive, will surpass all past years in its exhibition of livestock in both the 4-H and the open class. Changing of classifications in the hog department, open class and the addition of the Gold Medal Calf Club this year, should add much to the stock department of the fair. A bigger tent will be provided for the stock judging, with seats for judges who take time to explain why they tie the ribbons as they do—it in itself is an education. Take time to see these fine exhibits—you will be repaid for the time.

WOMAN KILLED IN ACCIDENT

NEAR UNION FRIDAY WHEN CAR OVERTURNS — SKULL FRACTURE CAUSES DEATH OF LOUISVILLE WOMAN.

Miss Mildred Morrison Whayne, 32-year-old Louisville woman was killed when an automobile in which she was riding left the road at a curve on U. S. 42 near Union at 5 a. m. Friday morning.

Bradford Zellich, 37, Louisville, suffered severe shock and multiple cuts and bruises. He was treated at Booth Hospital, Covington.

According to information received from persons living near the scene of the accident, the automobile left the road on a curve, turned over several times, skidded and then returned to the highway.

Thomas Carr, Verona Magistrate and Miss Whayne suffered a skull Fracture, concussion of the brain and multiple bruises.

Five Injured Near Walton

Five persons were injured in a collision Thursday night on U. S. 25 near Walton in an automobile collision.

Those injured were Clifford Conrad, 44, and Lewis C. Conrad, 21 both of Jonesville. The former suffered a jaw fracture, face cuts and chest injuries. A left arm fracture, chest injuries and body bruises were received by Lewis Conrad. The tip of his right ring finger was amputated.

Those taken to St. Elizabeth Hospital were Miss Rebecca Adams, 40, Florence, who attendants said suffered possible fractures of her left hip and knee; John S. Henry, Cincinnati, who suffered a forehead cut and injuries and his left knee and right hand and Cecil Smith, 20, Dry Ridge, who received face cuts.

Freezer Locker Meeting Planned For August 21st

The committee meeting for the foods training class of the Boone County Homemakers Club met on July 2nd. Mrs. Clyde Arnold, president of the Homemakers' Clubs in the county, was hostess for the meeting.

Mrs. Pearl Haak discussed "Frozen Lockers" which will be the topic for the first training lesson of the year, according to Jane Gudgell, Assistant Home Demonstration Agent, August 21st is the date of the first training meeting. It is hoped that two leaders from each club will be present for the lesson.

Mrs. Haak, food specialist from University of Kentucky, will include the following in the lesson; (1) How to budget your locker; (2) correct ways to wrap packages for the locker; (3) preparation of the different foods for the locker and (4) preparing the food after removed from the locker.

8-POINT PROGRAM IS SUBMITTED

BY POSTWAR PLANNING COMMITTEE ON RURAL HEALTH—MANY RECOMMENDATIONS STUDIED.

The Boone County Post War Planning Committee on Rural Health has submitted an eight-point program for consideration. The published report is for your consideration and suggestion in helping to plan the most desirable long time improvement program for the county.

The Committee's report is as follows:

1. An active board of health.
2. Federal accredited clean herds for all dairies.
3. Cancer control. Free clinic, (which we have).
4. X-ray Clinics for all schools and the public.
5. A full time paid supervisor for school lunches.
6. Sanitary inspection of schools.
7. Inspection of restaurants and soda fountains.
8. Hospital insurance for all. We think the Blue Cross Plan a good one.

Respectfully submitted,
Rural Health Committee,
Elizabeth G. Lowry, Chairman.

The next meeting of the County Post War Planning Committee is scheduled for Tuesday, October 8, 1:30 p. m., Burlington. Submit your suggestions to the chairman of the committee or at the next meeting.

Returned Chaplain Speaker At Local Baptist Church

Chaplain T. O. Harrison, former pastor of the Burlington Methodist Church, spoke at the Wednesday evening prayer services, Burlington Baptist Church, July 10th. His subject was "The Power of Prayer in a Chaplain's Life."

Rev. Harrison returned from overseas duty, after spending several months in the European Theater of War. He resigned his post as pastor of the Burlington church to volunteer his services as Chaplain in the U. S. Army.

Chaplain Harrison is well known throughout the County and his many friends here welcome him home.

Chaplain Harrison joined his wife and son at the home of Miss Nell Martin, last week. He is on terminal leave, which expires August 16th, at which time he expects to receive his discharge.

Mr. Lyons, who was honorably discharged June 1st, served with the U. S. Navy in the South Pacific

No date has been set for the wedding.

TOBACCO MEETING SET FOR JULY 11

COMMITTEEMEN FROM EACH COUNTY IN BURLEY AREA TO VOTE FOR ONE OF SEVEN PROPOSED PLANS.

The State Farm Bureau tobacco committee will meet at the Judging Pavilion, University of Kentucky, Lexington on Thursday, July 11th. according to George S. Knox, of Walton, Boone County delegate. The committeemen from each county in the burley area will vote for one of seven proposed plans that have been proposed by the State committee.

A brief outline of the seven proposed plans are as follows:

1. Stimulate the Burley Tobacco Growers Cooperative Association to hire sufficient qualified personnel to follow the auction sales and take proper care of tobacco selling below the support price.
2. Have warehouses assemble tobacco by grades and sell in blocks.
3. More locally owned cooperative warehouses.
4. Combination of pooling and—or auction. This would be optional with the grower, and under this system a grower might elect to sell those grades of tobacco which he feels are bringing fair prices and would permit the pooling of those grades which would improve with processing or could be sold at a more favorable time.
5. An over-all cooperative marketing system.
6. Marketing administrator method.
7. Over-all cooperative marketing, processing, manufacturing, distributing and retailing. This system is the ultimate in across-the-board cooperative operation and of course would probably give the producer an opportunity to more nearly approach both of the major objectives listed at the beginning of this study. The committee felt, however, that this major change was not sufficiently feasible at this time to merit careful analysis. This proposal is listed because it is possible of attainment and is being carried out in some other commodity fields.

Knox called a meeting of the County Farm Bureau directors and tobacco growers at Burlington courthouse last Tuesday night, July 9th to consider the seven proposals and to authorize him on which plan or plans to vote for at the state meeting.

Tobacco growers throughout the burley tobacco area last year were dissatisfied with the present marketing system and requested the State Farm Bureau sponsor a better marketing plan.

U. S. 25 ROAD PLAN AID IS SOLICITED

TO ELIMINATE RIGHT-OF-WAY BLOCK—LOCAL CITIZENS CALL ON STATE COMMISSIONER OF HIGHWAYS.

"Improvement of U. S. 25 from Cincinnati to Georgetown cannot be undertaken until the right-of-way bottleneck is eliminated," J. Stephen Watkins, state commissioner of highways told a delegation of citizens from Boone, Grant and Scott counties this week.

The group, included John L. Vest and Representative R. M. Hall, of Walton; Lee Lanter, R. L. Vincent, and C. C. Lloyd of Williamstown; Porter H. Nunnelley and Thomas Shuff, of Georgetown. This group visited the commissioner's offices to urge the Department to make another effort to improve the route.

"Our first year post-war program contained sections of this important road," Watkins said, "but the high costs of rights-of-way and the attitude of some of the property owners made it impossible to do any development work.

"We have long realized the value of the route to local people and the traveling public, and our traffic counts show that it is now carrying a peak load of almost 4000 cars and trucks daily. The road is possibly the longest heavy traffic link in central Kentucky. It is certainly not adequate and should be improved.

"Under the circumstances, however, until the citizens of the communities realize that the department of highways has definite limitations, absolutely nothing can be done.

"While we are unable to announce the new location of the entire route, our experience on the Grant county section has convinced us we cannot spend the money expected for right-of-way and build an adequate road besides. It is simply not fair to other roads and other sections of the state.

"Where it is necessary to bypass main streets, we would undertake to construct and maintain access routes. Present routes will serve in many cases, but no definite commitment can be made until surveys have been completed and more information assembled. Because of the terrain in the vicinity of Williamstown, the location of the road at that point presents a difficult problem on any route that may be chosen, although no actual surveys have been made as yet.

"We do not want to bypass any county seats, and the best location possible will be made consistent with sound engineering principles and in the best interests of Williamstown. The present main street is too narrow to handle the traffic or to meet Federal Aid requirements.

"US 25 is a federal primary route and an interregional highway. It is not only subject to the requirements of our own department, but also location, standards of design and specifications must be acceptable to the Federal Roads Administration. We will get half the money from Federal Aid.

"It has been a great disappointment to me that we have been unable to proceed with the original postwar plans for US 25. Loss of a high volume of traffic may be experienced along this road when other roads are opened and other routes developed. The tourist industry highly emphasized in communities on his road, will suffer a setback which may take years to overcome.

"If the communities along US 25 will get together and help the department of highways solve the right-of-way problem, next year should see something tangible done toward the beginning of a fine through highway from Cincinnati south over the new US 25."

Veterans' Burial Benefits Explained

When an honorably discharged veteran of any war dies, reimbursement to next of kin up to $100 for his funeral expenses will be allowed if a claim is filed with the Veterans Administration within 2 years of the date of burial of the veteran.

If the veteran dies while receiving hospital or domiciliary care at the expense of the VA or while traveling to or from a VA installation at VA expense, he is entitled to complete burial service at government expense in a VA or a National cemetery. If government contract services are not desired, reimbursement up to $100 plus certain costs of transportation will be allowed.

Charles Irvin York

Charles Irvin York, age 16 years, 207 Main St., Elsmere, drowned last Saturday while swimming in Silver Lake, Erlanger. Members of the Elsmere and Erlanger Fire Departments searched until Sunday afternoon before they were successful in locating the body.

Charles was a member of the Elsmere Church of Christ and attended the Elsmere Graded School.

He is survived by his parents, Mr. and Mrs. Ben York; two sisters, Rose Mary York and Mrs. Hilda Hall; two brothers James and Earl York; his grandparents, Mr. and Mrs. Chase York, Crittenden, Ky., and Edw Portwood, Covington, Ky.

Services were conducted Tuesday at 2:30 p. m. by Rev. Melvin Sparks at the Tallaferro funeral home. Interment followed in Florence Cemetery.

Engagement Announced

Mr. and Mrs. Charles Rector of Richwood, Ky., announce the engagement of their daughter Marjorie Curtis to John Galen Arrasmith, of Union, Ky., and Dayton, Ohio.

Miss Curtis graduated from St. Elizabeth School of Nursing, Covington, Ky., and has recently been discharged from the Army Nurse Corps.

Mr. Arrasmith is the son of Mr. James Arrasmith, of Union, Ky., and was discharged from the United States Navy July 1945. Since being discharged he has been employed under civil service at Wright Field, Dayton, Ohio.

The date for the wedding has been set for July 17 at the Richwood Presbyterian Church, 2:30 p. m.

Homemakers Urged To Conserve Bread

Why throw those extra pieces of bread away? Think about the number of pieces you throw away out of each loaf and then think of the number of other Boone County women doing the same thing each day. Since bread is so hard to obtain now, keep what you have fresh and prevent mold. Store the loaves in moisture-proof paper wrapping in the refrigerator or store bread unwrapped in a well-ventilated box in a cool place. Remember, hard bread can be used in some form but molded bread is entirely wasteful.

Mothers, why put a large plate of bread on the table when you know it won't all be eaten? Try putting only one slice for each person on the table and let them call for "seconds." This will prevent waste of bread and keep those pieces not used from drying out.

When your bread gets too hard for table use, don't waste it! Dry bread makes good crisp toast, french toast, cinnamon toast, or combinations such as toasted cheese sandwiches. The dessert possibilities with hard breads are numerous. What is better than a nice dish of bread pudding with dates, raisins, or chocolate chips? Maybe some kind of a fruit-and-bread pudding would fit in with your menu. You must also remember hard bread crumbles up easily and can be used in casserole dishes, meat mixers, rolls, and many other things, according to Jane Gudgell, Assistant Home Demonstration Agent. You should save the bread and use it, but don't throw it away and waste it! Let's stop before discarding any bread and consider the many ingenious ways to use it.

Miss Georgia David, of Covington spent last Thursday with Mr. and Mrs. Grover Jarrell.

BURLINGTON AND ALL-STARS SPLIT

DOUBLEHEADER AT PETERSBURG PARK JULY 4TH—WALTON DROPS GAME IN SEMI-PRO LEAGUE.

The Boone County All-Stars and the Burlington nine battled to an even break in two games played Thursday afternoon at the Petersburg park.

Burlington won the opener by a score of 6-5 but the All-Stars came back to trounce the Burlington nine 16-4 in the second contest.

"Hoots" Ryle was on the mound for Burlington in the first game and pitched fine ball all the way and also banged out a single to drive in two runs in helping his own cause. Mathews and D. Deck were on the mound for the losers.

In the second game the All-Stars turned loose their big bats early as they scored five runs in the first and six in the second to ice the ball game. Carver was the pitcher for the All-Stars in the night-cap and did not allow a run until the eighth inning, while Gulley and C. Benson were on the mound for the losers.

H. Deck and Mahan had four hits each for the All-Stars with Grubb and "Doc" Benson yielding four bingles each for Burlington.

Both games scheduled for Saturday in the Boone County League were postponed due to rain, with the same schedule prevailing for this week.

Walton dropped a game to the Fort Thomas Florists Sunday in the Sempiro League by a score of 11-6. Dan Mueller led the winners at bat with three hits, while Robinson collected three for the losers.

Petersburg remained in the title chase by downing he Foresters 8-6 at Petersburg. The winners collected a total of 14 hits while the losers garnered 12 hits. D. Deck hurled eight innings for the winners with Ryle coming in to relieve in the ninth. Deck fanned eight.

Boyd Mahan doubled and Harry Deck added a triple for the winners' big blows in the fourth inning when they counted five runs.

Give VA Complete Information When Writing To Office

The master index file of the Veterans Administration comprises 30,000,000 cards, each containing the veteran's name; rank and organization, serial number, home address at entrance into the service, date of birth, enrollment and discharge, and any file numbers assigned to him.

There are some 128,000 veterans listed by the name of Johnson, some 210,000 Smiths and more than 13,000 John Smiths.

This illustrates the necessity for every veteran including his full name and address, service serial number, VA file numbers and all other available identification when writing to the VA. Complete, pertinent information about the veteran concerned should be included in every communication to the VA.

Florence Youth Receives Discharge

James E. Carr, S1c, Florence received an honorable discharge from the U. S. Navy July 5, 1946 at the Great Lakes Naval Separation Center, Great Lakes, Ill., according to information received from the Public Information office.

DEMONSTRATION SET FOR JULY 12

IN POULTRY KILLING AND DRESSING FOR LOCKER—JIM HUMPHREY TO BE PRINCIPAL SPEAKER.

A demonstration on preparing poultry for the freezer locker will be held at the Burlington locker plant 2:00 p. m., July 12th. The easiest and best methods of killing and dressing poultry will be demonstrated by Jim Humphrey, poultry specialist, University of Kentucky.

The meeting is open to anyone, according to the County and Home Agents' office. Those who dress poultry for market or are planning to put poultry in a freezer locker will be particularly interested in seeing the demonstration.

The meeting will last approximately two hours.

Many Boone Countians are planning to put young poultry in a freezer locker this year for the first time. The natural flavor and texture of young chickens hold up better through freezing rather than home canning.

Kentucky Baptists To Help Feed Hungry

Kentucky Baptists are going to help feed the hungry before they promise to them. The Baptist State Board of Missions, [illegible] Kentucky Baptists in a special meeting, appointed a committee on World Relief to help raise Kentucky's goal of $287,700, of the 3½ million dollars of Southern Baptists. The members of the committee are H. Leo Eddleman, chairman; Marvin Adams, Middlsboro; M. D. Morton, Louisville; R. T. Skinner, Bowling Green; Fred T. Moffatt, Frankfort. This committee is to work with Dr. W. C. Boone, General Secretary of Kentucky Baptists.

Six percent of the total contributions of each church and association has been used as a basis for the goal. The quota for this association is $19,674.07. G. R. Ferguson, Covington, is Moderator and M. M. McFarland, Covington has been asked to be director of the Relief Campaign for this association.

The committee has suggested July 28 as the Sunday when the special offering for World Relief be taken by our Kentucky Baptist churches.

BROTHERHOOD TO MEET

The farm of John Moore, located at Hebron, Kentucky and consisting of 115 acres was sold this week by Roy T. Spence, of Dayton, Ohio. The transaction was handled by Col. Lute Bradford Realty and Auction Company, of Florence, Ky.

BREEDERS ASS'N. CAMPAIGN STARTS

JULY 29TH, ACCORDING TO H. E. FORKNER, COUNTY AGENT.—ORGANIZATION MEETING IS SET MONDAY, JULY 29TH.

The Boone County Artificial Breeding Association Organization Campaign will start with a county meeting at Burlington courthouse, Monday evening, July 29th at 8:30 p. m., according to H. R. Forkner, County Agent. This is a week later than originally scheduled.

Prof. Fordyce Ely, head of the Dairy Department at the College of Agriculture, will be a guest speaker at the meeting and will explain the State and County breeding association programs. Between 1200 and 1500 cows must be signed up before the county organization can be completed. This means between 20 and 25 percent of all cows in the county must be included.

Dairymen becoming members of the county association will pay a life membership fee of $8.00 plus $1.00 per cow. A $5.00 annual service fee per cow will be added. Joe Dringenburg of Florence with 10 cows and Ben Nichting of Beaver with 15 cows beat the starting date and have already signed up.

The association breeding program will offer every dairyman whether owning one cow or a hundred the services of the best in purebred breeding stock. The members will have the services of one or all of the breeds that may be offered. The better inherent blood lines offered is estimated to bring about in a short time more improvement in our dairy cattle than all other programs combined.

Membership agreements may be secured at the County Agent's office or from local committeemen. All dairymen interested in helping promote this dairy improvement program are urged to secure agreements and sign up before the campaign meeting night. This will be a big help in getting the program started. The quicker the necessary sign up is completed, the quicker the County Association will organize and start operation.

4-H Projects Look Good

Projects of 4-H Club members visited on the club tours held last month are in excellent condition, according to Bill Davis, Assistant County Agent. Projects show that a lot of work and planning have been done and in most cases record books are up to date. Keeping of a record is very important as it must be turned into the County Agent at the end of the club year before credit for the project can be given.

Tours are to be continued this week with St. Paul's, July 11th; Verona, July 12th; Burlington, July 16th and Constance, July 18th. The date of the tour for the Burlington Colored Club had been changed from July 26 to July 19th at the request of the club leader.

ROOT ROT ATTACKS TOBACCO IN CO.

ACCORDING TO REPORT FROM COUNTY AGENT'S OFFICE—IS REPORTED LESS SEVERE THAN LAST YEAR.

Root rot has attacked many fields of tobacco again this year, according to the County Agent's office. The attacks are less severe than last.

Black root rot the most severe disease is caused by a soil organism. Root rot resistant varieties are the only preventative. The fact that the resistant varieties produce just as many or more pounds of high quality leaf should encourage every grower to use only a resistant variety.

Brown root rot has been reported in a few fields. There are no resistant varieties to this disease. This force appears to be a soil condition, rather than caused by an organism. It is usually found only in fields plowed from grass sods of short duration.

Streak or sweet clover disease is also wide spread. Streak causes the individual leaves inoculated by insects coming from diseased sweet clover to dwarf and become spotted. Healthy leaves usually grow far above the infected leaves but plant should not be topped early. There is no known control practicable for [illegible] may be severe to individual plants but usually do not [illegible] the whole crop.

"AMERICA, THE BEAUTIFUL"

Of the total land area in the United States that is farmed, one-twelfth or approximately 87 million acres are served by organized drainage enterprises.

Corn continues to be the principal crop, with wheat, hay and cotton as the three other most important crops. The number of farms according to the United States Census, in January, 1945 was 6,812,350.

Thirty-one power plants built under the authority of the Bureau of Reclamation have installed capacity of 13½ billion kilowatt hours of electric energy. These projects serve the multiple purpose of irrigation, flood control, improved navigation, power, domestic and municipal water supplies. The best known developments are the Boulder Canyon project, the Columbia Basin and the Central Valley development. Agricultural wealth of Arizona, Nevada, Washington, California, and other Western States has traveled upwards, beyond imagination. Nearly 5,000,000 persons live in areas where reclamation systems are operated and more than 90 thousand farms are on the projects. So, in war as well in peace, America Marches On.

FAILING THE DISABLED VETERANS

Occupational indices list some 35,000 different kinds of jobs in this country, at least 2,000 of which can be filled by handicapped men and women. Employers apparently are unaware of this condition. The advantages and obligations are not being accomplished. Federal statistics indicate that while prior to V-J day the number of placements of disabled war veterans approximately equalled the number of applicants, their placements have since declined. A heavy decrease in placements has occurred as compared with the substantial increase in the number of applicants.

Studies extending over a quarter of a century have established that properly placed physically handicapped veterans are decided assets to their employers, have fewer accidents, fewer resignations and fewer discharges for cause than the average for other groups. This is because the physically handicapped are more efficient, careful, industrial and loyal, less prone to absenteeism and turnovers, and their production record equalled or exceeded those without physical handicaps.

To overcome the barrier, the American Legion has presented and is distributing "A Plan to Help Employ Disabled Veterans and Other Handicapped Persons Productively and Safely." This pamphlet is available at all Legion posts and to employers. It demonstrates that if the man and the job are matched—evaluation is the formal term—the properly placed disabled veteran will ask no special favors or preferences and will make a good employee.

To enhance the campaign of educations, The American Legion is presenting for nationwide distribution a short movie entitled "No Help Wanted." The film has no professional actors but is produced from scenes taken in our Government veterans hospitals and private industrial establishments. The picture portrays the training disabled veterans are receiving and shows them at work in productive employment.

The Legion hopes that this visual demonstration of the proper utilization of physically handicapped veterans will lassist in reducing, if not eliminating, the unfounded prejudice existing against their placement in gainful employment. Any other result will be shameful commentary on America's appreciation of its war wounded and a reflection on the business judgment of employers.

COMMEMORATIVE OF THE GREAT WEST

The spirit of the pioneer lives in the new thrilling story of "Canyon Passage" fresh from Hollywood. The producer Walter Wanger shows his enthusiasm for our forefathers and glorifies his film by presenting a true picture of the hardships endured by our ancestors. He draws attention to the remarkable fighting spirit of our uniformed men and to the civilians who accomplished so much on the home front during the war. But he declares that the country of today is suffering a sort of spiritual let-down, climaxed by "a kind of lethargy that has set in."

Brer. Wanger reminds us: "We can't get meat today, we sit down and gripe; we write indignant letters and complain to our friends. The pioneer didn't; he went out hunted up his own meat, and when the pioneers had their housing shortages those early Americans solved the problem by geeting out the axe and spade and getting to work."

But getting back to the thrilling new picture, "Canyon Passage." It presents old and new facts and theories, which combined shows that there is no use in a fellow whining.

"Now is the time to borrow from the pioneer spirit—from the war spirit of a year or two ago, if you will. We beat the great Northwestern wilderness; we licked the stuffing out of Hitler," according to Walter Wanger, and he added:

"Just 100 years ago the United States clinched its foothold on the Pacific Ocean through final settlement of the Northern limits of the Oregon Territory. The grant gave us all of Oregon, Washington, and Idaho and much of what is now Montana and Wyoming. In the Southwest vast territory now embracing New Mexico, Arizona, California, Nevada, Utah and parts of Colorado and Wyoming was also acquired.

This summer will see commemorative observances of the opening of the great West, that magnificent section as a part of the continental United States.

OUR PEOPLE SHOULD BE WELL FED

It is perfectly natural that our people want to go the limit in feeding starving people who have been victims of the great World War. But when it comes to bring the process down to slices of bread, pieces of meat, minimums of sugar and synthetic foods and fruit juices, plus inferior paper towels, etc., that's when reason breaks company with orders from "brass hats" and administrators holding political positions.

I'LL TAKE VANILLA
Remember when the drug store soda fountain was a square marble affair back of the counter, and dispensed three flavors: vanilla, sarsaparilla and chocolate? The counter was marble topped, and the stools high, four legged ones. Today's comfort was lacking, but not the enjoyment of sodas and sundaes! Remember?

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

By HAROLD L. LUNDQUIST, D. D.
Of The Moody Bible Institute of Chicago.
Released by Western Newspaper Union.

Lesson for July 14

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

JESUS AND SUPREME LOYALTY TO GOD

LESSON TEXT—Exodus 20:3-6; Joshua 24:15, 22-24; Luke 14:25-27.
MEMORY SELECTION—No man can serve two masters: for either he will hate the one, and love the other; or else he will hold to the one, and despise the other. Ye cannot serve God and mammon.—Matthew 6:24.

The first three commandments bring man into the presence of God, where he is taught how to worship God in spirit and in truth.

"The first commandment (Exod. 20:3) bids us worship God exclusively; the second (vv. 4-6) bids us worship him spiritually. The first commandment forbids us to worship false gods; the second forbids us to worship the true God under false forms" (Farrar).

We shall lose much of the value of our lesson if we confine the application of it to Israel. We miss the point if we think only of the gods of wood and stone which the heathen worship and fail to apply the truth to any and all idol worship of our day.

The loyalty to God of which our lesson text teaches may be summarized in four words. It is a loyalty of

I. Purpose (Exod. 20:3).

Jehovah means, "I will be what I will be," or "I am that I am," (Exod. 3:14). His very name declares God to be the self-existent, eternal one. How infinitely gracious then is the use of the word "thy" in Exodus 10:2! He—the great I AM—is my God, a personal God. It must be our constant purpose to worship him only.

There are many things concerning which we do not speak dogmatically. There are even Christian doctrines about which spiritual and earnest men may honestly differ, but regarding God we say with absolute assurance and complete exclusiveness—there is but one true God. If he is what he claims to be, if God is not to be declared to be a liar, then it is beyond the realm of possibility that there could be any other God.

Hear it, men and women of America who in an enlightened land and age bow down in heathenish worship "before the god of gold, the god of self, the god of wine, the god of success, the god of fame, the goddess of pleasure, the god of licentiousness." The one true God says, "I am Jehovah. . . . Thou shalt have no other gods before me."

II. Performance (Exod. 20:4-6).

What is in the heart must show in the life. The second commandment calls for the undivided devotion and worship of man. It expressly forbids idolatry in any form. The injunction is twofold. (1) Men are forbidden to make any material likeness which to them represents a being to be worshiped. It matters not whether it be an image of what men believe God to **be like, or the image of an angelic being, a heavenly body, in fact, "anything that is in the heaven** above," or on the earth, such as a man or animal; or under the water, such as a fish. (2) If such objects have been made either by ourselves or others we may not bow down to them, nor render any service to them. Let us all examine our religious ceremonies and practices in the light of God's commandment.

Observe that obedience to this command brings rich blessing to "thousands" (v. 6), whereas disobedience is a curse not only to the man who disobeys, but also to his descendants.

III. Promise (Josh. 24:16, 22-24).

Before the aged leader of Israel came to the close of his life he called leaders of the people, whom he had led in the taking of the Promised Land, and urged them to continue in the way of faith and loyalty to God.

They promised rather readily, but he made clear to them that God was not interested in lip service. They were to prove their promise by putting away all strange gods. This they agreed to do. Wherein they failed, they suffered defeat, and wherein they kept their promise, God blessed them. We may learn from their experience.

IV. Practice (Luke 14:25-27).

It is not always necessary to choose between our natural affections for those near to us and our loyalty to Christ, but if the time comes for that decision, Christ must come first without question and without hesitation (cf. Matt. 10:37).

The word "hate" (v. 26) does not carry with it any thought of malice or personal dislike. We know from other scriptures that we are to honor our father and our mother (Exod. 20:12). The one who fails his own is declared to be worse than an infidel (I Tim. 5:8).

The point is that no personal loyalty or responsibility is to stand in the way of our devotion to Christ. Our own lives must be counted as a glad sacrifice to him as we take up our cross—in the crucifixion of self-will and devotion to his will (see Gal. 2:20; 6:14).

OLDEST CITY IN NEW WORLD

The oldest city in the Western Hemisphere, Ciudad Trujillo in the Dominican Republic, will celebrate its four hundred and fiftieth anniversary on Sunday, August 4. We boostere for Colonial Virginia and Plymouth, Massachusetts fix up our dates in 1607 and 1620. But there are close to 2 million people, proud that they came first in the Dominican Republic. A three-master caravel, modeled after one of Columbus' ships will sail up the Ozama River next month to re-enact the founding of Western Civilization's first permanent ette.

Wearing late 15th century costumes, sailors will moore the ship to a replica of the tree used by Columbus' brother, Bartolome, when he founded the city of Santo Domingo in 1496. The ceremony will open with a colorful water pageant featuring flower decked floats and will be highlighted with an address by Dr. Rafael Trujillo, President of the Dominican Republic.

Originally called Santo Domingo, the people of the city re-named it after President Trujillo, in spite of his protest, because his gorernment re-built it along modern lines after a hurricane in 1930 had completely demolished the city.

The Dominican Republic will celebrate the anniversary with a deep pride in their capital city's long history but they are even prouder of its modernity and up-to-dateness. Although the city has the moss-covered ruins of some of the first buildings in America, it also has modern structures, spacious boulevards, suspension bridges and some of the finest hospitals and best schools in the World.

The land of the island is fertile, producing sugar, cocoa, coffee, rice, corn and tobacco in great quantities.

The Dominicans stand high in Washington—deservedly so; they declared war on Japan and Germany, December 8 and 11, 1941.

Benefits Will Not Be Paid Veterans For Injuries In Training

The Veterans Administration has announced that it has no authority to pay any benefits to a veteran for injury, or aggravation of a previous condition, while he or she is enrolled for educational or training benefits of the Servicemen's Readjustment Act.

This is based on a decision of the Solicitor for the Administration of Veterans Affairs. It also states the VA does not have the authority to pay benefits where an injury is the result of hospital or medical, including surgical, treatment furnished by the school or training institution as an incident of the education or training under this Act.

However, under Public Law 16 providing vocational rehabilitation for disabled veterans, the VA is authorized certain benefit payments to veterans injured in the course of training.

Program For Checking TB Set Up By VA

The early diagnosis and prompt treatment of tuberculosis among hospitalized VA veterans is assured in Veterans Administration hospitals in Ohio, Kentucky and Michigan, with the inauguration of a new program calling for chest x-rays of all patients.

When a veteran is admitted to a hospital, or when he reports for a medical examination at an out-patient clinic, chest x-rays will be made, regardless of the disability for which the ex-serviceman or woman is hospitalized or examined. Periodic surveys of all general and neuropsychiatric patients at the end of each 12 months' hospitalization have also been authorized.

Thus, the chests of several thousand veterans in the three states will be x-rayed annually, possibly saving many lives and averting prolonged hospitalization of tuberculosis veterans.

More than 1000 veterans are now receiving treatment for tuberculosis in VA hospitals in the three states. A tuberculosis hospital is located at Outood, Kentucky, and tuberculosis wards are maintained at most of the eight other hospitals in the area.

LOWER GUNPOWDER

Raymond Binder has been visiting relatives in this community. We are glad he is able to be out, as he was seriously wounded in the war.

Several Floyd county farmers plan to sow alfalfa in late summer, since rains prevented spring-seeding.

It is estimated that about 400 acres of Ky. 31 fescue grass in Christian county will produce 75,000 pounds of seed.

THE GARDEN

By John S. Gardner, Kentucky College of Agriculture and Home Economics

Timely Tips

Mexican Bean Beetles: This pest has come and in some parts of the state is sufficiently entrenched to be a problem. Too many gardeners sold to the idea that the first few do not matter, but they do matter, for they found the huge families that later over-run the beans.

On seeing the first egg-clusters, an application of the control material should be made, and 10 days after the first, a second. By following that schedule, all egg-clusters of that particular generation are surrounded by the material, and the newly hatched infants are destroyed before they do serious damage. If the next generation, 30 days after, is treated in the same way, the chances are that no further spraying or dusting is needed that season.

The best material is rotenone. three fourths percent dust, rather than the half-percent dust used during the war years when rotenone was scarce. It is still scarce and if manufacturers switch to cryolite, as they did late last summer, there need be no misgiving in using it, as it kills the Mexican beetle as well as does rotenone. But whichever is used should be used by schedule.

Bordeaux Mixture: With drier weather to be expected, fleabeetle injury, and that from leafhoppers, may be expected, too. As it happens, bordeaux mixture controls these pests, and the blight, too. Tomatoes, especially, should profit from spraying, to hold the foliage and to keep the fruit flavor sweet. Melons of all kinds should benefit, too, as should late cucumbers and squashes.

Cultivation: With dry weather on the way, deep working of soil should now give way to mere shaving or scratching of the surface, to save all moisture possible.

Members of 4-H clubs will be trained to test soils in Franklin county.

with ATTIC VENTILATION

Your attic is a HEAT TRAP without ventilation

COOL breezes replace heat with attic ventilation

Remember those stifling hot nights last summer, when you sat outdoors until late, hating the idea of going into the hot house to bed?

This summer can be different if you install an attic ventilating fan now. An attic fan draws in cool, refreshing air through the windows, circulates it about the house and blows hot, stale air out through the attic vents. It makes your entire house as cool as a breeze-swept, shady, open porch. You can retire early and enjoy a comfortable night's sleep no matter how torrid the weather.

A limited number of attic fans are available now for immediate installation. See your electric appliance dealer or this company for full information about this lowest way to summer comfort.

COUNTYSEAT AVERAGE POPULATION 1,700

The average size of countyseat towns in Kentucky is approximately 1,700. In the 120 counties of the state, there were 13 countyseats with fewer than 600 residents in 1940, and only eight had 10,000 or more residents. Two-thirds of all the countyseat towns were classified as rural because they had less than 2,500 population. In fact, five out of six of Kentucky's countyseats have fewer than 5,000 people. These figures were assembled by research workers at the Kentucky Agricultural Experiment Station during preparation for a study of rural community centers.

VERONA

With apologies to Mr. and Mrs. Wendell Ryan, we wish to state they have a son instead of daughter, as formerly announced by this correspondent.

Rev. A. K. Johnson filled the pit Sunday, July 7, both morning and evening in the absence of our pastor, Rev. A. D. Caldress. He and his wife are visiting relatives in North Carolina.

Those who attended the picnic at Bethel Grove report an enjoyable day.

Mr. and Mrs. Gertie Harris spent the Fourth with their daughter, Mrs. Alfred Kemper and Mr. Kemper and family.

Mrs. Cynthia Boyer and son of Campbellsburg spent a few days with John Boyer and family. Mrs. Cynthia remained over the week-end.

Mrs. Walter Brown went to Cincinnati to Doctor Riddle one day last week.

Mrs. Pearl Lamn and Emma McCandless have been nursing Mrs. Charles Baber Sr.. and Mrs. Willis Marksberry.

Those attending the party at Mr. and Mrs. Will McCormick's on Friday evening had a most enjoyable time in spite of the drizzle.

Twenty-seven members of homemakers' clubs in Kenton county have asked for plans for making laundry carts.

Eight homemakers' clubs in Boyd county have completed the study of "Business Affairs Women Need to Know."

WAYS STUDIED TO REDUCE FARM WORK

Economists concerned with saving time and labor in farm work were able to reduce the milking time from 143 minutes to 77 minutes at the Agricultural Experiment Station dairy at Lexington.

The arrangement of the work reduced the walking of workers three-fifths of a mile a day. It was found that the use of less milking equipment reduced both labor and time. Use of Peterson's rapid-milking procedure also helped. Principal points in Peterson's formula for milking cows are:

1. Establish a regular milking time and order for your cows and protect them from scares or distraction during the milking period.

2. Stimulate the cow to give down her milk by wiping the udder with a warm, wet cloth about a minute before starting to milk.

3. Milk as rapidly as possible. With a machine the time can be cut down to 2½ to 3½ minutes for most cows.

4. Take the machine off just as soon as the milk is removed, being careful not to let the teat cups crawl up onto the slack udder. Strip with the machine by pulling the teat cups down into normal position and pressing gently on each quarter to get the last milk.

Running water has been installed in 20 farm homes in McCreary county since Jan. 1.

A county hospital is being promoted by homemakers' clubs in Ohio county.

Will they thank you for good strong feet?

Oh, you mother of a child—you want his manners to be nice, you want his brain to be quick, you want his hands to be agile—but don't you want his feet to be sturdy and true, well-shaped and graceful? Are those of your daughter?

You mother of a child, twenty years from now his feet will be walking up to get a diploma, or confidently marching in to get a job, maybe walking up to an old church altar to meet a bride in white, (Or it may be the bride herself). Your child may never thank you for good strong feet, he'll take them as a matter of fact. But what will he think if they're not good strong feet? Sure he'll still love you—but "why didn't mother make sure I was growing up right?"

It is a responsibility, just one of the many a mother takes on when she brings a child into the world.—Adv.

SAND RUN BAPTIST CHURCH BRIEFS

A ten-day Vacation Bible School was recently held at the church with total enrollment of 69; five accepted Christ as Saviour during the school.

Our spring revival was held by Rev. John E. Huss, pastor of Latonia Baptist Church, assisted by our pastor, Rev. L. M. Hamilton. The meeting was a real blessing to the church in many may.

Bro. Huss's preaching was straight from the scriptures and had a definite appealing message. He challenged the Christians to higher, holier, living and his messages to the lost were honored by the salvation of several souls. During the days together the church come to love him deeply and will long remember happy days of fellowship and soul winning together.

The church is stronger because of this revival meeting, and the church bids Bro. Huss God speed in his glorious gospel work.

Baptismal services were held at the Latonia Baptist Church with 121 of Sand Run's members present.

Thus far this year 26 members have been added to Sand Run Church. Attendance in all services continues to increase, and members have contributed splendidly financially and otherwise. The Sunday School has met requirements for standard.

In the early part of last year the church decided that due to the growth of the church and condition of the building, a building fund for a new church would be started, which would meet present and future needs. This fund is growing and the church calls upon all its members to help Sand Run "Arise and Build."

North Bend Association will meet at the church in September and on September 29th the church will observe "Homecoming" at which time the fall revival will begin.

LESPEDEZA LAMBS MAKE GOOD GAINS

Lambs grazing lespedesa made best gains in a three-way feeding test with late lambs at the Kentucky Agricultural Experiment Station last year. Carcasses and dressing percentage, however, were not as good as those of lambs running on soybeans and a mixture of half alfalfa and half bluegrass. Lambs grazing soybeans made the lowest gains but produced the best-finished carcasses and the highest dressing percentage. Those on alfalfa and bluegrass made the second-best gains, carcass yield and carcass quality.

In a similar test made in 1944 lambs on lespedeza produced the fastest gains, choicest carcasses and highest dressing percentages. Lespedeza in 1945 made poor growth and an unusually light seed crop.

The Waverly Homemakers' Club in Union county is promoting the exchange of seeds and bulbs among members.

DEARBORN COUNTY FAIR

The bigger and better Dearborn County Fair, which will be held at Lawrenceburg, Indiana July 22 to 27th inclusive is completing plans for all departments. Starting Sunday afternoon July 21 with the Saddle Show by the Southeastern Indiana Pleasure Horse Association on Sunday afternoon, July 21st and ending Saturday night with the spectacular Musical Revue—stars of Fanasty. Truly it will be a work of entertainment and education. Features are live stock exhibits, three days of harness racing, thrill show, three nights of Musical Revue, horse pulling contest, foot bound show, baby show—the biggest and cheapest entertainment feature of the year.

Life Ended By Boone Co. Man After Attempting To Slay Entire Family

WRISTS AND THROAT SLASHED BY MELVIN YEARY AFTER ATTEMPT FAILS TO KILL FAMILY OF FOUR.

Melvin Yeary, 59, ended his life early Thursday morning at his home five miles west of Burlington by slashing his wrists and cutting his throat after attempting to slay his family of four.

Yeary, a foreman for the Andrews Steel Mill, Wilders went berserk shortly before midnight Wednesday, attacking his family with an iron bar and a pocket knife.

According to Mrs. Yeary, her husband had struck her the day before with a scythe handle, injuring her neck and upon returning from work Wednesday evening she began to spit up blood. She called her husband and told him she needed a doctor. He got up, went out to the car and apparently left to obtain a doctor.

Yeary drove a short distance down the road, parked his car and returned to the house. Mrs. Yeary heard noises in the next room and on investigation found her mother lying on the floor as though dead, with Yeary standing nearby with an iron bar in his hand. He struck his wife several blows with the bar (a rear axle from a car), knocking her down, then slashed his sister-in-law's throat as she was attempting to call the sheriff.

Mrs. Yeary escaped her husband while he was beating and slashing her sister Cora Patton and Mrs. Patton's daughter. She ran to the home of Walter Gaines nearby, and phoned Deputy Sheriff Wendell Easton. Upon arrival of Deputy Easton, he found Yeary dead, lying face down in the yard, his throat and wrists slashed by the pen knife.

After his wife's escape, Yeary poured five gallons of kerosene over the body of his victims and attempted to ignite the kerosene by striking matches. Sheriff Rouse and Deputy Easton said the blood probably prevented the kerosene from igniting.

A note found by the sheriffs in the kitchen of the house, said: "Tell them not to worry, I have some money in my pocket. Please forgive me, it was not my fault. Give my children my money." The note was not signed. A total of $80 was found in Yeary's pockets.

Family members admitted at St Elizabeth Hospital were: Alma Yeary, struck with an iron pipe on the left side of the neck and left arm. She sustained possible fractures of the neck and arm. Mrs. Emily Patton, 73 mother-in-law remains in serious condition from a blow on the head from the iron bar, and Cora Patton 38, sister-in-law, reported in fair condition from a slashed throat.

Nora Alexander, daughter of Mrs. Cora Patton by a former marriage suffered a cut over the right eye and bruises, but her condition was not thought serious enough to require hospitalization.

Sheriffs Rouse and Easton, Dr. M. A. Yelton and William Jarrell who viewed the home the night of the tragedy stated that blood was so thick on the floors that it was practically impossible to walk through the rooms.

Jessie Fleek

Mrs. Jessie Lou Craig Fleek, 60, wife of Millard Fleek died in her home in Rising Sun, Sunday, July 7, at 5:30 a. m. after an illness of 11 weeks. She was born June 28, 1886, in Boone County.

In addition to her husband, Mrs. Fleek is survived by eight children, Mrs. Lilas M. Green, Vernon S. Fleek and Erma L. Fleek, of Rising Sun; Marshall E. Fleek of near Dillsboro, Ind.; Mrs. Clarabelle Bowman of Harrison, O., Route 2; Orville L. Fleek of St. Louis, Mo.; Stanley L. Fleek of Aurora, and Mrs. Gladys I. Whitham, of Kansas City, Mo.; two brothers, Jacob and William Craig, of Cincinnati, and two sisters, Mrs. Minnie Slayback, of Aurora, and Mrs. Ella Tungate of Cincinnati.

Funeral services were held Wednesday at 1 p. m. in Pilgrim Holiness Church by Rev. D. W. Hunting, pastor. Burial was in the Belleview, Ky., Cahetery.

Mr. and Mrs. Reuben Hodder and family entertained a group of friends with a picnic at their home Sunday.

Corporal Phillips' mother, Mrs. Blanche Aylor, resides in Burlington.

ELSMERE MAN IS ARRESTED

ON COMPLAINT OF CLEVELAND MAN—FINED $19.50 AND SENTENCED TO 30 DAYS IN JAIL WITH SENTENCE SUSPENDED.

William Pauley, Elsmere, Ky., was arrested Monday by Sheriff Irvin Rouse and State Highway Patrolmen, after receiving a complaint from a Cleveland, Ohio motorist.

According to the Cleveland man, Pauley stopped him on the highway and represented himself as a law officer, followed him to Florence, sounding a siren and attempted to halt him again. However, the Cleveland man drove into Florence, called Sheriff Rouse, giving Pauley's license number.

Pauley was arrested Monday and when arraigned in Judge Cropper's court was fined $19.50 and costs on a charge of operating an automobile with a siren and was sentenced to 30 days in jail, with the jail sentence suspended.

DEMONSTRATION WELL ATTENDED

POULTRY SPECIALIST GAVE VERY INTERESTING AND PROFITABLE DEMONSTRATION AT LOCKER PLANT.

Jim Humphrey, poultry specialist from University of Kentucky gave a very interesting and profitable demonstration last Friday at the Burlington Locker plant. He demonstrated the different methods of killing and dressing poultry. There were two methods of picking, dry picking and wet picking. He stressed the point of the water temperature for scalding poultry which should be 140 degress F. for frying chickens and 180 to 190 degrees F. for hens. Also in his demonstration were the methods of cutting up fryers to be put in the locker and for home use.

The electric picker was also demonstrated to the group. A. B. Kwosalla conducted a very interesting tour through the locker plant at the close of Mr. Humphrey's demonstration.

According to the County and Home Agents' office, there were approximately sixty-five persons present at this meeting.

Theatre Manager Announces Free Picture Show At Florence School

"It Can Happen Here" is the title of the free picture show coming to the Florence school building on Monday night, July 22, at 7:30 p. m. sponsored by Businessmen's Clubs and farmers.

This picture has its setting in more normal times before the war. A new editor comes to town and opens the eyes of Main Street about what is happening to its business. The business men see a sound solution—then the story takes an unexpected and thrilling twist. America's business leaders rate it "the best picture of its kind."

"It Can Happen Here" stars Ian Keith, Harry Harvey and Marry Shannon with a complete Hollywood cast.

This picture is well worth your time and the public is invited to attend.

Quarterly Association Meeting Held July 11

The W. M. U. quarterly associational meeting of the Campbell County and the North Bend Associations, held at Bethel Baptist Encampment July 11, was attended by the following members of Union society: Mrs. J. A. Huey, Mrs. J. A. Fothergill, Mrs. Vera Fields, Mrs. Virgil Young, Mrs. Edith Hedges, Mrs. Emerson Smith, Miss Nina Stevenson and Mrs. Sherman Friend.

Topic for the day: "Baptist Youth Builds For Christ" and it was truly marvelous to see so many young people so earnest in their efforts to present Christ to the nations.

Guest speaker of the afternoon was Miss Ollie Wilson who is so deserving of our daily prayers for her continuance in her great work in Baptist Youth Camps. Continue to pray with us that our youth of today will be our Christians of tomorrow.

Mrs. Sherman Friend, Pub. Chmn.

Band Practice Postponed

The Boone County Band will not hold practice at the Burlington School next Tuesday, July 23, as the director is away on vacation. Practice will be resumed on July 30. All members are urged to be present at that time.

BURLINGTON AND BELLEVIEW WIN

IN SATURDAY GAMES OF BOONE COUNTY BASEBALL LEAGUE—WALTON AND PETERSBURG TAKE SUNDAY GAMES.

Burlington won from Petersburg 10-4, while Belleview was defeating Constance 7-6 in games played Saturday in the Boone County League.

Joe Smith pitched his first game Saturday for the Burlington nine and performed well, allowing ten hits. Aylor, Campbell and E. Deck handled the hurling chores for the losers. C. Benson had four hits for Burlington and D. Deck had three to lead the attack for Petersburg.

The Belleview and Constance game was a well-played contest and close throughout. Cason and H. Ryle were on the mound for the victors with Jones and Vahlsing doing the chucking for Constance. The hitting stars were Stephens for Belleview with 2 for 3, while Peeno clubbed out three safeties for Constance.

There will be a meeting of all team managers at the Burlington courthouse at 8 p. m. Monday, July 22nd, for the purpose of drawing for the elimination series.

Saturday's games: Petersburg vs. Belleview at Belleview; Constance vs. Burlington at Petersburg.

Walton-Petersburg Win

Walton and Petersburg chalked up decisive victories in the semi-pro games Sunday, when Walton defeated the Bank and File nine at the Walton park by a score of 14-2. Petersburg trounced the Kentucky Colonels by a 13-4 count.

The Boone County All-Stars will meet Rank and File at the Petersburg grounds Sunday for the first elimination game of a series of three and out. The game will be called promptly at 3:00 p. m.

The All-Stars are a splendid team and have a good opportunity of carrying away the semipro championship this season.

LEGION TEAM IS ORGANIZED

BY BOONE POST NO. 4, AMERICAN LEGION—AREA IS COMPOSED OF BOONE, KENTON AND CAMPBELL COUNTIES.

The American Legion baseball team organized and sponsored by Boone Post No. 4, American Legion has completed tryouts and made selection of players under 18 years of age.

The line-up of players selected are as follows: Bobby Brown, Burlington; Dewey (Sox) Benson, Burlington; Phillip Yelton, Burlington; Ivan Cason, Burlington; John Judge, Florence; Roy Youell, Florence; Estill Ryle, Burlington; John Rogers, Burlington; George Baker, Florence; Lafe Miller, Florence; Wendell Cooper, Florence; Robert Patterson, Burlington; Tom Poole, Burlington; Perry Remaker, Florence and Alfred Roberts, Florence.

O. R. Russ, Florence has been selected as business manager, with Kenneth Berkshire, Grant and Gene Schroder, Florence, coaches. The home grounds will be at Florence and all home games will be played there.

The residents of Florence have donated sufficient funds to prepare the park and make an ideal ball ground. Suits and uniforms are to be purchased by funds raised by public donation.

Games will start just as soon as the schedule has been approved by state headquarters in Louisville. Area winners will compete for state honors and state winners will play for national championship which is known as "The Little World Series."

Our local team has some of our very best young men and many have already made a name for themselves as baseball players. High hopes are being held that our boys will go to the national series this year and with your support and cooperation they will surely make a good record for themselves and the county.

Revival Scheduled At Taylorsport Church

A revival will begin at the Taylorsport Methodist Church Wednesday, July 17 and will continue through Sunday July 28. Services will begin at 7:30 p. m.

Rev. Elmer K. Kidwell is pastor-evangelist and Rev. Bruce Easterday is in charge of the song service and will assist with the children's work.

Everyone is invited to attend these services.

Splendid Vacation Bible Scoool Held

The Bullittsburg Baptist Church reports a good Vacation Bible School held this year with an enrollment of 55 and an average attendance of 42. A total of $25.00 was received during this time for the cooperative program. The school was grade B.

The Vacation Bible School is one of the great ways of teaching our boys and girls of today for Christian service of tomorrow.

Young Minister Licensed

Bro. William Holladay having felt the call to the ministry and making a public statement to that effect was licensed by the Bullittsburg Baptist Church to preach the Gospel.

The church extends to him God's richest blessings as he goes forth in this great calling.

Boone Post To Play Norman Barnes Nine

Thursday evening the Boone Post nine will oppose the strong Norman Barnes Post team from Covington at the Belleview ball park. These two teams are the only teams in Northern Kentucky entered in the American Legion Junior Baseball program.

Winner of the first two out of three between these two teams will enter the state play at Louisville July 22, 23 and 24th.

The Norman Barnes team have not been defeated this year and are favorites, but the Boone County nine promises to give them a good tussle.

Come on out baseball fans and support your county team. These are young ball players and they need strong support. Game time 6:00. Ray Ernst and another official umpire will call the game.

TOBACCO MEETING HELD THURSDAY

IN LEXINGTON TO VOTE FOR MARKETING PLANS—ADOPTION OF PLAN VOTED BY REPRESENTATIVES.

The State Farm Bureau tobacco steering committee met in Lexington, July 11 to vote for one of the seven tobacco marketing plans, as proposed by the State Committee, according to Mr. George Kyser, Boone County delegate.

The committee voted to adopt the first plan proposed, it being to stimulate the Burley Tobacco Growers Cooperative Association to hire sufficient qualified personnel to follow auction sales and take proper care of tobacco selling below the support price. The committee feels that this will make the support or floor price effective to all eligible farmers. To put this plan into effect, the association must contract for or lease the necessary facilities so that on short notice these facilities will be available to handle tobacco that comes to the association.

The committee further recommended that the growers in maintaining a sound, workable control program so that the supply and demand might be kept somewhere near a reasonable balance and that the association be made the agent responsible for developing a foreign tobacco market through cooperation with the federal government or by having a representative in foreign countries. The development of a foreign market would help relieve the surpluses now in existence and retain the current level of production.

It is believed that the present cost of marketing tobacco is excessive and it was recommended that warehouses be requested to reduce by 15c per hundred pounds the marketing cost. This reduction would result in a saving of about $750,000 to the burley growers.

FIVE INJURED IN COLLISION

ON U. S. HIGHWAY 25 NEAR RICHWOOD, FRIDAY NIGHT WHEN CARS CRASH HEAD-ON.

Five of six persons, passengers of two cars in a head-on crash Friday night on U. S. 25 between Florence and Richwood, Ky., received minor injuries, according to Deputy Sheriff Wendell Easton. All were residents of Cincinnati.

Two of the injured were taken to St. Elizabeth Hospital, Covington, in an ambulance of the Chambers and Grubbs funeral home, Walton. They were Mrs. Vivian Barnes, 26, 1816 Elm St., and Annie Ivy, 12, 1126, Dayton, St., Cincinnati, who were passengers in an automobile driven by Mrs. Barnes' husband, Sylvester Barnes.

Barnes was uninjured, but Mrs. Barnes and Annie Ivy suffered face cuts.

Charles Davis, 22, 537 E. Liberty St., driver of the other automobile, his wife, Mrs. Pauline Davis, and their three-month-old child were treated for minor cuts and bruises. Deputy Easton said he was told the accident occurred when Barnes was passing other traffic.

Davis was charged with failure to show an operator's license. He was arraigned in Judge Cropper's court and fined $2.00 for failing to have an operator's license.

Father and Son Injured

An Atlanta, Ga., man and his son were reported in fair condition at St. Elizabeth Hospital, suffering from lacerations and abrasions sustained when their car plunged off the Dixie Highway and turned over near Richwood, late Wednesday.

The father, Ray Palmer, told Sheriff Rouse he "dosed" off while driving north on the high.

The father and son were on their way to Detroit to join the mother, Palmer told Sheriff Rouse.

Three Injured In Crash Near Burlington

Three Cincinnati negroes suffered injuries in an automobile accident north of Burlington on the Burlington-Idlewild Road Saturday afternoon.

The accident occurred when the driver Edgar Barnett failed to negotiate the curve in front of the home of Claude Patterson, striking a light pole.

Those injured in the car were Scovell Ingram, Elizabeth Richardson face cuts, and Junaid Mughin, face and hand cuts.

The injured were treated by Dr. M. A. Yelton, Elizabeth Lowry and Mrs. Harry May.

Other occupants of the car were Nathaniel Schuler, Chas. Sassett, Ruth Montgomery, all of Cincinnati.

Hebron Farm Sold

L. R. Oliver sold his farm of 54 acres at Hebron, Ky., to Mr. Jump, of Independence, Ky. The negotiations were handled through Col. Lute Bradford, Florence, Ky.

OHIO RIVER SPAN BEING STUDIED

BY KENTUCKY AND INDIANA AUTHORITIES BETWEEN PETERSBURG AND LAWRENCEBURG, IND.

Kentucky and Indiana State Highway Department officials are planning further conferences to continue discussion of the possibility of construction of a bridge across the Ohio river between Petersburg and Lawrenceburg, Ind.

The long delay entailed by heavy Cincinnati traffic for Kentucky autos bound for Chicago, Indianapolis and other points north has brought about the suggestion for the new bridge, Kentucky Highway Commissioner J. Stephen Watkins reported.

Along with Indiana, Kentucky will appoint a board of technicians to make surveys of the proposed span to determine probable cost, amount of traffic, and bond plan for financing the work.

Governor Simeon S. Willis and Mr. Watkins represented Kentucky at the meeting held between the two states recently on the matter.

[illegible] would be paid for by auto tolls it was suggested.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

JESUS AND TRUE WORSHIP

LESSON TEXT—Deuteronomy 8:11-14, 18-20; Isaiah 40:30, 31; Mark 12:28-34.
MEMORY SELECTION—God is a Spirit: and they that worship him must worship in spirit and truth.—John 4:24.

The one true God is worthy of the wholehearted worship of all men. The second commandment, which we studied last week, forbids all and every idolatry and thus requires exclusive worship of god.

It really means something in the life of a man to worship God in sincerity and truth. It makes life worthwhile both here and hereafter.

I. Worship Balances Life (Deut. 8:11-14).

Prosperity is usually thought to be a blessing. We fear depression and poverty. The Lord through Moses warned his people that prosperity was dangerous. It still is, because material things have the power to so satisfy the natural desires of man as to make him forget his spiritual needs.

Is it not true that material prosperity usually brings with it a corresponding decrease in spirituality. Life values are weighed in gold, silver, wheat and iron instead of being viewed in the light of God's Word.

Worship of God will balance life for it will keep man from forgetting God and his laws. In the wilderness Israel had to call on God for daily bread. Now that they were to come into the promised land they would be apt to think they produced their own food.

II. Worship Protects Life (Deut. 8:18-20).

One of the most mischievous mistakes of life is the idea that man is the maker of his own money. Only God can give man the power of hand and heart, of muscle and mind, which brings forth wealth, and then he can only draw it out of God's resources in mine or field or sea.

This fallacy of man leads him astray, and he begins to worship the very powers he uses and finds pleasure in the gods of this world. That way leads only to eternal destruction, to spiritual death.

How is man to be delivered from this awful destructive force? By a right relationship to God, by worship of and devotion to the Lord.

Israel had a covenant with God, and in the keeping of it they would find deliverance from all which would pull down and destroy—yes, and from the judgment of God (v. 20).

We who are believers in Christ are under the new covenant of grace. If we have been born again we have the promise of God that we have eternal life. But let us be clear that it is possible for a Christian to so forget God and his covenant with the Lord as to lose his fellowship and joy, and to be useless and fruitless.

III. Worship Strengthens Life (Isa. 40:30, 31).

The Christian life is not an easy one to live. After all, who wants it easy? There is, however, full provision by God for the power needed to live a life as victorious and exultant as that of the soaring eagle. That power is for those who "wait upon the Lord" (v. 31).

It is taken for granted that those who are old may become weary and faint, but the fact is that even the youth have this disappointing experience.

We, leaders in the church and parents, are apt to forget that youth is often a time of great struggle. The young man or woman must make the choices of purposes and ideals which will determine their future. Too often youth, left unguided and without the balance of a real faith in God, makes the wrong choices and winds up in bitter disappointment.

Only God is sufficient for the need of our young people but he is sufficient. Let us teach our boys and girls to wait on the Lord.

IV. Worship Completes Life (Mark 12:28-34).

Here was a man, who, by the testimony of Jesus was "not far from the kingdom of God." He was very near to a full devotion to God in Christ. He knew "all the answers," but he did not follow the teaching which he knew to its proper and blessed conclusion.

It is terrifying to think how close a man can come to entering into eternal life, and yet miss it altogether. It prompts the writer of these notes to ask you, the reader, very earnestly, Have you entered into eternal life through Jesus Christ? "Almost" will not avail; you can be almost saved—and eternally lost.

The true nature of worship is revealed in this lesson as a loving dependence on God at all times and in all circumstances. We recognize him as the one who can supply our every need, spiritual and temporal. We accord to him quick and full obedience. We find in him such complete satisfaction that we cannot withhold our love and his love from our fellow men. We worship him!

NEW SPUDS MAY 11

Carter Shackleford of Dixie Town Community in Harlan County started using potatoes from his garden on May 11. Mr. Shackleford sprayed several times with bordeaux. County Agent Allan C. Davis says many gardeners in the county predict the largest Irish potato crop ever produced there.

The Butler County Farm Bureau supplied seed of the Williams variety of sorghum cane to two dozen farmers.

RECIPE OF THE WEEK

Frozen desserts made from fresh fruits take first place in summer menus. In this recipe from the Kentucky College of Agriculture and Home Economics, fresh, fully ripened peaches are used.

Peach Mousse: 1 cup crushed peaches, 1 teaspoon gelatine, 2 tablespoons cold water, 3 tablespoons boiling water, ½ cup sugar, 1 cup whipping cream, one-eighth teaspoon salt, few drops almond extract.

Soak the gelatine in cold water, then add boiling water and sugar. Chill until the mixture thickens, then beat until light. Fold in the crushed peaches, almond extract and stiffly beaten cream. Pack in the tray of a mechanical refrigerator and freeze.

If a freezer or other container is used, cover the mousse with waxed paper, then cover tightly. Pack with equal amounts of ice and salt and freeze without stirring or turning. Drain off the ice water as it accumulates.

Menu: Fried chicken, new peas, potato salad, mixed vegetable salad, oatmeal rolls, butter and peach mousse.

IT PAYS TO ADVERTISE

Enjoy COMFORT COOLING

with ATTIC VENTILATION

Your attic is a HEAT TRAP without ventilation

COOL Breezes replace heat with attic ventilation

In summer, your attic is a heat trap, building up temperatures as high as 25 to 35 degrees above outside temperatures. This stored-up heat acts like a blanket keeping your house uncomfortably hot long after the sun goes down.

Attic fan ventilation eliminates this prime cause of summer discomfort by drawing cool air in through the windows, circulating it about the house and blowing hot air out through attic vents, thus cooling the entire house. Instead of sitting up until midnight waiting for the house to cool off, you can retire early and sleep in cool comfort.

Attic fans are available now for immediate installation. Consult your electric appliance dealer or this company for the facts about this low-cost way to summer comfort.

CHICKENS PROFITABLE

That a fair profit can be made on chickens, despite the high cost of feed, is indicated by 31 poultry raisers in Warren county. John H. Gray, assistant county agent, notes that their expenses averaged slightly more than 37 cents for eight-week-old chickens weighing 1¾ pounds each. This included the feed and the original cost of about 14 cents per chick.

Why Suffer With Your Feet?

N. TULCH
Foot Comfort Specialist at—
PEOPLE'S SHOE STORE
814-816 Madison, Covington

Our years of research have proven that foot comfort depends on foot balance.

For years men have been guessing about foot balance, putting steel supports under feet and elastic bands around feet, all sizes and shapes corn pads, plasters, callous plasters, etc. Yet people continue to suffer with their feet, legs, back and with various other aches and pains, resulting from feet in numerous cases because they never had their body weight properly balanced on their feet with shoes.

Your feet may look regular to you, but, naturally you cannot detect weakness or have any way of testing for unbalance. But remember: "fat on the ribs" is by no means an adequate criterion of physical well being.

Don't take chances. If you are suffering with leg pains, knee pains, stiffness, backaches or severe headaches, or sleep poorly and are always tired, your feet may be the cause.—Adv.

Approximately 40 calves in Allen county are being fed by 4-H club members for the Louisville fat cattle show and sale.

Homemakers in Shelby county are making more than 250 pairs of handmade leather gloves at an average cost of $1.50.

After black root rot destroyed 40 percent of his tobacco crop last year, Elic McCombs of Edmonson county this year planted root-rot resistant Ky. 41A in the same field with good results.

Frank Adams of Grayson county bought 4,000 broilers in February and sold them in May at a profit of 27½ cents each.

Renloe R. Rudloph of Marshall county had a gross income of more than $1,200 from one acre of strawberries.

Two thousand acres of oats in Monroe county yielded approximately 40 bushels to the acre.

Idlewild Nine Score Victory Over Bullittsville

The Idlewild Stars, managed by Charles Pepper, defeated the Bullittsville nine, managed by Johnny Whitaker and captured a 6 to 6 victory over Whitaker's team.

The hard-hitting Idlewild Stars slugged out with 12 hits, one being a timely homer by Dick Gaines, the catcher. Henry Holloday was the winning pitcher. Manager Pepper led the attack with three for three.

The Idlewild Stars will meet the Bullittsville team again Saturday, July 24 in Lepon's park, located half way between Idlewild and Bullittsville. Time of game 2:00. Everyone invited.

Refreshments will be sold on the grounds.

The manager, Chas. Pepper challenges any Saturday team.

The W. M. U. of Union Baptist Church met at the church at 2 p. m. Wednesday, July 10 for the regular meeting. Meeting called to order by Mrs. R. K. Newman, president, with 12 members and 1 visitor answering roll call.

Minutes to previous meeting read and approved as read. Business read minutes of the Mission Study class held on June 26th with Misses Edith and Bernice Hedges. There were 13 present and the book "The Road of The American Way" taught by Rev. Henry Beach was very inspiring and enjoyed by all. Treasurer's report for July was given with a good balance on hand. All young people's organizations turning in good report. It was with the deepest regret that Mrs. Emerson Smith had to announce the discontinuance of her Y. W. A. girls, as all have moved away or are away at work. The resignation of Mrs. Elaine Greenup was accepted at her request, and it is hoped we will be able to announce our new Sunbeam leader by our August meeting. Announcement of dates for Daily Vacation Bible School was last week of July and first week of August, with a one week revival beginning August 11th through 18th. A suggestion was made that all future meetings shall include the reading of our inactive membership, in loving memory of those sister members who are so deeply interested in our advancement of God's work, who cannot meet with us each month.

The program from Royal Service under the able direction of Mrs. Edith Hedges, was presented by the following ladies: Mrs. Hedges, Mrs. E. Smith, Mrs. Reuben Kirtley, Mrs. J. F. Bristow, Mrs. Virgil Young, Miss Lucy Newman and Mrs. Sherman Friend. Hymns sung were the W. M. U. hymn and The Kings Business. Special prayed by Mrs. J. A. Huey for all our youth and those who are ill. A splendid devotional was brought by Mrs. J. A. Rothergill showing Christ as the great teacher.

Dismissal prayer was offered by our president.

Mrs. S. Friend, Pub. Chmn.

I WATCHED 'EM

On July 14th I went to the Young People's meeting of the Union and Richwood Presbyterian Churches. You may not believe it, but I was actually on time for the election of a new president, Bradie Cox. Those who vote are, Ruth Cox. Those who voted are, Ruth Linda Fugate, Martha Fogal, John Joe Tagart, Bobby Tagart, Oatney Scott, Mary Scott, Ann Howard, Ralph Merrill, Allen Slayback, Rev. and Mrs. Hopkins. I listened to a very long discussion on "What is the Kingdom of Heaven?" A prayer followed the discussion, then the action took place—games. Later on in the evening everyone crossed hands for the friendship circle. After this I sneaked very quietly into Mr. Hopkin's house, but I'll be back next Sunday evening.

—Jasper Mouse.

BIG BONE W. M. S.

The regular monthly meeting of the Big Bone W. M. S. was held at the home of Mrs. Tom Hamilton July 11th, 1946 with eleven members and fourteen visitors present.

In the absence of our president, Mrs. Olive Gruelle, vice president, Mrs. Orin Edwards took charge, and our meeting began by singing "Jesus Is All the World to Me" after which our watchwords were repeated.

Our devotional on Jesus as teacher taken from Micah, Matthew and Acts was followed with prayer by Clara Mae Ryle.

Mrs. Huff began the program on "Missionary Education, a Christian Imperative" with discussions by Jane Aylor, Frances Aylor, Sue Ryle, Faye Afterkirk, Mrs. Frank Sebree, Mrs. Sam Hogan and Mrs. Jim Aylor.

A duet, "Ready" was rendered by Frances and Jane Aylor, after which prayer was offered by Mrs. Sam Hogan.

Our business session followed with roll call, at which time we were happy to enroll two new members, Mrs. Eldon Ryle and Mrs. Bruce Ryle. Other matters of business were voted on with reports etc., after which prayer for our shut-ins and dismissal prayer was offered by Frances Aylor.

Mrs. Wm. W. Aylor, Pub. Chmn.

IN MEMORY

Dedicated to my mother, Mrs. Emma Freeman, on her 88th birthday, July 26th.

In memory of this precious day
The one on which He gave you birth,
And though dear mother you are away
You live within my heart on earth.

I would not call you back—ah no,
It is only that I miss you so;
Bu in my faith, I know that she
Beyond the sunset waits for me.

—Sadly missed by her daughter, Jo. 1t-p

SIX INJURED IN ACCIDENT

NEAR IDLEWILD SUNDAY MORNING—TWO ARE REMOVED TO ST. ELIZABETH HOSPITAL FOR TREATMENT.

Six Boone Countians were injured Sunday morning in a head-on collision of two automobiles on State Highway 20, one mile east of Idlewild, according to Sheriff Irvin Rouse. Two of the group required hospitalization.

The mishap occurred in a heavy rainstorm as the two cars were rounding a curve in the road. The drivers did not see each other in the rain, Sheriff Rouse stated.

The most seriously injured of the group were Kenny Simpson, Walton who suffered severe face and head cuts when he was thrown partly through a windshield, and his wife, Mrs. Minnie Simpson whose right wrist was broken, and who also received deep face and head cuts.

Both Mr. and Mrs. Simpson were passengers in a car operated by Mr. Simpson's brother, Opal Simpson, of Walton. The driver suffered face cuts and a chest injury, Mrs. Cloestell Simpson, wife of the driver suffered face cuts and bruises.

The driver of the other automobile, [illegible], 23 [illegible] Ridge Drive, Florence, sufferts cuts and bruises on his face and chest. Face and arm cuts and multiple bruises were received by his wife, Mrs. Regina McKinley. Other passengers in the two cars escaping injury were Bernard Lee McKinley, and Betty and Bobby Simpson.

Drs. Riley and S. B. Nunnelley rendered first aid to the victims and the more seriously wounded were removed to St. Elizabeth Hospital in the ambulance of W. Ralph Stith, Florence.

John Jones, Walton R. 1, received a chest injury and bruises and head cuts in a wreck on Taylor Mill Pike, Sunday. He was treated at Booth Hospital, Covington.

Two cars were badly damaged in a crash at Constance Sunday afternoon, according to Wendell Easton, Deputy Sheriff. Easton stated that the cars were driven by Kenneth Rainhart of Bromley, traveling south and George B. Gravin, of Bromley, traveling north. The two cars collided on a one-way bridge near the Constance School. Deputy Easton said Rainhart had practically cleared the bridge when the cars collided.

CASH PRIZES FOR WOMEN

AT 4-H AND UTOPIA CLUB FAIR TO BE HELD SATURDAY, AUG. 17—OPEN CLASS TO ALL WOMEN.

All the women should be getting ready for the Boone County Fair. The fair will be at the 4-H and Utopia fair grounds all day Saturday, August 17th. This will be the fourteenth annual 4-H and Utopia fair in this county. There will be many articles that can be entered by the Homemakers and they should get out all their homemade accessories. Some of the women have surely made articles covered with twisted crepe paper or hooked rugs and mats.

There will also be an open class—open to all the women. They should enter some of their fruits, vegetables and meats which they have canned this year. Some of the ladies surely must want to try their skill in baking cakes, cookies, pies and other foods. For this open class, there is a miscellaneous list such as flower arrangements, cotton quilts, and dresses made from feed sacks.

According to Jane Gudgell, Assistant Home Demonstration agent the official catalogue and premium list has been printed for the the county. All of this information on articles that can be entered will be in the catalogue. Anybody who hasn't already received a catolgue may have one by calling at the agents' office.

Miss Louella McWethy

Miss Louella McWethy, age 88 years, died late Friday night at the home of her sister-in-law, Mrs. Emma McWethy, Petersburg.

She was a member of the Petersburg Methodist Church and the last of a family of eight children. Besides her sister-in-law, she is survived by several nieces and nephews.

Funeral services were conducted Sunday afternoon at 2:30 at the Petersburg Methodist Church, with burial in the Petersburg Cemetery.

Chambers & Grubbs, funeral directors were in charge of arrangements.

Jarvey Colston

Funeral services for Jarvey Colston, a retired blacksmith, who died of a heart attack Wednesday of last week when working in the garden at his home, 410 Garvey Ave., Elsmere, were held at 11:00 a. m. Saturday at the Philip Taliaferro funeral home, Erlanger. Burial was in Forest Lawn Memorial Park.

Mr. Colston was found by a neighbor, Robert Feldhaus. He was 74 years old.

He is survived by his widow, Mrs. Helen Hymer Colston; two sons, Raymond Colston, Ludlow, and Virgil Colston, Blanchester, O; and three daughters, Mrs. L. J. Compton, Bluefield, W. Va.; Mrs. A. I. Musick, Blanchester, O., and Mary A. Whelden, Covington.

The Taliaferro funeral home, Erlanger was in charge of arrangements.

FLORENCE FIREMEN TO ERECT BUILDING

TO HOUSE FIRE EQUIPMENT—SITE WILL BE OPPOSITE MARTIN BROS. GARAGE, KNOWN AS TAYLOR LOT.

The Florence Town Council has purchased the Taylor lot in Florence from Martin Bros. and will in the near future erect a modern building to house the Fire Department and its equipment.

The insurance rate for the town of Florence has been cut to approximately one-fifth of the old rate since the installment of a fire department.

The council will sell at public auction, the lot on Shelby Street, which was originally purchased for this purpose. All real estate men of Florence will be asked to cooperate in the sale of this lot, as the whole effort is essential to the town's safety.

The Florence volunteer firemen have made rapid progress during the past year, and now can boast one of the best fire fighting departments in this section. The entire organization deserve much praise for their splendid work.

FLORENCE P.-T. A. ENTERTAINED

Mrs. Margaret Hopper of Lloyd Avenue was hostess to the Florence P.-T. A. for an all-day meeting Thursday, July 17th.

A business meeting was held with the president, Mrs. Willis Schneider in charge.

Those attending were Mrs. Chas. Rouse, Mrs. Sara Rouse, Mrs. Ruth McKibben, Mrs. Willis Schneider and son, Mrs. Frances Berkshire and son, Mrs. Luella Houston, Alice Lucas Blackburn, Mrs. Earl Waters and son, Mrs. Sara Lusher, Mrs. Sara Clair, Mrs. Robert Reimer, Miss Boyce Wilcox and the hostess Mrs. Margaret Hopper.

The next meeting will be a covered dish luncheon at the home of Mrs. Sara Rouse, Lloyd Avenue, August 8th.

Squirrel Season Opens August 15th

August 15th will be the opening date of the squirrel hunting season according to Erwin Johnson, State Conservation officer. The bag limit of six will remain the same as last year.

Mr. Johnson stated that the open season will continue until October 31st.

Petersburg Boys Take Part In Atomic Bomb Tests Off Bikini

Bobby Shinkle, son of Fritz Shinkle and Wilbur Kittle, son of Ira Kittle are two of the Boone County boys who took part in the Atomic tests at Bikini Atoll.

Young Shinkle writes that even at the great distance at which they were placed during the first test, the flash had a temporary blinding effort on the eyes.

MAIL CARRIER RETIRES AFTER 31 YEARS

ELIJAH STEPHENS HAS CARRIED MAIL ON ALL THREE RURAL ROUTES OF BURLINGTON POST OFFICE.

Elijah Stephens, Burlington rural letter carrier for the past 31½ years stepped down from active duty June 30th, after signing his retirement papers.

Mr. Stephens has served all three Burlington routes, having held Burlington R. 3 for 18 years, served on No. 1 for 17 years and three months and acted as carrier on Burlington No. 2 for two months.

Mr. Stephens stated he carried the mail for the first time on horseback, later by horse and buggy, then the modern method of the automobile was used.

In 1915 Mr. Stephens said his route was 23 miles long, and was covered entirely by horse back. Prior to his retirement his route consisted of 61½ miles.

Mr. Stephens was a member of the Northern Kentucky Rural Letter Carriers' Association of Boone, Kenton and Campbell counties for twenty-eight years, served as a member of the State Board of Rural Carrier for 9 years.

Willard L. Stephens, son of the retiring carrier will serve as temporary carrier, it was announced.

Mr. Stephens was presented with a beautiful lawn chair by his fellow workers of the Burlington post office, as a retirement gift.

Mr. Stephens stated that he appreciates the courtesy extended him by the citizens of the various routes which he has served, and that his service on these routes will always bring pleasant memories.

Several New Nursing Classes Are Organized

Under the auspices of Wa-Na Women's Club, Walton Boone County Red Cross Chapter is organizing several new type, six-lesson nursing classes, to be taught at Walton, between now and September, with Miss Elizabeth Lowry as instructor.

Subject for each lesson follows:

Lesson I—When Sickness Occurs.

Lesson II—The patient Goes to Bed.

Lesson III—The Clean and Well-Groomed Bed Patient.

Lesson IV—Food and Medicine for the Sick in the Home.

Lesson V—Simple Treatments Ordered by the Doctor.

Lesson VI—Summary and Review—Relating the Care of the Sick to the Control of Comunicable Disease.

All persons desiring to take the course must be present for the first lesson. After the first lesson, if there is an unavoidable absence, the student may make up the lesson, if there is another class running, to which they may come for the lesson lost.

No examination is given. We learn by doing. Following each lesson an assignment is made in the text book, where one may go over the things learned by doing.

As Campbell County is not using their beds and heavy equipment before September, they have generously offered to lend this to the WA-Na Women's Club for this priod.

These classes will be conducted at Walton, but will not be confined to Walton, entirely.

Persons interested in taking this course, are asked to get in contact with Mrs. Vera Wright, President of the club, or Mrs. Clayton Jones, sponsor.

Revival Services Set For East Bend Church

Revival services will begin at the East Bend Baptist Church on Monday, July 29th at 8:30 p. m. and will continue through August 9th. Rev. Forest Taylor, pastor of the Belleview Baptist Church will be the evangelist.

Special music will be featured during the meeting and all citizens of the community and county are given a cordial invitation to attend these services.

Constance Youth Receives Discharge

Alvin G. McGlasson, Constance, Ky., Electronics Technician Mate Second Class was honorably discharged from the Fleet Reclamation Separation Center, NTC Great Lakes, Ill., July 12, 1946. He is a son of Mr. and Mrs. Frank McGlasson.

Daughterty-Hodges

Miss Thelma Daugherty, daughter of Mr. and Mrs. L. D. Daugherty, of Florence, became the bride of Mr. Francis Hodges, son of Mr. and Mrs. Robert Hodges, of Hebron, in a ceremony performed Saturday afternoon, July 13, by D. B. Eastep, pastor of the Calvary Baptist Church.

The bride wore a blue gown with pink and white accessories. Her bridesmaid, Miss Louise Taylor wore a pink gown with blue and white accessories.

The groom, as did the best man, Clyde Daugherty, wore blue tweed suits.

Following the wedding the happy young couple attended a party at the home of the bride's sister, Mrs. Raymond Barton, of Butler. Others attending the party were Mr. and Mrs. Wilbert Daugherty, of Florence; Miss Virginia Daugherty, of Florence; Mr. and Mrs. Audrey Belew, of Union; Mr. and Mrs. Dan Daugherty and daughter of Williamstown; Ernest Hodges and girl friend Emma Frances Moore, of Hebron; Millie Pepper and girl friend Betty Hodges, of Hebron; Mr. and Mrs. Alvin Donahue and children, of Falmouth; Mrs. Lucille Daugherty, of Demossville; Chuck Hanson and brother Travis, of Charleston, W. Va., Mr. and Mrs. Chess McMillan, of Demossville. Quite a few other friends of Mr. and Mrs. Barton were present.

The bride and groom will reside at the home of Mr. and Mrs. L. D. Daugherty for the present.

Nixon-Darby

Ethel Snow Nixon, daughter, of Mr. and Mrs. Alva Snow, of Mt. Washington, Ohio and John Robt Darby, son of Mrs. Kitty Darby Hisle were quietly married Saturday evening, July 20th at the Lutheran parsonage by Rev. Paul Rimmer.

Attendants were Mr. and Mrs. Verne Arnold. Mr. Arnold is a cousin of the groom and Mrs. Arnold is a sister of the bride.

The happy young couple are enjoying a brief honeymoon in Southern Kentucky via Frankfort and other points of interest.

We join their friends in extending felicitations as they sail down the sea of matrimony.

D. H. I. A. Meeting Set For July 25th

The Northern Kentucky D. H. I. A. will hold a meeting of officers and members on Thursday, July 25th at 8:30 p. m. at the County Agent's office in the Covington Post Office Building.

The purpose of the meeting is to interview a prospective tester to replace Mr. Houston (Red) Wilhoit who is leaving the association.

All members are urged to attend the meeting.

Vacation Bible School Will Be Held At Union

The Daily Vacation Bible School of the Union Baptist Church will open Monday, July 29th at nine o'clock, through 12 noon daily.

All children of the community are cordially invited to attend this school. Transportation will be available to those who do not have way.

Born July 16 to Mr. and Mrs. Milton Souther (nee Roberta Stephens) a daughter, Gayle Marie, at St. Elizabeth Hospital.

VETERANS TO HOLD MEETING

AT SIMON-KENTON SCHOOL ON AUGUST 7—FARMER-TRAINING PROGRAM WILL BE EXPLAINED.

All veterans of World War II, who are living in Boone and Kenton Counties, and who are interested in the Farmer-Training Program, please meet at Simon-Kenton high school, August 7, 1946, at 7:30 p. m.

At this meeting you will find out just what you will have to do to receive training and benefits under this program. A representative from the State Board of Vocational Education, and one from the Veterans Administration will be present to discuss any problems pertaining to this program.

It is absolutely necessary for all veterans interested to be present if this program is to be started in September or January.

PLANS MADE FOR TRAINING CLASSES

AT MEETING HELD AT FLORENCE LAST WEDNESDAY—SPECIALIST FROM COLLEGE WILL GIVE LESSONS.

Miss Vivian Curnutt met with a Homemakers' planning committee last Wednesday. They made plans for the training classes on slip covers for next year. The dates for these lessons are: February 20, March 20 and April 17. Two leaders from each Homemaker club will attend these meetings. Miss Curnutt, University specialist for home furnishings, will give the lesson. At these training classes, the ladies will study the following: (1) how to select material; (2) style of slip covers; (3) how to measure the amount of material needed, and (4) actual process of making slip covers.

Miss Ida Hagman met with a Homemakers' planning committee last Thursday morning. They made plans for the training classes on time and energy savers and health. These meetings will be in January and June. Miss Hagman, home management specialist from University, will give the lessons. Leaders from each club will receive the lessons to take back to their members. In the time and energy savers, the ladies will learn the easiest and quickest [illegible] dishes and ironing shirts.

The committee decided to take a health survey of this county to see what was needed in the way of health protection. According to Jane Gudgell, Assistant Home Demonstration Agent, they hope to be able to prevent many health hazards by next year.

Boone County 4-H Club Tours Nearing Completion

Boone County 4-H Club tours are nearing completion, according to Bill Davis, Assistant County Agent. New Haven Club tour is the only one to be held and is scheduled for July 24th.

Club members are especially interested in the County Fair this year and prospects are that competition will be close. The excellent crop year has produced fine garden and field crops. Livestock and poultry projects are expected to produce some good exhibits at the fair. Premium money in most exhibits has been increased and new exhibits have been added.

Grant Farm Sold To Crescent Springs Man

One of the largest real estate sales made recently in the north end of the county occurred a few days ago when Mr. and Mrs. John W. Grant sold their farm of 212 acres on Wooper Road about 2½ miles from Petersburg, to Mr. and Mrs. H. J. Wegner of Crescent Springs, Mr. and Mrs. Grant taking as part payment the modern home of Mr. and Mrs. Wegner in Crescent Springs. Full possession of properties will be given next March.

This farm has been in Mr. Grant's family for 80 years and has always been well taken care of. The improvements consist of two dwellings, modern basement, dairy barn, tobacco barn, stock barn, toosaco barn and several other good outbuildings. There is a lake on this farm stocked with large fish. Mr. Grant owns another farm on the Ohio River below Petersburg and resides in Burlington. He concluded to sell this large farm due to his extensive business connections, which in addition to operating the river bottom farm, he is president of the Farmers Bank, of Petersburg and part owner and floor manager of the Covington Independent Warehouse at Erlanger, which connections take all of his time.

This sale was made by A. B. Renaker within three days after listing.

Wallace Rice and his sister, Mrs. Frank L. Kelly, sold their house and 1½ acres of land to Wm. H. McFarland and Sam Ryle. Mr. McFarland taking the house, outbuildings and about half of the land and Mr. Ryle taking the balance of the land on which there is a barn and large cistern and located directly south across the alley from Mr. Ryle's home property in Burlington.

Henry J. Wegner, who recently purchased the large farm of John W. Grant, sold his house and lot in Crescent Springs to [illegible] Mcdonald of Hyde Park Cincinnati.

Both of these sales were handled through A. B. Renaker, Monday and Tuesday of this week.

Disabled Vets Increase Bids For Rehabilitation

Applications for vocational rehabilitation under the Vocational Rehabilitation Act (Public Law 16) for disabled veterans have increased 94 percent in the first six months of 1946 in the three-state area of Veterans Administration Branch Office No. 6. By January 31, only 25,506 applications had been received by the VA, but by June 30, 49,571 applications had been received.

As of June 30 there were 23,448 Ohio disabled veterans who had applied for training under this Act. Of these, 5,254 were in training, 1,114 had completed or discontinued training, and 4,055 had not yet entered training.

In Michigan at the end of June, 18,699 disabled veterans had submitted applications. Of these, 4,248 were in training, 876 had discontinued training, and 2,100 were awaiting training.

Of Kentucky's 7,407 disabled veterans applying by June 30, 1063 were in training, 391 had completed or discontinued training and 808 had not yet entered training.

The remainder in each case had been disapproved, had declined or deferred training, or their cases were pending.

To qualify for training under this Act, the World War II veteran must have a pensionable disability (10 percent or more). Training includes institutional as well as on-the-job training, and is designed to restore the employability of the disabled veteran.

BREEDERS' ASS'N. TO ORGANIZE MON.

IN MEETING AT BURLINGTON COURT HOUSE—FORDYCE ELY WILL EXPLAIN PROGRAM TO DAIRYMEN.

The organization meeting of the Boone County Artificial Breeding Association will be held Monday evening at 8:30 p. m., July 29th at the Burlington court house, it was announced this week.

Dr. Fordyce Ely, head of the University dairy department, will attend the meeting and explain the program to local dairymen.

Approximately 1500 cows must be signed up before the county can complete its organization and start breeding.

Membership agreements can be obtained from the County Agent's office or from local committeemen.

Annual Fish Fry Will Be Held At Big Bone

Pastor Sam S. Hogan announces that the annual fish fry of the Big Bone Baptist Church, will be held next Saturday, July 27. The public is cordially invited.

This event usually attracts a large number from all sections of the county, and no doubt will be attended by even a larger group this year.

LADIES WILL SPONSOR MISCELLANEOUS FOOD SALE

The ladies of the Florence Methodist Church will have a miscellaneous food sale at Dinn's Restaurant at 10:00 a. m., Saturday, July 27th.

Hogan-Reagan

Capt. Cornelius L. Reagan, one of Boone County's foremost war heroes, who was reported killed in action, later found in a Japanese prison, was married to Miss Frances Hogan, of Mimal, Fla., in the Florence Christian Church, Monday, with Rev. R. H. Carter, pastor, officiating.

Capt. Reagan returned from the dead on his birthday, October 5, 1945, when he was found in a prison camp in Java. He had been sentenced to 15 years at hard labor by the Japanese.

After returning to this country Capt. Reagan was given an Air Corps vacation in Florida. There he met his wife, the daughter of Mrs. John Hogan, of Miami.

A reception in honor of the couple was held at the home of Robert M. Rouse, Tuesday afternoon. Following the reception, the couple left for a short honeymoon enroute to Lowry Field, Denver, Colo., where Capt. Reagan is stationed as a member of the judge advocate's office.

[illegible] Mrs. [illegible] and Mrs. R. W. Ryle, arrived home Tuesday night, after serving more than two years in the U. S. Navy. He received his discharge from the Great Lakes Separation Center.

ELIMINATION SERIES TO START

IN BOONE COUNTY LEAGUE SATURDAY—ALL GAMES WILL BE PLAYED AT BELLEVIEW BALL PARK.

In a meeting held at Burlington Monday night, the drawing for the elimination series in the Boone County League, was held and it was also decided by the team managers that the series will be played on a "lose three games and out" basis. All games will be played on the Belleview park, therefore causing a doubleheader to be played there each Saturday. Time of the first game will be at 1:30 p. m., with the second game starting as soon as the first is completed.

Belleview Wins Saturday

Belleview defeated Petersburg, Saturday at the winner's park by a score of 6-3, behind the fine hurling of Bob Wilson. Aylor was on the mound for the losers.

The Constance and Burlington game was postponed due to wet grounds.

Final standings for the regular scheduled season were as follows:

	Won	Lost	Pct.
Burlington	7	3	.700
Belleview	8	4	.667
Petersburg	6	6	.500
Constance	1	9	.100

The schedule for the next three [illegible] follows:

Saturday, July 27—Petersburg vs. Constance, 1:30; Burlington vs. Belleview 3:30.

Saturday, August 3rd—Petersburg vs. Belleview 1:30; Constance vs. Burlington 3:30.

Saturday, August 10—Constance vs. Belleview 1:30; Petersburg vs. Burlington 3:30.

Walton Given Forfeit Game

John Benke, president of the Northern Kentucky Semipro Baseball League, upheld an umpire's ruling of a 9 to 0 forfeit win for Walton Merchants in the league eliminations Sunday when Beck Supper Club nine failed to appear.

The Walton park was in playing condition, officials reported, but Becks turned back when they were caught in a heavy rain while enroute to Walton.

All other first round games in the semipro elimination series were postponed due to wet grounds.

Utopians Plan Fish Fry For Thursday Night

A fish fry and book review will be highlights of the monthly meeting, July 25th. Utopians plan to meet at the fair grounds, Thursday night at 8:30 p. m.

Rogers Knox, president of the club will appoint committees to serve at the fair, August 17. Following the business meeting, Mr. Stanley Ransom of Richwood will review "Mamma's Bank Account." A fish fry has been planned for everyone, after the regular program. This will be a get-together of Utopians, their families and friends.

LEGION TEAM ELIMINATED

IN SECOND GAME OF SERIES BY NORMAN BARNES POST NINE—TWELVE MEN WALKED IN BY LOCAL PITCHERS.

The Boone County Legion nine were eliminate by the strong Norman Barnes team from Covington. These were the only teams competing in the tournament from this area. Several other legion teams played until tournament time, but they refused to play in the tournament.

The Covington team won the first two out of three-game play-off series. Boone County pitchers gave Covington both games. Cason from Belleview started both contests and had to be relieved by Bob Brown, of Burlington. Both local pitchers were very wild as they walked batter after batter. In the final series game they walked 19 batters and hit 3 batsmen. Only four hits were allowed, but walked in all the opposing team's runs.

The score for the first game was Covington 16, Boone 0. Jack Gravling pitched for Covington. In the second game Boone jumped to an early 2-run lead when the pitchers "blew up" and Covington went ahead to win 12 to 2. Mache and Smith were on the hill for the [illegible]

The Boone team is looking for a [illegible] contest. Any team desiring to play these boys notify Ken Berkshire or O. R. Rose.

AUTOMATIC WATER SYSTEMS

Shown above is the popular Model VS-50 Shallow Well Stay Prime Water System.

EASILY INSTALLED — because two suction openings are provided in different positions. Either may be used to suit the installation.

SIMPLE IN DESIGN — because there are no complicated parts. Model VS-50 is a centrifugal pump with built-in removable jet. The impeller is the only moving part.

CHEAP TO OPERATE — because the impeller is smoothly machined and carefully balanced for highest efficiency. Silence and freedom from vibration means a long and trouble-free life. AND IT STAYS PRIMED.

A wide variety of centrifugal pumps are now available for farm, home and industry. Ask for information and literature.

STATE OF KENTUCKY
COUNTY OF BOONE

I, C. D. Benson, Clerk of the County aforesaid, do hereby certify that the above ballot is correct form which will be voted on at the primary election Saturday, August 3, 1946.

Is your home wiring system BIG ENOUGH for its job?

Just as many a returning veteran has outgrown his civvies, many a home has outgrown its wiring system.

Whereas the home wiring of 15 or 20 years ago was called upon only to conduct current for a few low-wattage lights and small appliances like an iron, vacuum cleaner or toaster, today's wiring systems must supply many additional appliances and a much higher level of lighting. Tomorrow's electrical living will place even greater demands upon home wiring. *It must be big enough for the job.*

Before you build, buy or remodel a home, it will pay you to check the wiring system with your electrical contractor. Make sure it has *large enough wire, enough circuits* and *enough outlets and switches* to take care of your electrical needs, now and in the future. Adequate wiring is the key to better electrical living.

What is adequate wiring?

Adequate wiring simply means a service entrance large enough to bring in as much electricity as your home may need at any time, enough branch circuits of large enough wire to conduct a full measure of electrical energy to your lights and appliances, plus plenty of outlets and switches, properly located.

FROZEN PEACHES HOLD THEIR COLOR

Frozen peaches will have the same bright color in January that they had when they were put up in July if the recommendations of Mrs. Pearl Haak, canning specialist at the Kentucky College of Agriculture and Home Economics, are carried out.

The use of lemon juice is one way to prevent discoloration of fresh peaches, one teaspoon of juice being used with each pint of sugar syrup. Ascorbic acid, a powdered form of vitamin C which may be purchased at drug stores, also is effective in holding the bright color of the fruit, one teaspoon of the ascorbic acid being added to each quart of syrup.

A less expensive treatment is a solution of citric acid made by dissolving a fourth teaspoon of the avid crystals in a quart of water. As quickly as the peaches are peeled, they should be dipped in the citric acid solution for one minute, then pack in the container or chilled syrup for freezing.

Not all peaches freeze well. Varieties most satisfactory for this purpose, according to Mrs. Haak, are J. H. Hale, Halehaven, South Haven, Bell of Georgia and Elberta. Firm, well-ripened fruit should be selected, then peeled and sliced. Packed in cellophane bags, it should be covered with a syrup made of three cups of sugar to four cups of water. Half the sugar by weight may be replaced with that same weight of light corn syrup.

MAKES 22 HOME GADGETS

Mrs. J. W. Hall, leader in the Georgetown Homemakers' Club in Scott county, made 22 of the gadgets recommended for kitchen storage by Miss Ida G. Hagman of the Kentucky College of Agriculture and Home Economics, at the recent sewing school. 17 homemakers made 27 knife racks, 19 bins, 11 files, 5 cutting boards, 23 half-shelves, 15 silverware boxes and divisions, and 31 miscellaneous pieces.

CHICKENS DO WELL

Phillip Depp of Metcalfe county recently sold 151 laying hens and 12 cocks for $312.51, the hens averaging eight pounds each. During the past seven months, his laying flock averaged 175 eggs per hen. County Agent William Newman notes that of 3,800 chicks started this spring, Depp lost only one and a half percent.

FLORENCE

Miss Lillie Garner, a [illegible] grade teacher in Lincoln Grant's Pass, Oregon, is spending a week-end with Mrs. W. M. Markesbery. She was enroute from her home in Shelton, S. C., to Laramie, Wyoming, where she will spend the remainder of the summer in University of Wyoming.

G. Gordon Meyers, of Los Angeles Calif., formerly of Covington, flew in from California by plane for an extended visit with friends. While here he called on Mrs. Virginia Goodridge and Mrs. G. Nestor, Mr. and Mrs. A. W. Fullerton, Jr., and Mr. and Mrs. Larry Aylor. Gordon was formerly associated with the John R. Coppin Co., in Covington.

Mrs. Viva Butler, of Burlington, R. 2 was a recent visitor of friends in Florence.

Mrs. Martha Richards and son Jerry, of Gunpowder, recently visited Mr. and Mrs. J. O. Richards, Sr., of Garrard St., Covington.

Mr. and Mrs. Geo. E. Scott moved to their new home in Florence which they recently purchased from Mr. and Mrs. S. J. Espp. The house has been completely redecorated and the lawn landscaped. We welcome them back to the community.

Miss Dortha Aylor, of Erlanger, was visiting Lutie and Alice Aylor on Saturday afternoon.

Mr. and Mrs. Gustave Gebhard, Jr., and Mr. and Mrs. Larry Aylor of the Buckshorn Apartments were dinner guests of Mr. and Mrs. Edward Taylor, of the Dixie Highway, Erlanger, on Sunday.

A party of friends attending the ball game at Crosley Field, Cincinnati on Wednesday evening were: Mr. and Mrs. Robert Scott, Bill Scott, Mr. and Mrs. Warren Stanley and son, Mr. and Mrs. William Martin, Mr. and Mrs. Walter Beers, Mr. and Mrs. Chandler Durant, Mr. and Mrs. Robert Groger, Mr. and Mrs. Robert Rouse, Miss Mary J. Lohre, Jimmy Scott, Wilfred Tenney Goebel Stephenson, Mr. and Mrs. Ira Vernon Smith and Mr. and Mrs. Oscar Cook.

The sale of Mrs. Fanny Scott's previously scheduled has been postponed until Saturday, July 27 at 1:00 p. m. at her home, 348 Dixie Highway, Florence. She has many useful articles to sell.

Mrs. Paul Feagan, of Louisville, is spending a few days with her father, Ben Northcutt and sister, Mrs. Sarah Roland.

Mrs. George Dringenburg recently visited her mother, Mrs. Kate Cahill and her sister, Mrs. Irene Renaker.

We were glad to welcome Mrs. Lallie Kelly and Mrs. Betsy Maurer, of Burlington to our community on Friday and Saturday of last week in the interest of those wishing to secure drivers' licenses. They represented the office of A. D. Yelton, Circuit Court Clerk.

Rev. Harold Beemon and family of Michigan, are spending their vacation with his parents, A. G. Beemon and wife, of Burlington Road.

The rainfall in this section from Friday until Sunday evening amounted to 3 inches.

Chas. Popham and family, of Sanders Drive visited their daughter, Mrs. Chad Craven and husband of Newport, on Sunday.

Robt. Surface and wife returned Tuesday from a few days' visit in Alabama.

Miss Dell Utz, of Covington is with her sister Miss Fanny Utz of Shelby St. We are sorry to report the illness of the former.

Don Markesbery is the proud owner of a model T Ford sedan, recently purchased from Milton Carpenter.

We regret the illness of Mrs. Helen Crouch.

Robt. Cody and wife are enjoying a vacation in Pensacola, Fla.

Miss Cora Higgins, of Covington was guest of Tom Higgins on Wednesday afternoon.

R. F. Snyder and wife, Ab. Robbins and daughter Goldie and Ward Rice visited Alice Fay Snyder at Central State Hospital on Sunday of last week.

Mrs. Maud Bennett was guest of Mrs. J. P. Brothers one day last week.

We are glad to report that J. P. Tanner is improved and able to be up.

TOBACCO PRICE SUPPORT PROGRAM

ANNOUNCED BY U. S. DEPARTMENT OF AGRICULTURE—IS ESSENTIALLY SAME AS 1945 PROGRAM.

The U. S. Department of Agriculture today announced the price support program for 1946 crops of flue-cured, fire-cured, burley, Maryland, dark-air-cured, cigar filler, and cigar binder tobacco.

The program is essentially the same as the 1945 program except in the case of flue-cured tobacco where purchases were made to stabilize prices and obtain requirements of British Empire countries, military requirements delivered under lend-lease, and civilian requirements sold for cash. This year these countries will resume purchases through regular trade channels. Therefore, on the 1946 crop of flue-cured tobacco, loans will be made only for the purpose of supporting prices in accordance with provision of existing legislation.

Loan rates to cooperating producers will be 90 percent of the parity prices on flue-cured, burley, Maryland, cigar filler and cigar binder tobacco. For fire-cured tobacco these rates will be 75 percent of the burley rate. For dark air-cured and Virginia sun-cured tobacco the rates will be 66 2-3 percent of the burley rate.

Funds of Commodity Credit Corporation will be used to make the loans, and operations will be conducted under supervision of Tobacco Branch, Production and Marketing Administration.

Fruit Growers Will Meet At Scott Orchard

Northern Kentucky fruit growers will hold their next monthly summer field meeting at the orchard of Robert Scott of near Crescent Springs on next Tuesday, August 6th at 1:30 p. m., according to the County Agent's office. All Boone County growers are urged to attend and to come prepared to study the effects of spray and orchard management programs carried out so far this year.

Fruit growing is one of our most specialized enterprises. Growers can solve many of their problems only by close field observations and experiences. W. W. Magill, orchard specialist from the College will be present to lead in the discussions.

TEAM PULLING CONTEST FEATURE

OF 4-H AND UTOPIA CLUB FAIR TO BE HELD AT BURLINGTON ON AUGUST 17TH—WILL BE DIVIDED IN TWO CLASSES.

The third annual team pulling contest will be held at the County 4-H and Utopia Fair at Burlington on August 17th. Eighty-seven dollars and fifty cents will be awarded the winners of the contest.

The teams this year will be divided into two classes, the heavy teams weighing over 2650 and the light teams weighing under 2650. Twenty dollars first prize will be awarded each first prize winner. Ten dollars will be awarded the best single horse pull. Contestants will furnish their own doubletrees and stretchers with the fair furnishing the drag.

Entrants are limited to Boone County but the interest is the highest of any year to date. There are no entry charges and every Boone County farmer is eligible to compete. The committee in charge of the contest is Ted Cress, Edgar S. Graves and Lillard S. Scott.

Rules for the contest are as follows:

1. Contestants, limited Boone County.
2. Light team weigh 2650 pounds and under.
3. Heavy teams weigh over 2650.
4. Distance of pull—10 feet on level.
5. Hitting of horses on pull is out.
6. Two trials and out
7. Crossing side line counts one pull.
8. Five hundred pounds weight will be added to drag after each pull.
9. Light class horses weigh at Smith's scales, Burlington.
10. Drag is supplied by fair.
11. No entry fee—all Boone County eligible.
12. Teams mean horses or mules.

Fish And Game Club Will Meet Thursday

The Boone County Fish and Game Protective Association will hold its regular meeting tonight (Thursday), August 1, at 8:00 p. m., according to Frank Maurer, president.

A large number of friends and members of the organization are expected to attend this meeting, as no meeting has been held since June, and there are several items of business to be transacted at this meeting.

Refreshments will be served by the committee in charge.

"The Heritage We Guard," a complete sound picture, will be shown by a representative of the Department of Fish and Game Division at this meeting. This is a new picture and has never been shown here before.

The meeting will be held at the club house on Burlington-Idlewild Road.

New Homemakers Club Organized

Burlington Road Homemakers Club was organized Thursday afternoon at the home of Mrs. John Kyle. According to Jane Gudgell, Assistant Home Demonstration Agent, this is the fourteenth Homemaker Club in Boone County.

The election of officers were as follows: Mrs. Joe Dringenburg, president; Mrs. Val Dolwick, vice president; Mrs. John Kyle, secretary and treasurer; and Mrs. Paul Ammon, program conductor. The newly elected officers appointed Mrs. William Montz, landscaping chairman, and Mrs. Robert King, citizenship chairman.

Mary Hood Gillaspie, Home Demonstration Agent, gave the lesson on the use of the different kinds of pressure sauce pans. The lesson for their September meeting will be on the preparation of foods for and from the freezer locker. Mrs. Ralph Jones and Mrs. Val Dolwick will be the project leaders for this lesson. The next meeting will be at the home of Mrs. Arthur Ammon on September 12th.

447 Club Members Completing Projects

Four hundred forty-seven 4-H Club members in Boone County are completing their project work, according to Bill Davis, Assistant County Agent. One hundred ninety-six of these are carrying 251 agricultural projects and 251 are carrying 406 Home Economics projects. All club members were visited on the club tours. Projects are nearing completion and record books are up-to-date.

Garden and dairy projects are most popular among Agricultural projects while clothing and foods create the most interest in Home Economics.

Large exhibits are expected at the county fair on August 17th as indicated by the interest of club members. Fair catalogues are available at the County Agent's office.

Club Leaders Attend Annual Conference

Robert Kelly of the Burlington Colored 4-H Club attended the annual Rural Youth Conference at Kentucky State Industrial College, at Frankfort, last week. Wallace Strader, club leader, also attended. The week was devoted to recreation, vespers, and study of agricultural subjects.

"King Of Kings" Will Be Shown At Church

The motion picture "King of Kings" portraying the life of Christ will be shown next Sunday evening, August 4th at 8 p. m. at the Bullittsburg Baptist Church. Everyone is invited to attend.

LANGS ATTEND CONVENTION

Mr. and Mrs. Hugo T. Lang attended the international convention of poultry men, manufacturers of poultry equipment and processors of poultry feed in St. Louis last week.

Mr. Lang, who is proprietor of Lang's Feed Store, 512 Pike St., Covington, states that there were many new and attractive exhibits, and that he got new ideas which he will pass on to his customers.

Held in the Municipal convention building, 2200 sat down to a steak dinner. Dessert was ice cream molded to represent a chick emerging from his shell.

CONSTANCE AND BELLEVIEW WIN

IN OPENING PLAY OF ELIMINATION, SATURDAY — SATURDAY'S GAMES TO BE PLAYED AT PETERSBURG PARK.

In two well-played games last Saturday at the Belleview Park, Constance defeated Petersburg 7-2, while Belleview won from Burlington by a 3-1 score.

The hard-hitting Constance nine took an early lead in their game with Petersburg and won easily behind the fine pitching of Gene Jones. Peeno was the "big noise" offensively for the winners, collecting four hits, one of which was a triple. Constance looks to be the dark horse in the elimination play, judging from Saturday's play.

The Belleview and Burlington game was a mound duel all the way between Jay Ryle and Ivan Gulley with the former having a slight edge. The game was a scoreless tie until the sixth inning, when Belleview scored their first run. Burlington then tied the game and one-all in the seventh, only to have the winners to come back and score twice in their half of the inning on an error and a home run by "Bucky" Rogers. Miller had three safeties to lead the winner's attack while Akin was best for the losers with three.

Saturday's games will be played on the Petersburg Park: Constance vs. Burlington 1:30; Petersburg vs. Belleview 3:30.

All-Stars Win

Boone County All-Stars defeated Joe Anderson's team 6-2 Sunday, July 28th at the Petersburg park, behind the splendid pitching of "Hoots" Ryle. Andersons scored 2 runs in the first inning off 3 hits. The balance of the game Ryle only allowed 2 more hits, making five hits in all with 12 strike outs to his credit.

The first game of the elimination will be at Petersburg with Becks Supper Club, Ivan Gulley will be on the hill for Becks and "Hoots" Ryle for the All-Stars. The game is scheduled for 3 p m. Sunday.

Walton suffered defeat Sunday at the hands of Fort Thomas Fortats by a score of 5-3 Dick Swim and Bob Afterkirk were on the hill for the losers, giving up ten hits, while Bob Evans, who took over the pitching duties for the winners after two other pitchers had been injured, allowing only six hits.

Legion Nine Scores Victory Friday

The Boone County Legion team scored a victory over the Petersburg Junior nine Friday evening at the Petersburg park. The score was 2 to 1. Fans were of the opinion that this was one of the best games that has been played in the county this year.

Joe Smith was on the mound for the much improved Legion nine. Smith was the master of the Petersburg boys, holding them scoreless for eight innings. Smith struck out five, allowed but six hits and gave up two walks. Marvin Campbell pitched a fine game for the losers. He struck out 10, walked 6 and gave up five hits. Smith and Campbell both had good support in the field.

Legion scored their first run when Jack Judge, the second baseman, singled and went to second on Benson's walk. Bob Brown singled to right scoring Judge and giving the Legion their first run. In the seventh inning "Doc" Baker singled, was sacrificed to second and stole third. A few minutes later Baker made a break for the plate and successfuly stole home to provide the Legion with the necessary margin. Ed Burns repeated the same performance for Petersburg in the ninth inning for the only Petersburg run.

Any team desiring to play the Legion nine for a twilight contest notify O. R. Russ, the business manager or Ken Berkshire field manager. The Burlington nine, who won the county league championship, have a game scheduled with the Legion boys in the near future.

Several Real Estate Transactions Reported

The following real estate transactions were made through A. B. Renaker the past week:

Cam White sold his farm of 95 acres including some personal property and crops, 1 mile from Dam 38 on Waterloo road, to Lyman Oliver, of near Hebron.

L. W. Gulley sold 127 acres including 2 cows and crops on East Bend Road, 8 miles south of Burlington, known as the Noel Walton farm, to Dan Bolin of Verona. A fine crop of tobacco on this farm is about ready for housing.

R. A. Browning sold 100 acres, 5 miles west of Burlington, on Woolper Road, known as the Ed Botts farm, to Edward Mastin, of Covington.

John W. Grant sold 2 nice building lots in the Carpenter Subdivision on U. S. Highway 25 in the south corporate limits of Florence to Henry L. Fedders of Florence. Mr. Grant also sold 4 good building lots in the Bradford Subdivision in Florence to Mrs. Bessie M. Jones of Newport. Mrs. Jones also purchased 2 adjoining lots to the Grant lots in the Bradford subdivision from J. P. Tanner.

CHAS. KELLY SERIOUSLY ILL

Mr. Charles Kelly, Burlington, has been seriously ill for the past week, and at this writing (Wednesday morning), his condition remains very critical.

LIGHT VOTE ANTICIPATED

IN PRIMARY TO BE HELD SATURDAY, AUGUST 3RD—SENATOR AND CONGRESSMAN TO BE ELECTED.

Political leaders throughout the county are of the opinion that a light vote will be cast in the primary election to be held Saturday, August 3rd when a United States Senator and Congressman will be nominated.

Both democrats and republicans have candidates for both offices in the primary, but little interest is being shown by the voters. Leaders are urging citizens to go to the polls Saturday and cast their ballots for their favorite candidate.

Those seeking nomination for United States Senator on the Democratic ticket are: Tom Logan, Geo. T. Smith, Henry Clay Stephens, Jr., John J. Thobe, Norris Brooks Vincent, Philip P. Ardery, John Young Brown, James Logan Delk, Blakey Helm.

Candidates for Congressman on the Democratic ticket are Patrick M. Flannery and Brent Spence.

On the Republican slte for United States Senator are John Sherman Cooper and Roscoe Conklin Douglas.

For Congressman on the Republican ballot are Marion W. Moore and Joseph Kane.

Polls throughout Boone County will open at 6:00 a. m. and remain open until 4:00 p. m., according to C. D. Benson, County Clerk.

DAIRYMEN VOTE MONDAY NIGHT

IN FAVOR OF ORGANIZING COUNTY ARTIFICIAL BREEDING ASSOCIATION — SIGN-UP TO START IMMEDIATELY.

Twenty-five Boone County dairymen voted Monday night at Burlington in favor of organizing a County Artificial Breeding Association in cooperation with the State Bull Stud, according to H. R. Forkner, County Agent. One thousand cows including 300 cows of each breed to be served must be signed up before a permanent unit of the State Bull Study can be established locally.

The dairymen voted to start the sign-up immediately. Ten dairymen owning 159 cows signed up 80 cows at the close of the meeting. The cows signed up included 32 Jersey, 13 Holstein and 35 Guernseys. Surprisingly, the large dairymen were the first to sign up parts of their herds. The program has been recommended as especially valuable for the small or medium size dairymen. This means that if the program is successful there will be a rapid expansion in the size of the association.

George Knox, of Walton was elected chairman and Herman Decker of Richwood, secretary-treasurer of the temporary or organization program. Community sign-up committeemen appointed to assist are as follows: Burlington, Wilford Scott, Byron Kinman and Leonard Meece; Constance, Vaughn Hempfling; Florence, Joe Dringenburg, Harry Tanner and Robert Woodward; Grant, Harold Rogers; Hamilton, William Feldhaus, O. Y. Kelly; Hebron, J. C. Hollis, Myron Garnett, William Hill; New Haven, J. L. Feagan, Lassing Huey; Petersburg, W. O. Rector, Stanley R. Smith; Verona, Jess Wilson, Walter King; Walton, George Knox, Herman Decker.

This is a cooperative program and no one is paid to assist in the sign up. Dairymen who are interested in securing the best in breeding are urged to contact their committeemen or the County Agent's office immediately.

Horace Cleveland Addresses Farm Bureau

Horace Cleveland, chairman of the State Farm Bureau tobacco committee will address Boone County Farm Bureau members in a general meeting at Burlington courthouse on Thursday, August 8th at 8:00 p. m. Cleveland is a native of Boone County and has made an outstanding record in agricultural and public work.

The Farm Bureau extends a hearty invitation to all farm people to attend this meeting.

Engagement Announced

Mr. and Mrs. Edwin Jakeway, Greer St., Flint, Mich., announce the engagement of their daughter, Mary Virginia to Joseph M. Pepper, seaman first class, son of Mr. and Mrs. Charles Pepper, Burlington.

Mary Virginia was 23 months in the WAVES, stationed at Minneapolis, and was discharged recently. Her fiance is also stationed with the Naval Air Station at Minneapolis.

Many Family Reunions Planned For Sept. 2 For Homecoming Event

Edward H. Walton, Covington and Crittenden attorney, who is general chairman of arrangements for the Labor Day homecoming festival to be held September 2 at Woodland Inn grounds, Dixie Highway, two miles south of Walton under auspices of St. Patrick Church, Verona and All Saints Mission, Walton has announced that many family reunions are planned for the day.

The Verona parish has been established for 80 years while the Walton mission has been conducted for a quarter of a century.

The boundaries of the two parishes include the homesteads and birthplaces of hundreds of former residents of the areas now living in Kenton and Campbell counties as well as in over-river Cincinnati.

The Rev. John T. Jobst, pastor of the two congregations plans to make the 1946 reunion the biggest in history of the area.

There will be chicken dinner served from 11 a. m. to 7 p. m. by the women's committee.

Splendid Revival Held At Taylorsport

Rev. Elmer K. Kidwell, pastor of the Florence and Taylorsport Methodist Churches, reports the close of a good revival at the Taylorsport Church. Interest and attendance were high throughout the twelve days, and it closed with a good spirit among all. The Taylorsport church has the brightest future that it has had during the seven years ministry of Rev. Kidwell there.

During the revival there were eleven taken into the church, eight on profession of faith and 3 by transfer. At the close of the Sunday evening services baptismal services were held at the Florence Methodist Church with twenty-nine from Taylorsport present.

Mrs. Lena Connelly

Mrs. Lena Connelly, 911 Garvey Ave., Elsmere, died Sunday at her home. She was 72. She was a member of the Elsmere Baptist Church.

Mrs. Connelly is survived by three sons, Arnold, Carl and Charles Connelly, all of Elsmere; a daughter, Mrs. Robert Feldhaus, Elsmere; two sisters, three brothers and eight grandchildren.

Funeral services were conducted from the Taliaferro funeral home, Erlanger at 2 p. m. Tuesday, with Rev. William Lodwick officiating. Burial was in Florence Cemetery.

New Concern Will Stage Fiddlers' Contest Saturday

Hodder & Ruppert announce an old time fiddlers' contest and barn dance at their grand opening Saturday, August 3rd at 8:00 p. m. at the new business establishment, 1 miles south of Burlington on the East Bend Road.

A prize of $5.00 is offered for the best fiddler, according to the managers.

The new concern will distribute feed, fertilizer, coal, wood, concrete blocks, and will do general hauling. The new concern is also equipped to do custom shelling, grinding and mixing.

Details of the barn dance and fiddlers' contest will be found in their advertisement on another page of this issue.

VACATION OFFERED JUNIOR SPORTSMEN

AT THE FAMOUS DALE HOLLOW LAKE UNDER SUPERVISION OF STATE FISH AND GAME DEPARTMENT.

A week's vacation under state supervisors at Dale Hollow Lake, near Albany, Ky., will be available for four Boone County boys, it was announced this week by the State Department of Fish and Game.

Two representatives from the Burlington Club and two from the Hebron Club have been invited to attend this camp, which will start August 17th and continue for one week. Boys eligible for this trip must be members of the Junior Sportsman Club.

The program for the week will consist of the following which will be supervised by the State Department of Game and Fish: Fishing, boat handling, tree identification, birds, camping ability, rifle marksmanship, muskeet, swimming, sportsmanship and game and fish laws. Some very attractive prizes are being offered for the boys who make the highest records during the entire week.

The expenses for the boys will be very small as all equipment, boats, shelter and necessary camping material will be furnished free of charge, and all that is asked of the boys is that they furnish their own food for the week. Milk, bread and fresh eggs can be purchased by the boys at the camp at a very small cost and it is estimated that $1.00 per day is all it will cost the boys for their trip. If they bring their food from home, this figure can be reduced somewhat.

The State Department is also inviting one member of the Boone County Fish and Game Club to join in this trip and bring the boys to the camp and see that they are returned. This member will be furnished with boats for fishing, sleeping quarters and everything that the boys have, but he is also required to furnish his own food for the week. This will be a splendid chance for some fisherman to have a real vacation at very little expense.

Plans for this trip will be discussed at the regular fish and game meeting at the clubhouse on Thursday night, August 1. All interested persons are invited to be present and receive complete details at that time.

DIP OPERATOR IS EMPLOYED

LEBUS STEPHENSON, WALTON ACCEPTS CONTRACT FOR COUNTY — SERVICE NEEDED BY SHEEPMEN.

Lebus Stephenson, Walton, has accepted a contract to operate the Boone County Farm Bureau dipping vat and started operation the past week, according to the County Agent's office. Stephenson has done custom sheep shearing in Northern Kentucky for several years and is an expert in handling sheep. He expects to be able to reach all farmers who are interested in having their flocks dipped.

The cost of dipping has been set at 15 cents per head with a 2½ cent discount to Farm Bureau members. The farmer will get the sheep to the vat with the operator furnishing the equipment, dip and handle the sheep through the vat.

The service is one needed by all sheepmen and will mean increased income to sheep raisers. Many farmers fearing the service would not be available have been making plans to dip their flocks. However, the custom operated service is much cheaper and in most instances more efficient than could be made available on the average farm. Farmers are urged to cooperate with the operator and be ready to dip on the date set for their flocks in that a number of farms will be served each day and delays at any one farm will upset the schedule for the next stop.

Applications for the dipping service may be left with Stephenson or at the County Agents' office.

Mr. and Mrs. Noel Walton and family left Tuesday to spend a month travelling through the eastern part of the United States.

Mr. and Mrs. W. H. Atwood, of Arlington, Va., arrived Wednesday for a visit with Mr. and Mrs. Lloyd Weaver and son and Mr. and Mrs. W. P. Benson and daughter.

ONE CROP PAYS FOR THE LAND

A. W. Morris of Calloway county paid $626 for 63 acres of worn-out hill land in the spring of 1945. Then he spent $170 for fertilizer and seed and sowed 26 acres to wheat, making his total investment $795. Wheat produced this harvest sold for $773. Mr. Morris is cooperating with the TVA in demonstrating the value of fertilizers in increasing crop yields.

Approximately 100 acres of tomatoes in Ohio county were contracted for at $24 per ton by a canning company.

Why I am for
JOHN YOUNG BROWN
for
United States Senator
HE POSSESSES THREE ADMIRABLE QUALITIES:

Ability, Honesty and Experience

All who know him, including his severest critics, recognize his intellectual capacity. All his life he has been wedded to the traditional concept of American government, "that all government derives its just powers from the consent of the governed" and has always striven that there should be more government from beneath upward and less government from above downard and this attitude in activity reflects representative government at its peak best.

Neither in his social, professional, business or political life has he ever repudicated a promise, deserted a friend or deviated from the basic concept that honesty in attitude is the true position.

The Senator chosen this year from Kentucky will, in all probability, serve eight years—two years of the unexpired term and six years of the new term, and they will be years fraught with extremely complex and far-reaching problems, for a chaotic world will need restorations to ways of peace and progress and the United States will have to make a major contribution to that end.

It is my studied opinion that the difficult days ahead will required ripened judgment and broad experience in dealing with the problems of world-wide import as well as those of domestic complexity.

John Young Brown at the age of forty-six and after fifteen years of service for his state and nation with his novitiate as a legislator long past, is in excellent health and in full vigor of a comprehensive and analytical mind.

As a lawyer, veteran of World War I, landowner and experienced legislator who understands the intricate machine of the legislativemill he is well-prepared to represent Kentucky in the National Senate. He is long past the days of sophomoric immaturity as a law maker.

As a matter of history I wish to recall the fact that the Democrats of Kentucky for many years have consistently sent to the U. S. Senate men who have served an apprenticeship in legislative bodies of lesser importance. Chandler, Barkley, Stanley, Beckham, McCreary, Blackburn, Beck, Ollie James, all had previous legislative experience before being promoted to the greatest law-making body in the world. John Young Brownis a former Congressman, a member of the General Assembly of Kentucky and a former speaker of the House of Representatives and that being true his qualification from standpoint of experience is full and complete.

I opposed John Young Brown in his race for Governor in 1939 because I believed Keen Johnson's experience as Lieutenant Governor would enable him to finish paying the debt of Kentucky. Early in his administration Gov. Chandler laid plans to pay the debt of more than $28,000,000. Lieut. Gov. Johnson was a party to the plan and worked in close cooperation with Chandler to that end and the plan succeeded beyond expectations for Gov. Johnson when he retired as Governor left the State free of indebtedness and more than $10,000,000 in the treasury.

Now, to be consistent, I must accept experience again and espouse the cause of John Young Brown, especially when I know that that experience is associated with honest and ability as it is in John Young Brown.

An Army Colonel said to me the other day, "Teen agers make good fighters because they are venturesome and willing to take a chance, but plans of battle must be laid by mature and experienced officers."

I agree with that statement in matter of state craft as well.

Is your home wiring system BIG ENOUGH for its job?

There's a limit to how far home wiring will "stretch," just as there's a limit to how far a bathing suit will stretch.

If the wiring in the walls of a home is too small, it chokes down the flow of current to lights and appliances. Lights dim when the refrigerator starts up or the iron is in use. Heating appliances come up to temperature slowly, taking longer to do their jobs and wasting current.

If there are not enough branch circuits and outlets, it necessitates resorting to unsightly tangles of extension cords or disconnecting one appliance to plug in another. Circuits become overloaded, causing wires to heat up dangerously or fuses to blow out.

Before you build, buy or remodel a home, it will pay you to check the wiring system with your electrical contractor. Make sure it has large enough wire, enough circuits and enough outlets and switches to take care of your needs, now and in the future. Adequate wiring is the key to better electrical living.

ADEQUATE WIRING SERVES SAVES

What is Adequate Wiring?

Adequate wiring simply means a service entrance large enough to bring in as much electricity as your home may need at any time, enough branch circuits of large enough wire to conduct a full measure of electrical energy to your lights and appliances, plus plenty of outlets and switches, conveniently located.

BROWN-SPENCE EASY WINNERS

IN PRIMARY ELECTION HELD SATURDAY—BROWN HAS 332 AGAINST ARDERY'S 166—SPENCE RECEIVES 541.

John Young Brown, candidate for United States Senator won over his seven opponents in the primary election held, Saturday, August 3. Boone County gave Brown 332 votes against his closest opponent, Ardery's 166. Other aspirants for the office tallied the following votes: Logan 44, Geo. Smith 2, Henry C. Stephens 3, Thobe B. Vincent 57, James Logan Delk 2, Blakey Helm 9.

In the Congressman's race, Brent Spence led the ticket with 541 votes, against his opponent, Pat Flannery's 93.

John Cooper collected 46 votes in the Republican primary for U. S. Senator against Douglas' 3, while Marvin Moore tallied 43 to Jos. Kane's 7, with all precincts in the county counted.

With practically all counties reported in the State Brown piled up a vote of 53,338 votes while Ardery collected 40,908, with Blakely Helm running third with 9609.

Complete returns from all counties in the district show Spence with a total of 8832 and Patrick M. Flannery, 3168.

Voting through out the state in Saturday's primary was very light, with Boone County no exception, polling only 634 votes.

Big Bone Baptist Church Homecoming Date Set For Aug. 18th

Gulley-Setters

Betty Lou Gulley, daughter of Mr. and Mrs. Dallas Gulley of Lawrenceburg, Ind., and Benjamin Lee Setters, son of Mr. and Mrs. Ben D. Setters, of Idlewild, were united in marriage, Thursday, July 25, by Rev. J. W. Campbell.

Seaman 2-c Setters returned by plane Saturday to Naval Air Base, St. Simon Islands in Georgia, where he is serving with the U. S. Navy after enjoying a two weeks' furlough at home.

The bride will remain with her parents until Setters' release from the Navy.

DAIRYMEN SIGN BREEDING ASS'N.

CONTRACTS — SIGN-UP OF 1000 COWS HOPED TO BE COMPLETED DURING NEXT TWO MONTHS.

Boone County dairymen owning a total of more than 150 cows who have recently signed for the organization of a County Artificial Breeding Association include: Joe Dringenburg, C. H. Tanner and Son, L. B. Meece and R. W. Woodward, of Florence; Byron Kinman, C. E. Cobb and John E. Crigler, of Burlington; Ben Nichting, of Beaver; Lassing and Joseph Huey, of Union; Albert Parker, George S. Knox and Herman Decker, of Walton.

The sign-up of dairymen owning 1000 cows is hoped to be completed during the next two months according to the County Agent's office. The early signing up of dairymen wishing to take part in this program will hasten the date the organization can be completed and operations started. Dairymen may secure membership agreements at the County Agent's office or from local sign-up committeemen.

Mrs. Frances Curtis and Miss Jane Reinstatler, of Price Hill returned home last Wednesday, after spending the past 10 days with Mr. and Mrs. William G. Finn and daughters Susan and Carol, of Washington, D. C.

1150 Sheep Dipped By Bureau Portable Vat

Eleven hundred fifty-nine sheep have been dipped to date by the Farm Bureau portable dipping vat according to the County Agent's office. Approximately 1500 additional sheep are listed and should be dipped during the next ten days. Lelous Stephenson, Walton, the operator is dipping between 160 and 225 head per day.

Sheepmen who had their flocks dipped the past week included J. C. Benton, Harris Moore, Bruce Allen, of Walton; Pascal Bush, Price Webster of Verona; Stanley Ranson, Bedinger and Shields, Raymond Heizer, Preston and Charles Hedges and T. C. Melrose of Beaver and Union; Utz and Blackburn, Henry Siekman, Denzil Carpenter and Robert Grant, of Burlington; E. Y. Randall, J. J. Klopp, Hugh Baker and W. O. Rector, of Petersburg.

It was found necessary to increase the rates to 17½ cents per head with a minimum of $3.00 per setting. Farm Bureau members receive a 2½ cent per head discount. Farmers wanting their flocks dipped are urged to contact the operator or the County Agent's office at the earliest possible date, in that all requests are expected to be filled inside the next two weeks.

Cleveland Address Farmers Thursday

Horace Cleveland, State Farm Bureau Chairman, is to address Boone County farmers at Burlington Courthouse, Thursday evening, August 8th at 8:00 p. m. Cleveland is a prominent Henry County farmer and is a native of Boone County. He has many friends locally and is expected to draw good attendance. He will give first hand information on the activities of the State Tobacco Marketing Committee.

The Farm Bureau, sponsoring the meeting, extends a hearty invitation for all to attend.

Hauling Rates Rolled Back To June 30 Level

Geo. H. Goodman, Kentucky OPA Director advised trucking firms and farmers that contract hauling automatically were rolled back to the June 30 level with the signing of the new price control act on July 25.

During the July 1-25 period, when no price control law was in force, many contract carriers upped rates charged farmers for hauling milk, livestock and fresh produce.

The OPA had no control over rates asked by contract haulers from July 1 to July 25. But with controls again in effect, farmers are required to pay no more for hauling services rendered after July 25 than they paid for the same services on June 30.

REVIVAL DATE SET

Revival services will begin at the Belleview Baptist Church on Sunday, August 11 and continues thru August 25th, with Rev. F. B. Taylor, pastor as the evangelist. Services will begin each evening at 8 p. m.

There will be special music during the meeting. The public is extended a cordial invitation to attend these services.

Receives Discharge

William A., Ottino, S1c, son of Grant Ottino, of near Hebron received an honorable discharge from the U. S. Navy July 29, 1946 at the U. S. Naval Separation Center, Great Lakes, Ill.

LUTHER LEAGUE TO MEET

Hebron Luther League will hold its regular meeting August 13th. All members are urged to attend.

There is to be an ice cram social for members after the business meeting.

Blackburn & Utz Sell 22 Hogs For $1,000 Wed.

Blackburn & Utz, farmers of near Burlington, sold twenty-two hogs at the Union Stock Yards on Wednesday of last week for a total of $1,000.00. The price was said to be the highest ever paid at the yards. The Swift Packing Co., purchased the hogs.

The managers of the farm stated that their hogs brought an average 34½ cents per lb., and totaled 4040 pounds.

At the price being paid for hogs there no doubt will be quite an increase in the price of bacon and other pork.

FOUR INJURED IN CYCLE ACCIDENTS

NEAR WALTON ON U. S. 25 SATURDAY NIGHT—INJURED REMOVED TO ST. ELIZABETH HOSPITAL.

Sigmund Luckaski, 34, Dayton, Ohio, Ruby Rogers, Dayton, William Palmer, Cincinnati, Hazel Harmsby, Cincinnati all suffered injuries in motorcycle accidents which occurred only a short distance apart and only a few hours apart on U. S. 25, near Walton, late Saturday night. All were taken to St. Elizabeth Hospital, Covington, where three remainded under medical care and one was dismissed after treatment.

Sigmund Luckaski's left leg was almost severed; Ruby Rogers, who was riding with Luckaski, suffered compound fracture of her left arm and fractured left leg. William Palmer, suffered scalp cuts, but was released from the hospital after treatment. Hazel Harmsby, who was riding with Palmer suffered a fractured right arm and cuts on her body.

Luckaski and Miss Ruby Rogers were removed to the hospital by Chambers and Grubbs ambulance.

Luckaski's motorcycle went thru a guard rail and plunged down a 20-foot embankment two miles north of Walton. The riders were on their way to Tennessee.

Flinders-Harrison

Mrs. Lucy Flinders, of Erlanger, Ky., announces the marriage of her daughter, Miss Edith Flinders to Mr. William E. Harrison, son of Mrs. May Harrison, Union. The marriage was a event of July 9th with a double ring ceremony at the home of Mr. and Mrs. M. L. Murray, 17 Erlanger St., Erlanger, Ky., by Rev. Garriot of the Methodist Church.

The happy couple were attended by Mr. and Mrs. M. L. Murray and little daughter Ruth Ann.

The bride was gowned in a beautiful white net, carrying a bouquet of lovely white roses. Mrs. Murray as bridesmaid wore a lovely pink net, carrying a bouquet of pink roses and blue delphinuim The flower girl, Ruth Ann was attired in turquoise blue silk, carrying a lovely bouquet of pink roses.

Quite a number of friends and relatives witnessed the ceremony, followed by a reception. The honeymoon was spent in Eastern Kentucky with relatives of the bride.

The happy young people are at home with their friends at 17 Erlanger St., Erlanger, Ky.

Return From Vacation

Mr. and Mrs. L. D. Oliver of Price Pike, Florence have just returned from a week's motor trip through the great Smoky Mountains in Tennessee and Georgia. They visited the Grand Old Opry in Nashville and stopped at all interesting points in the Smokies. Mr. and Mrs. Oliver state that in visiting many caves out of the State of Kentucky they have yet to see or hear of any caves that can compare with our own caves in the western part of Kentucky. Our Kentucky caves are much larger inside and longer, with much more formation than any caves they have visited anywhere.

Enroute home the Olivers returned by way of Oak Ridge, Tenn., to see the home of the atomic bomb. From there to Cumberland Gap and the Pinnacle atop Cumberland Mountain, returning home Wednesday, July 31.

4-H Girls Plan For Style Revue At Fair

The 4-H Club and Utopia Fair is of great interest to the families in Boone County. With less than two weeks left before the fair, the 4-H members are rushing about getting their projects ready. The girls are busy laundrying their dresses and aprons so they will be nice and fresh looking.

The entries of 4-H Club exhibits must be made before 11:00 a. m. Girls will enter their aprons, dresses, sleeping ensembles and suits in the morning along with their record books. Each unit of work will have a separate division.

After the judging of the clothing projects in the morning, there will be a 4-H Club girl dress revue at 2:30 p. m. At this time each girl will wear her frock that she has made during her project.

Real Estate Transactions

FAIR EXHIBITS TO SET NEW RECORD

IN EXHIBITS, ACCORDING TO JOHN CRIGLER, PRESIDENT OF 4-H AND UTOPIA CLUB COUNCIL.

The 1946 Boone County 4-H and Utopia Fair will feature a new record in numbers of exhibits, according to John E. Crigler, president of the 4-H and Utopia Club Council. Exhibitors from all sections of the county have expressed plans to show cattle, horses, hogs, sheep, poultry and crops. Home Economics leaders also are reporting plans for larger numbers of exhibits.

New loading chutes, sheep and hog pens are being built. Plans are to construct additional buildings and equipment next year provided materials are available. All who attend and exhibitors are urged to cooperate in making the best of the limited facilities this year. Both attendance and exhibits make a good fair.

Let's all work together to make our 1946 fair the best on record. It's your fair—let's plan to be there —Saturday week, August 17th.

Sportsmen Enjoy Moving Pictures

Members of the Boone County Fish and Game Protective Association enjoyed conservation pictures and a splendid meal at their club house last Thursday night. The pictures were furnished by the department, and numerous films will be available to the sportsmen, as a projector has been allotted to this district.

At this meeting plans were made for an outing at Dale Hollow Lake for four Junior Conservation members, two from Burlington and two from Hebron. These boys will be under the supervision of J. D. Jarrell, member of the senior organization. He will take the boys to the camp, while swimming, boating and fishing will be participated in by the boys.

Each boy is required to pay for his own meals, and should take his own blankets. Boats, tents and other equipment will be furnished by the Department of Fish and Game.

Large Crowd Attends Formal Opening Of Burlington Firm

A crowd of approximately 1400 people attended the formal opening of the firm of Hodder & Ruppert at their location on the East Bend Road, Saturday night.

The large crowd enjoyed an old fashion barn dance and fiddlers' contest, which was won by a Taylorsport man. A prize of $3.00 was given the best fiddler.

The new firm will sell feed, fertilizer, concrete blocks, ready-mix concrete, coal and wood. They are also equipped to do custom grinding of all kinds.

The new concern is being operated and is now open for business under the management of Reuben Hodder and Ernest Ruppert.

Peaches Are Plentiful For Home Canning

Peaches are plentiful this year, which offer Boone County Homemakers a grand chance for home canning. Even canning peaches without sugar would be a considerable help with the food shortage. The rule of four to one will be used the year by thrifty home canners. This is using at least 4 quarts of canned fruit for each pound of sugar. Those who are interested in putting up the most fruit with limited amounts of sugar use this method.

The only kinds of peaches to can are fresh, sound, ripe and free from blemishes. Peaches will last better if one works with only enough for one canner load at a time. They should first be washed thorougly in cold water and examined to see if they are good. Dip the good peaches in boiling water for about a minute and then immediately in cold water again. The skins will slip off easily and leave the peaches smooth. To pit the skinned peaches slice them in halves. To keep from darkening, drop peaches in 1 gallon water containing 1 tablespoon salt and one tablespoon vinegar.

For juicy peaches, add one-half cup sugar to each quart of uncooked peaches and then heat to boiling point. For the less juicy peaches, drop into thin syrup, 1 cup sugar to 3 cups water, that is boiling hot and just heat peaches through. Pre-heat the glass jars and lids before packing the hot peaches. While covering packed peaches with syrup, work out the air bubbles. Be sure the tops of the jars are wiped clean and place the lids on the jars. Place the jars of peaches in a hot water bath while they are still warm. The water should be about two inches over the tops of the cans. The time of the processing should start when the water boils hard. Process ripe peaches about 20 minutes while peaches that are not quite ripe may need a little longer time.

CELEBRATES 75TH BIRTHDAY SUNDAY

Mrs. Bird Duncan celebrated her 75th birthday, Sunday, August 4th at her home in Burlington.

Refreshments consisting of cake and ice cream were served the guests.

Afternoon callers were Mrs. Chas. Benson, Karen Sue Benson, Rebecca Smith, Luther Smith, George Smith, Ronnie Smith, and Mr. and Mrs. Walter Brown.

CEREMONY HELD AT OHIO DAM 38

IN HONOR OF JAMES E. RICE, WHO RETIRED FROM ACTIVE DUTY AS SUPERINTENDENT OF CONSTRUCTION.

James E. Rice, 66, superintendent of Construction of the Cincinnati District U. S. Engineers closed a long and colorful career Wednesday in an impressive ceremony at Dam 38, McVille, retiring after 40 years' service.

Representatives of nearly every department in the district were present at a buffet luncheon and entertainment given for the retiring riverman at Dam 38, Mc-Ville at 1:30 p. m. Col. G. R. Kibler, acting district engineer made a presentation address in giving a watch to Mr. Rice.

Mr. Rice started river work on the Big Sandy River in 1896. Later he joined government service and was in charge of the construction and maintenance of many dams and locks in the entire stretch of the Ohio River from Pittsburgh to Cairo.

He has supervised repair crews during the last several years, working on dams and locks 29 to 39 inclusive. His last operation was a repair job at Dam 38 where the luncheon and entertainment was given.

Mrs Rice was present at the closing of her husband's career. She was presented an electric toaster.

Mr. Rice stated that the man succeeding him formerly was employed as water boy on his construction crew. He stated that he had men under his supervision who had been employed with him for the past forty years, and many of them now have grandchildren working in the group.

Mr. and Mrs. Rice calling at The Recorder office Tuesday stated they had not made any definite plans, but they expect to settle on a small farm in the near future, and Boone County may be the location.

Although Mr. Rice has reached his 66th year, he apparently has many good years before him, and his wife, who says he has "bossed enough," thinks it is time for her to take over that duty.

St. Paul Picnic Planned Saturday, August 10th

The members of St. Paul's Church, Florence, will hold their annual picnic Saturday, August 10th. The ladies will serve a delicious chicken dinner from 4:30 to 8:00 p. m., rain or shine.

Throughout the evening many attractions will be provided to afford an enjoyable evening for all who attend.

The pastor and congregation cordially invite all friends in the county to attend.

ELIMINATION GAMES EVEN

IN COUNTY LEAGUE—BURLINGTON AND PETERSBURG SCORE WINS SATURDAY AT PETERSBURG.

Burlington won from Constance 8-3 while Petersburg was defeating Belleview 4-3, to make everything all even in the elimination play with each team now having sustained one loss in the "three game and out" play.

Roscoe Akins hurled the Burlington nine to a victory over Constance in the first game of the doubleheader Saturday at the Petersburg park. "Pip" Clore and "Son" Benson with three hits each led the Burlington offense, while Sebree and Smith made nice running catches of several hard-hit balls to spark the defense. Gene Jones was on the hill for the losers and also was the big "stick-man" with two doubles.

Petersburg, behind the fine pitching of E. Deck, defeated Belleview in the second game 4-3. The contest was well-played by both teams and was tied at 2-2 until the eighth inning when the winners counted twice to forge ahead. Belleview scored one run in the top of the ninth, but were unable to tie the score. Bob Wilson and "Hoots" Ryle were on the hill for the losers.

Saturday's games will be played on the Belleview park with the first game getting under way at 1:30 p. m.

Saturday's schedule: Constance vs. Belleview, 1:30; Petersburg vs. Burlington 3:30.

HOMEMAKERS' TOUR HELD

As per schedule, the Florence Homemakers' Club and a number of friends left Florence on Friday, July 19 at :30 a. m. in a chartered Dixie Traction bus driven by the very efficient operator S. Perry, of Erlanger, for a tour of Central Kentucky, via Georgetown, Lexington, Brooklyn Bridge, Harrodsburg and Frankfort.

We stopped at Brooklyn Bridge to view the beautiful natural rock cliffs and high rock wall outlining the Kentucky River. From there we drove to Harrodsburg, arriving at noon at the well known Beaumont Inn" an old colonial home with spacious rooms, beautiful antique furniture, mirrors and pictures and best of all (excluding the delicious dinner) the air of the famous Kentucky hospitality was very much in evidence. The dinner was served in a large room on two long, flower-bedecked tables and consisted of tomato juice cocktail, baked country ham, fried chicken and gravy, creamed potatoes, corn pudding, string beans, jellied fruit salad, corn muffins, iced tea and ice cream. The food was cooked to a queen's taste, the servings very generous and a second or third helping could be had if desired.

We visited old Fort Harrord, after which we were driven to Frankfort, where we viewed the interior of the new State Capitol building, which is very beautiful, being constructed of marble. We also visited the old Capitol building with its various articles of ancient times, after which we were homeward bound, arriving at Florence around 9 p. m.

The members and friends of the organization desire to thank Mrs. Robt. Myers for her excellent management of the tour. Those who enjoyed the day were: Mesdames Wesler, W. H. Jones, Orville Conrad, Helen Orchelle, Francis Luchte, Reed, Robt. Myers, Henry Shelton, Arata, M. Kobman, Nelle Blankenbeker, Francis Berkshire, Louela Houston, Jane Stephens, Sarah Markesbery, Henrietta Roberts, Lille Mulroney, Esther Gearing, Mary E. Hageman, John Pierce, Geneva Arnold, Stella Lutes, Geo. Morith, Allen Miller, Mary Fulton, Orene Smith, Mary Ellen Arnold, Grace Wilson, Kathleen Jones, Lillian Schram, Smith and son, Clark, Lella Allen and husband, Misses Jane Scott, Wanda M. Clifton, Gdwendolyn F. Arnold and Master Joseph C. Berkshire, all of Florence and vicinity and Mesdames Wallace, Conrad, Grace Knox, Levi Pennington and Albert Parker, of Walton.

BULLITTSBURG CHURCH NEWS

A large crowd greeted the pastor the past Sunday morning at Bullittsburg Baptist Church. Fifty-nine were on hand for Sunday School. It pleased the pastor very much to see a well-filled church after the summer slump.

Have you seen the church auditorium since it was redecorated? It was painted a lovely shade of blue, like the canopy God placed above our earth. The woodwork is painted a creamy-white. Venetian blinds will grace the windows soon. God's house should be clean and beautiful.

Quite a few are attending prayer services on Wednesday nights, 8:30. Those atending last week had the pleasure of hearing Ernest Bourne, of New Liberty, Ky., a friend of William Holladay, sing several hymns. Although he is blind—a World War II victim, he played his own accompaniment. It was certainly an inspiration to folks who have good eyes, to use them in the development of talent.

We are proud of our B. T. U. group of young folks. Twelve of them went with the pastor to a district meeting in Ludlow, July 30 and captured the reward cups of both groups. Brother Gardner is to be commended for organizing these groups in our church and taking them to these group meetings in his car. It is a shame more members do not donate cars to take children to worthwhile places where they will be taught to be true disciples of Christ.

Last Sunday afternoon he took a group of the G. A. girls to the county farm to sing to that group of folks who aren't privileged to hear the gospel.

Brother Gardner conducted a two-week Vacation Bible School in June of this year. There were 43 in attendance and 12 workers; 17 came for the whole period without missing a day. There were 28 girls and 15 boys. A large crowd attended the closing night program. The future will tell the results of such a school.

Sunday evening we had the pleasure of seeing the film, King of Kings, donated by James Albert Stevens.

The church is looking forward to a revival meeting beginning August 26 and extending through September 7. We are glad to have Bro. Forest Taylor of Grant as evangelist. A visiting song leader, Bro. D. P. DeHart, of Butler, Ky., will also be with us. The public is cordially invited to each and every service.

The church is also making plans for the annual home-coming Sunday, August 25th. Come, join us in an old-fashioned basket dinner on the beautiful outdoor site of this grand old church building. You don't have to be a member of the church to fellowship with us in our home-coming. Meet your old friends here and make new ones.

We are very sorry our pastor's wife is ill and unable to attend services. We miss her very much as she helped the pastor in the work of the church, both among the youth and adults.

—Publicity Chairman.

Is your home wiring system BIG ENOUGH for its job?

Trying to meet today's expanding electrical needs with under-sized home wiring is like trying to fill a tea kettle with an eye dropper.

Home wiring that's too small chokes down the flow of electricity to lights and appliances. Lights dim when the refrigerator starts up or the electric iron is in use. Heating appliances come up to temperature slowly, wasting electricity and taking more time to do their jobs. Circuits become overloaded, causing wires to heat up dangerously or fuses to blow.

Before you build, buy or remodel a home, check the wiring system or wiring plans with your electrical contractor. Make sure you have *large enough wire, enough circuits* and *enough outlets and switches* to take care of your electrical needs, now and in the future. Don't let "skimpy" wiring prevent you from enjoying better electrical living.

Adequate Wiring Means:

A service entrance large enough to bring in as much electricity as your home may need at any time.

Enough circuits of large enough wire to carry a full measure of electrical energy to your lights and appliances.

Plenty of outlets and switches, conveniently located. Adequate wiring is the key to better electrical living.

IN MEMORY

Of our only child little Henrietta Rose Black, who passed away February 18, 1935, age 4 years.

Today was your birthday
Not a single thing we could do
That would make our hearts happy
No one, only you.
Just fifteen years ago God gave you to us
We thought you'd come to stay,
But four short years, then he called you home dear
From us you went away.
Our hearts have not been the same
Darling and will never be
We're always thinking of you baby
No one knows, only me.
Your clothes and toys are our memory
Just as sweet as you went away
I always will have them in my presence
Until our bodies are placed beneath the clay. 1t-c

—Sadly missed by her parents, Mr. and Mrs. Henry Black.

IN LOVING MEMORY

Of our beloved husband and father, C. W. Craig, who passed away August 10, 1946.

It seems like only yesterday
You smiled your very last;
We cannot seem to realize
That one long year has passed.
You bade no one a last farewell,
You said goodbye to none,
Your loyal heart had ceased to beat
Before we knew it you were gone.
In our hearts your memory lingers
Sweetly, tender, fond and true
There is not a day dear Pop,
That we do not think of you.

—Sadly missed by wife, children and grandchildren. 1t-pd.

Chairman of Committee—Rogers Knox

Utopia club members represent our young rural leaders of today. They are young men and women 19 years of age or older, interested in Agricultural and Home Economics improvement. They are pioneers in Boone County's hybrid seed corn breeding work and other important projects. The Utopia club enrolls 70 members, holds regular monthly meetings, conducts demonstrations in improved practices and promotes a program for a more full and wholesome rural life. The club invites all older youth interested in their program to attend the meetings and become members.

LAMBS BRING $30.30

Wood Coppock of Taylor county sold 1,086 pounds of first-grade wool from 108 ewes, or an average of 10¼ pounds per head. From the same flock, 35 lambs were sold. They averaged 98 pounds per head and brought $18 per 100 pounds. Farm Agent C. V. Bryan notes that with a subsidy of $2.65 the lambs brought $30.30 per head.

SYCAMORE VALLEY

[illegible] harvested 27 bushels of barley to the acre from 16 acres. Frank Browning of Adair county planted corn. Wheat, rye, barley, oats and hay crops all produced well, gardens are booming and prospects are good for corn and tobacco, according to County Agent R. B. Rankin.

A shortage of tobacco plants in Bath county caused several farmers to plant corn or cane on tobacco ground.

BOONE COUNTY

SOME OF THESE FARMS WERE LISTED THE PAST WEEK

286 ACRES—One of the best farms in the county, highly productive bluegrass land. Has always been well taken care of and used as a dairy farm for many years; 8-room house, basement, bath, hot and cold water; located on a nice knoll surrounded by large trees; electric; 4-room servant's quarters in yard; modern dairy barn for 28 cows, stanchions and box stalls; silo, modern milk house, concrete water tank, large horse barn, modern sheep barn, implement barn, double crib with wagon scales, garage and several other buildings; well fenced and well watered. Replacement value of buildings alone almost equal price of farm. Impossible to describe this good farm. See it. $27,000.

237 ACRES—19 acres alfalfa, 4 acres tobacco base; 4-room house, 2 large barns, other buildings; electric in all buildings; one main road. Where can you find improved land for $35|00 per acre in Boone County? The operation of this farm for two or three years will pay for it. $8250.

126 ACRES—6-room nice house, 3 barns and many other good outbuildings, electric, 3 ponds, 3 cisterns. This is a bluegrass farm, highly productive; 2 mares and harness; 2 cows, 2 calves, 1 bull, mowing machine, rake, turning plow, 2-horse riding cultivator, harrow, sled, cultivator, cultivator, ½ of 1.6 acres tobacco; ½ of 6 acres corn; ½ of 50 to 60 tons of hay. This farm has always been well cared for. $14,000.

18¾ ACRES—3 miles from Burlington, on blacktop road; good land, pond, cistern, well; electric; 8-room brick colonial home, garage, 2 poultry houses, brick meat house, other buildings; large yard and garden; some fruit. Immediate possession of 4 large rooms. $8000.

150 ACRES on Walton-Beaver blacktop road, 1 mile from Beaver and 2½ miles from Walton. Has not been farmed for two years and land needs cleaning. Lot of locust and other timber. Good strong tobacco land with 2½ acre base. Barn will hold 3400 sticks of tobacco. No house. Immediate possession. $4500.00. $1000.00 cash, balance over a period of 10 years, 4½ percent interest. First time advertised.

171½ ACRES 2½ miles from Florence; all level tractor land; suitable for a subdivision; nice lake stocked with fish; nice cottage, sided with white asbestos shingles, red shutters, cabinet sink, electric; concrete block garage with overhead door, extra good barn, poultry house; large maple and walnut trees in yard and standing over farm, making for a beautiful setting; cistern and well. All buildings in excellent repair. $7000. Owner purchased a larger farm. This would make a nice summer home for some one who owns a home in the City, or suitable for some one with a position in the City and desiring to live in the country. Only 11½ miles from Covington. First time advertised. Don't miss it.

All of these farms are served by school bus, mail route, milk truck

We do not list everything offered us. The price must be right.

Boone County Fair Plans Are Complete

RECORD NUMBER OF DISPLAYS AND EXHIBITS ARE PLANNED FOR THIS YEAR—491 4-H AND 70 UTOPIA MEMBERS COMPETE

Boone County people and their friends are planning for the largest and best fair and County Picnic at the fair grounds near Burlington for this Saturday, August 17th, according to the 4-H and Utopia Council. Committees are working overtime preparing for record numbers of displays and exhibits. New livestock show rings, sheep and hog pens and loading chutes have been constructed. The Home Economics exhibits spaces have been expanded and large numbers of commercial display spaces have been requested.

Farm and home supply dealers are requesting more space for displays of new farm machinery, refrigerators, radios, and other home equipment. Dealers and supply companies are planning to display the largest amount of new equipment since the prewar period.

Four hundred ninety-one 4-H Club members and seventy Utopia Club members will compete in special club classes. The livestock members in turn will compete against adults in the Open to the World classes.

Special attractions and shows at four separate points on the grounds will be continuous from 10:00 a. m. to 5:00 p. m. The finest in home displays will be exhibited in the Floral Hall building. The eighty-member Boone County School Band will supply music between special events to be conducted from the speakers stand. The finest in dairy cattle, sheep, hogs, team pulling contest and thirteen classes in fine horses and ponies will be exhibited the livestock show ring with a large out of doors exhibit of poultry, garden, fruit and field crops. Girls' and women's clothing style revues and a baby show will be conducted in the afternoon.

Weather is the only factor that could prevent either record attendance or record numbers of exhibits. According to John E. Crigler, president of the Council, the grounds are in excellent shape. The weather has proven excellent each of the past thirteen years and it is hoped this year will be no exception.

This is Boone County's own Fair and County Picnic. Let's every citizen and friend plan to attend our own Annual Home Coming and get together on this Saturday, August 17th.

The only admission charge for the day is 25 cents for adults at the gate. Children under 16 years and 4-H Club members are admitted free. Funds collected from this source are used to improve the grounds and for new building construction. Those who may want to make additional contributions to this fund may do so by contacting John L. Conner, treasurer, or members of the Council.

PETERSBURG NINE CHALK UP VICTORY

OVER RANK AND FILE FOR THIRD CONSECUTIVE VICTORY IN ELIMINATION SERIES—RYLE ON HILL FOR WINNERS.

Petersburg nine chalked up their third consecutive victory in the elimination series of the Northern Kentucky Semipro Baseball League Sunday afternoon by defeating the Rank and File team 10-3.

Rank and File scored a run in the first inning but Petersburg came back in their half to score two runs and were never headed in the final stages. The winners scored five runs in the seventh, with "Pip" Clore cleaning the bases with a home run.

"Roots" Ryle was on the mound for the winners and proved to be master of the situation throughout the game, pitching splendid ball. He allowed only six hits, while the winners collected 11. In the eighth inning Ryle struck out three men and had two strike outs in the ninth and a pop fly.

L. Deck led the attack for Petersburg with four hits in five trips to the plate, while Hungler topped the losers with three.

Obtain Approval For Leave Of Absence

Veterans Administration officials are advising veterans enrolled in educational institutions or in on-the-job training programs to obtain advance approval from the VA before taking leaves of absence. When unauthorized leaves of absence are not satisfactorily explained, veterans may forfeit their subsistence allowance for the time they are out of school or away from training.

Ordinary leave under both the Servicemen's Readjustment Act and the Vocational Rehabilitation Act accrues at the rate of two and one-half days a month during the entire time a veteran actually is in education or training status, including the time he is on approved leave. Accumulated leave can not exceed 30 days, and no more than 30 days of leave may be taken in a 12 month period. Approved absences covering a period of one calendar week or more will be charged at the rate of five days for each consecutive days of leave.

Disabled veterans training under the Vocational Rehabilitation Act are also entitled to sick leave not to exceed 30 days in each 12 month period, but sick leave includes all of the elapsed time from the beginning of absence from training until the veteran returns to training.

FREEZER LOCKER TRAINING MEETING

SET FOR AUGUST 21ST AT BURLINGTON SCHOOL — FOOD SPECIALIST MRS. PEARL HAAK WILL BRING LESSON.

The first training meeting of the year will be held at the Burlington school on Wednesday, August 21st. "Freezer Lockers" will be the topic of the lesson given by Mrs. Pearl Haak. Two leaders from each Homemakers club have been appointed to attend this meeting.

Mrs. Haak, food specialist from the University of Kentucky will include the following in the lesson: (1) How to budget the space of your locker; (2) How to correctly wrap packages for the locker; (3) How to prepare different foods for the locker; and (4) How to prepare the foods correctly after removed from the locker.

According to Jane Gudgell, Assistant Home Demonstration Agent, each leader is to meet at the Burlington school at 10:00 a. m. to 3:00 p. m.

BAND MEMBERS URGED TO BE AT FAIR BY 10:00

The Boone County Band members are urged to be at the band stand by 10 a. m. on Saturday August 17th. Music will be played at intervals during the day.

BURLINGTON P.-T. A.

The Burlington P.-T. A. will meet next Tuesday night, August 20th at 8 p. m. at the schoolhouse. This is a special meeting and all members are urged to attend.

Mr. and Mrs. Roger Grizzele, of Covington were week-end guests of Mr. and Mrs. Charles Webster and daughter. They also entertained Sunday for Mr. and Mrs. Ovil Webster and Mr. and Mrs. Otis Alexander and family, of Aurora, Ind.

SURPRISE DINNER GIVEN

A surprise birthday dinner was given in honor of Bernard Hodges on August 11 at his home.

Those present were: Rev. and Mrs. C. J. Wainscott and daughters, Mrs. Maude Hodges, Mrs. Harry McCubbins and son, Mr. and Mrs. James McCubbin and family, Mr. and Mrs. John Black and sons, Mr. and Mrs. Clifford Rouse, Mr. and Mrs. Harold Hodges, Mr. and Mrs. Earl Hodges, Mr. and Mrs. Lucian Noble and family, of Rising Sun, Ind., Mrs. Elizabeth Noell and daughter, Mr. and Mrs. Howe Noell and daughter, George Noell, Miss Jean Moore, Miss Shirley Hodges, Mr. and Mrs. James Carver, of Union.

Everyone reported an enjoyable day and Mr. Hodges received many nice gifts. All left wishing him many more happy birthdays.

Homemakers Urged To Order Bulbs Today

Boone County Homemakers are cooperating in beautifying their county. They are ordering daffodils, narcissus and tulip bulbs. The landscaping chairman from each club has a list of the best flowers. Members of each club should help by placing their order for flowers with her as soon as possible. According to Jane Gudgell, Assistant Home Demonstration Agent, there were no orders taken during the war because of a shortage of bulbs. There was also the problem of transportation during the war. Since these problems aren't facing us anymore, we want to get ready for our flower show next spring. The Homemakers are planning to make next spring's flower chow the biggest and best that has been in this county. Any of the women who are interested in ordering these bulbs may do so by contacting the landscaping chairman in her community or the Home Agent's office before August 20th.

Eligible For Benefits

Veterans who reenter the military or naval service are still eligible for many benefits of the Servicemen's Readjustment Act. While on active duty, these veterans are eligible for education or training with tuition fees and supplies paid by the government, guaranteed loans to buy a home, or in some circumstances, to buy a farm or business. While in the service they are not eligible for readjustment allowance for unemployment, subsistence allowance while in education or training, disability pension or VA hospitalization and medical treatment.

Engagement Announced

Reverend and Mrs. William M. Smith, Burlington, announce the approaching marriage of their daughter, Mary Belle, to Mr. Marvin R. Porter, son of Mr. and Mrs. George A. Porter, Burlington, on Saturday, the twenty-fourth of August. The wedding will take place in the Burlington Baptist Church.

BELLEVIEW AND BURLINGTON WIN

CONSTANCE AND PETERSBURG SUFFER SECOND DEFEATS IN THIRD GAME OF ELIMINATION PLAY—NO GAMES SATURDAY.

In two well-played games at the Belleview park Saturday, Belleview defeated Constance 5-3 previous to Burlington's 6-1 victory over Petersburg.

The first game of the double-header found the Belleview and Constance nines having a "nip and tuck" battle with the former outlasting the Constance nine to win. Jay Ryle was on the mound for the winners and pitched well with his mates playing very good ball behind him. Gene Jones was on the mound for the losers.

Stephens led the Belleview attack with three safeties, while Goodridge had two for the Constance nine.

Burlington took an early lead in their game with Petersburg scoring a run in the first inning on A. Clore's single and stolen base and "Sox" Benson's one-bagger. After this the losers were unable to get back in the game as Ivan Gulley hurled beautiful ball all the way, giving up only five hits. Eddie Deck was on the mound for Petersburg allowing eleven hits. Smith, Sebree and A. Clore had two hits each for the winners with Gulley allowing no more than one hit to any Petersburg batter with D. Deck obtaining a triple.

Due to the County Fair Saturday there will be no games played. Drawing for the fourth game will be held Monday, August 19th at 8 p. m. All managers are urged to attend.

ANNA R. GRANT WILL FILL POST

OF ASSISTANT SUPERVISOR IN SURGICAL DEPARTMENT OF ST. ELIZABETH HOSPITAL—IS NOW ON TERMINAL LEAVE.

Miss Anna R. Grant, R. N., now on terminal leave after service since 1941 as an Army nurse has been appointed assistant supervisor in the surgical department of St. Elizabeth Hospital, Covington, and will begin her work in September, it was announced at the hospital office.

Miss Grant who performed her nursing ministrations in three major battles of the war and completed her Army service with rank of Captain will take over the duties of Sister Assumpta of the Sisters of the Poor of St. Francis who will pursue a post-graduate course in surgery at St. Elizabeth Hospital, Dayton which is affiliated with University of Dayton.

Following graduation from St. Elizabeth Hospital School of Nursing, Miss Grant for two years starting in 1939 worked in surgical department of the hospital. Miss Grant, who lives near Burlington entered Army nursing in 1941 and prior to being assigned overseas spent a year in the United States.

The hospital to which Miss Grant was attached was the first AEF with the nurses going to England as civilians and set up their hospital. She attained responsibility of hospital room supervisor and had to use British hospital supplies for a month till the American supplies arrived. She subsequently helped to set up four other hospitals' operating rooms, starting from scratch and later was appointed as a nursing teacher, training American men for their North African invasion.

Despite a personal willingness to accompany the nursing units for the North African expedition, Miss Grant was ordered by her superiors to remain in England due to the excellent technique she had demonstrated.

Miss Grant received her opportunity to do "battle duty" when 12 days after the invasion of France, she on the job as an operating room supervisor working as high as 20 hours a day without a rest, followed up by the "book work" to keep record of the cases handled.

She was in three major battles, the first being "terribly close" to the hospital lines, she says.

Later she was assigned to accompany a hospital ship on return of wounded veterans to the United States. The war in Europe ended while she was on one of these trips and her orders were cancelled. Then she reported to New York to assist in radio programs for recruitment of more Army nurses and later was assigned to a station in California for one year. She was finally discharged from service after six years in uniform.

"I still can't give up nursing—so I'm going back to my dear old nursing school—St. Elizabeth," Miss Grant declares.

EATING PLACE MADE IN END OF KITCHEN

How one end of a long kitchen was made into a breakfast nook by Mrs. R. E. Palmere of Hart county is related by Home Agent Martha Jane Jones: Three walls of the kitchen were papered 'n tight blue and white paper with red lines running through it, while the fourth wall was papered with a matching plain blue. It was at this end of the room that Mrs. Palmere placed her breakfast table and chairs of chromium with red upholstery. White ruffles outline the windows, to take the place of curtains.

MOTHER'S COOKING

Remember when the "relatives" gathered for a holiday dinner? They all said that Mother was a wonderful cook, and then proceeded to prove it by consuming enough food to sink a Liberty Ship. No one counted their calories in those days—just let their belts out another notch. Remember?

You can't expect wiring designed for this

... to provide efficient service for this ...

Today's home wiring must supply a higher level of lighting and many more appliances than the home wiring of 15 or 20 years ago. Tomorrow's electrical living will place even greater demands upon home wiring. *It must be big enough for the job.*

Wiring that is too small chokes off the power between meter and outlet, just as small pipes limit water pressure at the faucet. When wires are too small, lights and appliances compete against each other for a too-meager supply of electricity. Lights dim when the refrigerator starts up or the iron is in use. Appliances operate sluggishly, taking longer to do their jobs and wasting electricity. Circuits become overloaded and cause fuses to blow or wires to heat up dangerously.

If you plan to build, buy or modernize ... insist on ADEQUATE WIRING

Adequate Wiring Serves and Saves

Adequate wiring simply means a service entrance large enough to bring in as much electricity as your home may need at any time ... enough branch circuits of large enough wire to conduct a full measure of electric energy to your lights and appliances ... and plenty of outlets and switches, properly located. Insist on adequate wiring ... it's the key to full enjoyment of better electrical living.

PORTRAITS FOR REMEMBRANCE

. . . we don't realize it, but your children—and you have changed a great deal since we had pictures made.

Changes come quickly after entrance to school, whether it be grade, high school or college.

It is interesting to note these changes in pictures . . . and they might as well be.

A WORD TO THE G. I.

We have made several G. I. loans and regret that we were compelled to reject several applications during the past few months, because of the property under consideration of purchase was, in our opinion, unreasonable in price and doubtful of the G. I.'s ability to maintain the property and meet the amortization payments from his income.

We will be glad to discuss the possibility of financing any G. I. and will not hestiate to advise against a purchase if we think it to the best interest of the Veteran not to incur the obligation.

The best interest of the Veteran is our first consideration, even though our bank may be safe in making the loan.

POTASH FOR ALFALFA

On recommendation of County Agent Troll Young, yellow alfalfa in Washington county was treated with 200 pounds of potash to the acre. Where straight potash could not be obtained, a complete fertiliser was used at the rate of 500 pounds to the acre. In addition to potash, this supplied phosphate, which most of the fields needed.

THE BOONE COUNTY RECORDER

ESTABLISHED 1875

VOLUME 71 — BURLINGTON, KENTUCKY THURSDAY, AUGUST 22, 1946 — NUMBER 8

Winners Announced At 4-H And Utopia Club Fair

HELD AT BURLINGTON SATURDAY, AUGUST 17—WEATHER CONDITIONS FAIL TO DAMPEN SPIRIT OF EVENT.

The 1946 Boone County 4-H and Utopia Fiar was a huge success despite heavy rains during the morning hours. The rain dampened the exhibits but not the spirit of the crowd estimated at near 4,000.

Both attendance and exhibits were equal last year's record. The garden, sheep and dairy shows and team pulling contest were the best on record for the fair. The Hampshire sheep show was one of the best county shows in the state. Holstein cattle were exhibited this year for the first time. The quality of the girls' work in forty-three entries of the 4-H clothing style revue was excellent, according to the judges. Twenty entries ranging in age from 3 years to 50 years competed in the feed sack dress style revue.

Our fair serves two important purposes: First, it sets standards of perfection as to quality of the best and thereby sets goals or standards toward which to work; secondly, it serves as a county picnic or get-together in which all the people of the county may come together once during the year in a spirit of friendship, fellowship, sportsmanship, and enjoyment. Our fair was successful this year in both purposes.

The 4-H and Utopia Club Council deeply appreciates the fine cooperation and services rendered by all leaders, helpers, exhibitors, advertisers, business organizations, newspapers and others who worked hard to make the fair a success. Let's look forward to a bigger and better fair next year.

Winners in the various classes are as follows:

FOURTH ROUND OF ELIMINATION

IN BOONE COUNTY LEAGUE TO GET UNDER WAY SATURDAY —TWO PARKS WILL BE USED FOR GAMES.

Drawings for the fourth game of the elimination play in the Boone County League was held Monday night at Burlington.

Saturday's games will be played on two parks rather than having a doubleheader at one park as has been the previous procedure during elimination play.

Saturday's Schedule: Constance vs. Petersburg at Petersburg; Burlington vs Belleview at Belleview.

The loser in the Constance-Petersburg game Saturday, will be oused from elimination play with the winner of this game playing Belleview the following Saturday on the latter's park, while Burlington will be idle, having drawn the "bye" for that week's play.

County Schools Will Open September 9th

Boone County Schools will open this year on September 9th, beginning a nine-month term of school for 1946-'47, according to Superintendent McFarland.

Boone County schools have for several years been operating on an eight-month school term, and during the recent war the term was reduced to seven months. This will be the first nine-month course offered here in approximately 12 years.

Most all teachers for all the schools have been selected and notified, however, there are some vacancies that are not sure as yet.

A complete list of all county teachers and principals will be published as soon as all appointments have been made.

Miss Graham Roberts

Funeral services for Miss Graham Roberts, Walton, were held from Chambers & Grubbs' funeral home Monday at 3 p. m. with Rev. R. F. Demoisey officiating. Miss Roberts passed away in her home early Saturday following an illness of several months.

She was well known and respected in the community, having spent her entire life in and around Walton. She was the daughter of the late John A. and Mary Roberts.

Interment was in Richwood Cemetery.

SHEEP DIRECTORS MEET SATURDAY

DIRECTORS WILL APPROVE CLAIMS FOR ALL SHEEP LOSSES REPORTED DURING FISCAL YEAR.

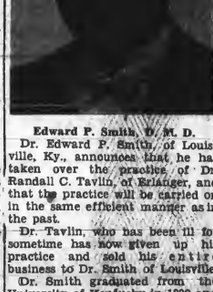
Boone County Sheep Protective Association directors will meet at the County Agent's office, Burlington, on this Saturday, August 24th at 2:00 p. m., according to L. H. Congleton, secretary-treasurer. The annual association meeting will be held the following Saturday, August 31st at 1:30 p. m.

The directors will approve claims for all sheep losses reported during the fiscal year closing this August 31st, and will prepare a report for the members to be submitted at the annual meeting. The 1945-46 directors of the association are:

Burlington—H. E. White.
Hebron and Constance—Charles B. Beall.
Petersburg and Big Bone—John T. Stevens.
Florence—L. H. Congleton.
Beaver—Russell Sparks.
Union—Joseph Huey.
Walton—J. G. Pennington.
Verona—Walter Johnson.

LIGHTNING STRIKES HEBRON SCHOOL

CAUSING CONSIDERABLE DAMAGE TO BUILDING AND ELECTRICAL WIRING—ESTIMATED LOSS SET AT $500.00.



Considerable damage was caused last Friday night when lightning struck the Northeast corner of the new addition to the Hebron school, doing slight damage to the building proper and causing considerable damage to the electrical wiring and electrical appliances on the inside of the entire building.

The bolt of lightning hit the corner of the new addition, knocking a hole about 6 feet square in the fire wall which extends above the roof of the building. The roof was not damaged and therefore no water damage was sustained.

The most loss was in the electrical wiring, and the exact extent of the loss could not be determined until the entire system has been inspected. All fuses were welded in the boxes and the entire building will have to be inspected.

According to Supt. McFarland, work on the building will start as soon as possible and the repair will be completed in time for the opening of school on September 9th.

TAKES OVER PRACTICE

Edward P. Smith, D. M. D.

Dr. Edward P. Smith, of Louisville, Ky., announces that he has taken over the practice of Dr. Randall C. Tavlin, of Erlanger, and that the practice will be carried on in the same efficient manner as in the past.

Dr. Tavlin, who has been ill for sometime has now given up his practice and sold his entire business to Dr. Smith of Louisville.

Dr. Smith graduated from the University of Kentucky in 1939 and graduated from the University of Louisville School of Dentistry in 1943. He has been practicing dentistry since that time. Phone Dixie 7740 for your appointments.

Social Will Be Given Friday, August 30th

The Torch Bearers Class of the Florence Christian Church will sponsor a social on the lawn of the church parsonage Friday, Aug. 30th. Sandwiches, salad, cake and ice cream will be served beginning at 5 p. m. The public is invited.

Receives Injury

R. C. McNay

R. C. McNay, president and manager of the Boone-Kenton Lumber Co., Erlanger, received severe injuries to his right hand last week while adjusting a planing machine in their mill.

Both middle fingers on the right hand were injured, however, only one was severed entirely at the first joint. He was rushed to the hospital and the severed finger was placed back in position by modern surgery and it is expected to grow back in place leaving only a stiff finger on his hand.

Mr. McNay is back at work this week, but will be somewhat handicapped for sometime.

Mrs. Mary A. Acree

Mrs. Mary Agnes Acree passed away at the home of her son Casper Acree on East Bend Road, Boone County, following a long illness, Sunday.

Mrs. Acree made her home in Florence, for several years since coming from Owen County. She was a member of Erlanger Christian Church.

Funeral services were conducted from the Chambers & Grubbs funeral home, Florence, Tuesday at 1:30 p. m., with burial in Owenton, Ky.

She is survived by one daughter, Rachal Acree, Florence, employed as Home Economist of Western State Teachers' College, of Kalamazoo, Mich.; one son Casper Acree, soil conservation specialist of Boone County, three grandchildren and one great-grandchild.

Chambers and Grubbs were in charge of arrangements.

LEGION TEAM ON VICTORY PARADE

HEBRON, ST. HENRY AND BELLEVIEW VICTIMS OF FAST MOVING LEGION NINE—GAMES ARE SCHEDULED THIS WEEK.

The Boone County Legion nine hit their stride last week, as they chalked up three victories over other Boone County teams.

The Legion boys under the guidance of their capable manager have finally reached their peak. Last week they down Hebron by a 13-1 score on Tuesday night. Bob Brown was on the hill for the Legion and gave up but two hits. Charlie Popham pitched a four-hitter against St. Henry, on Wednesday night, as his teammates collected nine runs, while the opposing team garnered two. The final performance of the week was Friday night when Joe Smith pitched a shut-out against Belleview, who had defeated him previously. The Legion boys again scored nine runs and had 12 hits to their credit. Brown, Smith and Popham all turned in fine pitching performances the rest of the squad were hitting and fielding above average.

Manager Ken Berkshire states that he is ready for games, and any team desiring to play the Legion nine can notify him.

Up to this writing the legion team has won five of its last seven games since the elimination. Mgr. Berkshire has made arrangements to get a return game with the Norman Barnes team, of Covington. This team eliminated the Boone boys in the District tournament but Berkshire says that his team is ready for the Covington nine. The game date will be stated later. Also they have a game scheduled with Burlington who won the County League pennant. The Legion's home ground is at Florence.

Games this week places the Legion against Petersburg at Florence, Tuesday night 5:30; Thursday night they tackle a new team when they meet the Idlewild Stars at Ligon Park, 6:00. Hebron goes to Florence for the final game of the week Friday at 5:30. Monday night the Legion nine play Walton at Florence 5:30.

Mr. and Mrs. Winfred Huey, of Cincinnati, spent the week-end with his parents, Mr. and Mrs. Joe Huey.

ANNOUNCE DATE OF CONVENTION

OF CHRISTIAN CHURCHES IN BOONE COUNTY—MEETING IS SET FOR AUGUST 25 AT BULLITTSVILLE CHURCH.

According to the officers of the Federation of Christian Churches of Boone County, all indications point to a well-attended and fruitful Convention Day, which will be observed at Bullittsville Christian Church next Sunday, August 25, 1946.

On this annual meeting day the Christian Churches first meet in a union Sunday School session, after which worship service with preaching and partaking of communion complete the morning period. In this connection, all members of Christian Churches especially are urged to be in attendance at Bullittsville at 10 a. m. to contribute to the morning service so that all derive spiritual enthusiasm for entering into the afternoon business session. However, visitors from other churches are not only welcome, but are urged to attend the activities of the whole day.

The afternoon session will be devoted to reviewing the work of the past year and planning renewed effort for the program of Christian activity which is to come during the eventful days ahead of the church in the unsettled state of affairs which come as a post-war result.

State Headquarters in Lexington will be represented by a speaker to acquaint local members of the work being done over the larger areas of the Christian denomination. Representatives from the Christian Church Widows and Orphans Home, Louisville, Ky., will be present to outline the work and plans of those institutions.

In short, the day should serve as an opportunity for all Christian Church members to become better acquainted with the work of their church both local, state and nation wide, and thus give them a larger perspective with a corresponding larger sense of their individual responsibility in the program for the future. Hence, it follows that all members who possibly can will be eager to attend, therefore a very successful convention from the viewpoint of both attendance and benefit is looked forward to.

Peaches Stolen From Geo. Pierce Orchard

George Pierce of the Hebron neighborhood reported Monday morning that five peaches trees on his farm were looted Sunday morning while he and his family were attending church at Burlington.

Mr. Pierce is offering a reward of $75.00 for information leading to the arrest and conviction of the culprits.

FOURTH VICTORY FOR PETERSBURG

IN ELIMINATION SERIES OF SEMIPRO LEAGUE CHALKED UP SUNDAY IN CLOSE CONTEST.

Chalk Up Fourth Victory

Petersburg chalked up their fourth successive victory in the elimination series of the Northern Kentucky Semipro League Sunday afternoon.

The game between Petersburg and Walton was bitterly contested through with Petersburg scoring the deciding run in the ninth inning to give them a 3-2 edge over Walton. A home run to deep left field by L. Deck decided the game in favor of Petersburg.

H. Deck was on the hill for the winners, while Afterkirk offered them up for Walton. Petersburg collected eight hits, while Walton collected seven. Deck fanned eight, while walking one. Afterkirk fanned six and walked one.

Petersburg scored early in the game, with Walton knotting the count in the seventh.

Petersburg will meet the Pleasing Foods nine Sunday at 3:00 p. m. at Petersburg. Pleasing Foods is one of the best teams in the league winning the season championship, and have only been defeated once during the elimination series.

Ft. Thomas Florists will battle it out Sunday with the Walton nine at 3:00 p. m. on Walton grounds. Ft. Thomas also has a good team having won four consecutive games in the elimination series.

DELIVERY SERVICE

Which faucet will deliver the most water

That's easy. Everyone knows that, pressure being equal, a faucet connected to a large pipe will deliver more water than a faucet connected to a small pipe.

But not everyone understands that just as a small pipe limits the amount of water that can be drawn through a faucet, small wire limits the amount of electricity that can be drawn through electric outlets.

When home wiring is too small, lights and appliances compete against each other for a too-meager supply of electricity. Lights dim when the refrigerator starts up or the electric iron or electric roaster are in use. Heating appliances come up to temperature slowly, taking longer to do their jobs. Circuits become overloaded and cause fuses to blow or wire to heat up dangerously.

For FULL CAPACITY electric service, install home wiring big enough for the job

Adequate Wiring Serves Wives

If you plan to build or modernize a home, be sure to specify wiring adequate to take care of your electrical needs, now and in the future. Adequate wiring means a service entrance large enough to bring in all much electricity your home may need at any time... enough circuits of large enough wire to conduct a full measure of electrical energy to your lights and appliances ... and plenty of outlets and switches, conveniently located. Adequate wiring is the key to better electrical living.

Idlewild-Bullittsville Will Tangle Saturday

The Idlewild Stars will cross bats with the Bullittsville Tigers on Saturday, August 24th to decide which team is the champion, as both teams have won two and lost two.

This will be an unusual ball game as each player will wear a dress which must reach his knees. Managers Whitaker and Pepper will wear evening gowns. It is reported that manager Pepper is in need of an evening gown and anyone having one of these dresses and would care to loan or rent it for this game are requested to call Burlington 256.

Sickem Catches Big Fish

Sickem Weaver, one of Burlington's champion fishermen, claims the resort catch at the 4-H and Youth Club Fair grounds lake this year. He celebrated the fair Saturday with a six-pound channel catfish catch, plus three other fish, making a total ten-pound catch.

Sickem is one of the several fishermen that have seen an unusual large mouth bass in the lake. The fish is estimated to weigh between nine and twelve pounds. Anglers have been using the best of their baits and tackle but to date, have been unable to persuade the champion of the big tribe to cooperate. Morgan Barlow, the caretaker, has the dope on how the big bass can be caught but no fisherman, to date, has proven skillful enough to follow Morgan's plan.

Real Estate Transfers

Three real estate sales were made through the office of A. B. Renaker the past week.

L. W. Culley, local merchant of Burlington, purchased the 171-acre farm of Edward J. Shannon, 4½ miles north of Burlington, on Burlington-Idlewild road, near Idlewild. This farm is highly improved with a 10-room brick house, 3 large barns, 5-room tenant house and other good buildings, and has 63 acres tobacco base. Mr. Shannon purchased this farm from Mrs. Bertha Davis a few years ago and is known as the Jas. T. Gaines farm, the father of Mrs. Davis. The deal included the landlord's share of tobacco, corn, hay and about 10,000 tobacco sticks. Mr. Culley is taking immediate possession of the farm, with the tenants remaining on the farm the balance of the year.

Robert K. Rudd, owner of the Rudd Motor Company of Covington, purchased 17½ acres and buildings, on Hopeful Road, 1 mile from Highway 18, from Alden Lang. Possession March 1st, at which time Mr. Lane expects to take possession of the 78 acres which he recently purchased from Henry J. Wagner, on Woolper Road, 2½ miles from Petersburg.

Mrs. Emma Craig and son, W. J. Craig, purchased a house and 1 acre of land at Rabbit Hash from Amos McLaughlin of Dayton, Ky. Mr. McLaughlin had purchased this property from Mr. and Mrs. John W. Woods about two months ago. This is known as the Doctor Cowen property at Rabbit Hash.

August 31 Closing Date To File For Subsidy Pay

August 31, 1946 is the closing date for filing applications for the dairy subsidy payment for sales of milk and butterfat sold during April, May and June, 1946.

It is believed that most producers have already filed for this period, as a total of 726 applications have been received and a total of $43,376.70 has been paid to these producers for the dairy subsidy payment.

April, May and June, 1946 will be the last payment made producers unless Congress re-enacts a similar law.

The rate of pay for the April, May and June period is 60c per hundredweight for milk sold in April, and 45c per hundredweight for milk sold during May and June. The rate of butterfat is 17c per pound for April sales and 15c per pound for May and June sales.

Anyone who has not filed for this payment is urged to do so immediately as no payments can be accepted after the closing date of August 31st.

A WORD TO THE G. I.

We have made several G. I. loans and regret that we were compelled to reject several applications during the past few months, because of the property under consideration of purchase was, in our opinion, unreasonable in price and doubtful of the G. I.'s ability to maintain the property and meet the amortization payments from his income.

We will be glad to discuss the possibility of financing any G. I. and will not hesitate to advise against a purchase if we think it to the best interest of the Veteran not to incur the obligation.

The best interest of the Veteran is our first consideration, even though our bank may be safe in making the loan.

...for your VACATION

It's Better in THREE Ways . . .

1 Cooler — more colorful!

2 More travel comfort!

3 More rooms at hotels!

Why not take your vacation next month? Hotels and resorts will have much better accommodations for you . . . and you'll travel in greater freedom and comfort.

Greyhound fares are still at their well-known low level—and don't forget the convenient schedules, the deep-cushioned comfort, and the many different routes you can choose by Greyhound.

By Greyhound, too, you'll see at close range the Nation's loveliest highways — during Nature's loveliest season . . . *if you remember September!*

AUTOMATIC WATER SYSTEMS

Shown above is the popular Model VS-50 Shallow Well Self Prime Water System.

EASILY INSTALLED — because two suction openings are provided in different positions. Either may be used to suit the installation.

SIMPLE IN DESIGN — because there are no complicated parts. Model VS-50 is a centrifugal pump with built-in removable jet. The impeller is the only moving part.

CHEAP TO OPERATE — because the impeller is smoothly machined and carefully balanced for highest efficiency. Silence and freedom from vibration mean a long and trouble-free life. AND IT STAYS PRIMED.

A wide variety of centrifugal pumps are now available for farm, home and industry. Ask for information and literature.

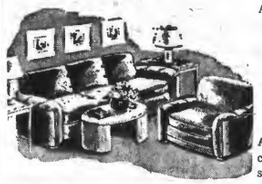
WEATHER POST MAY BE MOVED

TO BOONE COUNTY AIRPORT IS RUMOR, WHEN LOCAL AIRPORT IS OPENED IN SEPTEMBER

When the new airport located near Hebron opens next month, rumors have been circulated that the U. S. Weather Bureau will move from Lunken to the new airport. Although no decision has been reached on the actual removal of the Weather Bureau, Lunken Airport officials have begun a campaign to discourage the move.



Howard Crush, manager of Lunken Airport, has advanced many reasons why the Weather Bureau should remain at the Cincinnati airport. He said Weather Bureau personnel is not sufficient to man two airport stations and a transfer to Boone County would mean closing the station at Lunken.

Walton Organizes Safe Driving Campaign

Mayor D. L. Lusby, of Walton declared that officials of the town of Walton have inaugurated a safe-driving campaign to curb speeding within the city limits on U. S. 25. The campaign was inaugurated following more than a dozen wrecks in and near Walton.

The campaign has been instigated at the request of a number of citizens, according to Mayor Lusby. City ordinances against speeding will be enforced strictly.

Walton officials do not wish to make this section a speed trap but they want to give all drivers ample warning.

SIGN-UP GOAL SET SEPTEMBER 21ST

FOR COMPLETION OF ARTIFICIAL BREEDING ASSOCIATION—DAIRYMEN URGED TO SIGNUP AS EARLY AS POSSIBLE.

Boone County dairymen have set September 21st as the closing date for securing the 1,000 cows needed to complete the Artificial Breeding Associationn sign-up, according to H. R. Forkner, County Agent. Plans are for dairymen to sign up at the earliest possible date so that the County Association may organize and begin operations.

Dairymen may sign up either with their local committeemen or at the County Agent's office. Local committeemen who have sign-up forms are: Burlington, Wilford Scott, Byron Kinman, Leonard Meece; Florence, Joe Dringenburg, Harry Tanner, Grant Maddox, Robert Woodward; Grant, Harold Rogers; Hamilton, Wm. Feldhaus O. Y. Kelly; Hebron, J. C. Hollis Robert Youell, Myron Garnett, Wm. Hill; New Haven, J. L. Feagan, Lassing Huey; Petersburg, W. O. Rector, Stanley R. Smith; Verona, Jess Wilson, Walter King; Walton, George Knox, Herman Decker; Constance, Vaughn Hempfling.

Life membership of $8.00 per member plus $1.00 per cow is paid at the time of the sign-up. All checks are made payable to the Boone County Artificial Breeding Association. The breeding charge of $5.00 per cow is paid on individual cows at the time of service.

The Breeding Association offers dairymen the services of the best herd sires available at low cost. Few farmers could afford to own herd sires of the quality supplied by the association. This service will be available to all farmers whether owning one cow or fifty or whether for one cow in the herd or all cows.

Superior breeding stock is the best investment any farmer can make. Dairymen have their first first large scale opportunity to secure the use of superior breeding stock. They are urged not to wait until solicited but to help push this program. See your committeeman or the County Agent's office today. Be a booster for better breeding in Boone County.

CHOIR CONCERT

The Young People's choir of Hopeful Lutheran Church will present a concert of sacred songs and Psalms this Friday evening, August 30 at 8:00 at the church. This program has been planned with the hope of giving those that attend not only an evening of enjoyable music but inspiration as well. You are cordially invited.

PROTECTION IS AVAILABLE

TO FARMERS ON WHEAT CROPS UNDER FEDERAL CROP INSURANCE—ADMINISTRATIVE COST PAID BY GOVERNMENT.

Kentucky farmers will be able to obtain protection on their 1947 wheat crops under federal crop insurance, M. D. Royse, Director of the State Production and Marketing Administration committee, stated in announcing the program for next year's crop. Crop insurance protected 3643 wheat farmers in Kentucky this year. This same protection, with some newly added features, is available to growers who intend to plant wheat for 1947 harvest.

Farmers may insure various portions of their normal crop returns under partial insurance features of the program. Protection is afforded against all natural unavoidable crop hazards, including hail, flood, drouth, insects, and diseases. "Federal Crop Insurance is a non-profit program to guarantee protection to farmers," Mr. Royse pointed out. Administrative costs are paid by the government, and all premiums are reserved for payment to insured farmers when their crops are lost.
